

MINING, BUSINESS AND STOCKS

WEEK'S OPENING ON THE EXCHANGE

Market Was Fairly Active and Stocks Remained Comparatively Firm.

DALY-WEST SELLS AT \$13.

New York Holds Its Own and Finds Takers at 24-May Day and Silver Shield Strong.

All things considered, the week opened on a fairly active exchange. The first stock to leave its moorings was Con. Merc., which dropped a small block of 10 shares at 42 1/2. Then the brokers passed down the line to Daly-West, and after stopping long enough to take on 25 shares at \$13, proceeded to do business in May Day, which maintained a fair degree of firmness and sold freely at 23, with a slight upward tendency at the close. Sacramento, went at 10 1/2, while Silver Shield, concerning whose condition reports indicate a prosperous outlook, made sales above 12, a total of 7,000 shares changing hands at this figure. Buck Tunnel, which closed the week with sales at 10 cents, could not be had under 14, while 8 1/2 was freely bid for the stock. Little Chief, did business at 2 1/2, and New York, despite desperate efforts to cover shorts, kept a stiff upper lip and found its lowest figure at 23 1/2.

On the open board the only sale made was in Daly-West, which dropped a block of 100 shares at \$13.

The closing figures were as follows:

TODAY'S QUOTATIONS.

Stocks.	Bid.	Asked.

MARYSVALE PLACERS.

Messrs. Longley and Durkee Making a Good Thing Out of Them.

Special Correspondence.

Marysville, Utah, Nov. 19.—The placer districts surrounding Marysville have been known for years, but it is to the credit of E. M. Longley and Miles Durkee that this ground has been opened up. Today the gentlemen have in operation a long line of sluice boxes, and from present indications the clean-up will prove one of the greatest surprises the "natives" ever had. It will teach them that idleness and the natural backslapping element which has surrounded this district, will be removed by the energetic activity these parties have displayed, under adverse circumstances.

COPPER STILL FIRM.

Continued Demand from European Consumers Keeps It Up.

The continued demand from European and Asiatic consumers held local prices on all grades of American copper steady at the recent heavy advance, but no further gains were recorded, says the New York Commercial. While the foreign purchasers did not appear to have satisfied their requirements, they were more conservative in demand, and the market quieted down into a reasonable trading center.

Today's Metal Quotations.

Local settling prices as reported by the American Smelting and Refining Company.

SHIPMENTS FROM NEW YORK BONANZA

Park City Company Will Inaugurate Them During the Present Week.

ORE RUNS WELL IN SILVER.

Property Has Passed the Prospective Stage—Will Become an Important Producer.

Special Correspondence.

Park City, Nov. 20.—Shipments of ore will be inaugurated this week from the New York Bonanza. About a carload of first class and another car of second class ore has been hoisted to the surface, while on the 500-level there is probably as much more stored.

THE PRAIRIE BELL.

Promising Title Property to Be Developed—At the Orient.

The Tintic Miner says that development is soon to begin on the Prairie Bell group of claims, one of the most promising groups in West Tintic. They have a vein of ore opened to a depth of about 70 feet, and have drifts on the vein for 100 feet. The vein has shown values of over 200 ounces silver, and a high per cent in lead. There is nearly a shipment of high grade ore now hoisted and at the shaft. The development work this year should place this property on a paying basis.

RICHES OF THE DEWEY.

Thunder Mountain Mine Produced \$10,000 During Month of October.

E. H. Dewey, manager of the Dewey mine at Thunder Mountain, has received \$10,000 from the October run of the 10-stamp mill, says the Boise Statesman. This, though larger than the average clean-ups of the mill, does not represent the entire production. It was found that the mortars were leaking, and Superintendent Haug has written that he has five tons of ore that leaked out, which is being worked over. The gold in this, added to the bullion already sent in, will run the returns for the month up close to \$15,000.

THEN PRICES RECEDDED SOME

Healthier Underdone Developed and Was Followed by Resumption of the Advance.

New York, Nov. 21.—Stocks opened active and higher today, but with few exceptions and the market gathered strength and breadth as different leaders were taken hold of and pushed successively to higher levels, the most urgent demand developing in the lower grade specialties, and high priced industrials. Among the noteworthy advances were three points in Nashville, Chattanooga and St. Louis, two in Rock Island preferred, and one in Union Pacific. St. Paul, Louisville & Nashville, Brooklyn Transit and Sugar. A great variety of other stocks showed gains of a point or more. The demand slackened and prices receded. St. Paul, Louisville & Nashville and Sugar lost their one-point gains and a number of the market leaders sold a fraction lower than Saturday. Intensive work that a decision in the Northern Securities suit would be delayed seemed to affect the market. Trading became very dull.

NOW FOR SHIPMENTS.

Columbus Con. Connected Up and Ready for a Vigorous Campaign.

Supt. A. O. Jacobson of the Columbus Consolidated mine at Alta, is authority for the statement that on Saturday night the Howland and Columbus tunnels were connected up, thus completing connections with the main line of the mine, and making possible increased shipments. Now that the coast is clear, it is the intention of the company to run the mill to its full capacity of 125 tons daily, and also to make heavy shipments to the smelters. Manager Tony Jacobson goes to the mine this afternoon for the purpose of installing a third shift for a most vigorous campaign.

CONCENTRATES.

John Dorn, president of the Con. Merc., is expected back from New York on Thursday.

The Sheba Gold and Silver Mining company will hold its annual meeting in this city on Monday, Dec. 12.

The Taylor Brunton sampler reported today four cars of ore from Tintic, four from Tonopah and three from Bingham.

Clarence McCormick has gone to San Francisco to confer with Col. O. P. Posey concerning the sale of the Gold Ridge property in Arizona.

Receipts at the Pioneer sampler today consisted of three cars of ore from Idaho, one from Nevada, two from Bingham, one from American Fork and two from Tintic.

Bingham Con's earnings for the month of October amounted to \$30,000, while with the increased price of copper the November earnings are estimated at \$60,000.

Robert W. Rodgers, for five years superintendent of the Bingham Con's properties at Bingham, has tendered his resignation and will be succeeded by Charles L. Lawton, Jan. 1.

LIVERPOOL GRAIN.

Liverpool, Nov. 21.—Close: Wheat—December, 7s 3/4; March, 7s 2 1/4; May, 7s 2 1/4.

St. Louis, Nov. 21.—Wool Steady: territory and western medium, 25 @ 27; fine medium, 19 @ 21; fine, 15 @ 15 1/2.

Father Aglus' Mission Is Peace.

New York, Nov. 21.—The Most Rev. Ambrose Alfred Aglus, recently appointed apostolic delegate of the Catholic church in the Philippines, who has just arrived here on his journey to the islands, declares his mission to be one of peace and good fellowship. "I do not come," he added, "as a politician, but shall devote my energies to the spiritual welfare of the people of our faith. I expect to arrive in Manila early in January."

LOCAL MARKETS.

The Thanksgiving markets are opening this week with the usual array of good things, and with plenty of poultry, albeit turkeys are high priced on account of their being much less in quantity. Turkeys are scarce all over the country, owing to unpropitious weather in some quarters, and scarcity of feed in others. However, there is no trouble in getting a turkey if the purchaser is willing to pay the price, which is 25 cents per pound retail in the markets, while some suburban growers are holding out for 27 1/2 cents. Ducks are much cheaper, and will probably be used more than ever this year for the Thanksgiving dinner.

There are no changes in meats, and flour goods continue the same. Lemons are on the rise, lettuce is dearer, and cranberries are 10 and 12 1/2 cents per quart. Idaho apples have gone up 25 cents per box. There are no more Utah tomatoes, no more peaches. Eastern eggs are a trifle cheaper. The prices obtaining in the markets today are as follows:

RETAIL.

Corn, per cwt.	\$ 1.55
Corn, cracked, per cwt.	1.65
Wheat, per bu.	1.10 @ 1.20
Oats, per bu.	1.05
