Last Night's Dispatches.

EASTERN

Arrival of the President.

ALBANY, 16.—President Grant reached here this p.m., and met with a cordial reception; a salute was fired and there were other demonstrations.

Assets and Liabilities of Duncan, Sherman and Co.

NEW YORK, 16.—The following entry was made in the clerk's office of the common pleas court to-day: "In the letter of assignment, dated 27th of July, 1875, by Wm. Butler Duncan, Wm. Watts Sherman, and Francis H. Grain to Wm. D. Sherman, Aug. 16, 1875, received a schedule of debts and inventory of assets; debts and liabilities $4,910,138; the assets nominally amount to $2,119,468, but actually to $2,830,853.

Cost of Printers' Ink — Passed Through the Suez Canal—Dead.

WASHINGTON, 16.—W. J. Murtagh, editor and proprietor of the *National Republican*, brought a suit against the District Commissioner to-day, to recover forty-seven thousand dollars, the amount claimed by him as remaining due for the advertising of the tax sales last June, fifty thousand dollars having already been paid by the Commissioners on account.

A telegram was received at the Navy Department this morning from Rear Admiral Reynolds, now *en route* to command the Asiatic station, dated Suez, Aug. 16th, announcing that the *Tennessee*, his flagship, has passed through the Suez canal. The department also received information this morning of the death of Commander G. M. Morris, U. S. N., at Jordan Alum Springs, Va., yesterday; Commander Morris was in command of the *Cumberland* when she was sunk by the *Merrimac*, in Hampton roads.

More of the Marine Frauds.

The *Evening Star* says of the marine frauds, that by some means Barnum & Bros., who manufactured the clothing in New York, ascertained that the amounts of the bills which they made out in blank were not filled up by Captain Maddox, the inspecting officer in Philadelphia, and some time ago they resolved on a bold move. They made a bill out, which would cover twenty-three thousand dollars for clothing, which they had not manufactured. It was sent to Captain Maddox at Philadelphia, who approved it. It is said that his approval was secured through the collusion of one of his clerks; at all events he gave a certificate of inspection covering enough garments to meet the aggregate of the list, and also approved it and sent it on to Washington to General Zelin, who likewise approved it, and Major Slack paid the bill.

CANADA.

Steamer Sunk.

TORONTO, 16.—The steamer *Rothsay Castle*, well known as a successful blockade runner during the war for the Union, on entering Toronto harbor this p.m., with 300 excursionists on board, struck a sunken snag, and rapidly sank to the upper decks; the passengers were taken off by tugs and landed safely.

FOREIGN.

TURKEY.

Captured by Insurgents.

RAGUSA, 16.—Intelligence has been received from Sclavonic sources that the insurgents in Herzegovina have stormed Fort Govansko, near Pivi, and captured the town of Mitaki.

AUSTRIA.

More Insurrection.

VIENNA, 16.—A dispatch from Agram reports that an insurrection has broken out in Turkish Croatia, in the district between Kostainieza and Dubeeza, along the Austrian frontier; the insurgents have surprised a guard house, killed the guards and seized their arms.

GREAT BRITAIN.

Ratified.

LONDON, 16.—A treaty of commerce between China and Peru was ratified on the 7th inst.

Crop Reports—Alfonsist News.

The *Mark Lane Express* in its review of the crops for the past week, says—"The unsettled weather has been very unfavorable for harvest work, which is everywhere delayed, and the high temperature has put the wheat in some danger of sprouting, and while its condition must necessarily be unsatisfactory, the London market, from constant arrivals of foreign grain, has not shown activity or a tendency upward. The Paris market has felt some reaction and the rates have given way one shilling to one shilling and sixpence per quarter. It seems confirmed there, as well as here, that neither samples nor quantity will come up to last year's, while the condition is greatly jeopardized where the gatherings are not complete. In Austria and Hungary the same sort of a result is looked upon as certain, and northern Europe has had much the same sort of weather, therefore the samples must partially be affected. Russia reports a very unequal growth, being most affected by a very early drouth, the damage from which subsequent rains could not repair. Belgium and Holland have been much interfered with in their harvests, and the spread of the potato disease is no longer doubtful.

The Carlist Committee here report that they have received official advices from the commander of the troops defending Seo de Urgel, to the effect that the Alfonsists have captured none of his positions, and have lost 1,500 men during the seige; the citadel and fort are intact; that the garrison has forty-five guns, and is well supplied with ammunition and provisions. One of the Alfonsist batteries has been silenced. The besieged have made several sorties with success.

Courtesies to the American Squadron.

The corporation of Southampton and the Chamber of Commerce of that city have each tendered a reception and banquet to the admiral of the American squadron and his officers; the squadron will probably remain at Southampton during the remainder of the month, and these courtesies will be accepted.

SPAIN.

Compelled to Retreat.

MADRID, 16.—The Carlist force mentioned on the 10th inst., as having passed through Berga, with the expectation of surprising the Alfonsists engaged in the siege of Seo de Urgel, approached to within three leagues of the besieged town, but the movements of the royal army necessitated their retreat to the mountains.

PRUSSIA.

Old Catholic Conference.

BONN, 16.—In the Old Catholic conference, to-day, Dr. Dollinger announced that an agreement as to the procession of the Holy Ghost had been attained on the essential point; the communication was received with rejoicing by the members of the conference.
