

NON-UNION MEN ARMED WITH RIFLES

Cincinnati Founders' Association
Feared an Armed Clash at
Newport, Ky., Foundry.

HALF A DOZEN MEN ARRESTED.

Charged With Acts of Lawlessness in
Connection With Strike—A
Plot to Poison.

Cincinnati, O., Nov. 22.—The gravest
fears are entertained of a clash at the
brass and iron foundry in Newport,
Ky., tonight. The Cincinnati Found-
ers' association armed all the non-union
employees there with repeating rifles be-
fore the men quit work tonight. Just
previous to this procedure, the Cincin-
nati underwriters notified the company
that its policies would be immediately
cancelled unless better arrangements
were made to protect the plant.

MEN ARRESTED.

Cincinnati, O., Nov. 22.—Charged with
various degrees of lawlessness in con-
nection with the strike of union mold-
ers of Cincinnati, Covington and New-
port, Ky., that has been in progress
for months, a half dozen men are under
arrest tonight and others are under
surveillance, so that a dozen or more
other arrests are expected at any time.
Those now in custody and charged with
murder are William Patton, alias
Friend, Eugene Trainer and Thomas
Bracken. Fred Raubauer, Jr., is
charged with malicious destruction of
property; Fred Raubauer, Sr., with
abetting destruction of property, and
John Hook with aiding and abet-
ting the destruction of property.
The most important warrant issued
today was for Joseph P. Valentine,
president of the Iron Molders' union
of North America, but as he is out of
the city service could not be had on
him. Valentine telegraphed from Cincin-
nati that he would be here tomorrow.
The headquarters of the Iron Molders'
union are in this city, and it is
claimed that President Valentine has
been directing the strike that has been
in progress in Cincinnati, Covington
and Newport for several months. Dur-
ing that time there have been distur-
bances at different foundries and on
the streets of these cities. On Oct. 7,
Sam Weakley, a non-union molder, was
killed, and Frank Brown, who accom-
panied Weakley, narrowly escaped
from strikers who assaulted them.
The past few days the situation be-
came more threatening around the
foundries and attempts were made last
night to blow up two of them with
dynamite, one in this city and the other
in Newport, Ky. No arrests have been
made in Newport, although the situa-
tion is more threatening there than
at any other locality. The arrest of
the Raubauers, father and son, in this
city, charged with dynamiting the Eu-
reka foundry and their alleged con-
fessions, implicating others, promise sen-
tential developments.

A PLOT TO POISON.

Cincinnati, O., Nov. 22.—Following the
arrest of Thomas Bracken, a union
founder at Detroit last night, for the
alleged murder here Oct. 7 of Samuel
Weakley, a non-union foundry work-
man, private detectives today charged
two plots against certain strikers, one
for the murder of Weakley and the other
for the poisoning of a number of
non-union men who were staying at a
large boarding house.

William Friend, alias William Patton,
also a union foundry worker, who
was charged as one of the principals in
the murder of Weakley.

It is asserted that another non-union
molder named Brown was to have been
killed the same night as Weakley
Brown escaped by running into a store.
It is stated that there were five men
who were to kill Weakley and Brown,
and three of them have left the state
but are under surveillance of detec-
tives. It is alleged that the plot to
poison non-union members at their
boarding house was to have gone into
effect tomorrow night. One of the de-
tectives who has been working on the
case claims to have proof that the
poison had been bought. The foundry
workers of Cincinnati, Covington and
Newport have been on strike the great-
er part of the year.

DYNAMITE USED.

Cincinnati, O., Nov. 22.—The third of
a series of attempts to blow up the
plant of the Newport, Ky., brass and
iron foundry with dynamite, was made
during the night. One of the buildings
was slightly damaged. This foundry is
one of the largest in the country.
The judge Thompson of the United
States district court restraining foundry
employees who have been for months
and are still on strike from entrance.

WARRANT OUT.

Cincinnati, O., Nov. 22.—A warrant
was issued this afternoon for the ar-
rest of Joseph P. Valentine, president
of the Iron Molders' union of North
America, whose headquarters are in
this city. Valentine is charged with
aiding and abetting the attempted
dynamiting of the Eureka foundry in
this city.

DYNAMITE IN A MOLD.

Cincinnati, O., Nov. 22.—Dynamite
was found in a mold at the Eureka
foundry today. Soon afterward war-
rants were issued for Fred Raubauer,
aged 27, a molder's apprentice, and
for his father, and for Joseph Hollowell,
if he existed. The dynamite had hap-
pened the dynamite in the mold would
have greatly damaged the foundry and
endangered the lives of non-union
men. It is stated that the apprentice
confessed that he received \$100 to place
the dynamite in the mold.

ALLEGED ACCESSORY ARRESTED.

Cincinnati, Nov. 22.—Eugene Trainer,
aged 34, married and employed at the
Newport Car Wheel works, was ar-
rested here today charged as accessory
with Bracken in the murder of Samuel
Weakley, the non-union molder, on
Oct. 7. The detective in the employ-
ment of the Cincinnati Employers' as-
sociation and the National Founders'
association state that there will be at
least two more arrests as accessory by
being in the plot to kill Weakley and
Brown. The other two suspects are
not now in the state. In addition to
local officers, 37 detectives from Cin-
cinnati were being working as molders,
men coming with the union men.
In an interview at the jail Patton
admitted killing Weakley, but he claimed
he did it in self defense. He indignantly
denied that there was any plot.

"I will write you what Dr. Pierce's Golden
Medical Discovery has done for me," says George
H. Becker, Esq., of Boston, Pitt County, Ky.
"Thirteen years ago I was wounded by a ball
passing through my lung. I have had a bad
cough almost ever since, with shortness of
breath, and it was very easy to take cold; the
slightest change of weather would cause the
cough to be so bad I would have to sit up in bed
all night. Could not eat or sleep at times, was
all run down, could not work at all. A few
months ago I began using Dr. Pierce's Golden
Medical Discovery. Have now not more than
two bottles, and now can eat, sleep and work,
and I feel like a new man. I cannot find words
to sufficiently recommend Dr. Pierce's Golden

for persons charged with violating the
order of the courts appointing special
watchers on election day and according
them the same privileges guaranteed to
regular watchers under the election
laws. Six arrests of local Democratic
leaders were made, their names being
William H. Green of the city detective
force, James Mullins, a clerk in the
treasurer's office, James Harris, a dis-
trict court bailiff, Patrick Reid, a coun-
ty constable; William Bergman and
Mart Devaney. They were all released
in bonds of \$1,000 each.
The local political contest reached
the federal court late this afternoon
when Otto J. Welmer and L. Abram-
owsky, Republicans, swore to com-
plaints charging Democratic workers
and election officials with ejecting them
from polling booths, thereby preventing
them from voting. Eight arrests re-
sulted, all being released later in bonds
of \$2,000 each. The men arrested are
Mike Maloney, alderman; Frank
Kraike, policeman; Charles
Kovaky, policeman; Edward O'Malley,
Joseph Ray, William Schradsky, Max
Schorowsky and Max Siskel.
The charge in the warrants is based
on section 5508 of the United States
statutes, which guarantees the right to
vote for presidential electors and rep-
resentatives to Congress.

NEW YORK SENATORSHIP.

Chauncey M. Depew Has Pledged
Enough Votes to Elect Him.

New York, Nov. 22.—The selection of
a United States senator by the newly
elected legislature of this state to suc-
ceed Senator Depew was the subject of
conferences today between Gov. Odell,
ex-Gov. Frank Black and Senator De-
pew and ex-Gov. Black in most positive
terms that he would not be a candidate
for the senatorship, and furthermore
that he would not take part in any can-
vass by any one nor interest himself in
the contest. It developed at the con-
ference that Senator Depew has the
written pledge of a majority of the
legislature to vote for him to succeed
himself, and that unless there is suc-
cessful action on the part of Gov. Odell
for another candidate Senator Depew is as-
sured of re-election.

ALEX. RIDDLE'S DEATH.

Coroner's Jury Finds It Was Due
To Starvation.

Colorado Springs, Colo., Nov. 22.—
The coroner's jury has certified that
Alexander Riddle, who was found dead
on Cheyenne mountain on Sunday,
came to his death from exposure and
starvation, while mentally deranged.
The remains were shipped this after-
noon to Rock Springs, Wyo., for inter-
ment. The body had lain on the
mountain side for more than three
months when found.

WRECK AT MIDVALE.

Jury Disagrees in Case of Rich-
ards and Heller, Manslaughter.

New York, Nov. 22.—After eight
hours' deliberation, the jurors at Pat-
erson, N. J., in the case of William T.
Richards and Ernest Heller, charged
with manslaughter in having caused
the wreck at Midvale, July 10, in which
16 people lost their lives, announced
that they could not reach a verdict and
asked to be discharged. Judge Scott
inquired if there were any points on
which they needed instruction but re-
ceived a reply in the negative and ex-
cused the jurors.
It was stated that while the majority
in both cases leaned toward a verdict
of guilty, the minority held out that
the railroad company was at fault for
failing to keep the semaphores in good
order.

A FATAL FEUD IN WEST VIRGINIA.

Mrs. John Wallace Fires Into
Crowd That Was Making an
Attempt on Her House.

FATALLY WOUNDED TOM CURRY

Curry Crowd Was Going to Behead
Her Brother When More Shots Put
Them to Flight.

Huntington, W. Va., Nov. 22.—A
community across the river from York-
ville was the scene of a fatal feud be-
tween the family of John Wallace and
the Curry brothers. Mrs. Wallace fired
into a crowd that was attacking her
house and fatally wounded Thomas
Curry.

The Curry crowd then seized the
brother of Mrs. Wallace, bound him
hand and foot and laid his head upon a
log. One of the Curry brothers was
about to decapitate the boy when Wal-
lace fired into the crowd and dispersed
them. The Curry crowd later resumed
their attack, when Mrs. Wallace was
shot twice.

It is estimated that about 500 shots
were exchanged and that 10 members
of the mob were badly injured. The
Wallaces finally escaped. Mrs. Wallace
riding to Louisa, Ky., and giving the
alarm, and Wallace escaped to York-
ville.

NEBRASKA BANKER SHOT.

Wm. Holden of Platte Center
Tries to Hold Up a Bank.

Platte Center, Neb., Nov. 22.—William
Holden, a farm hand, during the noon
hour today, entered the Platte Valley
bank, demanded the bank's cash, and
on the refusal of Cashier Barney
Schroeder to surrender it, shot the
latter in the breast, inflicting a serious
but not fatal wound. He made his
escape in a buggy without securing any
money. Holden was pursued and later
captured by Sheriff Carrig, after the
robber had fired at his pursuers.

Cashier Schroeder was at the teller's
window when the robber appeared. The
latter presented a revolver and de-
manded the cash from the safe. Cashier
Schroeder refused to turn over the
money, and the robber fired at him, the
bullet taking effect in the breast.

The robber jumped into a buggy,
which he had left in a convenient place,
and made his escape. The citizens for-
med a posse at once and started in pur-
suit of the robber, who was evidently
alone.

Sheriff Carrig and a posse captured
the robber nine miles west of Platte
Center. He was taken back and positi-
vely identified by Schroeder, even
though he had changed his clothing and
moved a great way that he was wear-
ing when he did the shooting.

The bandit gives the name of Billy
Holden, and says he has been working
in the beet fields near Orono for about
two months. His home, he says, is in
Michigan. He is about 33 years of age,
5 feet 6 inches tall, weighs 150 pounds,
has dark hair, which was in first
thought to be fatal, is now believed
to be not serious. The ball struck a
button on his vest and its course was
deflected.

GENERAL LAND OFFICE.

Commissioner Richards Makes
His Annual Report.

Washington, Nov. 22.—In his annual
report for this year Commissioner
Richards of the general land office
recommends the exercise of more
deliberate consideration of propositions
looking to the establishment of forest
reserves than has been exercised in the
past. The report adds:
"Though the importance of the ob-
ject to be accomplished by the reserves
and the many local interests to be con-
sidered necessitate great care in pro-
ceeding further in this direction, the
government can well afford at this
juncture to delay action in establish-
ing additional reserves until the force
of forest experts now engaged upon the
work can, by practical field examina-
tions and the necessary scientific re-
search, say beyond reasonable doubt in
what localities and to what extent fur-
ther areas should be set apart for this
purpose."
During the last fiscal year nine re-
serves were created, bringing the total
number up to 59 and increasing the ag-
gregate area covered by forest reserva-
tions to 62,768,494 acres.
The report shows a falling off of
\$1,741,401 in the total receipts of the
office, as compared with the previous
year, and a decrease in the area of
public land disposed of amounting to
6,184,177 acres. With the exception of
1903 the cash receipts were greater
than any previous year.
The patents issued for the year num-
bered 54,386, exceeding those for any
other 12 months in the history of the
office. The receipts were \$9,253,341,
and the land disposed of aggregated
16,405,821 acres. Of this quantity 10-
171,265 acres were entered under the
homestead law, 2,262,554 were patented
as railroad sections, and 1,306,261 un-
der timber and stone entries.
Speaking of the frauds committed
under the timber and stone act, Mr.
Richards says: "With respect to un-
lawful inclosures, 137 reports were re-
ceived showing an area of 3,353,567
acres of public land unlawfully in-
closed. Through the efforts of special
agents 39 inclosures, embracing 717,505
acres of public land, have been re-
moved."
According to the report the total
amount covered into the treasury for
the benefit of the reclamation fund
amounted to \$28,013,836 on June 30 last.

Gang of Counterfeiters Caught.

Philadelphia, Nov. 22.—Secret service

alias "The Mouse," and Charles Clifton,
known as "Buncie Charlie," in the act
of manufacturing counterfeit silver dol-
lars.

Crusade Against Gambling.

Portland, Or., Nov. 22.—The first con-
viction that has resulted from the pre-
sent crusade against gambling was re-
turned today against Eugene Blazler,
part owner in one of the largest gam-
bling resorts of this city. No less than
six cases have been tried against the
big gamblers of Portland, and in each
case the defendant has escaped con-
viction on the plea that he had sold his
interest in the gambling house previous
to the date upon which the crime was
committed. Blazler attempted to es-
cape in a like manner, but his testi-
mony was refuted.

After the verdict had been returned,
Circuit Judge A. L. Frazier, directing

Montana Pioneer Dead.

Missoula, Mont., Nov. 22.—John Nel-
son, one of the best known pioneers of
Montana, was found dead in his bed
in this city today. Heart failure was
the cause. In the days of Marcus
Daly, Nelson was very prosperous, con-
ducting many large enterprises in the
Bitter Root valley. Reverses since
then reduced him to poverty. He was
once sheriff of Deer Lodge county and
many years ago was a contractor on
the Oregon Short Line.

ST. LOUIS BOODLERS.

Boodle Fund to Be Restored to
Rightful Owner.

St. Louis, Nov. 22.—Judge Wood of
the circuit court in the case of Henry
Nicolaus against Thomas H. Barnes,
former president of the Suburban Rail-
way company, the German Savings in-
stitution, Ellis Wainwright and others,
decided today that the plaintiff was
entitled to recover \$75,000, the boodle
fund placed on deposit with the Lin-
coln Trust company by the Suburban
Railway company, to bribe members of
the house of delegates, for the reason
that "Mr. Nicolaus was ignorant of the
purposes for which the money was to
be applied."

Cured After Physicians Said He Had Consumption.

E. H. Jones, Pastor M. E. Church,
Grove, Md., writes: "About seven or
eight years ago I had a very severe cold
which physicians said was very near
pneumonia, and which they afterwards
pronounced consumption. Through a
friend I was induced to try a sample of
Foley's Honey and Tar, which gave me
so much relief that I bought some of
the regular size. Two or three bottles
cured me of what the physicians called
consumption, and I have never had any
trouble with my throat or lungs since
that time."

maker of the note, the court would
probably not grant any relief."
Judge Wood issued an order directing
that the \$75,000 be procured from the
Lincoln Trust company on an execu-
tion, but suspended the decree until the
criminal division of the circuit court
shall decide that the Suburban fund is
no longer necessary as testimony in two
trials of the bribery case.

The testimony submitted to Judge
Wood showed that on Nov. 22, 1900,
Charles H. Turner, then president of
the St. Louis & Suburban company,
borrowed from the German Savings in-
stitution the sum of \$75,000, for which
he executed two notes. Nicholas, as
one of the Suburban company directors,
authorized the loan, endorsing the notes
on which the money was secured.
The money thus obtained was depos-
ited in a box in the safety vault of the
Lincoln Trust company, to be used in
bribing members of the house of dele-
gates to procure the passage of an or-
dinance for the benefit of the Suburban
Street Railway company.

One key to the box was held by Phil-
lip Stock, as legislative or financial
agent of the Suburban company, and

the other by John K. Murrell, business
agent of the house of delegates com-
bine. These facts from time to time
came out in the testimony of former
President Turner and other witnesses in
the trials of various members of the
house of delegates convicted of bribery
and in the confessions of members of
the house combine who turned state's
evidence. Judge Wood in his decision
said:

"The fund in controversy does not
come within the law of escheats, and
could not be appropriated by the state
under the statutes relating to escheats,
nor can it be confiscated by the state."
