

THEATRICAL.—Uncle Tom's Cabin was presented again on Wednesday night, and drew another crowded house. The playing was good throughout. Eva's dying song was a new and most attractive feature in the piece. Everything this little lady does, is well done.

On Saturday night the Heart of Mid-Lothian was produced for the first time here, with some very fine new scenery painted expressly for the piece, an effective *mise en scene*, and a strong cast. If Scottish dramas when produced here, were played a little more English with a Scotch accent, and showed a less labored effort to murder English by giving a vile imitation of the Scotch dialect the points could be better appreciated by the audience, because they would be better understood. The play is a fine one, the situations are highly dramatic, and the denouement very impressive and exciting. The last scene, where Effie is being led to execution, and an angry and excited populace attack the prison, blow up the gates and rush to her rescue as Jeanie arrives with the pardon and Robertson with the child, is a climax reached in but few dramas so exactly at the desired moment. The playing was very good, yet we believe it will be better to-night, as all will be more at home with the text. Mr. Dunbar's Dumbdickies was very unctuous and rich; Mr. McKenzie's David Deans was naturally and faithfully rendered; so were the two sisters by Mesdames Gibson and A. Clawson; and everybody in the cast seemed to do their best. The Frisky Cobbler kept the house in a roar till the curtain dropped. The Heart of Mid-Lothian will be repeated to-night, and the very general demand for Magic Toys has induced the Management to produce that fine ballet farce as an afterpiece. We expect another crowded house.

PROVO.—Bishop Wm. W. Cluff informs us that the measles and scarlet rash and fever are afflicting many in Provo, in some cases fatally.

BEAR LAKE VALLEY.—Elder R. R. Hopkins, just from Richland county, informs us that settlers in that newly occupied region wintered finely, and lost but few of their stock, notwithstanding they had snow for a time 3½ feet deep. For want of milling facilities coarse flour and boiled wheat took place of the bolted article, a healthy article of diet much in vogue with us in the Forts here in 1847-48.

BEAVER.—By letter, March 23, we learn that in Beaver the past winter was cold and snowy. Highest reading of thermometer at daylight, in December, 26° above zero, lowest, 4° below; 19 windy days, and 12 snow storms, total snow 51 inches; the deepest single snow fall in the valley was 10 inches on the 14th; in Jan., highest reading, 20°, lowest, 12° below; 18 windy days and 12 snow storms, heaviest, 6 inches on the 25th, total 42 inches; in Feb., highest reading, 46°, lowest, zero; 19 windy days and 8 snow storms, heaviest, 6 inches on the 2d, total 18 inches. At date of letter, snow was 4 feet deep on the foot hills east of Beaver and 2 to 3 feet deep on the mountains west, but the weather was pleasant and the people were busily preparing to raise large crops, anticipating an abundant supply of water.

Br. E. Gillies, we are pleased to learn, is again at work.

DAVIS COUNTY.—We learn that the farmers at Bountiful, Centerville, Farmington, etc., were taking advantage of every pleasant and spring-like day. Hundreds of plows are running, and much wheat being sown, almost every one hurrying in the spring crops.

ANNIE MARIE JACOBSON, wishes to learn the whereabouts of her husband LARS JACOBSON, from Munkbyorby, Zeland, Denmark, who emigrated to Utah in 1863. Information of his whereabouts, addressed to J. C. Wright, Brigham city, will be thankfully received by his wife
ANNIE MARIE JACOBSON.

DISTRICT COURT.—Tuesday, 28. An answer to the ruling in relation to Robert T. Burton, Sheriff of this county, was ordered to be made on Wednesday.

Wednesday, 29.

Hon. Z. Snow appeared as counsel for the defendant, and filed an answer to the ruling of the Court, in which he set forth that the money collected from Dr. Tiernan's sureties, was collected under an execution issued by the Probate Court; that he had only performed his legitimate duty, and in carrying out that duty he had paid over the costs and fine assessed in the Alderman's Court to the City Treasurer, and the costs that had accrued in the Probate Court he had paid over to the County Treasurer. The Court ordered the money in question, viz. \$144.50, to be paid over to the financial officer of the District Court, Mr. Lynch, that the fine assessed by the Alderman and all the legal costs of suit, in the three stages through which it had passed, might be assessed and paid in accordance with the decision of the District Court in affirming the decisions of the Courts below.

The Judge instructed the Clerk to give Mr. Burton a receipt for the money, and also a transcript of the order of the Court, that he might have recourse upon the city and county for the recovery of the amount which the District Court had peremptorily ordered him to refund.

Court adjourned.

PROBATE COURT.—On Tuesday, the Court sustained the motion to dismiss, in the case of Abraham Kuhn agent for Adam Kuhn vs. Geo. Rosenbaum, in replevin.

The case of the people vs. Rosenbaum *et al* was called. A venire for twenty-four petit jurors was returned, and the gentlemen summoned appeared in Court and answered to their names. The defendants filed a motion for a change of venue, which was argued and overruled. Defendants by their counsel excepted to the ruling.

In the afternoon the Court proceeded to empanel a traverse jury, and succeeded in getting both parties to accept of seven out of the twenty-four, viz. Howard Egan, Joseph Palmer, William B. Wilkinson, Ebenezer R. Young, Samuel Varney, whereupon a special venire issued returnable on Wednesday at 10 a.m., to which hour the Court adjourned.

Wednesday.

In accordance with the order of the Court the special venire was returned, and the following named gentlemen were taken to fill up the panel: John Snyder, Sr., Orson Pratt, Jr., Geo. Campkin, Arch. N. Hill and Joseph Woodmansee. Those summoned to serve as jurors who were not empanelled were then discharged from further attendance upon the Court.

Thursday, Friday and Saturday.

The Court was engaged on these days with hearing the evidence on the part of the prosecution. Over twenty witnesses were examined, the evidence being in every essential part, the same as was elicited during the preliminary examination.

Monday.

The same case was again before the Court on Monday. Most of the time was occupied by the learned Attorneys arguing a motion to discharge Leofold Newman and Charles Popper, the object of the defence being to use them as witnesses for the benefit of Rosenbaum and Harlem.

Judge Snow spoke four hours in reply to defendant's counsel, the motion to discharge, or a request to the Court to instruct the jury to bring in a special verdict for the discharge of Mr. Newman and Mr. Popper. At the close of the argument the Judge informed the attorneys that he never did business in that way, and therefore overruled the motion, to which, of course, there could be no exception taken.

Correspondence.

ST. GEORGE, March 20, 1865.

ELDER G. A. SMITH, Historian's Office:

DEAR BROTHER:—After a month's quietus, our mail hence is starting northward through the favor of one of our citizens. I embrace a few short moments to say to you and my Brethren that we are alive and moving as diligently as we can well do, and the prospects for crops, and all kinds of public improvements are very satisfactory. Our Hall is ready for the roof, and it is a very creditable structure for one of its size. The work upon the basement of our meeting-house is substantial and progressing slowly, being laid with very large flat lime rock, considered proof against the actions of the mineral in our soil and water.

Our Tunnel is being entirely overhauled and put in thorough repair.

The Heberville Dam has been trying the skill and energy of E. M. Sanders and about 30 men for a week past, and still they believe they will save it; the floods are undermining it; hundreds of loads of rock and brush are brought to the rescue.

I have had companies of men working the roads between here and North Ash Creek and between here and Pinto and between Toquerville and Grafton, ever since I returned home in February; the late appropriations are nearly exhausted on them, and we feel much satisfaction in the prospects of improved roads for the ensuing season.

I have been through the 'Dixie' settlements and moving among the people, attending to public affairs constantly since my return. The settlements between here and the Colorado being so weak and so few coming from the North I have encouraged a few from most of the 'Dixie' settlements to move at once to take and occupy claims on the Muddy and Beaver Dams.

The chief difficulty in our pathway at present is the extreme scarcity of breadstuff, especially in St. George and Washington. We thought ourselves hard pressed last year, but it did not compare with the almost universal cry for bread that rings in my ears from early dawn till midnight, and at every corner of the streets. Beef, if possible, is scarcer than bread, for the winter has been very hard upon our stock, what little is left.

I have bought hundreds of bushels of breadstuff, and hauled it down from Beaver and Iron Counties, to feed the families of workmen upon our roads and other public works, without which there must have been much more suffering. I do not know of a man, called last fall to strengthen the southern mission, who is spending a dollar to feed the poor here, except Henry W. Lawrence, through F. B. Wooley.

It is a general time of health.

We have a rumor that Prest. Young has postponed his southern trip. Is it so?

Please let us hear from you as often as convenient. I am yours, as ever,
ERASTUS SNOW.

FOREIGN NEWS.

ENGLAND

It is rumored that the British Admiralty, contemplates the reduction of the coast guard service, owing to the policy of disarmament among the continental governments.

Hon. L. Stanley, son of Lord Stanley of Alderly, addressed a large gathering of the friends of the Freedmen's Aid Society of Manchester last evening, founding his remarks on the impressions and information acquired during a recent visit to America. He expressed a hearty admiration of the anti-slavery movement of the North, and dwelt upon the favorable result which may be expected to flow from the American war in relation to the principle of emancipation. He earnestly hoped the South might be subjugated and saved from a triumph which would only lead to their own destruction.

Earl Russell has addressed a strong communication to the French Government relative to the oppression of the Protestant missionaries in the South Pacific by the Governor of New Caledonia.

FRANCE.

The *Moniteur* publishes a decree referring the Bishops of Moulins and Besancon before the Council of State for having committed an abuse of their ecclesiastical authority.

SPAIN.

The forced loan proposed by the Minister of Finance had been transformed into a voluntary one. It was rumored that an English firm had offered to advance the government six hundred million reals on the guarantee of taxes to be collected in advance.

Porto Rico advices, via Madrid, say that a party hostile to Spain were again agitating that country, and that some political agents from the United States had been arrested and expelled by the authorities.

[Continued from page 209.]

the 21st, meeting with but little resistance and capturing a large amount of property, including 40 railroad cars, two locomotives, guns, etc.

A portion of Sherman's forces, which moved from Fayetteville, met the enemy on the 21st at Mount Olive, where quite an engagement ensued. The enemy, overpowered and flanked, retreated in confusion towards Raleigh, while Sherman entered Smithfield, half way between Goldsboro and Raleigh.

Sherman, Schofield and Terry were in hourly communication with each other, and pressing the enemy closely. Prisoners taken admit that Raleigh must fall. Sherman's wagon train had arrived at Kingston. The utmost enthusiasm prevails in the army. Our troops are sweeping all before them.

City Point, 25.

After the fight between the enemy and the 9th corps, orders were given that the 6th corps make an attack on the left of the line in front of Fort Fisher. A line of battle was formed and an order to advance was given and soon our men had the entire rifle pits of the enemy. Over 600 prisoners was the result of this engagement. Our loss was trifling.

Another fight took place at Hatcher's Run, in which the 2d corps was engaged. The attack was made about dark, and over 400 prisoners fell into our hands, making in all to-day 2,875, among whom are 100 commissioned officers, highest rank being Colonel.

Lieutenant Nye, 14th Massachusetts battery, was killed. He was ordered to surrender his guns, but refused. Six bullets were found to have entered his body.

A dispatch from Kingston on the 22d says Sherman's fighting last Sunday and Monday was very severe and continuous. The fight was between him and Johnson. This battle was set in array on two opposite ranges of hills on the south side of the Neuse, our troops facing the west. Both armies were defended by earthworks, those of Sherman being hastily constructed. The fight lasted two days, during which desperate charges were made on both sides, the rebels charging our lines three times, and five times our men charged. The fighting on Sunday was mostly done by the 28th and 14th corps. On Monday the 17th and 18th corps came up and relieved them. Along the line

from Fayetteville Sherman has more or less fighting every day.

New Orleans, 18.

The grand movement against Mobile commenced yesterday by Gen Benton, 3rd division, 13th corps, and Col. Bertram, 1st brigade, 2nd corps. Gen. Vech's and Stokes' brigade are also moving in the direction of Benneca.

Chicago, April 2.

President Lincoln telegraphs from City Point at eight o'clock this, Sunday, morning, as follows: Last night Gen. Grant telegraphed me that Sheridan, with his cavalry and the 5th corps, had captured three brigades of infantry and a train of wagons, also several batteries. The prisoners number several thousand.

This morning Grant, having ordered an attack along the whole line, telegraphs as follows: Both Wright and Parker got through the enemy's lines. The battle now rages furiously. Sheridan, with his cavalry and the 5th corps and Mills' division of the 2d corps which was sent to him this morning, is now sweeping down from the west. All now looks highly favorable.

A second dispatch, dated 11 o'clock, from the President, shows a smash up of the rebel lines in front of Petersburg by Wright. Parke and Ord, who have joined in the fight with Sheridan's cavalry and the 5th corps and part of the 2d division are coming in from the west, on the enemy's flank.

A dispatch from Gen. Grant's Adj't-Gen. says fighting has been going on three days, during which the forces on both sides have exhibited unsurpassed valor.

[There is a rumor that Richmond is taken Petersburg evacuated.]

G. S. L. City, April 4,

Coin, 135. 'Greenback' dollar a little over 74 cents.
