CAPITAL NOTES.

WASHINGTON, 8.—Lincoln is expected to arrive in the city to-morrow, and will at once assume the duties of Secretary of War.

Attorney General McVeagh is in Philadelphia arranging business affairs. With these exceptions the new cabinet attended the meeting of the cabinet. In the absence of Lincoln, Secretary Ramsey represented the War Department. The session of the cabinet was almost entirely devoted to the discussion of the question whether or not the national banks shall be permitted to substitute bonds for legal tenders deposited by them with the Treasury for the purpose of withdrawin the circulation. The importance of a correct decision in this matter was recognized, and with a view of securing the fullest information further consideration of the question was postponed until the next meeting of the cabinet. Meanwhile the Comptroller of Currency and the Treasurer of the United States will be called upon to submit their respective views and all the facts bearing upon the case. The weight of opinion at the meeting to-day inclined the whole matter hinged upon the question of ruling or departmental regulations rather than of law, and that the decision should be such as would least injuriously affect the financial and business interests of the country. It was suggested the decision against immediately restoring to circulation legal tenders which have been deposited would operate as serious contraction of the currency for some time to come, and cause a renewal of the stringency, and uncertainty experienced a few days since, while to allow banks to substantiate bonds and withdraw their legal tenders, would at once restore confidence, relieve uncertainty and prove, as nothing in law prohibits it, the easiest and readiest solution of the difficulty. On the other hand it was suggested that such a decision would be opposed to former precedents, and rulings would afford an opportunity to the banks to inflate or control their circulation at will or to suit their supposed interests, while to compel them to resort to the ordinary means of restoring the former volume of their circulation would involve, at the most, but a short delay and would cause inconvenience or alarm in business circles. In view of the facts the Treasury Department is prepared to begin the printing and re-issue of notes from day to day immediately upon receipt of application from the banks, and that the issue of the entire amount could probably be completed within three weeks.

Immediately after the adjournment of the Cabinet, Secretary of the Navy Hunt formally received the Chiefs of Bureaus and other officers, all of whom were introduced by ex-Secretary Goff. During the remainder of the afternoon, the Secretary was busy receiving friends.

The crowd at the Executive Mansion to-day was smaller than heretofore. Senator Conger, with a party of ladies and gentlemen, called to pay their respects. In addition to these, a delegation of Alabama republicans was admitted. They presented a statement, showing the condition of the State, and earnestly requested the President to consider it. Some reference was made to the election law of the State as opening wide the door to fraud and rendering detection and punishment impossible, and it was stated that elections in that State are little more than a farce. The President's attention was earnestly invited to these statements with a view to remedying as much as possible the evils which exist.

General and Mrs. Grant breakfast with President and Mrs. Garfield to-morrow.

There is a good deal of talk among the quidnuncs about an extra session of Congress, but President Garfield has no present intention of calling any, and unless some unforeseen necessity arises he is not at all likely to change his mind. Looking at the question from this point of view it would manifestly be bad policy for him to precipitate an organization of the House of Representatives until the vacancies in the seats of Messrs. Conger, Hawley, Mitchell and Frye shall have been filled, as the republicans even then would hardly be able to master their very slim majority, and it is equally evident that a call for an extra session would be unpopular with the general public unless some unquestionable justification could be assigned for it. The only weighty motive thus far suggested is the alleged need of a refunding law, but in reply to this argument it is asserted that the Secretary of the Treasury has over $100,000,000 of 4 per cents. which can be used for refunding the 5s and 6s that will soon be redeemable, but not payable, and aside from this consideration the Treasury surplus, present and prospective, is so large that a goodly portion of the debt can be absolutely redeemed before the next Congress makes further provision.

The republicans of the Indiana Congressional delegation to-day agreed to make the following recommendations: John A. New, to be Assistant Secretary of the Treasury; J. W. Gordon to succeed Judge Hunt in the Court of Claims, and United States Marshal Dudley to be Commissioner of Patents. As Indiana did much in the campaign and has as yet received but little, these recommendations are expected to have weight.

J. C. Bancroft Davis has decided to resign from the Court of Claims and accept the position as Assistant Secretary of State which President Garfield and Secretary Blaine have urged upon his acceptance, and which it is expected may be made a life office to cover to retain the benefit of its judicial services.

This morning, Miss Willard, in behalf of the temperance ladies, presented to Prest. Garfield, in a fallicitous speech, an oil portrait of Mrs. Hayes.

Prest. Garfield most cordially received the picture as a beautiful tribute to its subject, whom he said should ever be at home in the White House. He paid a fitting compliment to the address of Miss Willard, and expressed his hearty appreciation of their work and their prayers for, and kind allusions to his mother, wife and children.

The company were then presented to the President and wife.

Miss Reason, on behalf of the ladies, brought a message with President Garfield's mother, and she was soon ushered into the Blue Room and received the most evidence of loving regard and esteem of the visiting [illegible]

The President during the morning received the Illinois and Michigan delegations.

Republican Senators talk quite confidently of an extra session on May 15th. Those who recently opposed it now favor it because of the democrats forcing the organization. A committee will wait on Garfield at once and urge it. The republicans are now acting in concert and will secure their aim.

Rear Admiral Wyman, commanding the North Atlantic station, reports that owing to the strong current in the Mississippi River this month and the strict economy enjoined in the use of coal during the remainder of the fiscal year, the *Kearsarge* will not be sent up that river. The *Alliance* will proceed from New Orleans up the Mississippi to Natchez, stopping at Baton Rouge.

McPherson explicitely denies that he is an applicant for the position of First Assistant Postmaster General. Ex-Postmaster Chauncey T. Filley, of St. Louis, seems likely to get it, and Tyner will probably be given a good place abroad.

Secretary Kirkwood took charge to-day of the Interior Department, and received the heads of the bureau introduced by ex-Secretary Schurz, who then took a formal leave of the Department and employees.

It has been definitely decided to appoint Wm. E. Chandler Solicitor-General of the Department of Justice, and his nomination will be sent to the Senate before the close of the special session.

The Treasury Department has just ordered the transfer of $4,807,937 of gold bullion from the New York Assay Office to the Mint at Philadelphia for coinage into eagles.

GOTHAM ITEMS.

NEW YORK, 8.—The crowd in the evening and at no time exceeded 2,000 persons, although it was expected that reducing the price of admission to half a dollar would have made the number of spectators much larger. Rowell and Vaughn rested a great deal through the evening and at times both were off the track together for long periods, to the disgust of spectators. O'Leary made fewer stops than the others. There was a marked improvement in his appearance and he walked well. Rowell's longest rest during the evening amounted to two hours and a half, and ended about 7.30 o'clock Vaughn dodged into his quarters 10 minutes after and did not show himself for an hour and 37 minutes. Rowell's 200th mile was completed at 8.57 and was well applauded.

Alderman Saurs' resolution adopted to-day by the Board of Aldermen, asked the corporation counsel if there was any way of stopping walking matches, which he denounced as a fraud.

The attendance at the match was only 200 at 2 p. m. The price of admission is reduced one half.

The *Telegram's* Washington special says: The *National Republican*, which is controlled by Second Assistant Postmaster General Brady, editorially warns Postmaster-General James this morning that it will not do for him to set up as reformer, or to do anything that may cast reflection upon the administration of his predecessors. It says that any imputation upon the business methods or honesty of those who have had recent control of the Postoffice, will be disastrous to his best interests.

The *Tribune* says: The news of the British defeat at Majela Mountain has imparted a fresh impetus to the movement in favor of the Boers, which was started a month ago in this city by the Transvaal sympathizers' committee. Col. Charles Otis, treasurer of the organization, is in daily receipt of money from Americans, Dutchmen and Irishmen. Part of this money will be used to pay the expenses of the coming mass meeting at Cooper Union, which has been postponed a few days.

Henry Ward Beecher and Col. Robert Ingersoll have been requested by the committee to speak at the meeting The committee invited W. H. Vanderbilt, John Jay, Rev. R. Heber Newton, E. D. Morgan, Rev. Dr. Howard Crosby, Clarkson N. Potter and other prominent citizens to be vice-presidents of the meeting. Large sums of money for the Boers have been sent across the ocean.

According to a rumor current in some circles, which was discussed at the last meeting of the Transvaal committee, a bark carrying over 500 well armed Irishmen and four gatling guns, secretly sailed from Key West, Fla., three weeks ago, bound for Delagoo Bay and Transvaal.

A monster demonstration of the Irish-American Land and Industrial League took place to-night at the Brooklyn Academy of Music. The following circular was distributed among the people before the proceedings opened:

Spread the light. What is good for Ireland is good for America. Rent is robbery; landlordism is despotism. Down with both of them. Just rent must not amount to more than taxes and repairs will cost.

Mayor Lowell presided, and among the presidents were Judges Gilbert and Pratt, three Congressmen, several Protestant and Catholic clergymen, besides aldermen and others. A series of resolutions were adopted condemning the action of the British Government and Parliament toward the people of Ireland, and expressing sympathy with Parnell and Davitt. They also expressed a wish that the Boers in Africa would be victorious over the British.

Letters from Wendell Phillips, ex-Governors Seymour and Tilden, Generals Hancock and McClellan, and many other prominent men were read approving the objects of the meeting, and regretting their inability to be present.

A private called meeting of ladies and gentlemen interested in the substitution of cremation for burial, was held in a room of the Cooper Institute last evening. A committee, previously appointed to draft a constitution, rules, etc., offered an act of incorporation of the company, to be known as the United States Cremation Company, (limited) to cremate human dead in the quickest, best and most economical manner. The capital is to be $50,000, divided into 200 shares, one-half the dues to be received from active members, and all dues received from the latter members are to be paid into the indemnation fund. All active members who may have paid in $10 to this treasury and who may be in good standing at the time of death, will be entitled to this privilege. Rev. J. D. Beugless, chaplain of the Brooklyn Navy Yard, was chosen President of the Society.

[illegible] Hayes at Home.

FREMONT, O., 8.—Ex-President Hayes and family arrived this evening and were met at the depot, which was finely decorated, by over 2,000 citizens, who cheered the party enthusiastically. A reception committee of 10 prominent citizens met the ex-President at Clyde, and a large concourse of people formed in procession. All the residences and public buildings, lawns and parks along the line of march were brilliantly illuminated with splendid effect. Hon. Homer Everett then delivered an address of welcome, in which he referred to the genuine and hearty feeling of welcome showed by every class of citizens.

Eads' Movements.

ST. LOUIS, 8.—Captain James B. Eads, who arrived here yesterday, will start for Mexico in a few days to have his Tehauntepec grant confirmed by the Mexican Congress. He will then go to Tampico, where some of his engineers are surveying a harbor for the United States Government; thence he will proceed to the Isthmus, where he will sail for San Francisco as consulting engineer of the State of California, to examine the mouth of the Sacramento river. From there he goes to Oregon, where he will inspect the mouth of the Columbia river and Humboldt Bay. He will then return to St. Louis

The New Route West.

DENVER, 8.—The first through San Francisco passenger train via the Atchison, Topeka and Santa Fe Railroad, will leave Kansas City and Atchison on regular card time, Thursday, March 17th, and thereafter daily regular through trains will be run over that route, which is pronounced by travelers totally free from obstructions incident to weather.

Fall of a Building.

By the falling of a building in course of construction on Laramie Street, between Sixteenth and Seventeeth Streets, this afternoon, Pat. J. Smith was killed and Thos. Cowley had his back broken and has since died. Four other workmen were wounded, but none seriously. The accident was caused by very poor construction.

Frye Nominated.

AUGUSTA, 8.—At the republican caucus of the members of the Legislature, W. P. Frye was nominated by acclamation for candidate to the United States Senate.

Mexican News.

CITY OF MEXICO, 8.—The committee appointed to examine the question of the national debt reports that the $145,000,000 debt should be recognized. The committee recommends the consolidation of the debt and issuing of bonds bearing 3 per cent. interest to the holders of the present bonds, and the same be received for public bonds.

It is reported that a great number of Germans from San Francisco will settle in the neighborhood of Acapulco where they are obtaining land at forty cents per acre, payable in ten years.

The government has granted Gen. Castro, of California, forty-two leagues of land between the Yaqui and May rivers, Sonora, for a California colony.

The police apprehended near Acambaro eight armed men distributing proclamations in favor of Socialism and otherwise endeavoring to disturb the peace.

United States Minister Morgan is suffering from acute sciatica.

FOREIGN NOTES.

DUBLIN, 8.—Cornelius Keogh, of Kananaklish, County Limerick, was arrested at his residence on the charge of intimidation. Michael P. Berton, League organizer, and one of the traversers, was arrested in Kildare on the charge of inciting to murder and other acts of violence. When taken into custody he protested against the act in the name of the American Republic. Keogh and Berton are lodged in Kilmainham prison.

Castle Bar, 8.—Joseph Walsh, lately arrested, is a cousin of Michael Davitt. He was followed to the train by a large crowd, cheering him and groaning at the police. Great excitement prevails.

Havana, 8.—Simon Cameron, with friends, celebrated his 82nd birthday here to-day. Captain General Blanco extended him the freedom of the island. Cameron visited Moro Castle this morning, and received many of his countrymen in the afternoon. His friends gave a dinner in his honor this evening. Cameron made a speech reviewing the important events of his life. During the banquet he was presented with a ring as a memorial. Later in the evening Cameron attended the opera by invitation of the Captain General. He will sail for home on Saturday next.

Durban, 8.—Gen. Wood informed the Boers that if peace was not concluded he would assault Laingsnek immediately and the armistice would be ended. Gen. Wood said he inferred from the tone of the Boers that they were desirous of peace.

CITY COUNCIL.

Proceedings at the City Council on Tuesday evening, March 8th, 1881, Alderman Sheets, presiding:

A petition from J. T. Gilmer and sixteen others was submitted, asking for 8 pairs on that portion of Ninth South Street, east of Thirteenth East Street and passing north of blocks 29 and 30, in 5-acre plot C. Referred to the committee on streets and alleys.

A petition from Isaac Hunter and 25 others was submitted, asking the removal of certain flumes across Seventh West Street canal, which obstruct the passage of water flowing from certain springs on the block lying between North Temple and First North streets and east of Sixth West Street. Referred to the city watermaster with instructions to investigate the matter.

A petition from W. T. Barbee and seven others was submitted, asking an extension of the water mains on Third East Street, one block south from Second South Street and offering to advance in consideration of the speedy accomplishment of the work, the sum of $285, which sum could be allowed on future water rents. Referred to the committee on water works.

Edward Brain petitioned that that portion of the Twentieth Ward water ditch running through his lot, situated a short distance north and east of the new Eighteenth Ward Meeting House, be flumed. Referred to the committee on irrigation.

H. H. Phelps petitioned for the transfer of the unexpired term of his license as a merchant to Mr. I. Woolf. Referred to the committee on license.

A petition was submitted signed by Frankie Billings, setting forth that she had been convicted by the police judge of the city, of the offense of being a inmate of a house of ill-fame and was sentenced on the 7th of this month to a fine of $50 and imprisonment for fifty days from that date, and she was now confined in the city prison under said sentence. The petitioner represented that she was without the means to pay her fine, and if she were to be released from prison would only be able to provide herself with food and shelter for a short time, and that she was without home or relatives in the country. She had been informed that if released from prison, her fine would be paid by a friend. She further stated that she had never before been convicted of this offense, that she committed the offense from necessity and not from choice, and gave her solemn promise that she would not justly be guilty of its repetition if now released. The petitioner therefore begged the Council to remit so much of her sentence as inflicted imprisonment of fifty days and stated that she was advised that in such event the fine would be promptly paid.

A similar petition to the above was presented, signed by Inez Maybert, who had been likewise convicted of being an inmate of a house of ill-fame, was sentenced to a fine of $50 and imprisonment for fifty days, and was now lodged in the City Prison. The petitioner stated that she was without means of support and without any property, except a small supply of clothing only sufficient for immediate necessities, that if released from prison she would only have sufficient means to supply her food and shelter for a few days, and that for the payment of her fine she would be indebted to the generosity of friends. She had never been convicted of this or a like offence before, and gave her promise that the charge should not justly be made against her again. She therefore prayed for the remittance of that portion of her sentence which inflicted imprisonment, etc.

After consideration by the Council, and examination of the City Charter, it was decided that the Council had no authority to remit or commute the sentence of prisoners, but that such power was vested in the Mayor only, as the chief executive officer of the city. The petitions were therefore laid upon the table.

The Salt Lake Dramatic Association petitioned for the privilege of using a portion of the street and sidewalk in front of the Theatre where on to pile building material during the period required in making repairs and alterations upon said building. Granted under the usual restrictions.

An application from Z. C. M. I. was submitted, for license as liquor dealer, to sell vinous, spirituous and fermented liquors at their drug department, No. 92 East Temple St., for three months from March 3d, 1881, under the provisions of the ordinance on the subject recently passed. Granted.

Godbe, Pitts & Co., applied for license to sell liquors at their place of business, corner of First South and East Temple Streets, for a term of three months from March 3d, 1881, under the requirements of the new ordinance. Granted.

J. E. Clasbey applied for license as liquor dealer, to do business at No. 135 East Temple Street for a term of three months from March 3d, 1881, under the requirements of the new liquor law. Referred to the committee on license.

Sarah C. Folsom represented by petition, that she was owner of lot 5, and 50 feet of the south side of lot 6, block 3, plat E, Salt Lake City survey, and that the city authorities in improving streets etc., had cut off all access to said lots by making deep cuts adjoining thereto, damaging petitioner in the sum of $800, which amount the petitioner demanded of the city in satisfaction of said damages. Laid on the table.

The city poundkeeper reported his doings for the quarter ending Feb. 28th, 1881, which report was received and placed on file.

The city attorney submitted his quarterly report of the city's business in his hands, which showed no change since his last report, except in the case of Sam Levy vs Salt Lake City, in which a non-suit was granted by the court on Feb. 28th, 1881, and 30 days allowed to file statement and motion for a new trial. Proceedings stayed till April 1, 1881. Report filed.

The committee on streets and alleys reported upon the petition of John T. Lynch and others, recommending that the sidewalk on Second South, between East Temple and First East Streets, be improved, in accordance with the report of March 23, 1880, which report was adopted by the Council. Report adopted and street supervisor instructed to make an estimate of the cost of the work, preparatory to assessing the owners of real estate upon said street for the improvement.

The same committee reported upon the petition of P. Pugsley and others, recommending that the supervisor be instructed to gravel the street desired by them to be improved, in due course of business. Adopted.

The committee on cemetery reported on the petition of H. W. Mikesell, recommending that when satisfactory proof, of which his petition stated he could furnish ample, be given to the city sexton that he is the rightful owner of the lot in City Cemetery to which he desires a title, the sexton be authorized to supply petitioner with a lot in said cemetery at the expense of the city; otherwise that the petition lay on the table. Adopted.

Alderman Pyper submitted his monthly report of the police court for February, showing that 68 cases had been disposed of, $628.50 in cash collected and paid the treasury on fine account, $190 in labor assessed in fines, and bills receivable to the amount of $20 paid to the treasurer. Forty days imprisonment had also been imposed. In addition to the above, 14 individuals and firms had been arrested during the month for violating the liquor ordinance, of whom five were discharged; nine were found guilty and fines amounting to $391 assessed and five licenses declared forfeited. All of these cases had been appealed to the Third District Court. Report filed.

The marshal's expense bill for the month ending February 28th, 1881, amounting to $736.46 were allowed.

Bill of R. W. Williams for collecting the tax in the mouth of February, $14 was allowed.

Adjourned for one week.

45 Years before the Public.

THE GENUINE

DR. C. McLANE'S LIVER PILLS

are not recommended as a remedy "for all the ills that flesh is heir to," but in affections of the Liver, and in all Bilious Complaints, Dyspepsia, and Sick Headache, or diseases of that character, they stand without a rival.

ACUE AND FEVER.

No better cathartic can be used preparatory to, or after taking quinine. As a simple purgative they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar-coated. Each box has a red wax seal on the lid, with the impression, McLANE'S LIVER PILL. Each wrapper bears the signatures of C. McLANE and FLEMING Bros. Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by

FLEMING BROS., Pittsburgh, Pa., the market being full of imitations of the name McLane, spelled differently, but same pronunciation.
