DESERET EVENING NEWS: THURSDAY, JUNE 20, 1901.

First of the Kind in the Bistory of Utah-Medium Claims to Be a Minister of the Gospel.

The certificate of marriage of Ernest Frablech and Kate Cannegeeter, of Murray, was returned to the county cierk this afternoon, coming in by mell. The ceremony was performed, according to the certificate, by Mrs. P. Fon- right. tyn, of 267 south West Temple street, a spiritual medium, who chaims to be long to the Independent Free Thought Bible Spiritual society,

According to the directory the person who performed the marriage ceremony as shown by the certificate is Mrs. Harriet Fontyn, a clairvoyant and trance medium doing business at the number given. When seen by a "News" reporter at 4 o'clock this afternoon she stated that she had performed the ceremony by virtue of her office, as a regularly ordained minister, which she claimed to hold in the Independent Free Thought Bible Spiritual Society. The president of this organization is the Rev. C. H. Rines of

San Francisco. This particular ceremony was performed at Madam. Fontyn's parlors in the presence of a large congregation, which, she declares, was comprised of persons belonging to the various churches of the city. She further said that it was the first marriage of the kind ever performed by a woman in Utah. The contracting parties are both spiritualists and members of the same organization to which Mrs. Fontyn belongs.

The ceremony was a very strange one and consisted simply in asking the question whether any one present opposed the union, supplemented by the statement, if not, they were to ever after hold their peace, and by placing the wedding ring upon the bride's finger, This done, the pair were pro-nounced husband and wife.

TAKE NO SUBSTITUTE The great popularity of Peruna **ECATARRH** as a catarrh remedy has tempted many people to imitate Peruna. A great many so-called catarrh HEAD KIDNETS remedies and catarrh tonics are BLADDER to be found in many drug stores. These remedies can be procured by the druggist very much cheaper ORGANS

than Peruna. Peruna can only be obtained at a uniform price and no druggist can get it a cent cheaper. Thus it is that druggists are

tempted to substitute the cheap imitations of Peruna for Peruna. It is done every day without a doubt.

When a patient calls at a drug store to procure some Peruna and the druggist recommends something else that will be just as good, it may be that he does not always

recognize the responsibility that he is taking upon himself. Such a substitute is always sure to result in failure.

The claim of Peruna to being the standard catarrh remedy of the world is based upon the following facts: It has the endorsement of____

Nothing Tastes Good

And eating is simply perfunctory-done because it must be. This is the common complaint of the dyspeptic.

If eating sparingly would cure dyspepsia, few would suffer from it long.

The only way to cure dyspepsia, which is difficult digestion, is to give vigor and tone to the stomach and the whole digestive system.

Hood's Sarsaparilla cured the nices of Frank Fay, 106 N. St., South Boston, Mass., who writes that she had been a great sufferer from dyspepsia for six years; had been with-out appeitte and had been troubled with sour stomach and headache. She had tried many other medicines in vain. Two bottles of Hood's Sarsaparilla made her well.

Hood's Sarsaparilla Promises to cure and keeps the promise. Don't wait till you are worse, but buy a bottle today.
