BY TELEGRAPH.

PER WESTERN UNION TELEGRAPH LINE.

FORTY-SEVENTH CONGRESS.

SENATE.

WASHINGTON, 31.—Miller, of California, from the foreign relations committee, reported favorably the bill to incorporate the Nicaragua Canal Company.

Hawley introduced a bill to retire Quartermaster General Rufus Ingalls with the rank of Major General.

The bill providing for holding the Centennial Cotton and Industrial Exposition in 1884 was called up, and after being amended so as to provide that invitations to foreign nations to participate in the Exposition shall be given by the Board of Managers, instead of by the President, was passed.

The Senate insists on its amendments to the postoffice appropriation bill, and conferees were appointed.

The tariff bill was taken up and after debate the Aldrich amendment and McPherson substitute offered yesterday were rejected.

Frye offered an amendment to make the duty on sugars of all grades 40 per cent. ad valorum, and on molasses 25 per cent.

The debate was interrupted by the presentation of the House resolutions relating to the death of Representative Orth. Harrison, Frye and Voorhees made addresses. The resolutions were adopted. Adjourned.

HOUSE.

WASHINGTON, 31.—The Speaker laid before the House the resolutions of the Board of Trade of Portland, Oregon, thanking the commander of the *Merriman* for his prompt action in punishing insubordinate Indians in Alaska, thus rendering life and property secure; referred.

Reed, from the committee on rules, reported back a resolution providing that the daily sessions of the House extend till 8 p.m.; laid over.

On motion of Caswell, the Senate amendments to the House joint resolution making appropriations for continuing the work of the tenth census, were concurred in.

Valentine, of Nebraska, introduced a bill for the construction of a bridge across the Missouri river at Omaha.

On motion of Carlisle, the duty on alumina alum was reduced from 30 to 40 cents per 100 pounds.

In committee of the whole the House struck from the tariff bill the item placing 10 per cent. on sulphate and salts of quinine, cinchonia.

After completing 52 of the 160 items in the chemical schedule, the committee rose and the House began eulogies on the late Representative Orth, of Indiana.

Resolutions of respect were adopted. Adjourned.

AMERICAN.

WIRED FROM WASHINGTON.

WASHINGTON, 31.—It is estimated that the reduction of the debt for January will be $18,500,000.

Secretary Folger will probably issue a call for $15,000,000 extended 5's to-morrow.

The House committee on coinage weights and measures, to day, had under consideration Folger's letter, recommending either that the coinage of silver dollars be stopped, or additional vault room for the storage of the excess of silver be provided at the various mints and sub-treasuries in the east, and that means be taken to transport the silver at the San Francisco mint (where additional vault room cannot be had) to the east.

Action on the proposition was deferred until the next meeting, on Saturday next.

The committee voted down Fisher's bill to suspend silver coinage, 7 to 3.

California's representatives in the House made a strong and successful fight to-day to have boracic acid and other materials from which borax may be produced, taken from the free list and made to pay a specific rate of duty. When the clause putting a rate of five cents per pound on refined borax was reached, General Rosecrans offered an amendment providing that all other salts of borax used in manufactures and arts should pay a duty of eight cents per pound. Page moved to amend, providing, that pure boracic acid should pay a rate of five cents per pound, commercial borax and borax of lime and crude borax, three cents per pound. Rosecrans, Page and Berry spoke against the retention of boracic acid and salts of borax on the free list. Page made a strong argument in favor of his amendment, which was agreed to 59 to 57.

Teller has decided that Porterfield scrip can only be located upon unappropriated public lands in a state of nature.

Representative Belmont, of New York, has informed the Secretary of the Treasury that his report respecting frauds in the importation of Hawaiian sugar was based on statements before the House committee on foreign affairs, and that unless the statements are absolutely false, they are quite sufficient warrants for an investigation on the subject.

The Secretary of the Interior has directed that the rule of the Department relative to placer locations recently promulgated shall not apply to lands valuable for borate or soda deposits.

The foreign affairs committee reported a substitute for the Nicaragua Canal bill. The names of W. H. Dennison, E. C. Anderson and W. H. Barnum as incorporators in the original bill, are omitted, and John Rosenfield's name is inserted: All the guarantee clauses are struck out.

Secretary Folger informed a delegation including Hon. Richard Smith, of Cincinnati, and Representative Butterworth that he had no authority to extend the time for paying the February taxes on spirits, which fall due on the 5th proximo. Congressional action is needful.

The Secretary of the Interior directed the Commissioner of Railroads to ignore any suggestion looking to an attempt to agree upon facts upon which the claim of the United States against the Union Pacific Railroad is based, and proceed with the preparation of the case.

The Railroads.

SAN FRANCISCO, 31.—Attorney General Marshall has commenced suit against the Central Pacific R. R. Co, to recover $2,000,000 with interest and costs, on the ground that the railroad has refused to carry public messengers, lunatics, prisoners, etc., free of charge, in accordance with the terms by which the State granted aid to the company by guaranteeing interest on bonds in conformity with the act of the Legislature of 1864.

Ottawa, 31.—The Dominion Ministry intimated although the Pacific and Rocky Mountain charter may be revised, no further land subsidies will be granted to railroads in the Northwest.

It is rumored the departments of railroads, cables and public works will be united, and a new department of Indian Affairs created at the coming session of the Dominion Parliament.

London, 31.—A heavy snowstorm is blocking the railroads.

Ottawa, 31.—The Grand Trunk refused freight from the Canada pacific owing to blockade.

Fires and Disasters.

DENVER, 31.—Last night, about three miles from Crested Butte, occurred one of the most disastrous snowslides ever known in the Rocky Mountain region. Late at night 30 men employed in the Howard F. Smith anthracite coal mine were startled from sleep by an ominous rumbling noise, and almost instantly the avalanche was upon them. The building in which they were sleeping was crushed to atoms and the human occupants hurled down the mountain side. The rescuing party started out from Crested Butte as soon as the news was received, and after several hours' indefatigable labor the men were all uncovered. Philip Carmin, Logan Inman, Louis Richards, Wm. Moore, Charles Betts, J. J. Raymond and one other, name unknown, were found dead. Eighteen others were wounded, several fatally. All of the company's expensive machinery was destroyed.

A passenger train yesterday, when within six miles of Crested Butte, divided, the engine going ahead to clear the track. When about four miles from where it left the coaches the engine was struck by a snowslide, ditched, and is now under 20 feet of snow. A wrecking engine which left this morning could not get nearer than two miles of the coaches, and returned to-night for provisions for the starving passengers.

New York, 31.—A fire in the Moffatt building, Broadway and Worth Streets, caused a loss of $47,000; $15,000 on the building, the remainder distributed among 350 tenants; generally insured.

Matamoras, 31.—At the fireworks factory of Senor Meyra, in Amecameca, yesterday, a terrific explosion occurred, followed by flying rockets and bombs. Meyra and four others, members of his family, were burned to death, and others were badly injured.

Gainesville, Fla., 31.—The seminary is burned; no lives lost; insured.

Shamokin, Penna, 31.—The fire in the Bear Valley shaft is extending.

Minneapolis, 31.—The farm house of A. D. Stage, near Darrell, Minn., burned last night with contents. Four children perished in the flames. Stage's wife and baby barely escaped. They were nearly frozen to death in the storm before they could reach the house of a neighbor.

New York, 1.—The Inman pier in this city took fire about 2.15 this morning. The steamer *Egypt* of the National Line which arrived yesterday with the cargo of the sunken steamer *City of Brussels* was at the peer and had discharged most of her cargo, which had not been removed from the dock. Guns and rockets were fired for tugs, and the *Egypt* towed into the stream, with rigging damaged. The warehouse and the *Egypt's* freight were totally consumed.

3.30 a. m.—A great fire is now raging at the foot of Charlton Street on the North River, which lights up the whole city. The premises occupied by the Inman Liverpool Line of steamers and wharves and vessels are burning, and several of the latter have been towed out of danger not much damaged. The fire was succeed by three powerful explosions.

The fire now seems to be under control. The steamer *Egypt*, of the National Line, has been towed blazing to the middle of the river. She only arrived Tuesday. The Inman, National and Guion Lines were all in that immediate region.

A heavy thunder storm to day; a building in Brooklyn was struck by lightning. It is now growing cold fast.

The Catalogue of Crime.

MONTREAL, 31.—A few days ago several bodies were stolen from St. Marie de Manor. An attempt was made to frighten the students into giving up the bodies without success. Then money was tried, and two of the bodies were handed over for $80 ransom.

Denver, 31.—At Socorro, N. M. to-day, Sheriff Simpson brought to town a mangled Mexican as prisoner, who was one of the parties who took part in a terrible duel near that place last night. He and another had been paying attention to the same girl. In order to settle their claim they locked themselves in a room and went at each other with axes. The one brought in chopped his rival in a horrible manner, severing his head from his body, while he himself is terribly cut up and cannot live.

Philadelphia, 31.—Catherine Benson, annoyed by children playing in front of her house, fatally shot Maggie Carlotte, one of a group passing.

Kingsville, Ont., 1.—Last night, as Alf. Allworth, clerk in Smart's bank, locked the door at 11 o'clock, he was pounced upon by three masked men, gagged, dragged into the bank, the key of the vault taken from him, and the safe cleaned out. They then locked Allworth in the vault and left. The amount stolen is not made public, but it is supposed to be considerable. The burglars took a northerly direction and cut the wire to prevent being tracked. Smart's bank and the postoffice were together; both were cleaned out.

A Miniature Rebellion.

ANNAPOLIS, Md., 31.—Cadet officers and midshipmen have resigned. The first and second classes decline their positions. Most of the first class are under arrest. The cause of th etrouble was cadet Woodruffs of the first class was reported for dishonest conduct, having certified on honor to a falsehood, which he acknowledged in writing afterward. He was reduced to the ranks. Cadet Lieutenant Street then led his command on in cheering the broken cadet. The lieutenant was reduced to the ranks, and on reading the order a number of cadets groaned, of the first class. Part of these guilty of mutinous conduct were sent to the Santee, and cadet offices broken, several cadet officers resigned their cadet rank in insubordinate letters. They were placed in confinement on the *Wyoming*. As the demonstration was general, the superintendent stopped all privileges and the usual hops. The cadet officers who sent in their resignations, except Cadet Grinn and Capt. Calvin, were reduced to the ranks and placed in solitary confinement. Owing to the diplomatic character of Calvin's letter of resignation, it was accepted. He was cheered by the cadets. A number of the cadets were placed in solitary confinement.

The National Park.

CHICAGO, 31.—General P. H. Sheridan received to-day from the Secretary of State of Illinois, duly attested an official copy of a joint resolution by the State Senate and House of Representatives, thanking the General for his report on the Yellowstone Park to the War Department, calling attention to the danger of leasing its privileges to any private corporation. The resolution declares against the Park passing into the exclusive possession of said company, to be used by them as a cattle ranch, and for the extortion of money from tourists visiting said Park. The resolution also extends thanks to Senator Vest, of Missouri, for his bill in Congress prescribing rules for the government of the Park.

Business.

NEW YORK, 31.—Clearing House exchanges for the week show the following gains and losses, as compared with the corresponding week last year: gains: Boston 4.3 per cent. St. Louis 8.2, Baltimore 5.10, Pittsburg 15.0, Louisvill 6.0, Kansas City 46.6, Providence 8.7, Hartford 10.0 Memphis 56.1, New Haven 10.5, Portland 12.5, Worcester 7.5, Lowell 4.6, Syracuse 21.7, Springfield 7.10. Losses: New York 2.6 per cent., Philadelphia 2.8, Chicago 9, Cincinnati 18.7, New Orleans 4 8, San Francisco 21.6, Milwaukee 12.9, Cleveland 1.6, Indianapolis 12.0, Columbus 10.0, Peoria 27.6.

Commenting on these figures *Public* says: The report of exchanges for last week is again singular, and its striking feature is again that the chief cities of wholesale distribution report smaller transactions than they did a year ago, while the smaller and manufacturing towns report larger transactions.

This week there is an exceptional increase at Boston, where there have been losses for a long time; and again at Providence, where there was an exceptional loss last week. On the other hand, a trifling decrease appears at Chicago, where gains have long been the rule, and considerable losses at New Orleans, San Francisco and Columbus, where there were considerable gains last week. It is known speculation in products has been rampant at many outside points, which accounts for a large proportion of the exchanges at Chicago, Pittsburg and St. Louis; nor can the amount of payments arriving from such dealings be closely estimated; but, by assuming payment approximating to that which is ordinarily required on speculative dealings, the amount of known sales at different periods gives some idea of the comparative effect upon exchanges. What is more instructive, it enables us to see that exchanges derived from other sources, whether greater or less in each year than is supposed, are quite clearly less this year than last year at the chief points of distribution.

Pittsburg, 31.—The conspiracy suit of Edward Scott against 22 members of the amalgamated association commenced at the quarter session of the court to-day, creating considerable interest, as it involves the rights and liberties of members of the labor organizations. Scott was a suspended member of the amalgamated association. I sat February he went to work in the National rolling mill, but was compelled to resign immediately, as defendants threatened to strike if he was not discharged. Since then he has been unable to obtain employment.

The employees of the Pittsburg chain works, New Brighton, Pa., struck against 10 per cent. reduction; the works are idle.

Next week the lodges of the Amalgamated Association throughout the country commence the revision of the rates of wages paid the past year, with a view of arranging new scales to go into effect June 1st. It is not thought any radical increase will be demanded.

Montreal, 31.—Richard Thomas, managing director of the Canada Manufacturing Company, has absconded, selling his shares in the company without the knowledge of the company partners and contrary to contract. It is said some notes will not be paid at maturity, but will be covered by the managers' shares.

New Haven, Conn., 31.—The rubber works of C. Condee & Co., close February 10th, owing to the high price of raw material.

New York, 31.—Andrew V. Stewart has resigned his position as president of the National Shoe and Leather Bank, after serving in that capacity 28 years, having been again and again re elected.

Rockaway Beach, L. I., 31.—The big hotel sold for $75,000.

Newburgh, N.Y., 31.—Edward P. Roe, author, and James G. Roe, hotel keeper, have assighed; liabilities $75,000.

Topeka, 31.—The Western Union Telegraph Company, composed of Aaron S. Everest, B. P. Wagoner, Frank L. Everest, W. T. Fleming and W. W. Hetherington of Atchison, filed articles of incorporation with the Secretary of State to-day. capital stock $1,000,000.

Detroit, 31.—The Michigan Grape Company of this city has made a conditional transfer of its business and assets to B. H. Howell, Sons & Co., New York, the only creditors, to secure them against loss. The plant of the entire concern cost when started $300,000, and the New York firm, which were large stockholders, advanced $10,000 more.

Cleveland, 31.—The Millers' National Association is here to-day in special session. Nineteen States and about one-tenth of the milling interests of the country are represented. A resolution was adopted empowering the sub-executive committee to act in its discretion to protect members of the Association by settlement or litigation in patent suits.

FOREIGN.

French Affairs.

Gen. Campenon declined the Ministry of War.

The preliminary investigation of Prince Jerome's case is concluded, but the result is not announced.

The printer who printed the manifesto is fined 400 francs.

Theo. Baudin is appointed Minister.

Ferry visited Fallieres, President of the Council, and afterwards had a long conference with President Grevy.

The illness of Fallieres is likely to cause the breaking up of the Cabinet.

Prince Jerome in an autograph letter thanked the Ex-Empress for her visit. She replied, stating in future she would have nothing to do with politics, and invited the Prince to visit her when he regained his freedom.

Fabre's resolutions are expected to pass by a great majority.

The effect of the cashiering of the Orleans Princes is likely to have on the army is the subject of anxious speculation.

General Items.

Vienna, 31.—Notwithstanding the government prohibition, 40,000 copies of the *Tagblatt* sold yesterday, more than the average.

Most of the members of the Chamber of Deputies belonging to the German opposition abstained in a marked manner from attending the court ball last night. They attended instead, the student's ball in aid of the German schulerinn.

There was an earthquake this afternoon on the Bohemian ReisenGeburge.

Cork, 31.—The managers of the Industrial Exhibition ask American exhibitors to consider the advisability of erecting a special building for their goods.

Another outbreak of convicts employed at the naval works, Hawlbowlin Island, in this harbor, has occurred. The mutiny is still progressing.

Odessa, 31.—The *Vestnik* newspaper says, A famine prevails in the government of Kherzon; several peasants committed suicide to escape witnessing the misery of their starving families.

St. Petersburg, 31.—The Czar received Degiera. Subsequently a long dispatch was sent to London regarding the Danubian conference.

Limoges, 31.—Three thousand five hundred porcelain makers are on a strike. A committee is formed under the auspices of the Anarchists to provide relief. The English Unionists sent 1,000 francs.

Marseilles, 31.—The Anarchists are arranging a great meeting to denounce the license tribunal.

Two thousand five hundred Danes in North Schleswig manifest no inclination to meet the Danish representation against expulsion of men who declined to enroll in the Prussian army.

The Prussian Government estimates the cost of proposed extension of State railroads at 76,120,200 marks.

The Secret
of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

79 Dearborn Ave., Chicago, Nov. 7.
I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.
