Montana's Legislature Idle.
HULENA, Mont., Dec. 11.—The republican senate this morning ordered the sergeant-at-arms to bring in the slemecrafte members-elect. He found several of them, but they claimed they had taken no oath of office, were private cliners, and related to go. The sergeant-at-arms did not attempt to use force. The object of this move was to get seme of the democratic members into the chamber, when a quorum would be declared present, and an organization would be effected. The republicans claims the sounts will probably be done by scaling Watson of Fergus County, who claims McNamara, who holds the certificate of election, is inslightle on account of holding the position of post-trader under the government.

An effort at a compromise of ween the two houses has failed, the republican house demanding the organization of the senate before appointing a committee to investigate the allaged frands in precinct 24.
