

MOB TAKES NEGROES AND HANGS THEM

Three Charged With the Murder of the Lyrer Family July 13.

TOOK THEM FROM COUNTY JAIL

For a Time Was Hesitation, There Being no Leader—Gov. Glenn Greatly Incensed.

Charlotte, N. C., Aug. 6.—A mob of 2,000 men shortly before 11 o'clock tonight forcibly entered the Rowan county jail at Salisbury, removed therefrom three of the five negroes charged with the murder of the Lyrer family at Barber Junction, July 13, and lynched them. Nease and John Gillespie and Jack Dillingham, supposed to be the principals in that crime, were the victims of mob vengeance. The remaining negroes, Henry Lee, George Ervin and Bella Dillingham, were not molested, and later tonight officers carried them off to Greensboro.

The mob began gathering at sundown. Mayor Boyden promptly ordered the saloons closed, and with other prominent citizens, United States Senator Overman, Judge Long, who was to try the negroes, and Solicitor Hammer, gathered on the jail steps and addressed the crowd which at that time numbered 2,000. There were howls and cat calls from the mob, but for a time there was no move—the mob lacked a leader. While citizens were appealing to the mob two men slipped through the crowd and were tempted to break in the jail doors with hammers. They were discovered and arrested. About 9 o'clock Mayor Boyden called upon the local military company for aid. They assembled quickly, but were supplied only with blank cartridges, having no orders to shoot to kill. Pevman, McLenon of Charlotte, a Southern railway employe, was shot and fatally wounded by a member of the mob. Will Troutman, a negro drayman, was also shot and seriously wounded.

Both of the shootings are claimed to have been accidental. At 10 o'clock the mob was augmented by fully 500 men, who came, it is said, from Whitney. It was but a few minutes after their arrival when a crowd of 50, forming a sort of firing wedge, made a rush for the jail doors, overpowered the officers and effected an entrance. The crowd moved outside and in a few moments more emerged from the door with their victims and marched northward.

A ball was made at Henderson's ball grounds, on the edge of the town. There the negroes were given time to confess the crime. They refused either to deny or confess and were so thoroughly frightened as almost to have lost the power of speech. John Gillespie went pitifully and begged for his life. Finally at midnight the three were strung up to the limbs of one tree, and with howls and curses the crowd riddled the dangling bodies with bullets. The mob then dispersed, and George Ervin, taken from the jail with his associates and closely questioned. Then the mob led him back to his cell.

Ed Barber, a relative of the murdered man, followed the mob with the prisoners to the scene of the lynching and pleaded with the three to return the negroes to the jail and let the law take its course, but the mob paid no attention to him.

The crime for which the three men were lynched was committed on the night of July 13 near Barber Junction about 40 miles from Salisbury. A. C. Lyrer, a well known farmer, his wife and two children were killed, while asleep, a third child was fatally wounded and the house set on fire. The next night Chief Judson arrested and brought to Charlotte for safekeeping the two Gillespies, Dillingham and wife, George Ervin and Henry Lee. The trial of these six, including the three lynched tonight, began today at a special term of court at Salisbury.

ORDERS GIVEN TOO LATE.
Raleigh, N. C., Aug. 6.—Gov. Glenn was at 11:10 o'clock last night, told by Judge Long over the telephone of the work of the mob at Salisbury. He at once wired orders to the military companies at Charlotte, Greensboro and Statesville to hurry by special trains to Salisbury. Finding these were too late he countermanded the orders. He stated that some time ago he offered the sheriff the service of militia, but that the offer was declined as unnecessary. He characterized the lynching as a blot on the state and said he will at once take steps to discover and bring to justice the guilty parties.

CHINAMAN MURDERED.
Missoula, Mont., Aug. 6.—The body of Ling Tip, a Chinese placer miner, who was murdered at Martini, a mining camp 50 miles from this city, was brought to this city tonight. Five Chinamen were working a placer mine near Martini for several months, and had a large amount of gold dust stored in their cabin. Two masked men attempted to hold them up yesterday, and in the fight that followed Ling Tip was killed.

Ling Tip, while his companions were being tied, stepped and picked up a stone, with which he knocked one of the robbers senseless. The Chinaman then grabbed the revolver and attempted to use it. He was sent through the breast with a 44-caliber bullet and died instantly. A sheriff's posse is pursuing the robbers, who made their escape.

S.S.S. PURELY VEGETABLE

The fact that S. S. S. is a purely vegetable preparation, containing not the slightest trace of mineral in any form, has been one of the strongest points in its favor during its forty years of existence. It is recognized everywhere not only as the best of all blood purifiers, but the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic dyspepsia, unfavorably affecting the bowels and so damaging the system that even if the original cause of the disease has been removed, it is left in such a deranged and weakened condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral property in some form. Being made entirely of roots, herbs and barks it is absolutely harmless to any part of the system, and while curing disease adds strength and health to every part of the body. S. S. S. removes all poisons, freshens and purifies the blood and gives better and more lasting results than any other blood medicine. S. S. S. is the very best treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all troubles due to an impure or poisoned blood supply. Besides being the King of blood purifiers S. S. S. is the best and most invigorating of all tonics.

THREE FACTS

For Sick Women To Consider

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing women for childbirth and the change of life.

THIRD.—The great volume of unfiled and grateful testimonials on sale at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-four years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

SOCIAL DEMOCRAT-LABOR MANIFESTO TO THE RUSSIANS

St. Petersburg, Aug. 6.—The former deputies composing the Social Democrat and Labor parties, Polish and Jewish committees and various revolutionary bodies have issued the following joint manifesto:

To the Whole Nation—Citizens: A fortnight has elapsed since the government dissolved the lower house of parliament. It laughed at the nation's representation and set the whole people at defiance. Russia has received this new crime of the autocratic power in sullen silence. The government rejoices at this victory, but the murder of gun at Sivaborg and Cronstadt proved this rejoicing to be premature. The army and the navy have raised the standard of insurrection against the oppressors of the people. The roar of the guns of Sivaborg and Cronstadt has given the signal for a new Pan-Russian attack on the autocracy. A new and decisive struggle for land and liberty has begun. The lessons of the past will not have been in vain.

"The imperial manifesto of Oct. 30 proved deceitful, and a state drama is being enacted, but the nation is unable to satisfy a single national need."

"The people see now they can hope and expect nothing as long as the state power is in the hands of its enemies. The object is not an unauthoritative parliament, but a constitutional assembly, equal, direct and secret suffrage. The people must apply themselves. Citizens, all to whom freedom is dear, we call on you for a decisive struggle against the government of the emperor, for a national government and for a general strike to cast down the imperial government and the authorities depending thereon."

"Long live the general strike and the decisive struggle for national power!"

STABBED IN THE NECK.

Lou Hill of Stockton, Cal., Found Dead in Bed.

Stockton, Cal., Aug. 6.—Lou Hill, a woman of the tenderloin, was found dead in her room tonight with a deep stab in the right side of her neck. The room opposite the body the police found Ed Wilson, who has been in contact with her. He held a bed sheet in one hand and a razor in the other and had all the appearance of a maniac. When called upon to surrender he made no reply and a long pole was used to knock him off his balance and the officers closed in on him. The man made no resistance and was easily handcuffed and taken to jail.

DR. BAYNES SUES RAINY ESTATE.

New York, Aug. 7.—Dr. Samuel Thompson Baynes, a surgeon and physician in Philadelphia, has begun a suit in the supreme court here against the estate of William T. Rainey to recover \$25,000 for medical attendance and incidental expenses during the six years preceding Rainey's death. Rainey, who died in August, 1904, was a wealthy resident of Philadelphia, but had moved to New York shortly before his death. His executor, Roy A. Rainey, the defendant in the present suit.

Dr. Baynes says in his complaint that in 1898, when Rainey first became an

invalid, an arrangement was made by which Rainey agreed to pay Dr. Baynes \$300 a day for every day of actual attendance.

DECEIVED EXAMINERS.

H. M. Stearns Arrested for Presenting False Claim for Pension.

San Francisco, Aug. 6.—Howard M. Stearns, 29 years old, was arrested yesterday by United States Special Examiner O. L. Stone and Deputy United States Marshal De Lande on a charge of presenting a false claim. Stearns served in the Spanish-American war and on Feb. 4 applied for a pension on the ground that he had received a permanent injury to his spine while playing ball at the Presidio. It was learned that he injured his spine and had been permanently cured before he enlisted, and that he had not been injured at all as stated by him. Stearns, it is alleged, could simulate curvature of the spine so well that he made a board of pension examiners believe last July that one of his legs was several inches shorter than the other. United States Commissioner Hancock set bail at \$2,500 and ordered him to appear for trial next Saturday morning at 10 o'clock.

ATTY.-GEN. MOODY CONSTRUES EIGHT-HOUR LAW

Washington, Aug. 6.—The attorney general in an opinion addressed to the secretary of the navy and made public today, holds that the so-called eight-hour law, which provides that "the service and employment of all laborers and mechanics who are now or may hereafter be employed by the government of the United States, of the District of Columbia, or by any contractor or sub-contractor upon any of the public works of the United States, or of the said District of Columbia, is hereby limited and restricted to eight hours of any one calendar day" does not apply to vessels under construction for the navy by contract with builders at private establishments. The attorney general calls attention to the case of *Clarkson vs. Stevens* (16 United States 355), wherein the supreme court held that the title of the canal vessel under construction does not apply to the government, and that the conditions and covenants of the contracts have been fulfilled.

The opinion was prepared and signed by Solicitor Gen. Hoyt, and was approved by Atty. Gen. Moody. A similar opinion has been given by the secretary of war to the effect that the eight-hour law does not apply to contractors furnishing the quartermaster's department with supplies.

WAGGAMAN'S CREDITORS SUE CATHOLIC UNIVERSITY.

Washington, Aug. 6.—Suits were instituted in the supreme court of the District of Columbia today to compel the Catholic University of America to relinquish securities aggregating \$578,161, said to have been given to the university by the late Thomas E. Waggaman, a short time before proceedings in bankruptcy were begun against him. The suit was begun by Thomas E. Stanley and others, H. Foster Dulany, Dulany, trustee in bankruptcy of the estate of Thomas E. Waggaman, is named as one of the defendants. The plaintiffs declare that Waggaman permitted the attorneys for the Catholic university, to which he was indebted to the extent of about \$600,000, to select choice securities to cover his indebtedness to the institution, although it was his duty to keep all the securities intact, so that the complainants as well as the university and other creditors of Waggaman might have an equitable lien, without priority, discrimination or favor. The court is asked to name a receiver to take possession of the securities or of such cash as may have been realized on them.

MENTAL FATIGUE.

Excessive Gymnastics Are Not a Cure For the Trouble.

York, England, Aug. 6.—A paper on the value of rest by Dr. Theodore Dyke, read before the British Association for the Advancement of Science here today, in the discussion which followed Dr. Bevan Lewis declared that gymnastics were not a cure for mental fatigue, nor was excessive bicycle riding. There had been a development of recent years, he said, of the "bicycle head" among young men due to excessive riding in their keenness to establish records.
