# A GOOD INVESTMENT.

The officers of the Utah-Idaho Sugar Company, include Joseph F. Smith, President; Thos. R. Cutler, Smith, President; Thos. R. Cutter, Vice President and General Mana-ger, and the other Directors are likewise well known and experienced. In the statement made to stockhold-ers April 10th, 1998, it was set out that

Undivided profits-\$1, 109.323.91

Undivided profits-\$1,169.323.91 The sale of the sugar since then has given increased profit. The pro-its this year promise to be greater than any previous year. But the panch tast year depressed the price of all stocks. SO THAT IF YOU HAVE THE MONEY NOW IS THE TIME TO BUY, The stock was pur-posely issued in shares of 310 each to afford all an opportunity to own some. Dividends on the preferred stock ARE Hig CENTS PER SHARE each guarter. Send us orders for the amount you want and we will for-ward stock certificates charging the fair market price the day your or-der reaches us. GEORGE M. CANNON COMPANY. Hooms 512-513 Templeton Building. Phone Bell 57.

TINTIC ORE SHIPMENTS.

A. S. CAMPBELL,

#### Centennial Eureka Heads List With Greatest Tonnage.

Owing to the temporary state of in-

Owing to the temporary state of in-activity at the new Tintle smeller, ore shipments from the Tintle district were light this week. A total of 123 car-loads having been dispatched, the dis-tribution being as follows: Builton Beck, 3; Carisa, 1; Centennial Eureka, 36; Colorado, 6; Beck Tunnel, 5; Colorado (to smelters), 25; Eagle & Blue Bell, 2; May Day, 3; Mammoth, 20; Ridge & Valley, 2; Sioux Consolidat-ed, 9; Uncle Sam Consolidated, 6; Vic-, toria, 2; Yankee Consolidated, 3. Total, 123.

123. The 25 cars shipped from Colorado to the Tintic smelter were of the 20-ton narrow gage class, while the six 50-ton cars wont to the United States com-pany's smelter. A 50-ton car of ore from the Yellow Pint mine in Nevada was also received at the local smelter. @21.

## NEWHOUSE COPPER OUTPUT.

According to the information re-leased from the New York offices of the Newhouse Mines & Smelting cor-poration, the September output of copper from the Cactus mine in Bea-ver county was 525,000 pounds, against 500,000 pounds in August.

## UNCLE SAM BUYS SILVER.

Development work is to be resumed at the property of the Ely Consolidated Mining company at Ely, Nevada. In-formation to this effect has been wired from New York by Willard F. Snyder. Washington, Oct. 17 .- The treasury vesterday purchased 75,000 ounces of silver for delivery at New Orleans, and 50,000 ounces for delivery at Denver, at 51.807 cents per fine ounce.

## SAN FRANCISCO MARKET.

## GERMAN BALLOON HERGEZELL P

the Wihuja and Merger lease on Therien ground. The Wihuja, in the upraise from the 255 foot level, has a large body of ore averaging from \$175 to \$269 a ton, while in the Merger at 75 and 85 feet are four feet of quartz which run close to \$100 a ton. At one point on the Wihuja lease a sam-ple was taken across 22 inches of the vain Mr. Friedman says which re-Yarmouth, Eng., Oct. 17 .balloon Hergezell has beenthe North sea. There was sign of the occupants, and believed to have perished. The Hergezell was found fi deflated 100 miles northwest land by the Norwegian stean and was brought in here. ein, Mr. Friedman says, which turned the sensational values of \$10,000

and by the Norwegian steamer Naddod, and was brought in here. The balloon races that were started at Berlin on Sunday and Monday of this week have been characterized by a series of mishaps but the Hergezell is the only airship to end its flight with death to its pilots. A total of 50 balloons started in the two races, the first for the internation-al cup and the second an endurance contest. Two of them, the American Conqueror and the Spanish Montanes, burst in the air, the first at a height of 4.000 feet, and their occupants had miraculous escaes from death. In each ease the remains of the envelopes form-ed a parachute which saved the pilots. Shortly after these two mishaps had been recorded the airships began to be reported from the North sea, and as it was seen that they undoubtedly would be driven out over this body of water the Beritash sent out two cruisers. Stult and the balloons made success-ful landing on shore close to the beach, but the of them, the American St. Louis, the German Bassely, and the German Plauen, came down in the wat-er in the vicinity of Heliogoland, and their ecupants all had narrow escapes before they were picked up. The race for the International cup was won by the British balloon Ensine, which handed successfully on the coast of Denmark.
