WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties are Transfers at connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE

Is the direct and favorite line between Chicago and Minneapolis and St. Paul. Its close connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

Wired From Washington.

WASHINGTON, 16.—Chas. A. Wetmore, Chief Executive officer of the California State Viniculture Commission is in the city and will remain several weeks to consult with the officers of the Administration and the members of Congress concerning the best forms of legislation necessary to secure the continued prosperity and development of the vinicultural industries throughout the United States. Wetmore comes with an official letter of the Governor of California addressed to the President.

It is learned at the White House today that the vacancy in the office of Assistant Treasurer at New York will be filled next week.

The Senate committee on public lands to-day authorized its chairman, Senator Plumb, to report favorably the bill introduced by him to extend the laws of the United States over "the public land strip" south of the state of Kansas. The bill attaches the strip for judicial purposes to the judicial district of Kansas. The committee has amended the bill by providing that the land shall only be secured in this strip under the provisions of the homestead law. The committee also authorize Plumb to report favorably his bill to grant a right of way through the public lands for irrigation purposes.

The Secretary of the Treasury today sent a communication to Senator Morrill, chairman of the Committee on Finance, in which he acknowledges the receipt of his letter requesting the "reasons" for the suspension of a certain Collector of Internal Revenue and the appointment of another person, in his place, and then says in substance: "I would reply that as yet I have received no instructions from the President in relation to transmitting the papers and information called for." About fifty applications from the same committee for similar information were answered in the same way.

A meeting of the Pacific Slope congressional delegation had been arranged for to-night to agree upon a uniform policy in the treatment of matters affecting that section likely to come up before Congress during the present session. As there were a number of absentees the meeting was postponed until next week. The members present informally discussed the Chinese questions, but in the absence of a full delegation no formal expression of opinion was given.

Sudden Death of Secretary Bayard's Daughter.

WASHINGTON, 16.—Miss Kate Bayard, eldest daughter of the Secretary of State, dropped dead at her home just as she was starting to the White House to attend Miss Cleveland's reception.

Miss Bayard had accepted an invitation to assist Miss Cleveland at her reception this afternoon, and that lady and her guests, Miss Utley and Miss Love, who were also to assist at the reception, were awaiting Miss Bayard's arrival when they received news of her death. It was just about five minutes to 3 o'clock, and the reception was to begin on the hour. The Marine Band was stationed in the main vestibule, and the leader was conversing with Colonel J. M. Wilson with regard to playing a tune as a signal for the opening of the reception. Many callers had already arrived and were waiting for the doors of the Blue Room to be thrown open. The President was engaged in conversation with a visitor in the library and Miss Cleveland and her guests were chatting with Colonel Lamont in a parlor on the second floor, prior to descending to the Blue Room, where the reception was to take place. The absence of Miss Bayard was commented on as singular, as she was usually very prompt in such matters, and was momentarily expected to arrive. While they were wondering at her delay, a messenger notified Colonel Lamont that Harry Bryan, private secretary to Secretary Bayard, was in his office and had "something important" to communicate to the President. Colonel Lamont excused himself and went to see Bryan. That gentleman informed him that Miss Bayard was dead, and that Secretary Bayard had instructed him to communicate the fact to the President. Colonel Lamont at once informed the President, who was very much shocked at the unexpected intelligence, and the two gentlemen joined the ladies and announced the sudden death of their friend. Orders were at once issued to close the house. The band was dismissed and the people in waiting were notified that the reception had been postponed. Ushers were stationed at the main door and at the carriage entrance to inform all callers that the house was closed for the day. The news spread quickly throughout the city and universal regret was expressed at the sad occurrence. The President, upon the receipt of the message of Secretary Bayard announcing the death of his daughter, recalled the invitations to a dinner which he had intended to give Monday evening in honor of Mr. and Mrs. Erastus Corning.

The immediate cause of Miss Bayard's death was disease of the heart. She had been troubled with weakness of that organ, and had been treated by the family physician at intervals for several years. At the reception at her father's house last night it was remarked that Miss Bayard was unusually animated and taxed herself to the utmost to entertain the guests. It is presumed the undue exertion may have precipitated the fatal attack. The young lady retired about 1 o'clock last night, expressing the wish to be undisturbed till noon. Between 1 and 2 o'clock this afternoon, her sister endeavored to awaken her, and struck by the peculiar expression of her face, called for assistance. As soon as the family recovered from the consternation into which it had been thrown, physicians were summoned and powerful restoratives, including electricity, were applied, but in vain. The physicians expressed the opinion that Miss Bayard had been dead several hours when the attempt was made to awaken her. The interment will take place probably on Tuesday next, at Wilmington, Delaware, where Secretary Bayard's parents are buried. The news of Miss Bayard's sudden death caused a profound sensation throughout the city, and for a time, in the absence of any definite details, a number of wild rumors were circulated. The facts, however, as stated above, are from unquestionable sources.

Wanted to Lynch Him.

VINCENNES, Ind., 16.—A masked mob appeared at the jail this morning where Holly Epps, the negro who killed farmer Dobson is confined, and demanded the keys from the jailor Catler. He refused to give them up and the mob then attempted to batter down the jail door that they might obtain Epps and hang him. The door, however, withstood the blows directed against it and the mob dispersed. It is stated they will return to-night with largely increased numbers, and make a second attempt to get at the murderer. The Sheriff in the meanwhile, will endeavor to remove Epps to Evansville, Ind., where he will be safer than at Vincennes.

Bitter Cold.

DENVER, 16.—A Benkleman special to the *Tribune-Republican* says: G. W. Tupper, living on a claim, eleven miles southwest of Benkleman, started to a neighbor's and got lost. He was found on the 8th frozen.

Three men named Cherry, Carson and Cassler, left Wono, Kansas, on the 6th. Cherry going home, 16 miles south, Carson and Cassler going to Gundy, 18 miles further, lost their way and were found five days later, 16 miles from Cherry Place, all lying side by side on a small sled. The horses were also frozen. The men had three bales of hay, and 20 gallons of kerosene and some matches.

Silver Resolution.

DENVER, Col., 16.—The following resolution was unanimously adopted by the Colorado Press Association, in session in Denver, to-day:

Resolved, That we emphatically enter our protest against any effort, by whomsoever made, to suspend the coinage of the standard silver dollar. That our thanks are tendered to Hon. James B. Beck, and other members of Congress, for their able advocacy of silver, and we pledge our support to any measure looking to the free and unlimited coinage of silver on an equality with gold.

The Cigar Makers.

NEW YORK, 16.—There are no developments to-day in the difference between the Cigar Manufacturers' Association and their employes. Notice was posted in 16 shops controlled by the Association to-day, that unless the men who have struck in Levy Bros. and the other two shops return to their work within three days, a general lockout will take place on Wednesday morning next in 16 shops.

Nearly 500 cigar packers held a meeting to-day, and resolved to go out with the cigar makers in all the shops where the cigar makers may be locked out.

The Bakers.

PITTSBURG, 16.—The national convention of Journeymen Bakers adjourned to-day after electing Charles Block, of New York, National Secretary and adopting a resolution to boycott all the proprietors who refuse to reduce the hours of labor to twelve hours per day. The next convention will be held in Chicago, January 5, 1887.

Professor Fowler Arrested.

BUFFALO, 16.—Professor O. S. Fowler was arrested to-day and held to await the action of the grand jury on the charge of practicing medicine illegally.

Gotham's Assessed Valuation.

NEW YORK, 16.—The tax commissioners have completed their table of the assessed valuation of real estate in this city for 1886. They fix the total at $1,206,112,505 which is an increase of $47,669,267 over last year.

Another Exodus of Colored Laborers.

CHARLOTTE, N. C., 16.—The exodus of colored laborers from North Carolina for points west, is beginning to excite some interest. Charlotte is a railroad center, and it is here that emigration parties are made up, and the railroad agents meet and arrange for their transportation. Not less than three hundred have left the State, mostly for Arkansas and Kansas, but as there seems to be no further demand for them in Kansas, they are now going to California. Last night seventy were turned over to the Santa Fe and the Missouri Pacific roads for transportation to California. This batch of emigrants is bound for Los Angeles, having contracted to work in the vineyards and fields of E. J. Baldwin, who owns over two million acres of land. According to an agreement made with Baldwin through his agent, before leaving here they are to get $12 per month for the first year, and board and house free. Baldwin advanced the money to pay their transportation to Los Angeles, the price per ticket being $59.70.

The Entombed Miners.

WILKESBARRE, Pa., 16.—The rescuing party at work on the stope of one of the Nanticoke mines of the Susquehanna Coal Company, had up to an early hour this morning, 70 worked their way through over 3,000 feet of sand, culm and rocks and are now hourly expecting to reach the fatal chamber. Yesterday practical miners were doing much toward aiding the rescurers, and they do not hesitate to say that from present indications the men are all buried beneath the sand. When they reach the fatal spot, should this prove true, it may yet take several days before any bodies can be recovered.

SUNDAY'S DISPATCHES.

Killed by a Colorado Snowslide.

DENVER, 17.—The *Tribune-Republican's* Ouray, Colorado, says: The Ruby Trust cabin, on Mount Sneffle, was carried away this morning by a snowslide, burying six men. A relief party was immediately formed and the victims were soon recovered. Martin Pearson and Andy Peterson were found dead. The other four were badly injured.

Pardoned on Account of Poor Health.

ST. PAUL, 17.—The Governor this morning signed a pardon in the case of D. E. Swan. Swan was local treasurer of the Northern Pacific Railway Co., at St. Paul, and being convicted of embezzlement was sentenced to 13½ years imprisonment, from Jan. 7, 1885. Since his incarceration his health has been failing and on that account his friends have been making unusually prompt efforts for his release. His present appearance indicates that he may not and quite likely could not live another month. Dr. Murphy says that he found Swan in a very emaciated condition and that he cannot live very long as at present confined, or many years anywhere.

The World's Champion Compositor Beaten by Barnes.

CHICAGO, 17.—Upon yesterday's figures being corrected this morning, it was found that Levy had taken the third place in the type-setting contest. It is impossible to get a verified table to-night, but as near as can be ascertained the total number of ems set by each man at the close of the tournament is: Barnes, 39,210½; McCann, 37,800¼; Levy, 34,918; Hudson, 33,704½; Monheimer, 33,347½; Creevy, 33,230; DeJarnett, 31,429. This gives Barnes the first, McCann the second, and Levy the third prize.

FOREIGN.

An Illegal Organization.

DUBLIN, 16.—The *Freeman's Journal* to-day says: The Cabinet at its meeting yesterday discussed the propriety of issuing a proclamation declaring the National League an illegal organization.

France and Madagascar.

PARIS, 16.—The treaty of peace between France and Madagascar has been ratified.

SUNDAY'S DISPATCHES.

Open War on the Clergy.

PARIS, 17.—Monarchist papers denounce the government's declaration regarding the clergy as an open war upon the clergy and church.

On the War Path.

ATHENS, 17. — The ministry have threatened the King that they will resign unless he assents to an alliance with Servia and the maintenance of the army on a war footing.

Demanding More Territory.

LONDON, 17.—Prince Nikit, of Montenegro has gone to Constantinople to protest against the Bulgarian union and to demand an extension of the territory of Montenegro.

The Pope Complains.

ROME, 17.—The Pope, on receiving Count Behaine, French envoy to the Vatican, complained of the conduct of the government of France towards the church. The Pope's allocution in reference to the Carolines question, congratulates Catholics upon the fact that the supreme authority of the church has been amply recognized by two illustrious powers, between whom the church's counsel has assured concord.

France Getting a Foothold in Madagascar.

PARIS, 17.—The government of Madagascar has consented to allow France to have a minister resident at the capital, and to maintain a special French guard.

Denouncing the English Press.

DUBLIN, 17.—In Chapel Michael and John to-day, Archbishop Walsh denounced the English press for slandering the Irish people, in accusing them of being addicted to crime. He appealed to the hierarchy to condemn such slanders.

Not Illegal.

DUBLIN, 17.—The Irish Exchequer Bench has ruled that the National League is not illegal, as it exists in every county in Ireland without secrecy, and has been tolerated by the government who know its objects.
