PREMIER BALFOUR ON MACEDONIA.

Her Population is Rent in Fragments by Race and Religious Differences.

HOW TO DEAL WITH SITUATION.

Is by Concert of Europe, but This, Even Where All is Harmony, is Necessarily Slow.

London, Sept. 25 .- Premier Balfour, m a lengthy letter to the archbishop of Canterbury, Dr. Davidson, discusses the Macedonian situation. The letter is a reply to the archbishop's action in drawing attention to the growing uneasiness among churchmen at the apparent apathy of the powers, "while unspeakable atrocities are perpetrated in Macedonla."

Mr. Balfour says he is in entire sympathy with the feelings of horror and indignation, and fully understands the desire to give expression in public meeting to the sentiment of reprobation which recent events justified. Mr. Balfour then proceeds to analyze the situ-

ation. He says: "We have not to deal with a sample of misgovernment or oppression by Turkish officials, but with a problem complicated by the fact that the Chris-than population of Macedonia is rent in fragments by differences of race aggravated by differences of religion, and in addition to the ills inflicted by a corrupt and incapable administration and by an HI-paid and undisciplined soldiery by an in-pino and undertpined soldiery and by a detestable system of taxation we have to reckon with all the ills which in a population not imbued with western ideas of humanity, rival na-tionalities and sects do not scruple to indici on one another."

flict on one another." Mr. Balfour adds: "The instrument whereby the situation may be dealt with is the concert of Europe. But this, even were they all in harmony, is necessarily slow, and may easily be is necessarily slow, and may be ineffective if the problem is complex. It was a matter of speculation when Russia and Austria, acting with the authority of Europe, proposed to press the scheme of reforms, which, while lacking in theoretical perfection, came within the circuit of practical politics and would, if more earnestly pressed by the ports faid, more frankly accepted by the Macedonian population, have spared the world the horrors it has since witnessed. Neither of these conditions was fulfilled.

porte, as usual, was dilatory and failed to see that a policy of hu-much was a policy of wisdom. The revolutionists have deliberately done their best to drive the Turk to excesses and furnish him with an excuse for deferring the execution of reforms, meet-ing horrors with horrors and brutality with brutality for the deliberate purpose of driving the Turk to crimes against the innocent and thus play upon the sympathies of the world. Such methods as these are not more morally lerant than the misgovernment which is their excuse.

oming to the question of the attitude of Great Britain, Mr. Balfour points out that Russia, Austria and Turkey cannot be indifferent to a terri-torial redistribution in the peninsula. Greece, Bulgaria, Servia and ania are all interested in the fate

support and aided by the advice of the other signatories of the Berlin treaty." These countries possess, Mr. Balfour asserts, incomparable influence over the antagonistic forces in the peninsula. In fact no other nation or group of na-tions could do it at all if Russia and Austria were hostile. Great Britain was not precluded by the policy out-lined from offering suggestions, which had already been done, and she will continue to do so. But it would be folly to forget that there are occasions when two powers are stronger than when two powers are stronger than three, and that an addition to the numbers carries a diminution of efficiency. These principles, concludes Mr. Bal-four, direct the policy of the British government in the near east and he has no doubt that they are in accordance with British interests and in obe-dience to them lies the best hope of improving the condition of the Mace-

A MYSTERIOUS DEATH.

Hattie Neisen Dies in a Private Hospital in Chicago.

Denver, Sept. 26 .- The News today

Derver, Sept. 26.—The News today says that the police and coroner's office are investigating the mysterious death of Mrs. Hattle Neisen of 5135 Calumet avenue, Chicago, who died yesterdav in the private hospital of Dr. Frederick Clarke at 948 Broadway in this city. Mrs. Neisen arrived in Denver about a month argo alone and went to the month ago alone and went to the Clarke home and, with the exception of a day that she spent in the Emerby Dr. Clarke's orders upon becoming suddenly very ill, she has remained at Clarke's place ever since. During the temporary absence of Dr. Clarke yesterday Mrs. Nelsen was taken suddenly worse and the nurse, becoming alarm-ed, summoned the police surgeon. When the latter arrived Mrs. Nelsen was dead.

Dr. Clarke asserts that Mrs. Neisen was a sufferer from Bright's disease, and that her death was due to uremic pois-oning, superindeuced by the kidney trouble. He says she came to Denver upon the advice of her Chicago physician

G. W. MARTIN GENERAL WESTERN AGENT 1106, 17TH ST. DENVER, COLO,

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or officinal names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company-California Fig Syrup Co.-printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction. Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles

HIGH CLASS DRUGGISTS

AND - OTHERS.

of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name-" Syrup of Figs"-or "Fig Syrup" and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company-California Fig Syrup Co.-printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.
