

TAFT TO PURSUE ROOSEVELT POLICY

If Nominated His Speech or Letter of Acceptance Will Contain Pledge to That Effect.

TO ENDORSE ADMINISTRATION

Nor Will It Be Like Warm or Halting If Secretary and Friends Can Have Their Way.

Washington, June 1.—There will be no lukewarm endorsement of President Roosevelt and his policies in the Republican national platform, if the wishes of Secy. Taft and his friends have potency in the framing of that document. That much was made known today after the first of a series of conferences to be held on the subject of the platform. Should the Chicago convention adopt this sort of platform, and nominate Secy. Taft, it is predicted in authoritative quarters that his letter or speech of acceptance will contain a pledge to carry out the Roosevelt policies already inaugurated and earnestly strive for those not enacted, which will have a meaning similar to that pronounced by President Roosevelt on taking the oath of office over the body of the dead McKinley.

Wade Willis, attorney general of Ohio, who has prospects of being the member of the resolutions committee of that convention, and who was largely responsible for the conceded victory of the Ohio Republicans' platform, is here for a thorough understanding with the secretary of war. He was with Mr. Taft at his office for several hours today and at the Taft residence for a long time tonight. Another conference is to be held tomorrow, when it is not unlikely the result will be brought to the attention of President Roosevelt.

Secy. Taft has made no secret of his position on the tariff. He is for revision at a special session of the Sixty-first Congress, to be called immediately after the inauguration, March 4, 1909. His ideas as to what the tariff should be are also public property. The schedule should be drawn as near as possible to cover the difference between the lesser cost of production of a given article in foreign countries and the cost to produce that article in the United States. This he regards as "protection" in its true and fair sense.

Schedules which are fixed at a rate higher than this difference, he believes, are not only unnecessary, as means of protection, but are evidence of their temptation to capitalists to form monopolies and trusts in this country for the control of the market in that particular product. From this information, the prediction is declared to be a safe one that the tariff plank to be presented to the resolutions committee by the Taft adherents will follow closely the lines of the Ohio platform, with the added specifications regarding the manner of arriving at the amount of tariff which should be levied.

Mr. Ellis is known to be heartily in favor of a plank stipulating that agreements should be made to the Sherman anti-trust laws, and Secy. Taft is known to be a thorough believer in the efficacy of trust control through federal laws. The endorsement of these ideas into a plank which may take the form of an endorsement of the Hepburn bill, which died a peaceful death in the house judiciary committee, is said to be a safe prediction.

The conferences will not be restricted in their personnel, and it is believed that before the Taft platform

DOCTOR THE SKIN TO CURE THE SKIN

Scientific Study Proves Eczema Cannot Be Treated by Dosing the Stomach With Drugs.

Advanced medical science, after years of study and research, is now practically agreed that Eczema, psoriasis, salt rheum, and diseases of like nature are skin diseases—and cannot be cured by dosing the blood. The treatment prescribed is the direct application of healing, soothing remedies to the skin. Such is the commonsense as well as scientifically sound conclusion. Oil of wintergreen, compounded with such other soothing vegetable remedies as glycerine and thymol in D. D. D. Prescription, is recognized as the specific. Physicians use D. D. D. Prescription freely in their practice. Dr. A. V. Hartleben, Washington, D. C., writes as follows:

"D. D. D. Prescription is medicinal, soothing and the effect is miraculous. God knows it saved me a deal of suffering. I recommend it to everyone I can."

This letter is only one of many testifying to the merits of this purely vegetable remedy. Copies of our literature may be seen at our store, Druehl and Frank, and Z. C. M. I. Drug Store. Free treatise on care and nutrition of the skin may be had on application.

is finally perfected for submission the views of many of the party leaders will have been obtained.

CONDITIONS OF SALT LAKE NATIONAL BANKS

Washington, June 1.—According to a statement made to the controller of the currency on condition at the close of business May 14, the Salt Lake National banks had loans and discounts aggregating \$6,271,533; gold coin in reserve, \$1,769,543; individual deposits, \$7,528,002. The percentage of legal reserve to deposits was 33.26.

THINKS IT SAVED HIS LIFE.

Lester M. Nelson, of Naples, Maine, says a recent letter "I have used Dr. King's New Discovery many years for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung conditions, and would not more be without a bottle than I would not without food." For nearly forty years, New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at Z. C. M. I. Drug Dept. 50 cents and \$1.00. Trial bottle free.

SWINDLING IMMIGRANTS.

A New Method Practised on Them by Petty Ship's Officers, Discovered.

New York, June 2.—An investigation has been going on at Ellis island for several days to discover the extent of a new swindle practised upon incoming aliens. The swindle consists in certain ship's officers collecting money from steerage passengers for telegrams from all of which an overcharge is made, and in many instances the telegrams are never sent.

The practice came to light when about 50 passengers from the steamer of a big liner on its last trip to this port, appealed to the telegraph companies for information regarding messages sent from that vessel to friends, notifying them of their arrival here. Deputy Commissioner of Immigration Joseph Murray started an investigation which resulted in the line referring the overcharge and a charge being made against a certain officer of the vessel.

Other steamship lines have been notified that the swindle must be stopped.

TO IMPROVE TELEGRAPHY.

Lisbon, June 1.—A French system for the employment of alternating instead of continuous currents, which is claimed would permit the use of 12 instruments on a single wire, was presented today at the International Telegraph congress by M. Mercadier, the inventor.

JAMES K. JONES DIES SUDDENLY

Was at His Home in Washington And Was Ill but Two or Three Hours.

HE WAS A LEADING DEMOCRAT

Chairman of National Committee That Conducted the Campaigns Of 1896 and 1900.

Washington, June 1.—Former United States Senator James K. Jones of Arkansas died at his residence here at 5:30 this afternoon after an illness of a few hours, aged 63 years. He was one of the leading Democrats in the senate from 1885 to 1903, and was one of the strongest supporters of William J. Bryan, having as chairman of the Democratic national committee conducted the campaigns of 1896 and 1900. Since leaving the senate in 1903 he has conducted a law practice in this city and has not actively engaged in politics.

On Friday Senator Jones returned from a visit to his daughter, Mrs. Leonard Carrigan, in Arkansas, and last night he was apparently enjoying good health. Complaining slightly this morning, he remained in bed and at 5:30 this afternoon died, the immediate cause of death being heart failure.

A native of Mississippi where he was born, in 1839, James Kimbrough Jones received a classical education and fought as a private soldier in the Confederate ranks throughout the Civil war. He was elected to the Forty-seventh and the two succeeding Congresses, and in 1885 succeeded to the seat of James S. Walker in the United States senate, where he served three terms, retiring in 1903. Senator Jones was a delegate to the National Democratic convention of 1896 which gave Mr. Bryan his first nomination, and as chairman of the committee on resolutions he reported the 16-to-1 platform. He was made chairman of the national committee after the convention and as such conducted both of the Bryan campaigns for the presidency.

In the senate Mr. Jones came forward rapidly as one of the leaders of his party and was for several years chairman of the Democratic caucus. He was a member of the subcommittee on finance which reported the Wilson-Gorman tariff bill and was an earnest advocate of tariff revision. Although not an orator, Senator Jones was a forceful and logical speaker and was often heard in debate.

Senator Jones is survived by his wife and three children, Mrs. Carrigan of Arkansas, Miss Sue Jones and James K. Jones, Jr., of this city. Senator Jones will be buried in this city, and many of his former colleagues in Congress who have not yet left the city will remain to attend the funeral.

BRYAN'S TRIBUTE.

Alliance, Neb., June 1.—William Jennings Bryan was delivering an address before an audience in this city tonight when a representative of the Associated Press handed him a telegram telling of the death of Senator James K. Jones. He read the telegram and stopping in the middle of his address, said: "I have just learned that Senator Jones of Arkansas died suddenly in Washington. It is a sad bit of news to announce to a Democratic audience, for Senator Jones was chairman of the bimetallic convention that carried on the fight in 1896 that ended in our capturing the Chicago convention, and it was because of his prominence in that fight that I asked that he be made chairman of the national committee and to him I am indebted for the opportunity to close the debate on the tariff and make the speech which I presented."

He asserted that few ministers of today are anything but stiff, salary quacks, willing to accept serial distinction, and that many of them are "quarantined" by the "funny house."

"I have just learned that Senator Jones of Arkansas died suddenly in Washington. It is a sad bit of news to announce to a Democratic audience, for Senator Jones was chairman of the bimetallic convention that carried on the fight in 1896 that ended in our capturing the Chicago convention, and it was because of his prominence in that fight that I asked that he be made chairman of the national committee and to him I am indebted for the opportunity to close the debate on the tariff and make the speech which I presented."

CURE BY CUTICURA AT CITY MISSION

Young Woman Found in Awful Condition with Scabies—Body a Mass of Sores from Scratching—Tried Many Remedies for Seven Weeks—Result Was Discouraging, But

ITCHING TORTURES YIELDED TO CUTICURA

"While I was doing missionary work in the lower portion of several cities I found it necessary to know a little of the efficacy of a few medicines and while I found that Cuticura was about all I needed. One of the very bad cases I had to deal with was that of a young woman who had come to us in a most awful condition. Her doctor examined her and told us that she had scabies (the itch), impetigo, and a little knowledge of Cuticura was about all I needed.
