OTE FOR WALLACE AND FUSION The Citizens'-Democratic Ticket

Fusion Party Politics.

To comply with the law this will be headed "Democratic" party, with the Democratic party emblem on the official Ballots, but is is the ticket agreed upon between the Representatives of the Citizens' party and those of the Democratic party.

In the effort to bring about Fusion for the purpose of meeting the emergency which exists in this city, the Democrats have yielded to every demand of the Citizens' party.

Upon the Democratic city ticket are three well known Republicans. Upon the Republican city ticket there is not a single Democrat.

Therefore a Vote for Wallace is a vote for Fusion.

Mr. Wallace has announced himself repeatedly as willing to retire from the two tickets, upon which he had been nominated in favor of harmony, but the combined judgment of representative men of the Citizens' and Democratic parties he was declared to be the man to make the race.

Remember that the Wallace ticket is the fusion ticket.

Its success means Salt Lake work for Salt Lake workmen with no political or rligious test.

It means a strict regulation of the liquor traffic and the banish ment of women and children from a loons. It means the awarding of all contracts to the lowest responsible bidder.

It means that the taxpayers are to have the benefit of interest on all city funds.

It means that regular financial statements of the city's condition will be published.

It means reform in other lines not to be discussed with propriety. Any institution too bad to discuss is too bad to tolerate.

Remember that the WALLACE ticket is the Fusion ticket.
