

TERRIBLE WORK OF TERRORISTS

Official Statistics Show They
Killed or Wounded Over a Hun-
dred People Last Week.

COMMITTED MANY ROBBERIES.

New Anti-Jewish Party Formed—
Crown Lands to be Sold—Don-
iciliary Visits.

St. Petersburg, Aug. 29.—Official statistics of the terrorism of last week show that 101 officials, landowners, police and soldiers were killed or wounded, 34 spirit shops were plundered, private and individual institutions were robbed of \$186,813, and state institutions of \$54,981. Besides this there were over 150 armed attempts to rob banks, houses, etc.

A new party, strongly anti-Jewish in sentiment, and which will be designated as the Popular National party, has been formed, its position being midway between the Socialists and the extreme Rightists. In distinction from the Rightists, this new party recognizes the legislative power of the lower houses of parliament, but favors the Russification of the various nationalities in the empire, opposing especially the equalization of rights of the Jews, and advancing the novel proposition that Hebrews should be excluded from the army and instead subjected to a compensatory poll tax.

The party has an organ in St. Petersburg, "The Voice of the People." Revolutionists effected a daring robbery of a postoffice collector in the center of the city today. Snuff was thrown in the eyes of the collector by the robbers, who seized his portfolio and escaped with it. Fortunately there were but a few hundred dollars in the portfolio.

On account of excessive demands regarding both compensation and politics by the unemployed men to whom the city furnished work on the reconstruction of the bridges which recently collapsed, the municipality has decided to discontinue for the present this relief work.

More than 4,500,000 acres, forming part of the crown lands, which consist of 20,000,000 acres, including 12,500,000 acres of forest lands, are to be sold under the imperial ukase of Aug. 25, to peasants through the medium of the Peasants' bank. The lands are mostly situated in the provinces of Samara, Saratov and Simbirsk.

DOMICILIARY VISITS.

Odessa, Aug. 29.—The police here are making domiciliary searches night and day for arms and bombs, but with scant results. Wholesale arrests of political suspects have been made. The prisons are crowded and many persons are deported daily to places in the remote northern provinces. Violent revolutionary leaflets have been placed in circulation and the public is apprehensive of grave events. A thousand men were added to the police force today.

INDIANA POPULISTS

Denounce Trusts, Imperialism and
Decisions of U. S. Supreme Court.

Indianapolis, Aug. 29.—The Populists of Indiana met here today in state convention, nominated a ticket and adopted a platform. The platform denounces trusts, imperialism, the present financial system and the decisions of the United States supreme court adverse to the income tax. The platform contained a plank declaring against the alleged gambling that has been recently suppressed at French Lick. The plank declares:

"We greatly deplore the spirit of gambling—the desire to get something for nothing—that has taken possession of the business of the country. We condemn all forms of gambling as immoral, whether by cards or mechanical devices, in an Indiana gambling resort controlled by the chairman of the Democratic national committee or by speculations in stocks and bonds in Wall street banks."

Candidates were nominated for secretary of state, auditor, treasurer, attorney general, clerk of the supreme court and superintendent of public instruction. The Populist party declared positively against fusion in Indiana this year with any party.

LEAGUE OF PRESS CLUBS.

Edward Keating of Denver Unani-
mously Elected President.

Denver, Aug. 29.—Delegates to the sixteenth annual convention of the International League of Press clubs were taken today over the new Moffat railroad to Corona, the crest of the continental divide, where, amid alternate expanses of granite boulders and perpetual snow a session was held for the election of officers.

Prevent Headache

We want you to know that Dr. Miles' Anti-Pain Pills prevent as well as relieve headache, and that they leave no bad after-effects. We assure you that if taken when you first discover indications of an attack, they will drive it away, and thus not only save you the misery and distress, but the weakening influence of pain upon your system. Used in this way the attacks become less frequent, and eventually entirely disappear. They relieve pain by strengthening the nerves and overcoming the turbulent, excited condition, which is the cause of pain.

"We used Dr. Miles' Anti-Pain Pills in our family for five years, and I would not like to do without them. Before I found this remedy I would have spells of sick headache so severe that I would be prostrated for as many as six hours at a time. The Anti-Pain Pills have saved me in a few minutes. I have a great deal of neuralgia around the heart, and the Pills also relieve that. I now take them when I think I will have an attack, and they stop it right then. I also notice that I do not have these spells nearly so frequently as formerly."

MRS. ROSA A. CURRIER,
Kalamazoo, Mich.

mend for re-election by the committee on elections, but he withdrew, saying the Denver Press club should be rewarded for the splendid entertainment afforded the delegates by the promotion of its president, Edward Keating, to the presidency of the league. Mr. Keating was then unanimously elected president. He is managing editor of the Rocky Mountain News of Denver.

The following vice presidents were elected:
George J. Brennan, Philadelphia Enquirer; Jackson G. Haag, Pittsburgh Post; Mrs. Ada Cable, Bradford, (Pa.); Heard, and Ellen Small, Detroit Times.

St. George Kempson of the New York Insurance Journal was re-elected treasurer, and Lewis G. Early of the Richmond Times was elected secretary.

The executive committee will be elected tomorrow.

Th Natrulla Valley company has offered the league 640 acres of fruit land with perpetual water rights as a site for the proposed house for aged and incapacitated newspaper men.

TARIFF TREATY WITH SPAIN EFFECTIVE SEPT. 1.

Washington, Aug. 29.—The state department tonight made public a proclamation by President Roosevelt declaring and putting into effect on Sept. 1 next the new agreement as to reciprocal tariff concessions between this government and Spain, under the agreement American goods are to pay duty according to Spain's second tariff schedule, the rate accorded favored nations, in return for American concessions in the way of tariff reductions on wines and other Spanish imports into the United States.

According to a dispatch to the state department today, from Mr. Collier, the American minister at Madrid, the royal decree putting into effect the new tariff agreement is to be published in Spain today, and, he added, American goods in various Spanish warehouses are to have the benefit of the favored nation tariff treatment.

The president's proclamation, dated Aug. 27, gives the following list of articles upon which the Dingley tariff rates are suspended, with the rates to be imposed under the new treaty:

Upon argols, or crude tartar, or wine, 5 per centum ad valorem. Upon brandies or other spirits manufactured or distilled from grain or other materials, \$1.75 per proof gallon. Upon still wines and vermouth, in cases, 35 cents per gallon; in bottles or jugs, per case of one dozen bottles or jugs containing each not more than one quart and more than one pint, or 25 bottles or jugs containing each not more than one pint, \$1.25 per case, and any excess beyond these quantities found in such bottles or jugs shall be subject to a duty of 4 cents per pint or fractional part thereof, but no separate or additional duty shall be assessed upon the bottles or jugs. Upon paintings in oil or water colors, pastels, pen and ink drawings and statuary, 15 per centum ad valorem.

YOUNG SLOANE'S DEFENSE.

Mental Irresponsibility to be Plea for
Murdering His Father.

Spokane, Wash., Aug. 29.—Mental irresponsibility is to be the defense of Sidney Sloane, the 17-year-old boy who murdered his father, James F. Sloane, yesterday. The defense is to try to show that the young man is a mental idiot, entirely undeveloped mentally and morally.

F. C. Robertson, and Sullivan, Nuzum & Nuzum, have been retained as his trial lawyers, the first named being selected by the boy. Mrs. Sloane, mother of Sidney, has retained W. A. Keith & Witherspoon as consulting lawyers.

Mrs. Sloane visited her son in the office of the chief of police today. The mother shed a few tears, but held control of her feelings and made no other show of emotion. The boy was the same immovable stoic he has appeared throughout the case. He did not shed a tear. Not even the twitching of a lip was to be noticed. He came from the conference with dry eyes, with his hands stuck in his pockets and with a jaunty air as though on a pleasure walk. He was utterly unaffected.

CAPT. ORMSBY DIDN'T
ALWAYS TELL THE TRUTH.

Portland, Or., Aug. 29.—During the examination of S. M. Ormsby, ex-forest superintendent, in the trial of the Blue Mountain forest reserve land fraud case today, Capt. Ormsby testified that on one occasion, in an effort to save her son, Merritt Ormsby, Capt. Ormsby's wife had pleaded on her knees to Ormsby to tell what he knew of Congressman Binger Hermann's connection with the alleged conspiracy. On direct examination Ormsby admitted that he had described as timbered land sections that he had never seen, and that he had not always told the truth in his conversations with government officials.

Ormsby, the government contends, was the intermediary between all the defendants, and it admits that it saved him from indictment as a co-conspirator solely for use as a witness against the others. He has been an unwilling witness throughout; this unwillingness being turned, on almost every occasion, to the prejudice of the defendants, by Mr. Heney's policy of bolstering up with corroborative evidence admissions which would demonstrate the government's contention while during the aged witness into confession after confession of perjury when he testifies favorably to the defense.

Several other witnesses were examined today, all for the purpose of reinforcing parts of Ormsby's testimony or impeaching other parts.

FLOODS IN MEXICO.

Puebla, Mexico, Aug. 29.—During the past few days very heavy rains have visited this district and caused great damage, principally to crops and railroads and street car lines.

Many houses have been washed out of this and smaller surrounding cities are flooded. On the San Diego hacienda, the largest wheat producing ranch in this entire section, the damage will amount to over \$200,000.

Three bridges of the Mexican railroad have been washed out. Considerable damage was also done by the floods in the neighborhood of Durango.

The total damage will amount to \$500,000.

DIVORCE CONGRESS TO MEET IN PHILADELPHIA.

St. Paul, Aug. 29.—When the body of men known as the "Divorce congress" meets in Philadelphia Nov. 12 it will have submitted to it a uniform statute relating to the annulment of marriage and the granting of divorce. The sub-committee of the full committee on resolutions has prepared an act which, when revised, is expected to meet with the approval of the divorce congress, and will be submitted to Congress for passage, thus establishing a general law on divorce and annulment of marriage.

While this question has nothing to do with the American Bar association, there are so many members of the committee on resolutions of the divorce congress who are attending the meeting of the association that a meeting of the sub-committee was held at the hotel, and the members of the sub-committee, which will meet Saturday morning, and then the bill will probably be approved for submission to the congress at Philadelphia.

The sub-committee had before it a printed draft of the proposed bill, and

took up each article and discussed it section by section.

The most important change made in the proposed law was establishing the age of consent, when either male or female may legally enter the marriage relation at 16 years for the female and 18 years for the male.

Article 11 of the act briefly defines divorce as being of two kinds: Divorce from the bonds of marriage and divorce from bed and board. The sub-committee passed this without change. When the committee adjourned but little further headway had been made with the act.

AN INFERNAL MACHINE.

Discovered on the Steamship Eagle
Point Just in Time to Save Vessel.

Philadelphia, Aug. 29.—An infernal machine was discovered today in the hold of the steamship Eagle Point, the vessel lay in the Delaware river at the Philadelphia & Reading railroad grain elevator. The steamer was saved from destruction by a fraction of a second, as the bomb exploded as it touched the water after being thrown overboard.

The Eagle Point is one of the vessels of the Philadelphia transatlantic line, and plies between this city and London. The infernal machine which endangered the life of Capt. Robertson and a crew of 30 men was discovered in the after hold by Sylvester Travino, a stevedore. He carried it to the captain, who threw it into the river. As it sank, it exploded, sending a column of water 50 feet into the air.

It is hinted that a former member of the crew, who felt that he had a grievance against Capt. Robertson, placed the bomb on the vessel.

LEAVING VALPARAISO.

Valparaiso, Aug. 29.—Hundreds of families and poor people, and especially women, are leaving the city. Most of the commercial houses here have reduced the number of their employes. The state of siege is still maintained in Valparaiso, and after 7 o'clock in

the evening no one is permitted to go about the streets without passes issued by the proper officials.

TOO MANY BANKS.

Or Too Few Examiners to do Work
Well in Pennsylvania.

Harrisburg, Pa., Aug. 29.—State Bank Commissioner Berkey said today, in speaking of the report that the last examination of the Real Estate Trust company of Philadelphia, which closed its doors yesterday, was made about two years ago, that it was a physical impossibility for his department to make as close an examination of the institution under its supervision as was desired by the commissioner.

"There are about 1,600 state banks, trust companies and building and loan associations in Pennsylvania," said the commissioner, "to be examined by the 15 examiners which the bank commissioner is authorized by law to appoint. At present there are two vacancies in the staff of examiners, created by resignation. The magnitude of such examination of these 1,600 institutions as the law contemplates can best be appreciated by the fact that the larger of them require the time of three examiners constantly for a period of at least three weeks."

PRESIDENT AND POLITICS.

Does Not Regard it as His Business to
Interfere in State Contests.

Oyster Bay, N. Y., Aug. 29.—Herbert Parsons, chairman of the New York county Republican committee, will be received by President Roosevelt at luncheon on Friday. Secy. Loeb said the interview will have no further political significance than that of expressing the president's cordial sympathy with the purposes and methods for which Mr. Parsons stands in public life. Secy. Loeb said further:

"The president does not regard it as his business under ordinary conditions to interfere in state or local contests.

He thinks that such interference is not only not desired, but would be resented by the people. But he has made no secret of his cordial sympathy with men like Congressman Parsons, chairman of the Republican county committee, and James W. Wadsworth, Jr., speaker of the New York state assembly, who stand not only as individuals, but as types of many others who like them have gone into politics with the intention of rendering disinterested, honest, common sense service to the public."

DREYFUS TO RETIRE.

Paris, Aug. 29.—The Patrie this afternoon announced that Maj. Alfred Dreyfus will retire from the army in October on a pension. No confirmation of the report could be obtained.

WOMAN SUFFRAGE DOWNED.

Melbourne, Aug. 29.—For the fourth time the executive council of Victoria today rejected the proposal to confer the right of suffrage on women.

BILKED.

American Poses as Harvard Crew Man
and "Does" London Tradesmen.

London, Aug. 29.—A well dressed young American, posing as a member of the Harvard crew, victimized West End tradesmen out of several hundred pounds sterling during the past week. His plan was most simple. Registering at the large hotels under the name of one of the Harvard crew, he would go to stores and order clothes and other articles to be sent to the hotel where he was stopping, asking that the bill be forwarded the next day. When the collectors went for the money they were informed that the man had left soon after the arrival of the parcel. Apparently merely for bravado, the man called on the curate of a fashionable church and promised to contribute more than \$2,000 to various charities.

After waiting some days for the money the curate called at the Ameri-

can embassy to inquire for the man who had given the name of D. A. Newell, 35, 7, in the Harvard boat, and found that he had been deceived.

BUY THESE STOCKS "AT THE MARKET." BUY THEM TODAY! BUY THEM TODAY!

The physical condition of the mines of these companies has improved 100 per cent to 500 per cent in thirty days. The mines are being actively developed and are becoming great producers of bullion. They will soon become great dividend payers.

All of these stocks are now selling for cents, and, in our opinion, most of them will soon be selling for dollars. Six months ago, Goldfield Mohawk sold for 44 cents per share. Hundreds of sales have been made of this stock at \$4.40 per share since.

The opportunities are identical. No one realizes this more than men on the ground who are buying these standard Manhattan stocks with all the money they can lay their hands on.

Follow the lead of men who are on the ground. They "take a look for theirs." and they never buy until they are convinced by personal observation of mine showings at close range. They never make a mistake.

Write for our Monthly, Weekly, and Special Market Reports. On July 16, our Market Review advised the purchase of Little Grey Manhattan at 22. It is now selling around 75. It also urged the purchase of Jumping Jack Manhattan at 22. Fully 100 per cent has been already made by investors who followed our advice on Jumping Jack then, with fully another 100 per cent advance still before them. Other stocks advised for purchase by us in July and August show 50 per cent to 150 per cent profits.
