WILSON STORE BURGLARIZED.

Presumed to be the Work of Hoboes--Ten-Year-Old Boy Victim of Appendicitis--Funerals.

Ogden, Utah, Aug. 20.—Almost without a moment's warning George Wahlen, a teamster of this city, died shortly after 12 o'clock noon from apoplexy, induced by over exertion. Mr. Wahlen has been engaged driving team, and for some time past has been hauling rock from Ogden canyon to different contractors for foundation use. Last Thursday he was at work loading his wagon, and had just lifted a large rock to place on the load, when a pain struck him just below the heart; it was so intense he dropped the rock and sat down. His fellow workmen noticed that he was not just right and loaded his wagon for him. He then drove to his home on Grant avenue, near Twenty-

eight street, but did not feel that there was anything seriously the matter. Yesterday morning he ate a hearty breakfast, and then went to a neighbor's for a couple of hours, where he chatted pleasantly until about noon, when he told his child to run home and tell mamma to get dinner ready. He started home and got just outside the gate, when he fell to the ground prostrate. His wife saw him fall, and rushed to his assistance, but he only breathed a few times and then expired. He is survived by a wife and several children. He was about 35 years of age, and had many friends, who will learn with sorrow of his sudden taking away. The time and place of funeral will be announced later.

BURGLARY AT WILSON.

Store of John Rackham Despoiled of Goods.

Ogden, Aug. 20.—The store of John Rackham at Wilson, Weber county, was burglarized sometime between Saturday night and noon Sunday, and a quantity of goods taken. The discovery of the burglary was made at noon yesterday by Mr. Rackham. The burglars had cut out one of the panels of the

back door, and crawled through the opening into the store. They went through everything in the place, and took away with them four pairs of men's shoes, a quantity of socks, handkerchiefs, cheap jewelry and other merchandise. The matter was not reported to Sheriff Sebring until 5 o'clock last evening, when he and Deputy Wilson went out to the store and secured a description of the goods taken, but that is the only clue on which they have to work. The railroad track runs a short distance from the store, and it is believed hobos did the work.

A BAD SMASHUP.

Early Saturday morning Frank Sharp and another young man were returning from Lehi in a buggy, and Wilford Thatcher and one other young man, who were also coming from Lehi, were behind Mr. Sharp. When on this side of the river bridge on Fifth West street, Young Thatcher decided to pass Sharp, and drove up by the side of Sharp's buggy, striking his (Thatcher's) horse with the whip. The whip was caught in the wheel, and the noise frightened Sharp's horse, which ran into a springing wagon with the result that the buggy was demolished, and the occupants thrown out. Thatcher's buggy was overturned and its occupants spilled

out in the ditch, and the shafts of the buggy broken. None of the young men were seriously hurt.

BOYS SCALDED.

Abe Jones and Royal Hanson, boys about 11 years of age, sons of Abraham Jones and John R. Hanson, respectively, living on Seventh West street between Second and Third South, were quite severely scalded Friday evening through the explosion of a can of boiling water with which the lads were experimenting. Young Jones was scalded on both legs about the knees; he was taken in charge by a neighbor, Mrs. J. M. Jensen, who applied emollients to the limbs. The Hanson boy was burned on the back and is believed to be the more seriously hurt, and Dr. Robinson was called to attend him. Neither case is considered dangerous.

SUGAR CAMPAIGN SOON OPENS.

Sampling of sugar beets will commence Monday, digging about Sept. 8 or 10, and the factory will start up the 15th or 17th of Sept. There will be a long run as there is an immense crop to be harvested. Nearly all repairing is done and all work is being rushed at the factory to be ready for the campaign.

The pickle crop is being harvested rapidly these days. Many growers are doing exceptionally well. However, this being the first year, there was much to learn. One thing has been especially learned, and that is that if the vines were not so far apart and were fewer in a hill a larger crop could have been harvested.

TAKING UP ARID LAND.

As soon as Lehi citizens were notified that the Salt Lake land office received word that Fort Crittenden reserve in Cedar Valley was thrown open for entry, many Lehi citizens made application for land as near together as possible in two tracts in the north and south end of the valley and a company will be formed to farm this land immediately.

In the very near future a residence for foreman, also barns, sheds, etc., will be erected at the Central experiment station.

MOAB.

DISTRICT COURT.

Marcus Buson Sentenced to State Prison for Six Months.

Special Correspondence.

Moab, Grand Co., Aug. 18.—The Seventh Judicial District court, in and for Grand county, convened at this place Aug. 15. The calendar was very short, consisting of only one criminal case, that of the State vs. Marcus Buson, charged with a statutory offense against a female. The jury only had the case a short time, when a verdict of guilty was returned, and this forenoon (Aug. 18) Buson was sentenced by Judge Erickson to six months in the state prison. The court left this evening for Monticello, where it is understood that the calendar is also light. The case of the State vs. H. Montgomery will again be called up in that court, as the case was transferred from Grand county. A large number of witnesses go from this place.
