

THEATRE.—It is unnecessary to state that the acting of Mr. and Miss Coulstock was excellent last night, for they never play otherwise than first class. "Uncle Tom's Cabin" passed off very smoothly throughout and the after piece, "The Double Bottomed Boat," sent everybody home smiling. Full as Dullemer Pipes, creating lots of fun.

To-night "Dok, or the Cricket on the Hearth" will be presented with the entertainment will conclude with "The Chimney Corner," Mr. and Miss Coulstock appearing in both. The latter play, in the latter place, is one of Mr. Coulstock's great specialties.

The Hernandez Troupe of pantomimists (jocund, misanthropic, etc.) are underlined to appear shortly.

EMPLOYING CHINESE.—The Omaha Herald, of the 3rd inst., has the following concerning the Rock Mountain Coal Mining Company:

"We learn from Dr. C. A. Henry, one of the managers of the company, that they have recently discharged all their white employees, except the foreman, and have substituted Chinese to the number of two hundred. With this kind of labor the company is confident of saving fifty per cent. of the previous cost of mining. They have purchased a large tract of land in the latter place, and will turn the ten thousand foot level by September 1st.

UTAH SOUTHERN RAILROAD.—Surveyor General James W. Fox and party left the city this morning for the point of the mountain south, where they will commence immediately with the preliminaries for the purpose of ascertaining the most practicable locality around which to take the line at that point. The decision of this matter will govern the route of the road from Dry Creek south.

The work of construction at the north end of the line is being pushed forward with great vigor, under the personal supervision of Superintendent F. Little. A steam saw mill has been erected on the street immediately west of the Old Fort, in the Sixth Ward, for the purpose of sawing ties, etc., for the road; several car loads of rails have arrived, and more are expected soon. This morning the road, from a point below the Sixth Ward school-house, and the rails were down for a distance of two blocks, and the work was being prosecuted energetically. The southern end of the city presents a lively appearance. Yesterday afternoon, President Brigham Young, President of the territory, and the first spike, in the first rail laid; the second was driven by Bishop John Sharp, Vice-President, the third by William Jennings, Esq., of St. Louis, Mo., and the fourth by Feramors Little, Esq., General Superintendent U. S. R. R. After the ceremony the work of track-laying was immediately commenced.

TERRITORIAL ITEMS.—Received per Denver Telegraph:

LOGAN, JUNE 5th.
A man from Hyde Park, while going into the Canyon for wood, was badly bitten by a bear. Dr. Lamoreaux, from Logan, was sent for to attend him.
Louis Jacobs, about five years old, son of Nicholas Jacobs, was drowned this morning in Logan River. He was walking across a plank and fell from it into the water.
The nights continue very cold. Some of the vegetables have been frozen two or three times.
The Logan and Hyde Park road is impassable on account of snow.
The people are suffering into companies and fighting the grasshoppers. The insects are damaging the wheat field.

DEATHS.
The Rev. Record, of yesterday, states that Mike Canney and Jim Levy, who were wounded in the shooting affray on Wednesday last, are in a fair way to recover, though both were dangerously wounded.
Canney's life was, at one time, despaired of, but his strong constitution finally gained the mastery.
The Sunday and Day school scholars of this place went up Indian Creek about ten miles, yesterday, and had a nice time; 500 souls in all.

TABERNACLE CHORUS REUNION PARTY.
The members of the Tabernacle Chorus in this city will have a Reunion Picnic Party to Richard's Grove, Ogden, on Monday next, the 12th inst. President Young has kindly tendered one car for their use, and one or two other cars will be engaged to accommodate friends who may desire to accompany them and a limited number of tickets can be obtained at Calder Brothers' Music store, at the extremely low price of \$1.50 for the round trip, for which application should be made at once.

A MAJOR'S CHORUS COMING.—We had a call this morning from Charles C. Pell, Esq., agent for Madame Lask's Grand Mammoth Circus, which he informs us will visit this city about the end of the present month. This circus is said to be one of the largest and best in the United States. Mr. Pell was agent for Dan Castello's circus when it visited this city about two years ago. It is claimed for Madame Lask's company that it is fully equal and in some respects superior to what Dan's was at that time. If this be the case it will, doubtless, draw well here, and the exhibition which was met with by Castello. The company will be at Denver on the 13th inst.

CONGREGATION AT WILLIAMSBURG.—We have received from Jesse Elkington, the minister of a conference of the Church at Williamsburg, held at the Mountain Hall there, (May 7th, at 10 a.m., and at which were present W. C. Staines, Immigration Agent; William M. Bromley, missionary from Utah; William Scobie, President of the Williamsburg Branch and a large number of the local brethren. The services were well attended and the subject of the evening was "The Church and the World." The report which was read, showed as follows: High Priests, 2; Elders, 35; Priests, 17; total, 54.

In the afternoon the congregation was addressed by Elders W. C. Staines and Wm. M. Bromley, who gave excellent instructions, and a good time was enjoyed by all.

LITERARY.—Hans Brismann's new book, entitled "Hans Brismann in Europe, and other new ballads," is in press and will be published in a few days by T. B. Peterson & Co., Publishers. The book contains Brismann's travel notes & experiences in Paris, in Belgium, in Holland, in Germany, in Italy, in Rome, where he interviews the Pope; also, Brismann as Trumpeter, etc. It will no doubt prove to be more popular than his celebrated "Bart." It will be published in one volume, on the finest United States paper, with a portrait of Brismann on the cover, and sold by all booksellers at seventy-five cents a copy, or copies of it will be sent to any one, at once, in any place, post-paid, on receipt of the price by the Publishers.

INFORMATION WANTED.—Of the whereabouts of Charles Ludwig Lundberg, a young man, about 14 years old, who was away from his home in the 10th Ward, about 15 days ago. Any person leaving the desired information, or news of him, should call at Kimball's Mill will relieve the anxiety of his sick mother.

Special Notices.

Address of Church Immigration Agent.
—Mr. William C. Staines, Box 107, New York.

WANTED.—A dwelling-house containing four or five rooms, near the Railroad Depot. Inquire at this Office.

ANNOUNCEMENT.

Office of the MARSHEN CUTLERY CO.,
25 Chambers Street, New York, 1871.

For some twenty years we have been before the public as Manufacturers of Superior Silver Plated Table Cutlery, during which time our goods have been subjected to many severe tests, which have established the quality of our goods and proved to be unequalled, if not superior to any goods in the market.

Owing to the difficulty of making a perfect finish, these goods have been sent out without stamp, thereby giving an opportunity for the introduction of inferior goods of other manufacturers in place of our own. This difficulty of stamping being now removed, we, therefore, for the protection of our customers who desire our Standard Plate, shall hereafter use the following "Trade Mark" on all goods of our own making.

For Superior Ivory Handle Knives, Meriden Cutlery Co.

For Solid Steel Silver Plated Knives, Meriden Cutlery Co.

All goods bearing these "Trade Marks" can be recommended with perfect confidence.

We still continue to manufacture a large variety of Rosewood, Ebony, Bone, Pearl and Ivory Handle. Also Exclusive Manufacturers of the Patented Hard Rubber Handle Cutlery. Respectfully Yours,

MERIDEN CUTLERY CO.

We are a stock of cutlery from Messrs. J. W. Butler & Co., of Chicago, successors to the well known and old established firm of Luffin, Butler & Co., dealers in coarse and fine papers, grocers' bags, printers' inks, writing fluids, book binders' stock and machinery of every description. The goods of the firm to the business men of our Territory, as being every way reliable.

See their card in another column.

ROOMS TO RENT.
