

THE AMERICAN MINING CONGRESS

Two Thousand Delegates Will Be Present at Goldfield at Twelfth Annual Session.

BEGINS SEPT. 27, ENDS OCT. 27

One of Most Important Subjects to Be Discussed Will Be Proposed National Bureau of Mines.

Goldfield, Nev., Sept. 10.—The United States, Canada and Mexico will be represented by about 2,000 delegates to the American Mining Congress which will hold its twelfth annual session in this city Sept. 27 to Oct. 2. Twenty-five political subdivisions of this country, including Alaska, will have representation.

Leading mining and educational experts appointed by President Taft, the governors of the various states, mayors, heads of supervisors, commercial and scientific organizations will assemble in the Hippodrome Sept. 27, and the six days' session will be devoted to the discussion of many topics of interest to the mining world.

In a statement issued by President J. H. Richards, that official says: "This convention is designed to be an open forum for the discussion of all questions concerning the production, treatment, transportation, marketing and use of minerals, and the relation of the mining industry to the state and federal governments in connection with legislation to expedite the development and make possible larger development and a wiser conservation of the mineral wealth of the United States."

One of the most important subjects will be that of the proposed national bureau of mines. The house of representatives of the Sixtieth Congress passed a bill creating such a department, but it failed in the senate, and an effort will be made in the coming session to organize a second campaign for the bill's passage.

Revision of mining laws, mining accidents, increased use of silver, mine inspection, fraudulent mine promotions, smelting resources will be the subjects of reports and addresses, and the following committee reports will be submitted: General revision of mining laws, Dr. W. R. Ingalls, New York city; standardization of electrical equipment used in mines, Dr. Edward R. Ross, Washington, D. C.; revision of Alaska mining laws, J. L. Steele, Landmark, Alaska; vertical slide line law, George W. Riker, Salt Lake City; coal tax insurance fund, Samuel A. Taylor, Pittsburgh, Pa.; national forest service, A. C. Brownlee, Denver.

The first day's session will be called to order by Joseph H. Hutchinson, chairman of the local executive committee, and addresses of welcome will be delivered by Charles S. Sprague, president of the Goldfield chamber of commerce; State Senator George D. Payne and Gov. Dickinson. Responses will be made by President Richards and a representative of each state and country participating.

PAIN IN THE BACK

OFTEN MEANS RHEUMATISM IN THE BLOOD.

Here is a Treatment That is Highly Recommended as a Permanent Cure.

Most treatments for rheumatism aim to "keep down" the poison in the blood and enable nature to care that particular attack. Then, when the system becomes run down from any cause the disease again gets the upper hand, and it all has to be done over.

The tonic treatment with Dr. Williams' Pink Pills has proved by hundreds of cures that it builds up the blood to a point that enables it to cast out these poisons through the regular channels of excretion, the bowels, kidneys and the skin. When this is done the rheumatism is permanently cured and as the blood is kept pure and rich the patient will be immune from attack of rheumatism.

Mrs. J. M. Nelson, of R. F. D. No. 1, Daringfield, Texas, who was cured by this treatment, says: "The starting point of the rheumatism in my case was a cold. It became so much worse that I was confined to the bed for a part of the time. For a month I didn't leave the house and for one week I couldn't sit up. The rheumatism attacked me in the back and the pains were very severe and constant. In bad weather the pains would also be in my limbs. My back was so painful that I couldn't bend over. When I walked I had to use two walking sticks. I couldn't eat anything that would agree with my stomach. My heart pained me a lot and the doctors said this was due to indigestion.

"I was treated for several weeks by the doctor but wasn't helped much. Then an aunt, who had been benefited by Dr. Williams' Pink Pills, urged me to try them. I did so and could see in a week that they were helping me. In a short time I was able to get up and walk around. I could bend over and pick things from the floor without hurting my back. From that time the rheumatism hasn't bothered me."

Sufferers from rheumatism in any form, who have found their condition unrelieved or actually growing worse while using ordinary remedies, would do well to try Dr. Williams' Pink Pills. They are sold by all druggists or direct by mail, postpaid, on receipt of price, 50c per box; six boxes, \$2.50. A helpful booklet will be sent free, on application to the Dr. Williams' Medicine Company, Schenectady, N. Y.

voida and Charles Dick of Ohio are expected to speak. Sept. 29 the delegates will meet in Tonopah, 30 miles distant, transportation being provided by rail and automobile.

Among the entertainment features planned by the Goldfield committee are a rock drilling contest, open to the world, and a street carnival to be known as the "Malapal mix-up."

OLD WOMAN LIVES BY FRAUD. Cincinnati, Sept. 10.—A gray-haired woman of 62 years, educated and refined, is being held at police headquarters until more is learned about her. It is alleged she has given various names and told different stories about herself at half a dozen hotels.

Among the names she gave at places she stopped, it is said, were "Mrs. Marie Louise Charles, St. Louis," and "Mrs. M. L. Hunt, Los Angeles, Cal." Aside from having defrauded many hotels and lodging houses, it is charged the woman ordered two mon-

uments for her "flat" in a cemetery and disappeared after having secured advances of cash from contractors. When arrested she was registered under the name of "Mrs. Marie La Charles."

WRIGHT FLIES OVER TEMPLEHOF GROUNDS.

Berlin, Sept. 10.—Orville Wright flying over the Templehof parade grounds this afternoon, brought to the estimated 100,000 spectators an hour and remained in the air 42 1/2 minutes.

JAP POACHERS TO BE TRIED.

Washington, Sept. 10.—The seven Japanese poachers recently taken prisoners in Alaskan waters will be tried at Valdez on Oct. 4 according to a dispatch from a local revenue cutter service office received here today.

MORE COLLEGE STUDENTS STUDYING THE BIBLE.

New York, Sept. 11.—After having spent the last 10 months speaking for the cause of Christianity in European universities, John H. Mott, who is the senior secretary of the foreign department of the International Y. M. C. A., and general secretary of the World's Student Christian federation, said: "While study has a greater place today than ever before in many universities. When I was in college we had a Bible class of 10 at Cornell. Today there are about 50 studying the Bible. In colleges in general, and in the state universities in the west, it is even better. We now have about 70,000 students of the Bible in colleges and universities of the world. I can remember when I had only 2,000."

A HURRY UP CALL.

Quick! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here a quarter—For the love of Moses, Mary! Baby's burned himself, terribly! Mamma's scolded—Pa can't walk from piles—Bullie has boils—and my corns ache. She got it and soon cured all the family. It's the greatest ointment ever sold by Z. C. M. L., 112-114 So. Main St., Salt Lake City.

SWIMMER RUN DOWN AND DROWNED IN HELL GATE.

New York, Sept. 11.—As the steamboat Richard Peck entered the narrow channel of Hell Gate, the pilot sighted a swimmer who was after a dog. As the channel was too narrow for the steamboat to be turned aside and the current too swift for help, the pilot was confronted by the alternative of running the craft on "the rocks" or of running down the swimmer. He sounded the alarm whistle, but Douglas was unable to get out of the way and was run down and drowned. Douglas had served in the navy and had gained a reputation as a swimmer. He had an ambition to cross Hell Gate at that time of the tide and was attempting the feat when he lost his life.

THE ROAD TO SUCCESS.

has many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, and builds up the entire system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run-down or sickly. Only 50c. Guaranteed by Z. C. M. L., 112-114 So. Main St., Salt Lake City.

TEACHER KILLS PUPIL.

Gravite, Ark., Sept. 11.—John Butram, a pupil, was killed yesterday by his teacher, at the edge of McDonald county. Butram had caused the teachers of the Bear Hollow school considerable trouble and had succeeded in thrashing two of them. When Kelly took the school he went "prepared to teach." Young Butram is said to have announced that there would be no school yesterday and Kelly insisted that the session would continue as usual. During the discussion Butram drew a knife, whereupon Kelly shot him. Kelly surrendered.

Comforting Words

Many a Utah Household Will Find Them So.

To have the pains and aches of a bad back removed to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Deseret News readers.

T. B. Davis, 22 S. Fifth West St., Logan, Utah, says: "Doan's Kidney Pills did me a world of good and I am just as willing to recommend them now as I was in 1907, when I gave a public statement, telling of my experience. I had severe pains in my back and sometimes there was an extreme lameness across my loins that made it almost impossible for me to get up from a sitting position. A feeling of languor and listlessness came to me, and I was also annoyed by irregular passages of the kidney secretions. Doan's Kidney Pills gave me greater relief than any other kidney medicine I had ever used and I was surprised at the leaving effect of their use. I consider it no more than my duty to let the public know that Doan's Kidney Pills can be relied upon to bring relief from kidney difficulties."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

KLING DON'T CARE FOR COMMISSION.

Chicago, Sept. 11.—John Kling, who may be barred from professional ball for three years for participating in "semi-pro" games, appeared little concerned over his predicament last night. "Let the national commission enforce its rules. I can't stop them if they want to bar me from organized baseball for three years simply because I played against 'calahan's' teams," he said. "It matters little with me. I am out of the big league for all time and hereafter will devote my time to business interests. When the fancy strikes me I will play a little semi-pro baseball. There's a good field in Kansas City and I have done well with the local clubs this season. My efforts in the future will be to build up my business."

KAUFMAN-JOHNSON "GO" PLEASES KETCHEL.

New York, Sept. 11.—Stanley Ketchel is highly pleased by the report from the Pacific coast concerning the 10-round bout between Al Kaufman and Jack Johnson. Previous to this contest at Colma Kaufman was considered the most likely young heavyweight contender to fight against the champion. Of course, this did not include Jeffries. The negro's lack of hitting was a notable feature of the Kaufman fight and as that eliminates the greatest danger, Ketchel is now confident that he will whip Johnson.

Apparently Johnson considers Ketchel as lightly as he did Kaufman, but Ketchel's friends believe that the negro is not figuring on the remarkable aggressiveness of the Montana pugilist. Ketchel, who is training here for his fight with Langford next Friday night, says that the most notable feature of the fight in Colma was Johnson's defense.

"I do not expect to penetrate Johnson's wonderful defense in the first few rounds," said Ketchel, "but I propose to awaken him with attacks on the body until he is ready to lower his guard. His fight with Kaufman shows that his body is his most vulnerable point and that will be my object of attack. Johnson is a fancy but slow hitter and I will have no trouble avoiding his leads. There is no doubt that I will be the champion pugilist in a short time and that Jeffries will be spared the ignominy which he dreads so much in meeting the negro."

Ketchel, contrary to his statements when he arrived here from the Pacific coast, is reducing his weight. He has already taken off from 12 to 15 pounds and now weighs 170 stripped. He says he will maintain that weight until he enters the ring with Langford.

DRANK HERSELF TO DEATH.

New York, Sept. 11.—Eighteen whiskey flasks, which had contained approximately five gallons of the quality of alcohol to be found in the local hotels, were on the table in the little room on the top floor of No. 234 east Twenty-fifth street, yesterday, when a policeman broke down the door and found Kate Williams dead on the floor. When she was taken to the morgue later and an autopsy performed, it was said that she had consumed the entire five gallons within a few days.

NIGHT ON BALD MOUNTAIN.

On a lonely night Alex. Benton of Folsom, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved him and quickly cured his neighbor. Later he cured his son's wife of a severe lung trouble. Millions believe in the greatest Throat and Lung cure on Earth. Coughs, Colds, Croup, Whooping Cough, Sore Throat, Asthma, Hay Fever, Grip, and all Lung troubles are surely cured by it. Best for Hay Fever, Grip and Whooping Cough. 50c and \$1.00. Trial bottle free. Guaranteed by Z. C. M. L., 112-114 So. Main St., Salt Lake City.
