Tabernacle Services.—Elder William C. Staines preached yesterday afternoon.
Train Delayed.—This morning's Utah Southern passenger train was delayed a short time by an accident to the locomotive. It had reached the southern part of town and had to put back for another engine.
Organization.—A dispatch received this morning, from Paris, Idaho, states that, at the Special Conference held there on Saturday and yesterday, by Elder John Taylor and party, William Budge was appointed President of the Stake and James H. Hart and George O. Ormsby his Councilors.
Proposed Match.—Arrangements are in progress for a match game, to be played at Provo, on Sept. 5th, between the Springfield nine, and a picked nine of this City, the latter to be composed of six members of the Red Stockings and three of the Metropolitans.
The firemen's excursion, to Provo, comes off on the same day.
Eastern Traffic.—Superintendent Sharp has received a dispatch instructing him to receive freight for points east of Omaha and ship it as usual.
It is probable the connection with the other side of the Missouri is maintained via Sioux City or Kansas City, or both, there being a bridge at each of the two places.
Missionary.—A private letter from Elder Walter J. Lewis states, that Elder Orson Pratt, himself, Elders Parry, Williams and Howells arrived at Liverpool about midnight on August 9th, three weeks and one day after their departure from here. They had a remarkable rapid and very prosperous trip, for having been detained eight days on the way, it only occupied fourteen travelling days.
All four of the Elders named, who accompanied Elder Pratt, have been appointed to labor in the Welsh Conference: Elders Lewis and Parry in North Wales and Williams and Howells in South Wales. All were in good health and spirits.
Jail Delivery.—Robbery.—The following is a special to the News-Parowan, August 26.
Editors Deseret News:
Last evening, as Constable Dalton was putting a Spanish horse thief, Francisco Perez, in jail, two men with masks on came in, drew revolvers on the constable and compelled him to release the prisoner. The three men hastily departed, leaving the constable locked in. However, he was soon released and a search was made for some miles, but it was unsuccessful.
An Indian horse thief also got away at the same time, was recaptured, but got away again.
A couple of young men, the Jones Brothers, of Fort Johnson, who had taken grain to Pioche to sell, to pay a debt in Cedar, were later attacked this side Pioche, by a robber, and compelled to give up their money, over a hundred dollars.
Ease Ball.—Washington Square was a point of great attraction on Saturday afternoon, a very large crowd gathering there to witness the first of "the best two out of three" match games between the Deserets and Red Stockings (formerly known as the Rough and Ready) for the championship of Utah. The first named club had played many matches, the most notable among which was that with the Red Stockings of Cheyenne, and had always been the victors, and the predominance of belief regarding the present match was probably, on this account, in their favor, but Saturday's playing has probably changed that condition. The Red Stockings were victorious, the score being 22 to 14 in their favor. Of course there is a possibility of the Deserets, even now, getting away from the match, but the chances are greatly against them.
Lively Shooting Affair.—The following dispatch appeared in the Herald of yesterday morning—
Pioche, Nev., 25.—Quite a lively shooting affair occurred this evening about 8 o'clock, in the doorway of the Colorado saloon. Six shots were fired. The participants were Pat Holland, said to be traveling correspondent for the Virginia Enterprise, and formerly proprietor of the Pioche Record, and George T. Gorman, now local editor of the Record. Six shots were fired. Gorman apparently had the best of the situation, Holland's pistol going off prematurely while pulling it from his pocket. Gorman then got in two shots, Holland's pistol failing to go off, whereupon he coolly placed it on his knee, rearranged the trigger and went off, grazing his hand. The parties were within a few feet of each other for the first five shots, and did all the firing around the centre post of the saloon door. Holland ran through the back door, Gorman firing one shot after him. Holland, in addition to the wound in the hand, was slightly wounded in the left side. As far as known Gorman is uninjured. The trouble arose from an article which appeared in this morning's Record against Holland, on account of his having written up Pioche for the Enterprise, and failing to mention the Record. This article in the paper this morning was very bitter, and the latter part highly embellished with vulgarities, and giving Holland a bad general time. This afternoon, Holland got up an elaborate poster, written by himself, with highly colored penellings, and containing language if anything more vulgar than that of the Record. He posted it on the side of Fred Ward's saloon, where it remained for hours. Gorman was out of town, and upon his return looked up Holland and proceeded to beat him. The sympathy is divided somewhat, but the most is with Holland. Some loud remarks were made against the Record.

Sunday School Jubilee.—We have received, from Brother James A. Leishman, an account of the Cache Valley Sunday School Jubilee, which took place in the Logan Tabernacle, on Saturday. Limited space compels us to condense the report. The interior of the building was beautifully decorated for the occasion, and the assemblage, which convened at 11 a. m., was very large.
President M. Thatcher, Councilors Preston and Hammond, Bros. George Goddard, Wm. W. Willis and S. L. Evans, of Salt Lake City, Bro. Lorin Farr of Ogden, and the Bishops of the various Wards of Cache were on the stand. Elder Geo. Q. Cannon, President of the Deseret S. S. Union was unable to be present, on account of sickness.
The "Song of the Sabbath School" was beautifully sung, the opening prayer was offered by Bishop W. F. Rigby, of Newton, when the host of chorists sang, "Gather Them into His Fold," with fine effect.
The whole musical programme was excellently rendered, and included "Rock of My Refuge," "Gentle Words," "Secret Prayer," "My Beautiful Home," "Beautiful Sabbath," "On to the Field," "The Sabbath Day," "Guardian Angel," "Give us Room that We May Dwell," "Our Own Sunday School."
Questions on the life of Joseph Smith the Prophet from the Juvenile Instructor, were asked by Brother J. E. Hyde, and promptly answered by the children. "The Good Boy's Resolve" was sung by Miss Broderick and Wm. Willis; Miss Birdie Hammer, of Providence, recited "Who Killed the Bear," and Master Samuel Stewart of Clarkston, "I am With You Again."
The general exercises were interspersed with brief addresses from President Moses Thatcher and Councilors Preston and Hammond, and Brothers George Goddard, Wm. Willis, S. L. Evans, Lorin Farr, C. O. Card and C. O. Ormsby.
Statistical tables were read by Pres. M. Thatcher, J. E. Hyde and C. Ormsby, successfully, for the year 1875, 1876 and 1877, which showed an increase of 50 per cent. of teachers, pupils, classes, books and attendance during the past two years, which increase speaks well for the efforts of the superintendent of the Stake, in connection with the several bishops and teachers throughout the entire valley. A report was also presented which showed a healthy financial condition of the Sunday School Union of Cache.
The committee of arrangements for the Jubilee were O. C. Ormsby, E. M. Curtis, Wm. Knowles, Joseph E. Hyde and Alexander Lewis.
The general and local authorities of the Sunday School Union were presented and unanimously sustained by vote.
A vote of thanks was tendered the committee of arrangements; the musical conductor, Bro. W. Knowles; the organist, Bro. Joseph Goddard, and assistant organist, Bro. Frank Whitehead, of Richmond, and Sister Amanda Ellason, of Logan; who contributed much to the exercises of the day, and others who had aided to decorate the house, for their valuable labors.
The benediction was pronounced by Brother George Goddard. A delightful affair, in every particular.
Released on Bail.—This afternoon Alma Eldredge, Jacob Huffman, James C. Livingston and Return J. Redding, against whom the grand jury found a true bill of indictment for the killing of "Ike" Potter, a notorious cattle thief, a good many years since, appeared before U. S. Commissioner Sprague, and were released on \$10,000 each till the 27th of September next.
The first two of the accused named were arrested some time since and confined in the penitentiary, and the others voluntarily appeared, without arrest.
South.—Brother J. L. Workman, of Virgin City, Kane County, dropped into our office to-day. He reports of that part of the Territory, average crops of all kinds, and the people generally in excellent health.
The President's Health.—President B. Young is still very weak from the effects of his recent attack of illness, but is slowly improving.
Returned.—President John W. Young and Judge A. C. Pyper returned yesterday morning, from a trip to Pleasant Valley, Spanish Fork Canyon.

Oakley Hall—Unlucky to Look For Him.
NEW YORK, 27.
A London correspondent says, regarding Oakley Hall's whereabouts, it is useless for his friends to look for him. Those whom he would be willing to see knew of his intended flight before he went, and they know how to communicate with him. It is Hall's present intention to be utterly lost to the world.
The Meeting of Congress.
The Times' Washington special says, President Hayes is now considering the desirability of postponing the meeting of Congress till December.
Senator Morton's Health.
RICHMOND, Ind., 27.—At ten o'clock last night, Col. Holloway informed a swarm of reporters that Governor Burbank's residence would be closed for the remainder of the night unless the Senator's condition should grow worse, when they would be admitted. This was probably to allow the family and a portion of the attendants the much needed opportunity for rest. A representative of the Associated Press, however, at midnight, was informed that the Senator was sleeping well, with no unfavorable symptoms. The professional nurse, as reported by the Associated Press, is hopeful for a continuation of the Senator's present favorable condition.

Later.—Senator Morton rested well from midnight till four o'clock. When he awoke his position was changed, and he slept until daylight. He is gradually progressing favorably.
shot by a tramp.
WATERBURY, N.Y., 27.—Stephen Barber and his wife were shot by a tramp at their residence in Belmont, F. Barber County, last night. Barber is dead, and his wife is not expected to live.
Road Agent Shot.
DEADWOOD, 25.—Three road agents, who have been plying their vocation on the Cheyenne stage route, were arrested and jailed here this evening. They came into town yesterday morning and were spotted by the sheriff and his deputies. The arrests were made this evening. One of the robbers resisted the arrest, drawing a revolver and shooting officer May through the arm. The fire was returned but the desperado succeeded in getting to his horse, and started over the hills. The horse was killed by a rifle shot, and before the robber could recover himself from the fall, Sheriff Bullock closed with and easily overcame him, as he had been shot through the body and was weak from loss of blood. The wound is probably fatal.

Description of Friday's Battle Continued.
LONDON, 27.
The continuation of the description of Friday's battle in the Schipka Pass, the central position of the Turkish position was carried with the bayonet by the Russians, led by General Raditzky in person. The correspondent says, the Turks endeavored to retake it, but were repulsed. As well as thus clearing his flank, General Raditzky also pushed back the Turks from his front. The Turks will doubtless renew the attack to-morrow, Sunday, with fresh troops, probably both in front and on the flanks. They are reported as pressing on through the narrow and difficult pass on the east side of the Schipka, leading down into Triavna. But I know that the Grand Duke Nicholas has ordered a brigade to that point, with more troops to follow; also that reinforcements are streaming on to the Schipka Pass position. Gen. Raditzky has broken the dangerous pressure on his flanks. All the danger is not yet over, but the atmosphere looks much clearer. The correspondent estimates the Russian loss on Friday at 1,500 killed and wounded.
Eastern War News.
An extraordinary session of the Skupstebina will be convoked to decide between war and a continuance of neutrality. All the commanders have been called to a council of war.
A correspondent at the headquarters of the Plevna army telegraphs, August 26, that Osman Pasha had received a reinforcement of 15,000 regulars, yesterday, from Suleiman Pasha. The Plevna army now numbers 75,000 with 200 guns.

Specie Increase.
BERLIN, 27.—The weekly statement of the Imperial Bank of Germany shows an increase of four and a half million marks.
Utilization of Water Power.
Dr. Siemens, the great metallurgist, in his address before the Iron and Steel Institute, England, made a novel suggestion as to the utilization of water power. He said that all the coal annually mined in the world would only suffice to create a power equal to that continually wasted by the Falls of Niagara; that if this power were applied to a powerful dynamo-electric machine, an electric current could be produced of great intensity; that, in fact, a copper rod, of three inches diameter, would be capable of transmitting one thousand horse power a distance of say thirty miles, an amount sufficient to supply one-fourth of a million candle power, which would suffice to light a moderate-sized town. The importance of this matter can be appreciated when it is considered that the constant improvements in the methods of heating tend to check the consumption of coal. In twenty years the annual increase in the English coal production has averaged three and a half million tons, while the power gained from the consumption of it has increased much more rapidly. One ton of steel rails can be made with five thousand pounds of coal, against ten thousand pounds twenty years ago. At the present rate of increase the coal supply of England would necessarily be practically exhausted in two hundred and fifty years.—New York Sun.
MANNERS FOR POST-OFFICE CLERKS.—A tall, elderly, refined-looking gentleman recently went into a small post-office in a rural region of England. He asked some questions relative to the registering of a letter, and was very sharply, rudely, and unnecessarily snubbed by a young woman in attendance. He asked her if she thought that was a proper way to answer an inquiry of a public officer. She said she thought she had been quite civil enough for him. He asked her, with an obviously increasing mildness of manner, if she would favor him with her name. She emphatically declined to do so. He then said he thought he would tell her his name, however, she declined to hear, saying that his name was no concern of hers. He calmly replied that he thought it was, for his name was John Mann, and he was the Postmaster General.—Chicago Inter-Ocean.
