LOCAL AND OTHER MATTERS.

THERMOMETER 62 degrees F. in the shade, at 1 p. m. to-day. Fine morning, threatening after.

THEATRE.—Last evening that admirable and powerful actress, Miss Annette Ince, appeared in the Theatre in the great play of "Elizabeth," Queen of England, before an intelligent and appreciative audience. The acting of this lady is always of a very high character, and is accordingly satisfactory to theatregoers of taste, discrimination, and culture. She was creditably supported by Misses Adams and Simons, Mrs. Bowring, and Messrs. Cogswell and Thorne, and others of the company.

This evening Miss Ince will personate "Mary Stuart," in the great historical tragedy of that name, Miss Adams appearing as "Elizabeth," Mr. Cogswell as "Leicester," Mr. Thorne as "Lord Burleigh," Mr. Lee as "Melville."

Those who wish to see Miss Ince in her admirable personations of these great characters will not fail to embrace the opportunity during her brief engagement.

MESSRS. at Western Union Telegraph Company for P. A. Eagle, Mrs. W. D. Bishop, Willard P. Ward, E. M. Parrott and G. W. Bennett.

AN ABLE ARGUMENT.—A full report of an able and exhaustive argument, delivered last Friday, by Mr. George C. Bates, in the Baker *habeas corpus* case, on the question of the jurisdiction of the Probate Courts of the Territory of Utah, appears in to-day's issue. A short time since we published a decision by Judge Boreman, in support of an opinion given by him in another *habeas corpus* case,—that of O'Neil, and which is in support of the opposite view of the question to that taken by Mr. Bates. The public can now judge of the matter so far as the arguments of these two gentlemen are concerned.

GAMBLERS ARRESTED.—Last night the police made a raid upon several gambling houses and arrested half-a-dozen operators of those institutions, who were fined $100 each to-day.

STREET RAILROAD.—Grading has been done and ties are being piled along First South Street, preparatory to the construction of an extension of the line several blocks eastward from the Eagle Emporium corner.

SPLENDID COAL.—Yesterday we were shown some excellent specimens of coal from the Kanarra Coal Mine, which takes its from the place of that name, near which it is situated. The deposit is exceedingly extensive, there being one vein of twenty feet and another just under it twelve feet in thickness. One great advantage claimed for this coal is the readiness with which it can be coked. The mine is owned by a company of six persons, who purpose at once going into the business of converting the coal into coke and supplying Pioche and other markets with that article. The mine is situated eighty miles from Pioche.

VILLAINOUS IF TRUE.—Justice Clinton has received a note, informing him that four men, residing in Sugar House Ward, on the old County Road, were seen to enter the small-pox hospital on Sunday, roll up the bedding and clothing there, and carry them away. The name of the party alleged to have seen this is Harris, son of a man who resides near the lunatic asylum, and the names of the alleged guilty parties are Wm. Timmins and nephew. —Hanley and R. Siddoway. We have been requested to give publicity to this matter, that people may keep away from the places where the infected articles are alleged to be. We are informed that the parties said to have committed the act will be arrested, and if guilty will receive the full benefit of the law. Such a crime as this is considerably ahead of common theft, incurring, as it does, the risk of spreading among the people a loathsome, not to say deadly, disease.

SUPER-EXCELLENT.—A short time since we gave a brief description of the Weber Mills, showing that they were the most complete in the west. Should anybody here about entertain any doubts as to the superior quality of the flour turned out at those mills, they have an opportunity of having them dispelled. Z. C. M. I. are agents for the Weber Mills brand of flour, and it can be had at the produce department. We have used this flour and have no hesitation in stating that we believe it to be as excellent in quality as any manufactured in America, being fully equal to the best California flour. And, as we before stated, so much is this flour appreciated in the east that dealers there are anxious to place it in sacks having their own brands on.

Mr. Peery has demonstrated that Utah wheat is as good as that raised anywhere else, and that to prove this it only requires to be properly treated after leaving the threshing machine.

We trust that success will attend all whose efforts are directed towards raising, in outside markets, as well as at home, the reputation of the products of Utah.

FOUNTAIN GREEN.—Rees R. Llewellyn writes from Fountain Green, May 14th:

"This town is now free from smallpox. We have had some fine refreshing showers lately and farming prospects are consequently bright."

THE BAKER CASE.—The examination of Charles W. Baker, charged with larceny, before Judge Boreman, was concluded yesterday afternoon. After hearing the evidence, the counsel on both sides having submitted the case without argument, the judge stated that the evidence was sufficient to induce him to believe that Baker was guilty of the crime with which he was charged, and decided that he be held in $5000 bonds for his appearance at the next regular term of the Third District Court. Ed. Gilman and T. Butterwool offered themselves as bondsmen for Baker, were accepted as such, and the accused was set at liberty.

GONE.—Elders George Nebeker and F. A. Mitchell and the parties accompanying them, mentioned by us yesterday, left for the Sandwich Islands this afternoon. Morris Young, son of President B. Young, and Richard Taylor, son of Elder John Taylor, are added to the party. These two young brethren are going to the Islands to learn the language and preach. It was also intended that one or two other young men should go on the same mission, but it was not certain this morning, owing to the shortness of the notice, whether they would be able to get ready in time to start this afternoon.

THE BRITISH MISSION.—According to the *Millennial Star*, a conference was held at Nottingham, on Sunday, April 20, at which the following Elders from Utah were present on the stand—Erastus Snow of the Twelve Apostles; Elder Joseph Birch; Elder James G. Bleak, from the Liverpool Office. Conference Presidents—John I. Hart, Nottingham; David O. Calder, Glasgow; John R. Fairbanks, London; S. S. Jones, Sheffield; Robert McQuarrie, Durham and Newcastle. Traveling Elders—J hn Mendenhall, Nottingham; Newel H. Clayton, London. Also Elder John R. Burrows, from the Liverpool Office.

The Conference was addressed by Elders Newel H. Clayton, John Mendenhall, J. R. Fairbanks, John I. Hart, D. O. Calder, James G. Bleak, Erastus Snow, Joseph Birch, and Robert McQuarrie.

The Conference consisted of 19 branches, with a total of 733 officers and members, 78 of whom had been baptized since last Conference.

The next (Monday) evening a concert was held in the meeting room for the entertainment and amusement of the Saints, which passed off in the most satisfactory manner. John H. Burrows was clerk of the Conference.

FIREBRICK.—Mr. Morris, of the firm of Morris & Evans, whose works are near the rear of the Theatre, brought in some specimen bricks yesterday, nine inch firebrick, which appear to be of a superior quality. Morris & Evans refer inquirers to Mr. Steger, of the Germania Refining Works, who prefers them to any imported bricks, and whom Messrs. Morris & Evans have contracted to supply for a twelvemonth. Morris & Evans are able to supply the demand of the market with their brick at 50 per cent. less than the price of the imported article.

UTAH VALLEY.—Our friend and brother, Bishop L. E. Harrington, of American Fork, called in to-day. He reports backward crops, but now the rain has come the promises are for a speedy improvement and good crops ultimately, of fruit there is likely to be abundance, and the spirit of the people is improving.

CHANGE of Home Missionary appointment for South Cottonwood (Bollin's) Ward, for Sunday, 25th May. Elders S. A. Woolley and T. Harris, instead of Isaac Groo and John Needham, as previously announced.

EASTERN.

NEW YORK, 20.—Ex-Judge Edward Pierreponte has declined the mission to Russia, and is mentioned by a Washington special as the probable successor of Chief Justice Chase.

A great struggle is said to be prevailing in Shamokin, Pa., for the possession of over ten thousand acres in the anthracite coal regions valued at twenty millions. One party has burned three houses, which the other side erected, and retaliation is now threatened. O. H. Wheeler of New York represents one side, and the Reading railroad the other.

Albert Garner says he has challenged Murro Daley to play a match game of billiards for the championship and a diamond cue.

OUR FATHER'S HOUSE—THE UNWRITTEN WORD.

BY DANIEL MARCH, D. D.—*Author of Night Scenes in the Bible.*

THIS Earth is one of the Mansions of OUR FATHER'S HOUSE and all the forms and forces of the physical universe are revelations of God's UNWRITTEN WORD. The author, in this new volume, goes from room to room in the great house that God has built, showing us the riches and splendors stowed in every department, making the whole journey of life a happy walk of children with their Father, going out into open fields, listening to the singing birds, the whispering winds and murmuring forests; looking with ceaseless delight on green landscapes and grazing flocks, on beautiful flowers and springing grass, gazing with awe at the wonders of the mighty deep, walking beneath the shade of ancient mountains and climbing sacred heights. Wondering at the great Earth wheel turning beneath our feet, watching the storm with cloud on cloud in billowy darkness rolled, lightnings answered in thundering voices, and again the beautiful bows hung out on the retiring cloud.
