MEETINGHOUSE FOR CEDAR FORT. An effort is being made by the Saints

An effort is being made by the Baints of Cedar Fort to erect a meetinghouse this season. The Relief society has generously loaned the brethren their wheat, about 1,000 bushels, with the un-derstanding that the grain be sold and the proceeds turned over to buy ma-terial for the erection of a house of worship. The only interest asked is the difference between "stroked" and "machine" measure. This is the sec-ond time in the history of the society that they have done good with their grain. On a former occasion, during a scarcity through drouth, they loaned their wheat, thus benefitting their wheat, thus benefitting their thele neighbors.

Prospects are very flattering for a bountiful harvest. Joseph E. Thorne is crecting a large brick block on Main street, which will greatly enhance the appearance of the

town. The M. I. A. will hold a stake con-vention at Lehl June 30. A grand festival is one of its prominent features. Frank M. Driggs of the State School for the Deaf and Blind, with his fami-tic and blind, with his famiown. ly are here, visiting their parents.
