A SURE CURE FOR THE PILES.—You need not suffer from this most distressing disease again in all your life. Emsil's Balm acts as a poultice and lubricator, absorbs the tumors and allays the intense itching at once. No caustic, no acid, no pain. A. McGibbons Esq., 19 Poplar street, Allegheny, Pa., writes: "I had itching and bleeding piles so bad I could not sit, stand or walk without intense suffering. I doctored with many physicians, and tried all the (so called) cures that I ever heard of, in vain (paying out hundreds of dollars), until I used Emsil's Magic Balm, or Ointment. After the first application I enjoyed the best night's sleep I had for ten years, and two boxes have cured me completely." ☞ Wherever introduced Dr. Emsil's Balm takes the lead, and has the largest sale of any Pile remedy in the world. POLITICAL NEWS.

NEW YORK FOR DEPEW.

CHICAGO.—June 15.—Hon. T. C. Platt of New York, arrived tonight. He was called upon by a representative of the Associated Press with the view of obtaining the temper of the New York state delegation. Mr. Platt said he had no information for the public, and he meant thereby that nothing whatever concerning his delegation should now be definitely told.

"Is your delegation practically united?" asked the reporter.

"Yes," said Mr. Platt, "I think so. The four delegates-at-large will confer on Monday, and if they are unanimous I have no doubt the entire delegation will join them."

"How many delegates has Depew now do you think?" was asked.

"I have no knowledge," was the answer, "possibly all of them. I think he can have the majority if he will accept the nomination."

A PROMINENT EX-CONGRESSMAN from New York, who desired his name withheld, said:

"The second choice of most of our delegates is John Sherman. Hiscock and Platt are in heart in favor of Alger, but if Depew will accept he will practically have a solid delegation. If New York does not get the first place, she will say what western state shall. The New York delegation in point of preference is an unknown quantity."

NEW JERSEY

The reporter then turned his attention to Wm. Walter Phelps of New Jersey. Mr. Phelps believed the general situation extremely complicated and regretted he could throw no special light upon it.

Delegate S. A. Phillips, from Roscoe Conkling's district, said:

"You may say emphatically that Depew will have 60 out of our 72 votes. If Depew is not a candidate, our choice will be for the man who can win."

NEBRASKA DIVIDED.

Editor Rosewater, of the Omaha *Bee*, and ex-Senator Sanders are authority for the statement that their state will give Allison a complimentary vote, after which it will break and go no one knows where.

Friends of Sherman and Alger are positive that the Nebraska delegation will be divided between the Ohio man and Michigan's ex Governor.

GRESHAM'S FRIENDS

had another meeting at their headquarters tonight. After adjournment, two gentlemen, both champions of Blaine and Gresham, who undertook to discuss the merits of the candidates, came to blows. This was the outgrowth of the Blaine talk which was indulged in more freely tonight than heretofore. There seems to be no solution to the situation but the magic name of Blaine. It was always insisted that Blaine was not a candidate and could not be owing to his two letters, but this almost irrefutable statement did not seem to down the Plumed Knight's ghost. Gresham is the candidate who has the largest number of boomers. Harrison appears to have the next best following in point of numbers. Alger's headquarters was the Mecca of the evening, and probably more visitors from more states called there than at any other place. Sherman's headquarters presented a somewhat cheerless appearance, principally because it is located on the third floor and but few of the Ohio delegation have arrived.

THE OPENING.

CHICAGO, June 15.—It has been decided that the convention will be opened by singing the "Battle Hymn of the Republic" to the tune of "John Brown's Body." Miss Pauline Rommeiss of the Chicago Third Presbyterian Church will be the soloist, and the whole convention will join in the chorus.

TALKING FOR BLAINE.

R. C. Kerens has been in the city all day and most of the time busily in consultation with Secretary Fessenden. Kerens is talking for Blaine very openly.

The Storm in Oregon.

PORTLAND, Oregon, June 15.—A disastrous windstorm and cloud-burst is reported at Arlington, Oregon. Willow Creek became a furious torrent and even buildings at Lexington were wrecked. Mrs. Brooks was fatally injured and her son died of the effects of injuries received. The house and barn belonging to H. A. Perkins were totally wrecked. Perkins was very sick in the house at the time and sustained very serious injuries. His little child received a blow on the head and was killed. Mrs. Perkins and two children were also injured. The school-house containing pupils was partially destroyed and several children injured; two, it is feared are fatally hurt. Several persons were more or less injured in the region of the storm. So far as known considerable property was damaged.

At Rushford, Minn., it has been raining for thirty hours and the streams are rising rapidly. At Aitkin, Minn., the Mississippi is rising and hundreds of families have been driven from their homes. The water is higher than for fourteen years. Farmers are out on rafts after their cattle. Telegraph wires are down in every direction.

The Diss De Bar Case Before the Jury.

NEW YORK, June 15.—The jury in the noted Diss De Bar case came into court this evening and reported they were unable to agree, and they were locked up for the night. It is said they stood eleven for conviction and one for acquital.

Bessie Montour.

NEW YORK, June 15.—The treasury agents have looked up the family history of Bessie Montour. She is one of two sisters. She married a man named Kostich and he provided the furniture for the flat on West Twenty-second street where at night Bessie's singing attracted many admirers. Kostich soon found he had made a mistake and sued for a divorce. Bessie went to a prominent lawyer, who looked into the case and advised her to allow her husband to take a divorce under the New York law. It is said the woman at once agreed, with the proviso that the lawyer should consent to act as a co-respondent. After a time she became convinced that the lawyer was getting a good sum from the other side and dismissed him. She went to two other eminent counsel, one now on the bench, and she has boasted that they each became her slaves. The two sisters went abroad, and Minnie became acquainted with John T. Michan of St. Joseph, Mo., who parted from his wife. With him Bessie returned to this country. In London, Bessie became acquainted with Morris Dusseldorf, the brother of the dressmaker, Mrs. Ludvig, who imported the dresses. He is a man of fifty years with chronic catarrh and generally not very inviting in appearance. After a short stay in London Bessie left her London friend, who is abroad as the Monfour flat and there they remain. There are a thousand and one details which go to make Bessie Montour a marked woman of her type. She is said to be very illiterate but is clever and has a most provoking and dangerous habit of boasting of her conquests.

A Fast Train.

SHOSHONE, Idaho, June 15.—Elijah Smith, President of the O., R & N road, passed west today on a special train over the Oregon Short Line to attend the annual meeting in Portland. Three years ago he made a trip over this line from New York to Portland, making the fastest time on record from ocean to ocean. The trip today, however, lowered the record of fast time west of the Missouri, he having averaged about 55 miles per hour between Granger and Huntington, a distance of 451 miles.

A MINISTER'S STATEMENT.

I Expect to be Believed in all I am about to say—I write for the good of others.

"I am now at an age when a man should speak words of truth and soberness, having reached the alloted term of three score years and ten, and having devoted my time in the pulpit impressing lessons of wisdom to my fellows, Mine is a common story of physical suffering and how I was delivered from it; and my desire is to mention the facts as though no one were interested save myself and those who may read these lines. I was long troubled with a stubborn affection of the kidneys and bladder. I had painful gravel deposits, and at times enlargement of the prostrate gland. Despite all the professional help I could get I grew steadily worse. In this extremity I first learned of Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y. I took the wise course. I privately inquired into Dr. Kennedy's personal character and professional standing at his home in Rondout, N. Y. The result was more than satisfactory. I discovered him to be a highly educated and experienced physician and surgeon, respected and trusted at home and abroad—a man whose career has been a long and open success. I bought a bottle, however (the price being only $1.00,) taking nobody into my confidence. The good effects cheered and emboldened me. I bought another, following the clear directions; and now I want to make known the good it has done me. The disease has relaxed its hold and I look forward to spending the balance of my life free from bodily torture, and with a heart grateful for the medicine which affords me so pleasant a prospect." DR. PRENTICE.

RECENTLY FROM LONDON, ENG

Eye, Ear & Catarrh SPECIALIST,

Now at the CONTINENTAL HOTEL where he can be seen until July 5th.

Dr. Prentice arrived in New York City from London, England, the latter part of February, on the steamer *Etruria*. The doctor spent the seven previous months in visiting the hospitals of Europe. During this tour he visited Ireland, Scotland, England, Holland, France, Principality of Monaco, and in Italy the cities of Genoa, Pisa, Rome, Naples, Ruins of Pompeii, Florence and Venice.

The doctor operated on several hundred cross-eyes during his visit last year to California and Nevada, and in no case required over one minute to perform the operation, and in some cases straightened cross-eyes in fifteen seconds.

SHE SAID SHE WOULD SCREAM.

Hearing of the remarkable operations being daily performed by Dr. Prentice, our reporter called up, and arrived just in time to be introduced to Miss Agnes Reedy, whose mother lives on the corner of 19th and Eureka streets. The Doctor was about to straighten her right eye, which turned outward instead of inward. The young lady emphatically declared to Dr. Prentice that she would scream just as hard as she could. She failed to scream, as the operation was successfully accomplished before she was aware of the fact. The time was forty five seconds by our reporter's watch. Upon arising from her chair Miss Reedy exclaimed, "Why, I would rather have my eye straightened again than have a tooth pulled."—*Daily Report, S. F.*

VIRGINIA CITY, March 28, 1888.—Dr. Prentice—Respected sir: Your operation on my daughter Amelia's eyes is quite a success. You are at liberty to refer to us, as her eyes will testify for themselves. MRS. J. ELKIN.

VERY GRATEFUL.

Mr. D. McIntyre of Battle Mountain, Nev., called on Dr. Prentice on June 2d to have the cross eyes of his nine-year-old daughter made straight. The operation was done in less than thirty seconds. The little girl did not utter a word during the operation and after said it did not hurt.

The following are a few of the many operations done in less than a minute by Dr. Prentice:

Louisa Bocklich, Plymouth, Cal., has been troubled with defective vision all her life; has consulted many physicians; visited Geneva, Switzerland; was treated there by eminent oculists. Dr. Prentice restored her sight in a few days.

DEAFNESS CURED.

Madame Emma Seaman, the widow of the late Baron H. Seaman, has been deaf for some time; could not hear a watch when pressed hard against her ear. She has been under Dr. Prentice's treatment for only two weeks, and can now hear the same watch three feet from her ear. She is not only delighted but greatly astonished at the speedy and perfect results of Dr. Prentice's treatment. The Doctor says the cause of the deafness was catarrh of the internal ear. Professor Seaman will be pleased to answer any question concerning her case at San Francisco Lodge of Elks, S. F., Cal.

Chat Roberts cured of deafness. Many more cases could be referred to but space forbids. Those wishing to see the Doctor should do so at once at Continental Hotel, Salt Lake City. Send one cent P. O. stamp for Dr. Prentice's Journal on diseases of the head.

Dr. Prentice diplomas can be seen at his office, Continental Hotel. d&s

SORE FROM KNEE TO ANKLE.

Skin entirely gone. Flesh a mass of disease. Leg diminished one third in size. Condition hopeless. Cured by the Cuticura Remedies.

For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one-third the size of the other, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your CUTICURA REMEDIES. And the result was as follows: After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was purified, and the bone (which had been exposed for over a year) got sound. The flesh began to grow, and today, and for nearly two years past, my leg is as well as ever it was, sound in every respect, and not a sign of the disease to be seen.

S. G. AHERN, Dubois, Dodge Co., Ga.

Terrible Suffering from Skin Diseases.

I have been a terrible sufferer for years from diseases of the skin and blood, and have been obliged to shun public places by reason of my disfiguring humors. Have had the best of physicians and spent hundreds of dollars, but got no relief until I used the CUTICURA REMEDIES, which have cured me, and left my skin as clear and my blood as pure as a child's IDA MAY BASS, Olive Branch P. O., Miss.

From 145 Pounds to 172 Pounds.

I have taken several bottles of CUTICURA RESOLVENT with all the results I could wish for. About this time last year, when commencing its use, I weighed 145 pounds, and today I weigh 172 pounds.

Inherited Diseases.

In the realm of disease the facts of inheritance are most numerous and are daily accumulating. Here, alas, they become terrible, fateful and overwhelming. No fact of nature is more pregnant with awful meaning than the fact of the inheritance of disease. It meets the physician on his daily rounds, paralyzing his art and filling him with dismay. The legend of the ancient Greeks pictures the furies as pursuing families from generation to generation, rendering them desolate. The Furies still ply their work of terror and death, but they are not now clothed in the garb of superstition, but appear in the more intelligible but no less awful form of hereditary disease.

Modern science, which has illuminated so many dark corners of nature, has shed a new light on the ominous words of the Scriptures, "The sins of the fathers shall be visited upon the children unto the third and fourth generation." Instances of hereditary disease abound. Fifty per cent. of cases of consumption, that fearful destroyer of families, of cancer and scrofula, run in families through inheritance. Insanity is hereditary in a masked degree, but, fortunately, like many other hereditary diseases, tends to wear itself out, the stock becoming extinct. A distinguished scientist truly says: "No organ or texture of the body is exempt from the chance of being the subject of hereditary disease." Probably more chronic diseases, which permanently modify the structure and functions of the body, are more or less liable to be inherited. The important and far-reaching practical deductions from such facts, affecting so powerfully the happiness of individuals and families and the collective welfare of the nation—are obvious to reflecting minds, and the best means for preventing or curing these diseases is a subject of intense interest to all. Fortunately nature has provided a remedy, which experience has attested as infallible, and the remedy is the world-famous Swift's Specific, a pure vegetable compound—nature's antidote for all blood poisons. To the afflicted it is a blessing of inestimable value. An interesting treatise on "Blood and Skin Diseases" will be mailed free by addressing
