GEO. Q. CANNON,

Editor and Publisher,

Salt Lake City, Utah Territory.

Bishop WILLIAM BUDGE is authorized to act as GENERAL AGENT for the DESERET NEWS throughout Cache County.

*Elder GEORGE FARNWORTH of Mount Pleasant, is appointed GENERAL AGENT for the DESERET NEWS and JUVENILE INSTRUCTOR for Sanpete County.

Special Notices.

Burnett's Florimel is really a wonderful perfume.—*Harford Courant.*

Burnett's Kalliston for the Complexion is steadily growing in the estimation of ladies as it becomes more generally used.

Burnett's Flavoring Extracts to be obtained must be demanded. Poor subterfuge flavors are plenty.

Whitcomb's Astha Remedy.—In no case of purely Asthmatic character has it failed.

"THERE'S NO SUCH WORD AS FAIL!"—This is absolutely true in using Dooley's Chemical Yeast Baking Powder, for so perfect is the combination of the ingredients entering into its manufacture, that good biscuits, rolls, or pastry, both light and nutritious, can be made every time. It is always ready, always reliable, and requires but half the quantity of those of ordinary manufacture, and is, consequently, cheaper. For sale in packages to meet the wants of all, by grocers generally.

WHEN every other prescription has disappointed expectation, in cases where the system is suffering from the effects of mineral medicines, the powerful vegetable correctives—*Red Jacket Bitters*—will restore the tone of the digestive apparatus; quiet the nerves, and arrest the action of the poison upon the secretive organs and the blood.

LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY.

THE PRESIDENT AND PARTY.—President Geo. A. Smith telegraphs, this morning, from Mount Pleasant, Sanpete Co., that the President and his company held a meeting at Fairview yesterday at 12.30 p.m., the speakers being Elders Orson Pratt, Joseph F. Smith, Wilford Woodruff and Presidents Joseph and Brigham Young. At 6 o'clock last evening they held meeting at Mount Pleasant. A very large congregation assembled in the bowery, which was lighted up with lamps and enclosed with wagon covers. Elders Orson Pratt and Joseph F. Smith and Presidents Smith and Young preached. The company is enjoying excellent health.

CORRECTION.—In our yesterday's issue it was stated that the unfortunate Henry Case, who was killed on the U. P. R. R., had been working on the railroad only three weeks. His brother called to-day and wished us to correct the statement, as he had been working on the construction train ever since last May.

MORMONS IN OMAHA.—The Omaha Herald of last Saturday says:

"We had the pleasure of a call from Mr. James Dwyer and Mr. Henry McEwan, of Salt Lake, yesterday. Mr. Dwyer will be kindly remembered by Omaha visitors to that place as the news dealer whose prompt and courteous presence at the Townsend House was most agreeable to all. Mr. McEwan has been long the foreman of the Telegraph office.

"These gentlemen constitute a portion of a party of thirty-five Mormons, ladies and gentlemen, who reached Omaha from their far western homes, at eleven o'clock, a.m.,

yesterday. They are traveling eastward, and will traverse the various portions of the United States to do the work set before them by the ruler in Utah whose slightest wish and word is law.

"We are informed that another similar party will leave Uintah on the first of the coming month, and still another on the 20th—all destined to similar but different fields of labor.

"The news these gentlemen give us of affairs in the realm of Brigham Young gives broad and flat contradiction to the current reports of existing dissensions among that people. They are themselves of the people—do not pretend to leadership, and it is probable they know as much of the state of sentiment among the masses as anybody, since they are much more intelligent, as well as far more honest than many of their slanderers. Their testimony is strong and unreserved to the fact that never in all their history were the people of Utah more united and contented than they are at this moment.

"Money is scarce in Utah, it is true. Business is dull. This state of things, together with its plain causes was amply set forth in the HERALD long ago. But it does not change the other fact that, under new sacrifices, the people of Utah, true to their fanatical religion and to its constituted authorities, are in the main peaceable, happy and contented."

POLICE.—Yesterday afternoon Zechariah Merrill alias John Walker, arrested a few days since for stealing harness, from Robbins' corral, on the Eighth Ward Square, was examined before his Honor Justice Clinton, and the facts adduced in evidence being deemed conclusive as to his guilt, he was committed for trial at the Probate Court.

A witness for the defence, named Hiram Scovill, swore that he saw Merrill purchase the harness; but from the conclusive nature of the evidence for the prosecution, this witness was suspected of perjury, and in the course of the sharp cross-examination to which he was subjected by the Prosecuting Attorney, he betrayed himself, and perceiving the dilemma into which he had fallen, he asked permission to speak a few words in private to the Judge, and his request being granted, he owned to perjury, and confessed that he had been promised two yoke of cattle to swear falsely. The result was that he, too, was committed to the Probate Court to take his trial for perjury.

SPIRITS DIRECTING MINERS.—The local column of the *Daily Inland Empire*, published at White Pine, Nevada, of Saturday last, contains a paragraph headed "Spiritual Mining," giving an account of the Munro Mutual Mining and Tunneling Company, a New York institution, whose members are all Spiritualists, and whose operations are guided by the dictations, while in a clairvoyant state, of a Madame Munro. The capital stock of the company is \$10,000,000, one third of which has been set apart as a working fund. The mining property of the concern comprises several acres of a flat near Eberhardt city, and under the direction of the clairvoyant, it is said they have "struck ore," or what is better, a fine body of good ore. The *Empire* says:

"Madame Munro is consulted daily while in a clairvoyant state, and her instructions immediately telegraphed to superintendent Bigler. Of late, most of the dispatches have read: All right; go on." Among the faithful the stock has recently gone up to \$32 50; so says Bigler. The President of the company, a Mr. Nelson, is expected to arrive here to-day. Since good ore is found almost everywhere in White Pine, we should not be much surprised if the "Munro Mutual Mining and Tunneling Company" struck it rich; but this would not materially strengthen our confidence in "Madame Munro's" spiritual revelations, especially as relating to mining."

If the above story is not a "goak" the spirits have got on the right track at last; if they can tell their votaries where the god of this world is to be found in abundance, the conversions to spiritualism, numerous as they have been in the past, will be much more numerous in the future. Gold will be more potent, even, than locks of dead women's hair!

GOSHEN.—Brother John Freckleton, of Goshen, or Newtown, as the new location is named, called in to-day and gave in a good report of that settlement. All the settlers, with one exception, have removed from the old location to the new, and in a short time they will move their large school house. Good crops have rewarded the toils of the agriculturist this season; and co-operation and the Female Relief Society are in a very flourishing condition.

Bro. Henry L. Cook, an old citizen of Goshen, had the misfortune some time since, through cold, to contract some disease in his leg, gangrene eventually setting in,

compelling him to undergo amputation above the knee. The operation was performed five or six weeks since by Dr. Roberts, of Provo, and although Bro. Cook is between sixty and seventy years of age, he is doing well.

FROM WEDNESDAY'S DAILY.

PRESIDENT AND PARTY.—President Smith telegraphed this morning from Ephraim, Sanpete county, that the party left Mount Pleasant at 9 o'clock yesterday morning, and held meeting at Springtown at 10.30. Presidents G. A. Smith and Joseph Young, sen., Elders Orson Pratt and Joseph F. Smith, and President Young, spoke on the occasion. After the meeting they left for Ephraim, arrived there at 3.30 and held meeting at 4.30, at which President Young and Elders W. Woodruff and Horace S. Eldredge were the speakers. At 7 in the evening another meeting was held, which was addressed by Elders O. Pratt, Joseph Young, sen., A. M. Musser and President Orson Hyde. The meetings were crowded and excellent. There was a grand torch-light procession of citizens and Sunday School children, with banners and music; an illumination, at K. H. Brown's, firing of cannon, and a lively time generally.

GRANTSVILLE WOOLEN FACTORY.—This institution, situated about the centre of Tooele Valley,—about twelve miles from Grantsville, two from E. T., and ten from Tooele city, and commenced work about a week or ten days since. The building is 90 x 50 feet, and is nicely finished. The machinery, of the very best, was purchased from President Young. It is a co-operative concern, with Bishop Rowberry as President. Brother James Rathall has the superintendence and management of the factory.

THEATRE.—The external appearance of our Theatre will be greatly improved when the work of plastering, which is now being pushed vigorously ahead, is completed.

POLICE.—David P. Davies was arrested yesterday for threatening the life of Isaac James. The Court fined the prisoner \$5.00, and ordered him to be put under bonds of \$200 to keep the peace.

FATAL ACCIDENT.—We are sorry to announce the occurrence of an accident yesterday afternoon, resulting in the death of John George, son of James and Mary Robbins, of the Elephant Corral, opposite the Eighth ward square. The poor boy was hunting stock, about half a mile south of President Young's mill, and was thrown from his horse and dragged two or three hundred yards with his foot in the strap of the stirrup, his skull being fractured, and other injuries of so serious a character being inflicted, that he died in a few minutes.

The deceased was nine years and eleven months old; he was born at Boyle, Leamington Spa, Warwickshire, England. His funeral will take place from the residence of his parents to-morrow morning at 11 o'clock. Friends are invited to attend.—*Mill Star* please copy.

INDIAN RAID SOUTH.—Bishop Henry Lunt telegraphed from Cedar City, this morning at 9 o'clock, that a party of fifteen Indians, supposed to be Navajos, made a raid on Kanarra before daylight on the morning of the 31st ult., and took twenty head of horses and mules out of the yards and stables of the citizens and shot two more; they also took several head from the Cedar field, making about thirty-four head in all.

Twenty men started in pursuit, some of whom, from Kanarra, returned yesterday morning at 9 o'clock, having recovered twenty-one of the animals stolen; they found nine others killed by the way. They follow the Indians about fifty miles, and overtook their camp in the night, and fired on them when about seventy yards distant; but the redskins made their escape with four horses and two colts, leaving their provisions and camp equipage. A party, who went in pursuit from Cedar, returned on Monday night; a similar party from Parowan had not returned at the time the dispatch was sent. The stock stolen belonged, principally, to Cedar, Harmony and Kanarra.

ILLNESS.—We are sorry to learn that Elder James Needham, who has just returned from a mission to England, is suffering from symptoms of lung fever. He has been confined to bed for several days. We hope to hear of his speedy recovery.

CESAR CALLISTER AND ELINOR HALSALL, WANTED!—Caesar Callister and Elinor Halsall, who came in with the last company of emigrants, will obtain some knowledge respecting their friends, by applying at this office, or to Edward Callister, 7th ward of this city.

HEARD FROM.—Bro. J. D. M. Crockwell one of the company of missionaries, who recently left this city for the East, writes, on the 30th ult., from Valley Station, Nebraska, that the company reached that point, all well, on the morning of the 29th ult., having enjoyed a good spirit, and a tolerably pleasant time on their journey down, considering the poor accommodations furnished by the Railway Company. The Doctor says the car in which he and his *compagnons de voyage* travelled was one of the nastiest, dirty places that could well be imagined for ladies and gentlemen to travel in. They had to pick and provide themselves with wood most of the way and they seldom had enough water. The cars were poorly lighted, and some nights they had to travel in the dark.

We are sorry to hear such a report, but have no doubt of its truth, as the Doctor is a man whose veracity cannot be questioned. We think it must have been through the inadvertence or wilful carelessness of some of the railway officials, as we have had a very good report of the accommodation furnished our emigrants from the East this season, and we are inclined to the opinion that if the attention of some of the principal officers of the U. P. R. R. be called to this subject better accommodations will be furnished hereafter.

HEALTH AND PURE WATER.—Every subscriber to the NEWS, and all into whose hands this number may fall, should read the article it contains on "Mortality and Impure Water." It contains much truth, and we are inclined to believe that if the hints thrown out by the writer were generally acted upon excellent results would follow.

AMERICAN FORK.—Bishop E. L. Harrington dropped in to-day and gave us a good report of his diocese. The health of the people, both adults and children, is very good. Crops this season have been excellent. Co-operation is flourishing. The people, assisted by a legislative appropriation granted last winter, and private donations, are doing a big job in improving the road between American Fork and Pleasant Grove. About 100 men are employed on this work. In American Fork there are three day and one Sunday school in a thriving condition. The meetings are well attended, and, so far as the Bishop knows, the settlement is free from apostasy.

THE RAILROAD CO. AND THE MISSIONARIES.—Further inquiry into the subject of the accommodations furnished by the railroad company to our missionaries, allusion to which was made in the communication of Dr. Crockwell in last evening's NEWS, has given us the reasons for some of the inconveniences complained of. A list of the names of those who were going was made up in the city and sent to the agent at Uintah, and it was supposed that no one would go without entering his name; but it appears that a number went whose names were not on the list, and as they were not expected, and no preparations had been made for them, they crowded the car and made it inconvenient for themselves and those who had sent their names up. It was a question for a while, as their names were not on the list, whether they would be permitted to go; but as they had their certificates as Elders, the agent, Mr. Nichols, concluded that they were of the party and they passed on. As already published in the columns of the NEWS, in a letter from David O. Calder, Esq., no one should leave here without first giving his name to Bro. David McKenzie, at the President's office, for him to insert in the list. This will prevent all trouble and confusion. The company which started out on Monday last were differently situated from those who went previously. The carriages were of a better class, the party had plenty of room, and the accommodations altogether were commodious and satisfactory. A report has been in circulation, we understand, that those of the missionaries who took their wives with them were required to pay full rates, the ladies not being permitted to travel under the same arrangement as the gentlemen. We have it in our power to state that the report is wholly untrue; all whose names were on the list went through at the price arranged for. In alluding to this subject, Mr. Nichols says:

"I have made every effort I could to have the arrangement referred to carried out pleasantly and have your people go away feeling kindly towards the Railroad Company as well as myself."

A CARD

AS it has been reported that W. A. Hickman is gathering and disposing of stock in my charge, this is to certify, that he has had no authority from me to interfere with stock since April last.

BRIANT STRINGHAM.
