PRICE OF GOLD.

Corrected Daily by BANK OF DESERET.

Buying at $1.12½; selling at $1.13.

SALT LAKE CITY, August 3, 1872.

LOCAL AND OTHER MATTERS.

THERMOMETER 81° in the shade at 2 p.m. to-day.

THEATER.—Last evening there was another fair house, and the applause was encouraging.

This evening is announced as the last of "Buffalo Bill," so that those who wish to witness this stirring representation of frontier life should avail themselves of the opportunity.

Tomorrow evening, for the benefit of Mr. Geo. D. Chaplin, the play of "Monte Christo" will be produced.

THE CIRCUS.—This place of amusement was well attended again last night, and the performance was probably the best given since its advent in this city. There is no need to allude particularly to any special part of the entertainment, for nothing is attempted, but is done with the most admirable dexterity and neatness. The horsemanship of Mr. Kingsley, the feats of the Mathews family, the horizontal bar performance, the drolleries of the little clown, Master Willie Mathews, &c., all elicited warm plaudits from the audience.

The matinee yesterday was not very numerously attended, but another will be given on Saturday, affording an excellent opportunity for ladies and children to see the circus.

To-night a change of programme will be presented.

THREATENING.—N. Castro, a miner, was arrested yesterday, at the instance of Jacob Behrma, on a charge of threatening the latter's life and challenging him to go outside the city limits and fight.

We understand that Castro's ire was aroused on account of his having been accused by some parties of grossly immoral practices, he claiming that Berhma was identified with those who accused him. The latter is anxious that Castro should be bound over to keep the peace. The case is set for to-morrow. Castro left as security for his appearance a dagger, the handle of which is solid gold, and worth not less than $300.

SERIOUS ILLNESS OF SECRETARY DELANO.—We very much regretted to learn, as we did by the dispatches, that Secretary Delano was seriously if not dangerously ill. We trust that he will speedily recover his wonted health and strength.

ELECTION RETURNS.

Tokerville, Utah, Aug. 7.—The election returns are Delegate to Congress, for George Q. Cannon, 356 votes. A number of precincts are not heard from.

M. SLACK, Clerk.

WATER CISTERN.—The cistern at the junction of First South and East Temple Streets, to be used for fire purposes, is approaching completion. The digging is finished and the timbers are being put in.

THERE ARE telegrams at the W. U. T. office for Miss Clarissa Green, C. H. Green, Dr. W. K. Smith, and T. C. Craddock.

TELEGRAMS at the Deseret office for Rev. G. M. Pierce, J. S. Houtz, Jas. Lynch, George Hearst, Thos. D Craddock.

FROM BRIGHAM CITY.—Bishop Alvin Nichols has been in town since yesterday morning. He reports everything flourishing in his diocese.

POLICE.—Fred. Reich, charged with stealing water, was fined $5, by Justice Clinton this morning. During the progress of the case Reich accused one of the witnesses of swearing to a lie, for which he was fined an additional $5, for contempt of court.

His honor also disposed of a number of "fights" and "drunks."

BRANCHING OUT.—Mr. Robert Carter, the well known and veteran newsdealer, of this city, has opened a small store on Fifth South street, Ninth Ward, where he will henceforward be prepared to supply his friends with all the current newspapers and periodicals of the day; also with groceries and notions. Robert is not so young as he was, but is still active, industrious and enterprising, and is worthy of patronage.

RECOVERING.—Phares Wells, jr., of the 11th Ward, is rapidly recovering from the effects of injuries received a short time since from being run over by a wagon.

SENSATIONAL.—An individual bought a quantity of venetian red at a store in town the other day, and on being asked what he purposed doing with it said he didn't know but he would dissolve it and put it into the East Temple Street water sect and make a first class item for the "loyal" "liberal" sensation mongers. Would do to send over the wires, "streets running with blood," that is, "raddle."

MORE REPUDIATION.—It appears that an honorable Territorial Secretary has engaged in the repudiation business, denying all knowledge of personal connection with certain ambitious mining enterprises. Verily repudiation threatens to become epidemic. When U. S. officials get the malady, there is no telling how far it will reach.

TO BE TAKEN DOWN.—Under this heading the *Territorial Enterprise* has a paragraph to the effect that the Western Union Telegraph Company was about to begin the work of taking down the overland telegraph running from Virginia city east by way of Fort Churchill. The object, as stated, is to build a branch line from some point on the Central Pacific to Pioche, "in opposition to the present Mormon line."

"It is likely that this old line is being taken down, as reported by the *Enterprise*, but we can scarcely believe that it is for the purpose of building a line to Pioche; for if we are correctly informed, such a proceeding would be a virtual breach of faith on the part of the Western Union. It was with a distinct understanding that the Western Union would not build a line to Pioche that the Deseret Telegraph Company—the "Mormon" line as it is styled by the *Enterprise*—was induced to connect with Pioche.

The people of that place were anxious to be placed in telegraphic communication with the East and West, they therefore petitioned the Western Union company to build a line from Hamilton to Pioche, and expressed considerable anxiety to have the connection; but their petitions were of no avail. Whether that company thought the camp was not likely to be a permanent one, or there was some other reason for refusing the request, we know not; but the line was not built. After petitioning repeatedly and waiting for some time on the W. U. T. Co., the people of Pioche petitioned the Deseret Telegraph Company to connect with their place. With a clear understanding that the Western Union would not erect a line, the Deseret Company took the necessary steps to gratify the wishes of the petitioners. It did this at considerable expense, and since the connection was made, we belive the line has worked well and given as great satisfaction as can be had on a single line. The charges for messages have been reasonable and there is not a single cause, so far as we can learn, for the erection by the Western Union Company of such a line as the paragraph in the *Territorial Enterprise* foreshadows. For these reasons we do not lend credence to the statement that such a line is to be built at present.

THE ST. GEORGE ENTERPRISE for July is here. Paper famine prevented the issue of a number for June.

OVERDOSE OF MORPHINE

NEPHI, Juab County, August 5, 1872.

Editor Deseret News:

Dear Sir—It is thought advisable and necessary that the following circumstance be made known, so that the friends, relations, and acquaintances of the person herein named may be made aware of his decease.

About sundown of the 3rd ult., Mr. Frederick Hamilton, of Pioche, left a sick person at the Nephi House of this town, kept by H. Goldsborough, Esq.

On the morning of the 4th he appeared to be considerably better, but about 11 o'clock a heavy, dull groaning was heard in his room, which called the attention of those in the other part of the house, when it was observed that he seemed to be laboring under the effect of some heavy narcotic. Dr. Tait, being immediately called in, administered the usual antidotes and restoratives, when about 3 o'clock p.m. he rallied sufficiently to tell his name.

He stated his name to be Al. Tracy, and that he had administered to himself some pills composed of quinine and camboose (gamboge?), but upon examining his medicine case it was found that he had taken about four grains of morphine, instead. He continued to grow worse till about half past eight o'clock, when, upon making an effort to turn himself, he suddenly expired.

The same evening an inquest was held over the body by Coroner Sperry and a jury, and the following verdict rendered:

Territory of Utah, }
Nephi Precinct, } ss.
Juab County. }

An inquisition holden at Nephi House, in Nephi Precinct, Juab County, on the fourth day of August, A. D. 1872, before Charles Sperry, coroner of said county, upon the body of Al. Tracy, there lying dead, by the jurors whose names are hereunto subscribed;

The said jurors upon their oaths do say, upon the evidence presented before them, that the deceased came to his death by an overdose of morphine, administered by his own hands.

In testimony whereof the said jurors have hereunto set their hands the day and year aforesaid. THOMAS J. GUSTIN,
JAMES MYNDERS,
JOHN CAZIER.

Attest: CHARLES SPERRY,
Coroner.

Any one interested can obtain further particulars by communicating with the coroner at Nephi. Very respectfully,
THOMAS ORD.

BRIGHAM CITY, Aug. 7th, 1872.

Editor Deseret Evening News:

Dear Sir—On the 3rd and 4th inst. the people of Box Elder county were assembled at Brigham City in the Bowery, when two days' meetings were held, and much valuable instruction was imparted to the Saints, and received by them joyfully.

The day before yesterday two boys, aged about fifteen years respectively, were brought from the railroad depot sick and in a pitiable condition, but through the care of the selectmen of the county and the medical aid of Dr. Ormsby, Junr., they are reviving fast, and one of them has disappeared again without giving notice. They were cousins and had come with the railroad from Memphis, Tennessee, bound for California, where the one had a father living who had left his mother in Tennessee, long ago, and she had died since. The parents of the other seemed to have shared a similar fate. The boys had run short of money and suffered hunger and cold lately. They had slept two nights on a pile of rails in Ogden. Their names as stated are William Franklin Crook and James Hawkins. Both seem to have uncles and other relatives in California, whom the selectmen have advised about their condition by letters.

A rich harvest is being gathered here.

Respectfully, A. C.

HOME-MADE DISINFECTANT.—"A good home-made disinfectant is produced by dissolving a bushel of salt in a barrel of water, and with the salt water slack a barrel of lime, which should be wet enough to form a kind of paste. For the purpose of a disinfectant, this home-made chloride of lime is nearly as good as that purchased at the shops and drug stores. Use it freely about sinks, cellars, gutters, and out-houses, and in this way prevent sickness, suffering and expense."

Special Notices.

Cheap Meat.—All those who want cheap meat should read the advertisement, in another column, of Charles Popper. The prices therein quoted are astonishingly low, placing this indispensable commodity within the reach of all classes. No one need suppose for a moment that because Mr. Popper has so greatly reduced the price of meat he deals in that which is of poor quality, on the contrary he constantly aims to supply the public with the very best cuts in the market.
