

"American" Paid Henchman Resorts to Personalities in Speaking on Bond Issue.

PIONEER HALL WELL FILLED

Sentiment Against Bonds shown Among Taxpayers of Secoud Precinct-Resolution Adopted.

Answering argument with epithet. and logic with personal abuse, Frank R. Christensen, clerk of the board of public works, and authorized plenipotentiary of the "American" administraton, made a characteristic "merAican" harangue at the meeting held in the econd precinct last night to protest against the issuance of the \$600,600 in bonds by the city.

The meeting was organized with E. C. Ashton as chairman, and Alex Buchanan, Jr., as secretary. Ploneer Stake hall, in which the gathering was held, was well filled with taxpayers and interested persons-some of the latter, it was alleged, being hardy working men who had been released labor on the street contracts to attend the meeting and "whoop it up" for the bonds. This element was loudly heard from when negative votes were called, and also when the "sll-ver-tongued" orator from the board of public works indulged in his Patrick Henry-like flights.

### RESOLUTION PRESENTED.

Proceedings opened with the readg of a resolution opposing the bond sue, which was offered by Brigham . Clegg, as follows:

A. Clegg, as follows: Resolved, That it is the sense of this meeting that the citizens of the Second predict are unalterably opposed to the suance of \$600,000 of bonds, or any scales of solo,000 of bonds, of any bonds, or any part thereof, as proposed by the majority of our present city ouncil; and we pledge ourselves and our united efforts to the end that this bond issue be defeated at the polls July 29, 1908, believing that the best inter-ests of the city demand the defeat of this III-advised bond proposition.

### MR. CLEGG'S REFARKS.

Mr. Clegg secured the floor and talk on the resolution. He y he did not favor the issu-the \$600,000 bonds. One of told why hese reasons was that the people did to have any guarantee that the money lerived from their sale would be spent a the manner indicated by the pro-moters of the issue. He saw another langer, and in his opinion it was a rave one-that of colonization of 'American' party votes, should the bonds be authorized. "If the bonds are authorized," said Mr. Clegg. "It will be an easy matter for the 'Ameri onds be be an easy matter for the 'Amer-' party to bring in thousands of rs to vote the 'American' ticket

"And again," declared the speaker, "I And sgain, "declared the speaker, "I believe that our taxes will be raised, even if the bond issue is authorized. Six hundred thousand dollars is not enough for the present reckless admin-istration. They want more and more -and it will only be money wasted it the bonds are authorized."

General Demand of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remark-

Mrs. Alice Butterworth then took

the floor. She declared that in the 55 years she had been a resident of the city, she and her husband had paid city, she and her husband had paid taxes every year toward the building up of the city, and last year they paid \$2,400 in taxes, and this year expected to pay \$4,000 in taxes, "And yet," said Mrs. Butterworth, "we must now be called 'mogs-backs' because we do not favor the authorization of \$600,000 worth of bonds for the present ad-ministration to squander." Mrs. Butter-worth told how she had succeeded; she said the only way for an individ-ual, or a city, to succeed and progress was by honesty, industry and econball, of a city, to succeed and progress was by honesty, industry and econ-omy, and the bond issue, she declared, was opposed to all three principles, "I do not favor the pollcy of borrow, borrow, borrow; and shall I be com-pelled to vote myself into bondage, and my children into bondage for coming generations? I say no, no!"

MR. SJODAHL GIVES FIGURES

J. M. Sjodahl was recognized by the chairman and made a stirring talk against the proposed bond issue. He gave facts and figures showing that the issue was not needed. He quoted members of the city council, and of the council finance committee, showing that the issue was not necessary. "The annual income of the city," said Mr. Sjodahl, "Is a million and a quarter a year, and under ordinary circumstanc-es this amount is sufficient to carry on the business of the municipality and accomplish improvements in reason.

Mr. Sjodahl said the majority mem Mr. Sjodahl said the majority mem-bers of the city council were not inter-estad in the bond issue from the stand-point of taxpayers, which is the only interest which should govern in the consideration of the bond issue. He showed by figures that the nine mem-bers of the "American" majority of the council pay not more than \$500 a year into the city treasury in taxes, and

Evening Failed to Pass Without His Customary Showing of III Temper -Telephone License Considered.

The majority members of the council as a body, Councilman Black individually, and Recorder Moreton clerically, were guilty of despicable work last night in the matter of a resolution

sought to be introduced by members of the minority. The sequel showed that the men who are in favor of the \$600,000 bond issue were afraid to let the other side be heard in protest, for the document presented for consideration was strongly antagonistic to the propositin to further increase the city's indebtedness at this time in the

manner indicated. It was Black who was indirectly re-sponsible for a motion to adjourn at a time when to do so was not only an act of discourtesy, but manifestly un-just as well, though the motion was made by Stewart. Just before the time came for presentation of resolu-tions. Black reached over to the desk manner indicated. tions. Re-turning to his chair, Mr. Fernstrom stood awaiting the reading. Stewart whispered something in the recorder's car, and the latter took up other reso-lutions and had read one or two brief ones when Mr. Fernstrom asked that his resolution be considered. Stewart arose at once and moved for an ad-journment, which motion was carried over protest of the six minority mem-He over protest of the six minority mem-

### HURRY IN MAJORITY.

Fifteen minutes would have finished the business of the evening in proper order, among the matters yet to be considered being the weekly appropri-ations. So eager were the majority members to adjourn that they paid no heed to a request from the recorder to take a recess until Thursday evening, that the needed measures might be considered before the week was out. Black was "called down" in strong language by the newspaper man from whom he had filehed the resolution. He was told that he had no more right to tamper with the papers of a reporter Fifteen minutes would have finished tamper with the papers of a reporter than the latter had to runmage through the desk of the burly council-man from the Fifth, and he was told that he must never attempt such a

thing again. Prior to the bond resolution episode and scarcely less exciting when being considered, was the debate on the franchises and amended franchises of the Rocky Mountain Bell Telephone the Rocky Mountain Deal Tele-company and the Independent Tele-phone company, respectively. When the former proposition was reached the former proposition was reached, Mr. Stewart moved to strike out the enacting clause, and in this stand he was supported by Mr. O'Donnell,

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

No other medicine for Woman's ills in the world has received such wide-spread and unqualified en dorsement as has Lydia E. Pink. ham's Vegetable Compound, made from native roots and herbs.

No other medicine has such a record of success for woman's dis-eases, or such hosts of grateful friends as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been the standard remedy for feminine ills, Inflammation, Ulceration, and consequent Spinal Weakness.

It has relieved more cases of Backache and Local Weaknesses than any other one remedy. It dissolves and expels tumors in an early stage of development.

Irregularities and periodic pains. Weakness of the Stomach, Indiges tion, Bloating, Nervous Prostration. Headache, General Debility, quickly yield to it; also deranged organs. causing pain, dragging sensations and backache. Under all circumstances it acts in harmony with the female system.

It removes that wearing feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues." These are indications of Feminine disorders, which this medicine overcomes as well as slight derangement of the Kidneys of either sex.

Martin was in favor of the ordinance, Martin was in favor of the ordinance, as it would end the life of the fran-chise claimed by the council in a stipu-lated time. Black also was in favor of the same proposition, though he de-clared he didn't care a snap either way. This surplus can yet be used this year for enlarging water mains and other purposes as most needed. Public improvements have not been stopped and will not stop if the bonds are not issued. Over \$300,000 have been already expended this year and work is progressing on contracts for over \$200,000 more. As soon as the inter-cepting sewer is connected with the gravity sewer as now contracted for this should be completed by the last gravity sewer as now contracted for, this should be completed by the last of August, there will be opportunity for the construction of the much need-ed lateral sewers in the south and west parts of the city to the extent of more than \$500,000, which cost is borne by the property owners and is no expense to the city. ## AMUSEMENTS.

Orpheum-While all the plays given by the Orpheum Stock company this summer have been good, the best of all is the closing bill, the new threeact drama by Miss Georgia Earle, "The Greatest of These," Not only is the play in itself the best that the complay in itself the best that the com-pany has put on, but the actors have better parts and more opportunity to do better work than in any previous offer-ing The drama is filled with cleve parts and many dramatic situations, with fust enough comedy to relleve it of any dull moments. The comedy is in the hands of John Gorman, whose work was excellent. The play is well staged and its first mesentation was in the hands of John Gorman, whose work was excellent. The play is well staged and its first presentation was capably done, and without a hitch of any sort. The story of the play is not a new one. It is that of a young husband and still a younger and pretty wife who is left alone too much of the time, who does not feel that merely being a wite out in the big lonely west is sufficient to make ber contented. The husband means well and (2 really)in love with his wife but cannot be with her a great deal on account of

business. Another man comes along, he is taken into the family and made a welcome guest by the husband. And then the same old story which is too often the case, the wife takes the step which she later repents, and is all the time in love with her husband but does time in love with her husband but does not realize it until her husband but does not realize it until he has started di-vorce proceedings. Lee Baker in the role of a fair minded judge is very good and brings the young husband and his wife together, pleading for-giveness for her. He too has been the same kind of a husband; too much bushess to give any time to his wife glveness for her. He too has been the same kind of a husband; too much husiness to give any time to his wife. A friend of his wife's school days is at the home and as in the other cass the same thing happens, but with the test of his affairs he proved himself as much a man as in the other case. The role of Miss Evelyn is difficult, but she played the part well. Miss Helaine Hadley was fine and played her first important part in an excellent manner. Roy Clements was in the role of the supposed villain. It was in a new light that he was seen him last evening but he was just as good as ever. The play will run through the week with three matinees.

His already rubi-cund countenance became bathed in deeper crimson as his patriotic pas-sions swayed him in his eagerness to "get at". Clegg, so he could don his hat and get away to another meeting to deliver his specially prepared im-promptu speech in favor of the bonds. He told the people if they were not careful they might vote against their best interests in voting against the bonds. He declared this matter was not a partisan matter, not even a pol-tical issue, and said the great "Amer-lean" administration had only in view the welfare of the people in their anx-ley to get their hands on that \$600,-000.

Mr. Christensen, with illy repressed assion, started to abuse the previous beaker, saying he was mistaken in his eaker, saying he was mistaken in his aclusions. With a strong effort at lumess, Mr. Christensen referred to r. Clegg as "the young man who is lataken," "the young man who is ens to be honest, but mistates the cls." "the young man who is a wyer, but unquestionably of the tiffogging type," and other allusions leulated to vent his spleen upon the evious speaker. At this point, a gentleman in the

If the company was forced to pay 50 cents license on each telephone, they would raise the price to patrons, and the council could not prevent them dosentiments. J. H. As to the enlarging of East Jordan canal, etc., at an estimated cost of \$200,000, we find as to said canal that \$200,000, we find as to said canal that the city has no right at present to cnter on the work of such enlarge-ment. The city has started a suit to condemn a right of way in said canal for the water of the Sait Lake and Jordan canal that is owned by the city, but that suit must be fought out in the courts and a jury must award the damages that the city is to pay that canal company before the city can enter on that work. The cost and conditions attached to such right of way may render it undesirable for conditions attached to such right of way may render it undestrable for the city, and it will be time to vote bonds for that purpose affer we know said cost and conditions. These proposed bonds are to bear interest at 4½ per cent in order to sell them at par on the present mar-ket, while the \$1,000,000 issue of 1905 hearing only 4 per cent interest sold

ket, while the \$1,000,000 issue of 1905 bearing only 4 per cent interest sold at a premium of \$15,000. This higher rate of interest on these bonds will be a loss of \$3,000 per annum or \$66,-000 in the 20 years, which we think ought to be saved to taxpayers and would be saved by waiting a short time for the money market to get back to normal conditions. There seem to us to be no pressing emergencies nor good and sufficient reasons for this bond issue. (Signed) F. S. FERNSTROM, JOHN HOLLEY,

### ANNUAL BARBECUE.

The Rehall Butchers & Grocers' as-sociation decided last evening to hold their annual outing Aug. 18, when a barbecue will be held. The association was addressed by Col. H. N. Tolles, a prominent Philadelphia businesse man, on scientific salesmanship. In his ad-dress, Col. Tolles said: "The thorough salesman is evident in correspondence, which is a very important matter; through the advertising, which may be described as drawing customers through their imagination; through which is a very important drawing customers to attract attention and to create a desire for the goods displayed; through delivery service, in creating a good impression regarding promptness and neatness; and finally through the bills, in which accuracy and care serve to attract the customers' attention fa-yorably." The Retail Butchers & Grocers' as-
