A strange death occurred yesterday morning at 10:30 at room 31 in the Opera House block in this city, when Mrs. Johanna Miller, a native of Holland, dled unexpectedly. Mrs. Miller was but 17 years of age and with her husband, P. M. Miller, was occupying the room indicated. She was very large of her age, weighing about 200 pounds. The circumstances of her death looked somewhat suspicious to the authorities and Judge Howell, who was informed of the same, stated that an inquest

would be held. The husband stated that yesterday The husband stated that yesterday morning when his wife awoke she appeared to be in good health and spirits. They did not get up early, it being Sunday morning. When the husband got up shortly after 10 o'clock he stepped out of the room a few minutes. On his return his wife was gasping for breath. He called a neighbor lady in, but as it He called a neighbor lady in, but as it was evident his wife's condition was serious he sent for Dr. Dickson, who responded in a few minutes, but before he arrived the woman had died. The doctor says death was evidently from heart failure, but others who heard the reumstances of her death were suspicious and reported the matter to the

police and Judge Howell.

Mrs. Miller is the daughter of Mr. Vander Rheinst and sister of Mrs. Henry Kammeyer. She was married to Mr. Miller about six months ago. The family had the remains removed to Larkin & Son's morgue, where they will be held awaiting the inquest.

Fountain Green, Sanpete Co., Jan. 1.— Sickness here is abating. There are now only two flas indicating contagion in the town at present, and no cases

Vesterday the remains of Annie Andersen, who died in Salt Lake City, were brought here for burial, she having lived here for about 35 years. She was bern in Sweden, 82 years ago, and came to Utah in the fifties. She has sons living; Lewis Andersen, preside it of the South Sanpete stake, is one of her sons. She embraced the Gospel

in her native land in the year 1855, and was a faithful Latter-day Saint. A sensational affair occurred here last week. A young woman made com-plaint against a young man, accusing him of immorality, and he was accordingly arrested, and now the young lady has also been arrested for a similar of fense. It is another case of man's per-fldy and woman's frailty.

There are a great many hungry hearted women who would attend a baby sale if babies were ever offered for sale, because there are a great many wives who love children and have been told by physicians that they can never hope to nurse a child of their own.

Some of these women who have used Dr. Pierce's Favorite Prescription for the cure of womanly ills have been made happy mothers as a result of the cure of womanly disease and the building up of the general health.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well. It establishes regularity dries weakening drains, heals inflamm tion and ulceration and cures female weakness.

The same mines during 1902 produced a total of 3,773,377 tons, the decrease during 1903 being 139,538 tons. This decrease also represents the decrease over the entire state during the year, for the mines of the eastern district produced about the same tonnage in 1903 that they did in 1902. The decrease is accounted for by the closing of the big colliery at Hanna, in which an explosion on June 39 killed 169 men and wrecked the workings. But for this accident Wyoming would have shown an increased output of coal during the year.
