

## SHEA DID NOT ANSWER QUESTIONS

Judge Kohlsaat Upheld His Plea That He Might Incriminate Himself.

### HE IS UNDER INDICTMENT.

President Mulligan of Express Drivers Union and a Member Held to Be in Contempt.

Chicago, May 25.—Cornelius P. Shea, president of the International Teamsters' union, was upheld today by Judge Kohlsaat of the federal court in his refusal to answer questions before Master in chancery Sherman which might tend to incriminate him. Shea is now under indictment in the criminal court, and Judge Kohlsaat declared that answers to some of the questions put to him might prejudice the hearing of the case.

In the same decision which excused Shea, the court ruled that Bernard Mulligan, president of the Express Drivers' union, and John Donohue, a member of the same union, had refused to answer questions which could not in any way connect them with any criminal proceedings, and they were therefore in contempt of court. He sentenced both men to jail, but allowed them to remain in nominal custody in the hands of United States Marshal Ames for five days in order that their attorneys may perfect a review on habeas corpus proceedings before another federal judge. The men will be held in a hotel for the five days in charge of two deputy marshals.

Arguments on the motion to commit the men were heard during the morning, and Judge Kohlsaat announced his decision late in the afternoon. The courtroom was crowded with reporters and members of the Teamsters' union, and many representatives of the employers. At the conclusion of the hearing a large crowd gathered about Mr. Shea, who had asked the court to commit the men for contempt. President Shea edged his way through the crowd to the attorney and they shook hands.

"Well, I got your co-conspirators," said the lawyer with a laugh.

"Yes, but you did not get me," answered Shea.

The hearing before Master in Chancery Sherman will be resumed at 10 o'clock tomorrow morning. High McGee, another official of the local Teamsters' union, will be one of the first witnesses. James B. Barry, business agent of the same union, will also be called within the next few days.

The strike did not spread to any great extent today and there was practically no disorder. A number of the lumber firms made a few deliveries, but did not attempt anything like their normal amount of business.

For the first time since the commencement of the strike a large number of coal wagons handled by colored teamsters passed through the downtown streets without police protection. None of them was molested in any way, and the large State street scores also made deliveries, going even into the outskirts of the city without guards and no trouble was experienced.

Mayor Dunne and Chief of Police O'Neil did not meet today with the response expected when they called for 1,000 volunteers for additional policemen. Not over 100 men responded, only three-quarters of these proved acceptable.

### DISORDER IN SOUTHERN INDUSTRIAL PARLIAMENT

Washington, May 25.—The Southern Industrial parliament was thrown into disorder today over the question of the election of a number of resolutions prepared by that committee and also introduced by W. A. Irwin, of Durham, N. C., commending President Roosevelt's deal in pressing forward the construction of the Isthmian canal, which promises "incalculable aid in the extension and upbuilding of our export trade for cotton, manufactures, and other productions," and calling upon him to lend his aid through the department of commerce and labor, in relieving the present depressing conditions surrounding the cotton industry.

Delegates bitterly protested against a motion by Secy. Murphy to postpone action on all resolutions until the next meeting of the parliament, and charged that an effort was being made to gag the members and sidetrack important matters. The motion was voted down, and after a stormy debate the parliament recessed until the afternoon in order that the delegates might call on President Roosevelt.

Addressing the parliament on his resolution, Mr. Irwin said the south needed help at this time and the parliament was here to call for help. The man of the hour to whom the delegates should look, he declared, and applause, was President Roosevelt, who he believed could and would help. President Roosevelt, he said, was the greatest man in the country today, who not only

had the power but the mind and the will to help.

The south, he said, needed something else besides the immigration of labor, and that was to encourage and extend to the markets of the world cotton manufactured goods. But what was needed more than anything else was the guarantee of the trade already established in the orient, and which now seemed to be threatened with dire disaster on account of the present laws prevailing in this country.

A number of delegates interrupted and expressed their willingness to leave the solution of the question in the president's hands.

The resolutions reported by the committee on resolutions were not read.

### CATTLE RAISERS.

Say Freight Rates Are Unjust And Excessive.

Washington, May 25.—The interstate commerce commission today heard arguments in the case of the Cattle Raisers' association of Texas against practically all of the railroads running south from Chicago, except the Great Northern and Union Pacific. The charge includes the statement that the freight rate on cattle from the cattlemen's states to the cattle markets is unjust and excessive; that the terminal charge at Chicago is unjust; that the rate for feeding cattle en route is excessive; that the freight rates for the shipment of cattle have been raised from 6 to 9 per cent per hundred pounds since 1898, and that the present service is not so good as the former.

In answering the charges, the railroads do not deny the increased rates, but deny that the higher rates are unjust or excessive.

### LOVE ROBBER CAUGHT.

Police Made Him Put on Mask And Was Identified.

Spokane, Wash., May 25.—A lone robber entered the Norden bar on Riverside avenue about midnight last night and covered the dozen men present with his revolver. Helping himself to \$20 from the till, he departed just as Officer McQuillan arrived. A pistol duel followed but the robber escaped. Three hours later George Bradley was captured in the Northern Pacific yards by Officer DeWolf. The police compelled him to don a mask such as the robber had worn. He was then promptly identified by the robbers' victims.

### A BAD COLLISION.

Two Men Killed, One Fatally, Others Slightly Injured.

Augusta, Ga., May 25.—Two men were killed, one fatally injured, two probably fatally and three slightly injured in a collision tonight between a passenger trolley and a Louisville & Nashville coal car on the Augusta-Aiken railway. In a patch of woods some miles from Augusta on the South Carolina side of the Savannah river, near Clearwater, S. C.

F. W. Roberts, head cut, arm and leg broken; may die.

S. W. Long, Troy, S. C., head injured, badly bruised.

### THE DAMES MURDER.

Officers Believe They Have Last Link in Chain of Evidence.

Bellingham, Wash., May 25.—What the officers consider a final link in the chain of evidence against Davis and Donnelly, held as suspects for the murder of Frederick L. Dames, April 15, was found this morning by Sheriff Williams, when he discovered, 10 feet underground, at the bottom of an abandoned coal shaft near the cabin where the prisoners lived, clothing covered with blood.

These garments are believed to have been worn when the crime was committed. They appear to fit the prisoners. Among the articles is a towel, which is thought to have belonged to Dames. It is blood-stained and bears a dim laundry mark.

The sheriff was led to crawl to the bottom of the old shaft because of reports that Davis and Donnelly had been seen frequently hovering around there.

### LIFE POLICES.

Where Three Annual Payments Have Been Made Can't Be Revoked.

Jefferson City, Mo., May 25.—According to an opinion handed down today by the supreme court of Missouri, fraternal and assessment life insurance companies have not the right to revoke policies upon which three or more annual payments have been made. In the case upon which the decision was rendered a policy was taken out in May, 1895. After making three payments, the payment due in June, 1899, was not met, and the insured died in January, 1900.

The company refused to honor the claim, but the lower court held that there was a net value of the policy sufficient to carry it beyond the date of death, and rendered judgment in favor of the beneficiary.

### ALL WERE KILLED.

Party Out Riding Struck by a Passenger Train.

Canon, O., May 25.—Mr. and Mrs. Gust Miller of Louisville, O., and Mrs. Howell and daughter, Anna of South Bend, Ind., were struck by a passenger train on the Pennsylvania railroad while out riding late tonight, and were instantly killed.

The bodies of the three women were found on the front of the engine. Miller's body was found some distance in the rear, and was picked up by the train crew. The accident occurred just outside the village of Louisville, a few miles south of this city, late tonight.

### CHIEFS OF POLICE.

Adjourn to Meet in Hot Springs, Ark., Next Year.

Washington, May 25.—The National Association of Chiefs of Police held its final session today and adjourned to meet in Hot Springs, Ark., next year. All the old officers were re-elected unanimously.

The association rejected a proposition emanating from Omaha to recommend the universal adoption of the curfew ordinance.

The members, however, emphatically put themselves on record against a

proposition by several western chiefs to expel any member found guilty of furnishing information to members of the press, the general sentiment being that newspapers frequently had equal, if not better facilities for tracing offenders than the police themselves.

### Will Congratulate Crown Prince

Rome, May 25.—The report that the pope will send a special mission to the marriage of Crown Prince Frederick William is not correct, such action not being in accordance with the custom of the holy see. His holiness, however, will send an autograph letter of greeting and felicitation, accompanied, perhaps, by a gift.

### Will Get Ziegler's Millions.

Des Moines, May 25.—William Conrad Brandt, adopted son of the millionaire, Wm. Ziegler, who died on Wednesday, will inherit the estate of \$15,000,000. The boy, who is now 12 years old, is the son of Mr. Ziegler's half brother, George Brandt. He was adopted by Ziegler when three years of age.

### Mishap to Senator Tillman.

Charleston, S. C., May 25.—While returning to his home at Triston in a carriage after attending the commencement exercises of the South Carolina educational institution at Edgefield into last night, U. S. Senator Benjamin R. Tillman was driven over an embankment near the campus and painfully injured, sustaining two ugly cuts on the top of his head and was otherwise bruised.

### Unger Jury Disagreed.

San Francisco, May 25.—After an all night session the jury in the case of Gross Unger reported a disagreement today and was discharged. Unger, who was charged with the murder of a man, is accused of embezzling government money.

### A Fire in Guam.

Washington, May 25.—Commander Dyer, naval governor of the island of Guam, has cabled the navy department that a disastrous fire occurred in Agaña, the principal town of the island.
