THE MARYSVILLE MINES.

"SOL" SPEAKS CONFIDENTLY OF THEIR PRESENT AND FUTURE.

A correspondent from Marysville, Sevier County, reminds the public that that region is still considered a mining country with fine prospects only awaiting proper development. He states that there are large bodies of medium grade ore, such as the "Navigator" and the "Bally Boy" mines, which will pay handsomely to any company that will put up refining works suitable to that class of silver ores.

The "Navigator" mine shows a cropping of some forty feet in width of vein. The "Old Pioneer" and the "Fillmore" are also big deposits. The "Fillmore," when opened up, will be far ahead of the "Deer Trail" in its present days. These mines are in the Old Ballion district, and are solid formations. The "Morning Star" and the "North Star" mines are now being worked by Mr. R. W. Wagon, employing 10 to 12 hands, and are opening up to his satisfaction, and it is hinted that in the coming Spring machinery will be put up to manipulate the ore.

One of the notable features of the country is a fine quality of the silicate of mercury discovered on the "Lucky Boy," running from 15 to 75 per cent. mercury, and one among the big things in cinabar ore, is the Oakland mines, discovered by John Ferris, showing an output of about 80 feet of a vein bearing mercury, the cropping running the whole length of the location. Mr. Greenman, an old California quicksilver man, is half owner in the property, and has arrived again from San Francisco to look at this property in connection with other mines Mr. Ferris has interested him in.

John Ferris is one of the thorough prospectors of Southern Utah, and keeps up continual research with unflagging energy. There are many veins in the hills that bear good ore, and will yet be worked. A more extensive mining country cannot be found than the Baldy Range, of the Sevier River country and the near future will open up business that will cause the Denver and Rio Grande company to take hold with confidence and build the Sevier Valley Railroad, which they have surveyed from Wales in San Pete County, as one of their branch lines.

WAR TO THE KNIFE. ALL FREIGHT BETWEEN OMAHA AND SALT LAKE AT 25 CENTS PER 100 POUNDS.

The reduction in the freight rates from the Missouri River to Salt Lake is one of the most radical that has ever been made by a warping road in any pool. The proportion of the through rates the Union Pacific road formerly got was:

100 lbs. 25 cts. 250 lbs. 40 cts. 500 lbs. 55 cts. 1000 lbs. 70 cts. 2000 lbs. 85 cts. 4000 lbs. 1.00

The rate now offered to the shipper is plain, 25 cents per 100 lbs. on all classes.

Dry Goods, silks and sugar all go for 25 cents per 100 lbs. This rate was made by the Union Pacific on December 1st, and was immediately followed by the Chicago, Burlington and Quincy on December 3d, and it is said that the latter road received the bulk of the patronage on the first cut (to 50 cents). This last action will, of course, return the shipper to the old rate.

With all the freight the Union Pacific can get that is destined to Salt Lake City going at 25 cents per 100 lbs., the cream of the Denver business already taken from it, the monopoly of the San Francisco and far Northwest business a third of the past, it is impossible to believe that the road is not making heavy gains in earnings. Indeed, all reports received for several months back tell no other story.—*Wall St. News.*

PERSONAL.

Mr. H. N. Gilbert, representing the Syracuse (New York) Courier, is in the city. He is an old friend and acquaintance of J. H. H. Cook. Young, and is here to see the sights and obtain data for journalistic use. Mrs. Yeardon, late of Yorkshire, England, but now a resident of Walker Bay, this city, called in yesterday. She is by profession a doctor, makes a specialty of curing ulcers, erysipelas, etc., and has been in the rear of the Opera House.

Report Confirmed.—The announcement in the News last evening of the capture and breaking up of the gang of burglars which has for some time infested Ogden, is confirmed by last night's issue of the Herald of that city. The informer, who played the part of the peddler, was a man named Doc Swell.

In the Justice's Court yesterday, before His Honor Thomas D. Dee, John A. Edwards and Joe A. Miller, were arraigned on a charge of feloniously entering the store of W. E. Wright & Sons, on the night of the 6th inst., and stealing therefrom a large amount of property, O. F. Middleton, Esq., appeared for the defense. The prisoners were unrepresented. They pleaded not guilty, and were remanded to jail until 9 o'clock on Wednesday morning, when they will again be brought up for a preliminary examination.

J. M. O'Neill was also arraigned on a charge of stealing a lady's cloak from G. H. Tribe. The same officer R. Smith for the defense. O'Neill pleaded not guilty, and was ordered to stand for trial at 3 o'clock a. m. The amount of bail was fixed at \$250.

Returned from a Mission.—Elder John W. Coons, of Richfield, Sevier County, returned on Sunday morning on a mission to the North-western States, upon which he started April 11th, 1892. He labored in Iowa one year, and the rest of the time in Indiana and Illinois. In Brown County, Indiana, while traveling in company with Elder Reuben R. Farnsworth, he met with some ill treatment, being pelted with rotten eggs just as they were leaving a meeting.

On another occasion he had rocks thrown at him and was hit by one of the missiles, but not hurt. He much enjoyed his mission, and feels well repaid for what he passed through by the experience it gave him. He kept the Word of Wisdom strictly and enjoyed excellent health. He left for Richfield to-day.

Mona Mentions.—Ex-Bishop Edward Tully, of Mona, Juab County, was the recipient of a pleasant surprise party on December 1st, his 54th birthday anniversary.

The people have been blessed with abundant crops and at present enjoy general good health.

The new meeting-house is up to the square, and has been standing quite a while for want of lumber. This having lately arrived, work will be pushed ahead. The building will be a great public benefit, as the people have had no place to meet in since last January.

"Ingomar."—The Theatre box office will open to-morrow morning for the sale of seats to the performance in the evening. Preparations are being made to put this favorite play upon the boards in attractive style. The title role is in the hands of J. S. Lindsay, the benefactor of the evening, and the beautiful part of "Parthenia" will be rendered by Miss A. A. Adams. The rest of the characters are well distributed among good local talent, and the prospects are that not only an entertainment of merit will be given, but an audience of corresponding taste and dimensions will be present to appreciate it.

A Night Prowler.—One night last week, about half-past nine o'clock, a knock came at the back door of the residence of Apostle Brigham Young, 17th Ward. Mrs. Jane Young, his wife, was about to retire for the night. Thinking the knock was given by neighbor's children, calling on an errand, she told her daughter to answer the door. The latter did so, but no one was to be seen. They then went to the front door, preceded by a young gentleman, John May by name, who was spending the evening there.

As they opened the door, and stepped out upon the porch, a man in a blouse and slouched hat staggered up the steps, pretending to be drunk, and on being asked what he wanted, suddenly seized Mr. May, and the two fell wrestling to the floor. Mr. May endeavored to pull a pistol he had in his pocket, but could not, and finally regaining his feet, he was about to pay further attention to his opponent, when he darted between his legs, and in another moment was gone. The fellow was evidently a tramp, prowling about with burglarious intentions.

A lady has lost a plush bag, containing two bottles of medicine, a few dollars in money and other articles. It was dropped between Main Street and the Twelfth Ward. Leave it at this office and be rewarded.
