

# STRIKE BECOMES VERY VIOLENT

Non-Union Men in Kansas City Held Up.

POLICE DREW REVOLVERS.

Was Necessary to Do So to Disperse Crowd That Cut Trains to Two Loaded Wagons.

Kansas City, March 11.—Violence entered into the strike today of 211 drivers employed by the 14 transfer companies of the city, which went out this morning for an increase in wages and recognition of their unions. Perhaps a hundred men were employed during the day to take the places of the strikers, though but little work was accomplished by them.

During the afternoon strikers and their sympathizers gathered in large numbers at several points in the west and held up wagons driven by non-union men.

At the Burlington freight depot the police were forced to draw their revolvers to disperse a crowd that had gathered on the tracks to loaded wagons.

At another point George B. Evans, an employee of the American Express company, was throwing stones at a crowd that was trying to force a wagon to move.

Later Mrs. Evans, wife of the man arrested, gave an exhibition of nerve when she struck with a whip the leader of a crowd that was trying to force a wagon to move.

In Mulberry street, between Ninth and Tenth, during the afternoon, a crowd backed the thoroughfare and prevented a non-union driver. Much excitement prevailed, and the police were kept busy keeping the crowd in order.

Valentine Estate Ordered Distributed.

Oakland, Cal., March 12.—Judge Hall of the superior court has ordered a distribution of the estate of the late John H. Valentine, former president of Wells, Fargo & Co., according to the terms of the compromise agreed upon between the widow, Mrs. Alice M. B. Valentine, and the seven children. By the compromise Mrs. Valentine is to receive one-third of the entire estate, which is appraised at \$426,352 instead of the specific legacies left her by the will. These consisted of \$65,000 in cash and the family residence, "Cedar Oak," in East Oakland.

Supplies for the America.

New York, March 12.—Anthony Fiola, who commands the Zeigler, is peddling a sack of the north pole, and is going to look after supplies and to buy again made in the America. He is to be gone about a month, and will return in time to take out the remainder of the party from Tromsø early in July.

Lady Granville Gordon's Parentage.

Chicago, March 12.—Lady Granville Gordon, who yesterday kidnapped her child after a London court had awarded her custody to Eric Gordon, was the daughter of a widow named Humble, who was a daughter to the Tribune from New York City. Eighteen years ago Fred William, and Jas. Close, wealthy

## A SOUTHERN BELLE.

A beautiful Georgia Girl, Vice-President of the East End Palmetto Club, of Savannah, and prominent society leader, relates the following experience:

You certainly have produced the finest medicine for suffering women that there is to be had in the country. I want to recommend it especially to mothers. I was seventeen years old when my darling boy was born. Felt very exhausted and weak for a long time, and it seemed I could not get my strength back. My sister-in-law brought me a bottle of Dr. Pierce's Favorite Prescription (after I had tried several of the other remedies which

Englishmen, connected with prominent English financial houses, came to America and invested in land in Iowa and Minnesota. They lived at Pipestone, Minn., where they met Mrs. Humble, and her three daughters, Fred and James Close married two of the girls, and the third was wedded by S. H. Graves, their business partner.

James Close was about 20 years old. They came to Sioux City and lived here for some time. In 1859 James Close was hurled from his horse in a polo game.

Mrs. James Close, after her husband's death, accompanied her sister to England. There she married Eric Gordon, but was afterwards divorced from her husband.

The former widow Close then married Lord Granville Gordon, her previous husband's cousin.

Five Methodist Governors.

Chicago, March 12.—Five Methodist governors will be the guests of honor at a banquet to be given at the Auditorium by the Chicago Methodist Social Union this evening. The governors are John H. Mickey of Nebraska, Winfield D. Durbin of Indiana, Aaron T. Bliss of Michigan, John L. Bates of Massachusetts, and Richard Yates of Illinois.

Gov. S. R. Vane of Minnesota, another Methodist, sent his regrets. Bishop McCabe and Bishop Fitzgerald of St. Louis will also be guests of the union. It is expected that 300 persons will be present. Gov. Yates will respond to the toast "Illinois Methodism."

Gov. Mickey will speak on "Methodism and Twentieth Century Demands." The Future Influence of Laymen in the Methodist Church" will be the subject of Gov. Durbin's address. "Methodism and the St. Louis Fair" will be Bishop Fitzgerald's subject, and an address will be given by Gov. Bliss.

To Receive the President.

San Francisco, Cal., March 12.—The committee of 200 representative citizens appointed by Mayor Schmitz to arrange for the reception of President Roosevelt, by electing a permanent organization, has elected M. H. DeYoung, president and G. H. Foulker secretary. President DeYoung will name the members of the executive committee at an early date and no time will be lost in outlining a plan of procedure. Subcommittees will be appointed and the work of arranging to receive the president's chief will go ahead rapidly.

Union Men Drove Him Insane.

Pottsville, Pa., March 12.—Because of the frequent application to him of offensive epithets Joseph Seaman, who was a non-union miner during the coal strike, has become violently insane. Seaman's ostracism was so complete that it preyed upon his mind, and he became a complete wreck. He has been removed to an insane asylum in Schuylkill Haven.

OGDEN SALESMAN MISSING.

J. R. Brown, Employee of G. A. Lowe, Disappears from Portland Hotel.

Portland, Ore., March 11.—J. R. Brown, salesman for George A. Lowe of Ogden, Utah, a well known traveling man, mysteriously disappeared.

There is No Beauty Like the Beauty of Health.

Nothing encourages beauty of face and form so much as a healthy body. Very much depends on the condition of the organs peculiar to women. These should perform their functions regularly and be free from those weakening influences so often connected with life in the city.

Dr. R. V. Pierce, after making a specialty of women's diseases, finally found a prescription, whose ingredients were entirely of vegetable origin, which had a marvelous effect on

the organs peculiar to women. He found it also had a good tonic effect on the whole system; this he used in his private practice with such favorable results that he finally decided to put it up in "patent medicine" form some thirty-five years ago, and since that time it has enjoyed the largest sale of any medicine put up for women only. It is entirely vegetable, and Dr. Pierce gives his absolute guarantee that it contains no alcohol, opium or other harmful narcotics. The trouble with many tonics put up for the public is that they depend upon alcohol for their stimulating effect; this is something Dr. Pierce has always felt was bad practice, harmful and a poor business policy, if not absolutely wrong.

The Sisters of the Good Shepherd, at their convent, "Our Lady of the Woods," Carthage, O., use a great deal of Dr. Pierce's medicines; they say, in a recent letter to Dr. Pierce: "We beg to assure you of the great benefit these medicines give our suffering ones. We cannot sufficiently recommend their excellence."

"Favorite Prescription" cures the womanly diseases which undermine the general health, which make the eyes and cheeks hollow and the body thin. Weak and sick women are invited to consult Dr. Pierce, by letter, in strict confidence. Address Dr. R. V. PIERCE, Buffalo, N. Y.

# GRIP CONVALESCENCE

There's nothing better than Scott's Emulsion after the grip. When the fever is gone the body is left weak and exhausted; the nervous system is completely run down and vitality is low.

Two things to do: give strength to the whole body and new force to the nerves. Scott's Emulsion will do it: contains just what the worn-out system needs.

Rich blood, healthy flesh, resistive force, more and better nourishment are what Scott's Emulsion supplies to the convalescent.

them through the columns of his paper drink whisky as a sure preventive. The people took his advice seriously and cases of drunkenness became so alarmingly frequent that the mayor yesterday ordered the police to arrest the first man found intoxicated on the streets.

Several hours later the mayor himself came down the street, staggering under the influence of liquor, and the marshal promptly hustled him to the police station. In spite of his expostulations the mayor was compelled to remain in a cell all night. Now he claims the whole affair was a joke to ruin him, concocted by political enemies.

Alarmed Over Labor Vote.

London, March 12.—Some of the conservative papers, in their editorials this morning express alarm at the growing power of the labor vote as shown by the result of the Woolwich election. "It means," says the Times, "that the labor vote has hypnotized the continental governments and shown itself at last among ourselves."

Mrs. Arthur Pennell Dead.

Buffalo, March 11.—Mrs. Arthur Pennell, who, with her husband, was dashed over an embankment in the Gehlens quarry yesterday afternoon, died at the Sisters' hospital shortly after 9 o'clock tonight.

Official Corruptions in Canada.

New York, March 12.—E. R. Ganey, a conservative member for Manitoulin Island, in the district known as New Ontario, has caused a sensation in the provincial legislature by a dispatch from Toronto, Ontario, by which he had received \$4,000 to give his support to the Liberal government.

Charge is first of its kind which has been made in the Ontario legislature in 20 years. Premier Ross promised full investigation.

Vanderbilt Buys the Tarantula.

New York, March 12.—W. K. Vanderbilt, Jr., has purchased of the estate of the late Col. Harry M. Calmont, the steam yacht Tarantula, the first ever fitted with wireless machinery. The yacht is now at Southampton or Cowes, and Mr. Vanderbilt will sail from New York in a few weeks to join her. After cruising about for a month or so the Tarantula will leave for this port.

The Tarantula is of steel, schooner rigged, 125 feet long, 15.5 feet beam and 10 feet deep. She has three turbines and two water tube boilers.

Glanders in New York.

New York, March 12.—After asserting that a mistake had been made when it was declared that glanders is epidemic among horses in this city, the department of the health department has decided that the disease is much more prevalent than they had supposed.

Energetic measures are being taken now to stamp out the disease and orders have been issued for the destruction of all horses that are found to have the glanders.

In the stable in which the disease was discovered to be epidemic a representative of the health department found that 12 horses had died in the last three months, and seven others were taken away to be killed. Tests have been made that show that six of the animals now in that stable are diseased. These will be killed and the horses that have no trace of disease will be permitted to go out on the promise of the owners that they will be brought back at regular intervals for examination.

It has been discovered that glanders has been spreading through the blacksmith shops. Instructions will be issued by the health department to blacksmiths to use antiseptics, and to take precautions which will obviate this danger in the future.

MISS GONZALES' CASE.

Came from Porto Rico but Detained at Ellis Island.

Washington, March 11.—In the United States supreme court a motion was made today by Courtier Bros. of New York to advance the hearing of the case of Isabella Gonzales. Miss Gonzales is a native of Porto Rico, about 20 years of age, who arrived at New York from that island on or about the first day of August, 1902. On her arrival she was detained at Ellis Island immigrant station, and was excluded from admission into the United States on the ground that she was an alien immigrant, likely to become a public charge. She seeks to secure release on a writ of habeas corpus.

In assigning their reasons for asking to have the case advanced, the Courtier brothers say: "As a further reason for requesting this honorable court to advance this case upon the docket, the appellants allege that the government possesses are alien within the purview of the Constitution and laws of the United States, and that appellants' attorneys are informed and believe that the officials of the war and treasury department of our government are anxious for an early opinion by this honorable court."

Looking for Portland Incendiary.

Portland, Ore., March 11.—The police are looking for Frank Maguire, an ex-convict, who they believe set fire to Victoria hotel yesterday. Maguire was only recently released from the penitentiary, where he served a term for arson, and the man seen on the dock yesterday after the fire was discovered answers his description. In addition to serving a term in the penitentiary for arson, Maguire has served numerous sentences in the city jail and more than once he has been compelled to work on the rock pile. The police say that Maguire threatened to burn the city when he was released from the penitentiary.

Brooks Convicted of Mangleing.

Hutte, Mont., March 11.—Walter H. Brooks, who broke into the room of Emory Cheever, a barber, six weeks ago and finding his wife on Cheever's knees, shot him dead, was today convicted of manslaughter. He will be sentenced in a few days. In his instructions to the jury Judge McLellan declared that under the circumstances Brooks was justified in breaking into Cheever's room, and that seeing his wife's honor in danger, was justified in taking measures to protect himself and her.

# QUITE A FLURRY IN SUGAR TRADE

The Combine Absorbs the Plant at Crockett, Cal.

IT STOPS TAKING ORDERS.

California-Hawaiian Company Notifies Its Agents Not to Sell Any More for Its Account.

San Francisco, March 12.—The news of the absorption by the sugar combine of the plant, output on hand and raw products, which had been contracted for, of the California-Hawaiian Sugar Refining company at Crockett, has caused quite a flurry in the sugar trade here. Raw sugar is firm and the best sugar market firm.

The California-Hawaiian company has stopped taking orders and notified its agents at Los Angeles, Portland, Sacramento, Seattle and other places to stop selling for their account. Orders have been received by importers to deliver ships' cargoes of raw sugar destined to the California-Hawaiian company's wharves to the Spreckels people.

The fine large cane and beet sugar refining plant of the California and Hawaiian Sugar company at Crockett, near this city is to be shut down tomorrow indefinitely. This means that between 300 and 400 men will be out of employment and the town of Crockett will suffer a very serious setback.

The Chronicle says that, on the best authority, it is stated that the plant has been bought and absorbed, together with all of its contracted-for raw products, by the Spreckels Refining company for the sugar trust.

R. P. Rithet, the president of the California and Hawaiian company, declared that it has sold out to the trust. He says that selling contracts have not been satisfactory, though the plant has not been unprofitable. He added that the company had decided to withdraw from business, but would not say whether or not the withdrawal would be permanent.

The principal holders of the Hawaiian stock, which was all closely held and never on the market, were Welch & Co., with their constituent plantations in list, and Col. S. S. Spaulding of Honolulu, Brewer & Co., Honolulu, and

Kansas Wants Nuisance Clause.

Topeka, Kan., March 11.—A bill repealing the nuisance clause of the prohibitory law recently declared unconstitutional by the state supreme court, has passed both houses.

The clause which was one of the most important in the act had, according to the court, been repealed by the Hurrell law, a measure that grew out of the Carrie Nation crusade.

Lighthouse for Golden Gate.

San Francisco, March 11.—Under the direction of Capt. Valentine of the United States engineer corps a force of men has gone to Mile Rock, at the entrance to the Golden Gate, and begun the work of preparing for the erection of a lighthouse on the jagged peak.

Since the day of the discovery of this bay Mile Rock has been regarded as one of the most dangerous obstructions to navigation on this part of the coast. The construction of the lighthouse will not only remove the element of danger from the rock's existence, but will serve as a guide to ships.

No More Olean Victims.

Ocean, N. Y., March 11.—No further deaths occurred as a result of the awful calamity, which visited Olean on Monday night, but each hour brings forth the names of more of those who are under the care of local doctors for treatment for burns. At least 20 were reported today.

The patients at the hospital are all doing as well as could be expected, and are entertained for their recovery.

So far as can be learned the total list of injured is about 45, including those slightly burned. The funeral of the dead takes place tomorrow.

Elwood Mead in Denver.

Denver, Colo., March 12.—Prof. Elwood Mead of Washington, D. C., chief of the irrigation bureau, is spending a day in Denver en route to California. His visit to the coast is for the purpose of investigating the best means of applying water in California and to look into the matter of drainage of over irrigated lands there.

Postoffice Thieves Arrested.

Boston, Mass., March 12.—The city police, acting with postoffice inspectors, have arrested five young men, who, it is charged, have in the last six months robbed the mails of \$50,000. Some of the prisoners, all of whom were employed as mail wagon drivers, have admitted to the inspectors that they ripped open the mail bags in broad daylight in places no less conspicuous than the North Union and South Terminal railway stations.

Their plunder consisted of gold watches, rings, silverware, revolvers, knives, books and a big brace, some of which is valued at a high price. Postoffice Inspector McMillan, who has had charge of the investigation, knows where most of the plunder has been deposited, but only a small portion has been recovered.

GOOD FOR BAD BACKS

FEW years ago I was laid up with lumbago in the back. After trying all of the doctors and their medicines, and lying on my back, I used one bottle of Kickapoo Indian Oil. To my surprise, I began to feel better and could move about by myself. I kept on using it, and in a few days I was on my feet, surprising every one coming to see me. Indian Oil did the work. I have not been without it in my house since.—CHARLES H. SMITH, 82 Brooks St., East Boston, Mass.
