Important Subjects Touched Upon in the Document.

UTAH STATEHOOD AND AMNESTY.

Restoration of the Church Property—National Guard—Territorial Fair—Statistics.

WASHINGTON, Oct. 30.—After giving an account of the "Coxeyite" movement by Colorado incendiaries, U. S. crops, its annual increase, etc., Governor West's report of Utah has already appeared in the News) refers to the Statehood question. Utah, he says, has been brought to the people of Utah by the passing of the enabling act for her admission into the Union as a state. While the charges in our moral and political condition have been rapid, they have, nevertheless, been continuous, and to vote it now fruits in addition to statehood. All political parties and people endorse the justice of it and are now working earnestly for the building up of the new commonwealth. Under the wise provisions of the constitutionally authorizable an influx of population sufficient to strengthen our client, cultivate our valleys, and as soon as the Indian reservations are thrown open for settlement to completely transform large and prominent parts of a vast State, richly villages and towns.

AMNESTY.

On January 4, 1893, President Harrison granted unconditional and pardon to all persons then liable to the penalties prescribed by law by reason of unlawful cohabitation under the cover of polygamy or plural marriage, who since November, 1890, abstained from such unlawful cohabitation, but upon the express condition that they should in all respects thereafter faithfully obey the laws.

Before the measures of either the prosecution or amnesty, hundreds of our citizens had been convicted of polygamy, adultery and unlawful cohabitation and were, therefore, under the act of Congress disqualified from voting and holding office. In a comparatively few cases, however, executive clemency had been granted, but at the time of the granting of amnesty and pardon by President Harrison he directed the establishment of a new, liberal, and more than in the past of the law, and consequently but few were removed by it. The result was that those who had been disfranchised felt that for some reason they had not been included in the amnesty, and so were unable to register or vote. During the past eighteen months numerous individual applications for pardons have been presented and granted and the state will be practically one of universal amnesty. Polygamous practice is now entirely ceased, and statehood having been accorded the Territory, there seemed no longer to be either motive or propriety in withholding from these individuals citizenship rights which are common to all the people of the United States.
