SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and damp the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

ARAMINTHA C. PETTIT, Plaintiff,
against
LORENZO PETTIT, Defendant,
} In Divorce.

The People of the Territory of Utah, to Lorenzo Pettit, defendant, Greeting:

YOU are hereby summoned to appear in an action brought against you by the above named Araminta C. Pettit, plaintiff, in the Probate Court in and for the County of Salt Lake and Territory of Utah; and answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons, if served within this County, and if not within this County but within the Third Judicial District of the Territory of Utah within twenty days; otherwise within forty days, or judgment will be taken against you by default according to the prayer of said complaint.

This action is brought to obtain a decree from this Court dissolving the marriage contract existing between said plaintiff and you, and for full to appear and answer, as by law provided, the plaintiff will apply to this Court for the relief prayed for in her said complaint and cost of suit.

In witness whereof, I hereunto set my hand and Seal of said Court, in Salt Lake City, this 23d day of May, A. D. 1879.

FORTY-SIXTH CONGRESS.

EXTRA SESSION.

SENATE.

WASHINGTON, 14.—The army appropriation bill was reported back from the committee on appropriations with sundry amendments and placed on the calendar.

The committee struck out the fifth section which provides that each member of the graduating classes of the military academies of 1879 and 1880 may elect to receive $750 and mileage to his place of residence and thereby not become eligible to appointment in the army except in the event of war until two years after graduation, and a clause is inserted in the bill by the committee to repeal the existing law which prohibits any promotion of corps of engineers to fill any vacancy above the rank of colonel.

The morning hour having expired, the Mississippi improvement commission bill went over and the Senate considered in committee of the whole the supplemental judicial appropriation bill.

Wallace explained the bill.

A long debate was had over the method of drawing jurors and repealing the test oath, the points raised being substantially those discussed on the Bayard bill, lately passed, containing the same provisions.

Cameron, of Pa., moved to go into executive session; lost, yeas 21, nays 27.

Wallace having charge of the bill, said he did not wish to force a long session to-night, and suggested a vote be taken on Monday.

Conkling opposed naming any hour for closing the debate.

Allison moved to adjourn; lost, yeas 16, nays 32.

Debate on the jury clause was renewed. The substance of the democratic argument was, that the present law provides that jurors in the United States courts are to be chosen as far as practicable in the same manner as in the highest courts of the State. Adjourned.

HOUSE.

WASHINGTON, 14.—The joint resolution reported from the committee on commerce was passed, authorizing the Secretary of War to convene the board of engineer corps of the army to inquire whether for railroad purposes the Detroit River can be bridged or tunneled at or near Detroit.

The House then, as business of the morning hour, resumed consideration of the bill prohibiting political contributions by employees of the Government.

The morning hour was consumed in voting upon dilatory motions, and the bill went over without action.

Buckner reported a bill requiring the reserve of the National Banking Associations to be kept in standard gold and silver coins of the United States, in lieu of lawful money; printed and recommitted.

The House then resumed consideration of the pleuro-pneumonia bill.

Gowan in explaining the bill declared himself in favor of some law to prevent the spread of pleuro-pneumonia among cattle, but there were many features of the bill which he opposed.

On motion of Hutch the bill was then recommitted.

Herbert who had charge of the next business in order, the Senate bill repealing the test oath, stated after conversation with certain republican members he would not press a vote on it to-day, but he hoped to obtain a vote on Monday.

Senate amendments to the supplemented post route bill were concurred in.

Young asked leave to offer a resolution for the appointment of a select committee to inquire into the cause of the recent exodus from the Southern to the Western States.

Goode objected on the ground that the committee had that subject already under consideration. Adjourned.

EASTERN.

Disaster in Dakota—Eleven Persons Drowned by a Waterspout.

DEADWOOD, D. T., 14.—At Buffalo Gap, Thursday night, by the sudden rise and overflow of Beaver Creek, caused by a waterspout, 11 persons were drowned. Their names were Mrs. Moore, Mrs. Rhodes, Oliver Rhodes, Frank Reed, Clyde Rhodes, Cliff Rhodes and Maud Rhodes, the latter three children, all emigrants, on their way to the Hills from Mills County, Iowa, and four men going from the Hills to the railroad, names unknown. Two were team owners, one a passenger and one a night herder. Five minutes from the first alarm the whole country was flooded, and the water subsided almost as suddenly as it rose.

Later.—Further particulars of the cloud burst, near Buffalo Gap, on Thursday evening, obtained from passengers on this evening's coach, show that the water commenced rising about 8 o'clock in Beaver Creek, one mile this side of Buffalo Gap station, on the Sydney stage road, about 92 miles from Deadwood. Near the banks of the creek were camped a party of nine persons from Mill County, Iowa, and four from the Black hills, and Montgomery Bros. and Clark's freight outfits, loaded with 40,000 pounds, principally Homestake machinery, which was nearly all destroyed and scattered for miles around. All the wagons, with one exception, were destroyed, and only a few mules were saved. No estimate can be made of the loss, at this writing. Nine persons were drowned, whose names were given in the previous dispatch. Four bodies are so far recovered. The water covered a space 40 miles wide and subsided within two hours after the rise. Fragments of wagons, etc., were seen three to five miles from the scene of disaster. All the creeks in and around the Hills are unusually high.

The Approaching Chicago Races.

CHICAGO, 14.—Everything is now ready for the inaugural running meeting of the jockey club beginning to-day week and continuing six days. The two tracks of the association have been especially prepared for these races, the trotters having been sent elsewhere. Owners of stables now here express themselves more than satisfied. Since last fall more than $15,000 has been expended in beautifying the grounds, which are pronounced the best in the country. The great event of the coming meeting will be the Garden City Cup, dash two miles and a quarter, all ages. There are 38 entries, including "Mollie McCarthy," "Clara D. Lottery," "Artful," "Belle" of Nelson Edenburg, "Janet," "Dave Moore," "Bell Dillon." There will be 10 to 15 starters, and as the track is the very best one it is expected the record for that distance will be lower. All the horses here are well. Col. E. J. Baldwin, the California millionaire, owner of "Mollie McCarthy" and other horses, arrived to-day. Henry Schwartz, another California turfman, has a stable here and will visit Jerome Park and Saratoga. On Saturday, the first day of the meeting, there will be two important races, the Pacific Hotel stake for two year old colts with 40 entries, and the Illinois Derby for three year old colts with 45 entries, also a purse race 1½ and a mile heat, hurdle race over four hurdles. Three to four events each other day.

FOREIGN.

GERMANY.

German Politics.

BERLIN, 14.—The German Reichstag has approved the treaty with Samoa. In the debate on the treaty, Herr VonKusserow, counselor of legation on behalf of the foreign office, declared that Germany had no intention of forming colonies. He expressed his approval of the project of a steamer line between Polynesia, China and Germany, and announced the impending conclusions of the treaty with the Sandwich Islands on the most favored national basis.

The Emperor and Empress were highly gratified at receiving from Evarts, American Secretary of State, a message in the name of the President and people of the United States, congratulating their majesties on their golden wedding.

The Berlin magistracy unanimously elected Herr Forckenbeck their representative in the upper house of the Prussian diet.

The North German *Gazette* states that the corvette *Hansa* has been ordered to Valparaiso.

TELEGRAPHIC NOTES.

The Senate will not take action upon the Warner silver bill until next session.

The Iowa fifth congressional district convention to-day nominated Major Thompson to the vacancy made by the death of Representive Clark.

LITTLE COLORADO STAKE CONFERENCE.

The Quarterly Conference of the Little Colorado Stake of Zion was held at Brigham City, Arizona, Saturday and Sunday, May 31st and June 1st, 1879.

There were present, Brothers Allen, Jesse N. Smith, L. H. Hatch, Bishop O. Maun, the Presidency of the Stake, bishops and other prominent men.

After devotional exercises, Bro. Allen read from the Doctrine and Covenants part of a revelation given to Thomas B. Marsh, concerning the Twelve. Every prophet from Father Adam down had spoken of this great last dispensation. Adam, three years before his death, spoke of all that should transpire until the millenium. Isaiah had written our history in coming up to these mountains. Abraham was chosen to stand at the head of Israel. Joseph was reserved to open up this dispensation; and the Apostles, Seventies and hundreds of others had been kept back in the spirit world for 6,000 years, to come forth at this time. Others were inspired to do their part in starting certain principles or perform certain works, such as Calvin, Columbus, and the establishers of this free and independent government. We received the priesthood in the spirit world, now has come our time, and what has God for us to do? Referred to Moses' day, then how few men held the priesthood; now 999 of every 1,000 of the males in the Church hold the Priesthood, either the Melchisedek or Aaronic. These have the gospel to preach to their fellow man. Joseph Smith had sealed his testimony with his blood and gone into the spirit world to unlock the prison doors. Referred to the Twelve fulfilling the revelation requiring them to take leave of the Saints in Far West, on the 26th day of April, 1839; they went forth and brought many to a knowledge of the truth. After a while the Lord revealed the law for the redemption of the dead. Joseph had conferred the Keys of the Priesthood which he held upon the Twelve. The people were called upon to build temples, and when we get an opportunity we should redeem our dead. He then spoke upon the sealing ordinance. Spoke of the Lamanites and the work we have to perform among them, and how their minds had been changed from war to peace. The Priesthood should not set their hearts upon temporal matters or the things of this world, and no one should use the Priesthood to build themselves up in this world's goods. We have been called upon to enter into the United Order as near as we could. The apostles have felt we would have to come to this. He liked what he saw in these two settlements (Sunset and Brigham City); showed how much less chance there is for temptation in this way of being united in our farming and living together, and when men were called on missions, their families would not be left in want to suffer, but would be provided for, the same with men who died.

President Jesse N. Smith, of Snow Flake, had been very busy in the parts he was from, and they had been successful in getting water on the land and crops in. A good spirit prevailed. Spoke upon the heavens being enlisted in our behalf in proportion to the work we perform for the dead, and in this way we will gradually bring the earth from under the power of the evil one. He labored in a united capacity from a sense of duty and not for any earthly reward. Spoke upon political matters, and regretted the sisters did not have the privilege of voting in this Territory, and spoke of the good influences caused by the sisters' presence at the polls. It was for us to be humble and perform every duty required in good faith.

Adjourned until 2.30 o'clock p.m.

Saturday, 2.30 p. m.

After opening exercises Elder L. H. Hatch spoke upon the greatness of the Latter-day work, the necessity of having faith and being united and bringing ourselves in subjection to the Lord and his will, and cherishing the feelings of love and union in our midst.

Elder Jesse N. Perkins referred to the joy and peace that we experienced in keeping the commandments of God. The instructions we have heard should stimulate us to action, and fill us with energy to perform our duties. We ought to be thankful for living in this day.

Bishop Oscar Mann, of Forest Dale, said: Unless we put into practice the things we hear it would profit us nothing. We have come into this country to establish union. Let us let our light shine and practice what we teach, and instruct our children in the principles of the Gospel. A friendly feeling prevailed with the Indians living at Forest Dale.

Brother John Bushman said: The example the faithful elders of this this Church, who are now old, had set before us, should encourage and stimulate us to diligence in performing our duties, and expressed his desires to do his part.

Brother Allen said: Let every may offer up his prayers to the Lord of Sabaoth and when 100,000 elders offer up their prayers in faith, they will not go unanswered. We have the Lord on our side. The earth is our home and we should live that we will be prepared to live upon it when it becomes sanctified. Counselled the young to marry when they were old enough.

Adjourned until Sunday, at 10 o'clock a. m.

Sunday June 1st, 10 a.m.

After the usual opening exercises the clerk read the statistical report of the stake, and presented the General Authorities of the Church, as sustained at the last General Conference in Salt Lake City, who, with the Stake Local Authorities, and home missionaries were unanimously sustained.

Elder John W. Young addressed the conference. Members have no right to vote for any one they had feelings against, when they are sufficiently serious, but they ought to sustain those whom they hold up their hands for. He called the attention of the brethren to the bad state of the roads this side of the Colorado River. Let traveling Latter-day Saints improve the road by removing obstructions, shortening it when practicable, and cutting off patches of sand. Every one should try to find water by digging when traveling the road. Great care should be exercised in using the best of seed on our land. We ought to have places prepared for bathing and preserve ourselves in cleanliness. We should make our improvements beautiful and study from good books. Read a portion of "The Word of Wisdom," showing that those who observed it should find hidden treasures of wisdom, &c. If we would rear up our children properly we would soon have the finest race of people on the earth. If our schools were conducted as they should be, the Book of Mormon, Doctrine and Covenants and other Church works would be used in them. Young men have learned infidelity by going to schools taught by the outside world. The first qualification of a teacher should be, is he firm in the gospel of Christ. Every family should have the Church works in their houses. We could not call ourselves Latter-day Saints only so far as we live up to our duties. He had located at Moan Copy that he might establish a place where travelers might stop, and then spoke upon making ourselves self-sustaining.

Adjourned till 2 p.m.

2 p.m., June 1st, 1879.

After the usual opening exercises the sacrament was administered. The Lamanite missionaries were presented and sustained.

Elder Orson Cluff bore testimony to the truth of the words spoken, and exhorted all to faithfulness.

Elder Llewelyn Harris bore his testimony and gave an account of his labors among the Lamanites.

President Lot Smith fully endorsed all the instructions that had been given at this conference, and hoped we would faithfully perform our duties.

Brother Allen spoke upon the erroneous ideas of the world regarding God. There is but one gospel revealed for the salvation of the human family. Joseph Smith knew the principles he brought forth were not of himself, but of God. Spoke upon the education of our children; the mothers in Israel should pray and teach their children to pray; every one would receive the glory he lived for; our object is to work for our own salvation and the salvation of our fellow men.

Choir sang an anthem.

Conference adjourned to meet on Saturday, August 30th, 1879. Place of meeting to be designated hereafter.

Benediction by President Jesse N. Smith.

F. G. NEILSON, Clerk.
