

STANDARD OIL'S TURN HAS COME

Atty.-Gen. Moody Announces Purpose of the Government to Prosecute It.

WILL BE UNDER ELKINS LAW.

Should Investigation Justify, Will Bring Action Under Sherman Anti-Trust Law.

Washington, June 22.—Formal announcement of the purpose of the government to prosecute the Standard Oil company was made today by Atty.-Gen. Moody. It appears from his statement that the proceedings in the first instance will be had under the term of the Elkins law which prohibits rebates in interstate commerce. The attorney-general, however, gives notice that in all probability should the investigation be so full as to justify it, he will bring a federal action against the Standard Oil company under the terms of the Sherman anti-trust law, and also will take steps to insure against the company's part of the competition in the oil business, and to prevent discrimination in trade and transportation under existing law, but especially provided against in the pending Elkins bill. The attorney-general's statement follows:

"I have full consideration of all information now available including the report of the commissioner of corporations and the evidence taken by the interstate commerce commission, I have reached the conclusion that in criminal proceedings against the Standard Oil company should be begun in certain cases where there appears to be a violation of the laws regulating interstate commerce and prohibiting rebates and other unlawful discriminations. Accordingly such proceedings will be begun at once in the appropriate judicial districts. These cases are regarded as being of the nature of a violation of law and in some cases, though injurious to the public welfare, not in violation of law, and therefore subject only to such correction as may be afforded by the railway rate legislation now pending in Congress.

"I shall continue the investigation of the affairs of the Standard Oil company and of such complaints as have been or may be brought to the attention of this department with the view of ascertaining whether or not there has been any violation of the anti-trust act or any of the other federal laws. This investigation will require cooperation of the department, and I have employed as special counsel Frank E. Kellogg of St. Paul, who was one of the counsel for the government in the recently terminated litigation against the Western Union telegraph company, and James B. Morrison of Chicago, now United States attorney for the Northern District of Illinois. Mr. Morrison will in the near future resign his place as district attorney.

"The course of action I have stated has received the approval of the president and all the members of the cabinet."

MRS. SCHECK ARRAIGNED.

Los Angeles, June 22.—Mrs. Arilla Scheck, jointly accused with Ernest J. Sackpile of the murder of her husband, Joel Scheck, was taken before Judge Rose unexpectedly today for arraignment. The preliminary examination has been set for July 2.

CINCINNATI MEN INDICTED.

Cincinnati, June 22.—Five indictments were reported by the grand jury today growing out of the investigation of public officers here by the Drage commission of the state senate.

BAD COMPLEXIONS.

AND THE BEST REMEDY FOR NINE CASES OUT OF TEN.

Depraved Blood Causes Pimples and Boils—Dr. Williams' Pink Pills Make New Blood and Cure Follows.

"I abused my stomach, my blood got out of order and then my face broke out with pimples and boils," says T. E. Robertson, of 197 Addison street, Washington, Pa. "This was over two years ago. My stomach was in bad shape. After eating I would have to rest awhile, or I would suffer the most severe pains in my stomach. On rising I would often be so dizzy that I could hardly stand up. The slightest exertion would start my back aching so that I often had to sit down and rest awhile. At times I experienced a pain around the heart which alarmed me but which I supposed came from my stomach trouble."

"I began to break out on the face with pimples and later with boils which confined me to the house a week or more at a time. One day I saw Dr. Williams' Pink Pills for Pale People advertised in a pamphlet which was left at the door and I thought I would give them a trial. I took several boxes of the pills before all the pimples and boils left me, but I am now glad to say that my blood is good. I do not have any eruptions and I no longer have the head and stomach troubles I have described. I am very grateful for what Dr. Williams' Pink Pills have done for me and I have recommended them and always will advise those who are suffering from bad blood or stomach trouble to try them."

Dr. Williams' Pink Pills are guaranteed to be safe and harmless to the most delicate constitution. They contain no morphine, opiate, narcotic, nor anything to cause a drug habit. They do not act on the bowels but they actually make new blood and strengthen the nerves. If you want good health you must have good blood. Bad blood is the root of most common diseases like anemia, rheumatism, sciatica, neuralgia, St. Vitus' dance, nervousness, indigestion, debility, general weakness, paralysis, locomotor ataxia and the special ailments that only women can suffer from.

Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, 50c. per box, six boxes for \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y.

The Forepaugh-Sells Bros. show. The results probably will end the circus war that has raged fiercely through this season of extravagant advertising and price cutting.

DOGS' STOMACHS REBEL AT "PRESERVED" MEATS.

Chicago, June 22.—A dispatch to the Record-Herald from Topeka, Kan., says that when the stomach of a dog rebels at food, the dog is said to be "preserved" by the use of the word "dog" in the name of the food.

Dr. Crumrine told of experiments he had made on dogs and with the results as he put it, "the dog is said to be 'preserved' by the use of the word 'dog' in the name of the food." The first report was that her condition was exceedingly grave and that it was doubtful if she would recover. Dr. William E. Quine said last night, however, that Mrs. Mizner was in no immediate danger. He said that if she died it would not be due to appendicitis, but to the result of the operation. The first report was that her condition was exceedingly grave and that it was doubtful if she would recover. Dr. William E. Quine said last night, however, that Mrs. Mizner was in no immediate danger. He said that if she died it would not be due to appendicitis, but to the result of the operation.

An emergency operation was performed Thursday, and yesterday the case appeared to be somewhat more hopeful. Dr. J. H. Murphy performed the operation at the residence. Following a night of considerable pain, Mrs. Mizner said yesterday that she felt much easier and was sure she will be restored to health. Mr. Mizner has not been notified of his wife's illness.

Mrs. Mizner, under the will of Mr. Yerkes, received absolutely no \$200,000. She has during her life, however, a half interest in the estate, estimated to be worth \$15,000,000. Mrs. Mizner, several months ago, before she came to Chicago, announced her intention of giving \$1,000,000 to found a hospital in Chicago to the memory of Mr. Yerkes, and it was said that her will provided for a legacy of that amount.

ARRESTED FOR FORGERY.

T. E. Padden, a Clerk in the Chicago City Hall.

Chicago, June 22.—Thomas E. Padden, until six weeks ago a clerk in the city controller's department, and latterly a clerk in the water pipe extension office in the city hall, was arrested last night on charges of forgery, burglary and operating a confidence game. He is alleged to have broken into the safe in the auditor's office, taken blank pay checks, forged the name of city officials and talked money on these. Just how much the clerk had obtained through the fraud the police were unable to learn last night, and the departments and involved and other city officials refused to talk about the case.

Padden had been employed by the city for several years and had always borne a good record.

CONSUL BIRKHOFF PROMOTED.

Chicago, June 22.—George Birkhoff, Jr., for 20 years has been consul for the Netherlands in Chicago, has been raised to the rank of consul-general. Notification to that effect was conveyed by a telegram received by Mr. Birkhoff from the Dutch minister in Washington. The promotion is a recognition of the services rendered by Mr. Birkhoff to the Dutch government in the queen's father, King William III, and has twice been decorated, once by the queen in 1914 and by the Grand Duke of Luxembourg in 1916.

TWO BRIDGE JUMPERS.

One Killed Himself But the Other Failed To.

New York, June 22.—Two bridge jumpers one on the Williamsburg bridge and the other on the Brooklyn bridge caused excitement among the police yesterday about a "crazy" man. One man, Victor Steffensen, a young Swedish painter, succeeded in throwing himself over the rail of the Brooklyn bridge and plunged 125 feet into the river. He was killed. The second man, John M. Glazier, 31 years old, was not successful in carrying out his design.

Glazier left the German Evangelical home for aged men that Brooklyn yesterday dependent on the recent death of his wife. Walking to the Williamsburg bridge he tried to jump into the river from the promenade, using an umbrella as a parachute. He hit in the roadway, which is 25 feet wide and considerably higher than the promenade, and was taken to a hospital with three ribs broken. At the hospital he said he was tired of life. He will recover.

MACARONI MAKERS COMBINE.

New York, June 22.—Considerable interest was manifested in financial circles yesterday over an announcement of a combination of macaroni manufacturers. The capital will be \$2,500,000, and the organization will be known as the Flour Products company. The concern that will go into the combine, according to the prospectus are:

The Retailing Warner company, in Syracuse; the Cleveland Macaroni company of Cleveland, O.; the P. G. Miller company, Cincinnati; National Macaroni company, Libertyville, Ill.; Minnesota Macaroni company, St. Paul; Crescent Macaroni and Cracker company, Davenport.

port, Ia., and San Antonio Post Office Works, San Antonio, Tex. They have a combined annual output of 2,000,000 pounds.

ROBT. E. DELACEY DEAD.

Was Member of New York's "Boodle Board" of Aldermen.

New York, June 22.—The funeral of Robert E. Delacey, a member of the "boodle board" of aldermen of 1884, was held last night in his home in the little Harlem flat. Delacey died Tuesday from rheumatic ailments of long standing, but his death was not generally known until today. Delacey was a member of the board of aldermen in 1884 when the late Jacob Sharp obtained from the board a franchise for the Broadway street railway. Charges of bribery were made against Sharp, who was convicted and went to prison and against Delacey and several other aldermen, the board receiving the popular approval of the "boodle board." When the indictments were returned in 1886 Delacey and several of his fellow aldermen fled to Canada, and for four years lived in Montreal. Finally Delacey returned, gave bail in \$10,000 each and were never tried. Delacey was nearly 70 years old and for years had been in feeble health. He lived alone with his wife who had stuck to her husband through all his life, and was the only one with him when he died. She was practically the only one at the service over his body.

In efforts to keep his identity a secret the former alderman had moved from one neighborhood to another, finally landing in the little flat in Harlem street, 10 years ago.

TO PRODUCE AMERICAN AND FOREIGN DRAMAS.

New York, June 22.—A new concern organized for the production of American and foreign dramas and musical plays, was formed yesterday with a paid-up capital of \$250,000. The men interested are all members of the so-called theatrical syndicate. They now form a corporation which will extend their business interests. The principal officers: President, Frank McKee; vice president, William A. Brady; secretary, Joseph Brooks; treasurer, William Harris; board of directors, Messrs. McKee, Brooks, William Harris, Brady, Ham H. Harris, A. L. Erlanger and Kenneth R. McKee.

The stockholders include A. W. Dingwald, Charles Frohman, Mark Klaw, Henry S. Savage, Fred Zimmerman and Alexander Rees of New York; C. A. Hariz of Cleveland; C. E. Ford of this city; C. A. Spaulding of St. Louis; Raiford and Haylin of Cincinnati; Sam F. Nixon of Philadelphia and B. C. Whitney of Detroit.

In a brief statement by Mr. McKee, he said it would be the biggest producing syndicate in the world.

AUTOMOBILES COLLIDE.

Paris, June 22.—An accident occurred yesterday while the automobiles were practicing for the grand prize of the Sarthe circuit which is to be held this afternoon. Gordon Bennett, international race, An Italian machine, winner of the Italian grand prize in 1905, collided with another Italian car and was burned. A driver named Grazzini had to have three of his fingers amputated.

MRS. YERKES HAS APPENDICITIS.

Chicago, June 22.—Mrs. Wilson Mizner, or Mrs. Charles T. Yerkes, as she prefers to be called, is ill of appendicitis at her residence, 3200 Michigan avenue. The first report was that her condition was exceedingly grave and that it was doubtful if she would recover. Dr. William E. Quine said last night, however, that Mrs. Mizner was in no immediate danger. He said that if she died it would not be due to appendicitis, but to the result of the operation. PEONAGE IN MISSOURI.

New Madrid County Farmers Indicted By U. S. Grand Jury.

Cape Girardeau, Mo., June 22.—The federal grand jury called to look into the evidence on which charges of peonage had been preferred against New Madrid county farmers, has reported two true bills to Judge Finkenburg of the United States district court. Every man arrested by United States Marshal Morsey and his deputies in the recent raid was named in the indictments. Each indictment contained 44 counts. Each represents a test case given by a negro said to have been held in slavery on the Smith farm.

The court issued an order that the men named in the indictment appear within 10 days and give bond for their appearance at the September term of court for trial.

MEAT FOR BRITISH TROOPS.

London, June 22.—In a written reply to the question put in the house of commons, June 20, by Wm. Field, member for the St. Patrick's division of Dublin, as to the source of meat supply of the army, War Secy. Haldane states that the contract for the meat supply for the troops at London, North and South Wales was given to the Nelson Morris company of London, because that was the lowest bidder. He was not informed whether the American branch firm was concerned with other Chicago firms in the existing controversy.

THREE EMBEZZLERS SENTENCED.

Patterson, N. J., June 22.—Three former secretaries of building and loan associations have been sentenced to serve one year each in prison on charges of embezzlement. They are Wm. H. Speer of the People's Building and Loan Association of Passaic, whose alleged pecuniations amounted to about \$14,000; Wm. Maloney of the Mutual Building and Loan Association of Passaic, indicted for embezzling \$4,667; and George W. Allen, of the Manchester Building and Loan Association of Patterson, charged with misappropriating \$5,527.

SIGNED WITHOUT CONDITIONS.

Paris, June 22.—The foreign office has received confirmation of the announcement from Tangier that the sultan of Morocco has signed the treaty treaty. It is added that the treaty was signed without any conditions. This is considered as removing the only obstacle to carrying out the international agreement on the subject of Morocco, the provisions of which relative to the establishment of the Moroccan state bank and Franco-Spanish police at Moroccan ports will be inaugurated in the course of a month.

ILLEGAL GASOLINE TANKS.

Their Removal From Public Property In Chicago Begun.

Chicago, June 22.—With a force of 25 men, a tank wagon and several wagon loads of chinders, Supt. of Streets Department began the removal of illegal gasoline tanks from public property yesterday.

Automobile "cows" in Michigan avenue, was the first territory invaded, and the appearance of the city laborers with picks, shovels and crowbars spread consternation among the dealers who had been violating the city ordinance.

Many of these protested that their business would be ruined and pleaded for more time. Six tanks were covered by the early force. One automobile company dug up its own reservoir rather than leave it to the city.

"NEW YORK LIFE CROWD."

Propose to Form Company to Handle Excess Business.

New York, June 23.—The World today says: There was a report in the financial district yesterday that the men in control of the New York Life Insurance company and its \$400,000,000 of assets propose to form a stock insurance company, and take over all the risks turned in by the immense agency organization of the company in excess of \$150,000,000 a year, the maximum limit of new business which any company may write in one year under the new insurance law.

It is also proposed, it is said, to renege any of the present policyholders of the New York Life who fancy a stock rather than a mutual company. Though an officer of the New York Life emphatically denied that any such project was under consideration, it is believed that what is known in the Wall street district as the "New York Life crowd" has some important move in view which is not yet ready to be worked out.

RACE SUICIDE PROBLEM SUCCESSFULLY SOLVED.

Dallas, Tex., June 22.—Triplets, and all boys, were born to J. W. Hagler and wife of Vernon, Tex., yesterday. At a former birth twins were born to them. They now have 15 children. Mr. Hagler is a prominent citizen and an old-time member of the Dallas community. A telegram was sent to President Roosevelt by Mayor Hall, informing him of the new arrivals.

At Llanos, Tex., Mrs. R. H. Crawford, wife of a prominent citizen, gave birth yesterday to triplets, two girls and one boy. One girl and the boy lived a few hours after their birth. Mrs. Crawford gave birth to twin girls about three years ago.

TORPEDO SINKS CAISSON.

New York, June 22.—An armored caisson, representing the side of a battleship, was sunk by a torpedo shell exploded a short distance from it off the pier at the Sandhook proving grounds yesterday in an experiment to ascertain the effect of a torpedo on a modern battleship.

The caisson, which took the place of the battleship in the experiment, was made of the strongest materials available. The torpedo shell fired at its center, was of the same size as that which would be used in a real battle. When the smoke that followed the explosion cleared away the caisson had disappeared. The caisson will be raised and examined.

CAUSES OF UNREST.

"If you nominate Cummins in Iowa," remarked a Republican member of the house to an Iowa member, "you will make difficulties for us in every state in the Union. Everywhere we will have it thrown in our faces that Iowa has taken the lead for tariff revision, and we will be asked what we are going to do about it."

"Well, you won't lose as many votes on account of Cummins as we will on account of this beef business," replied the Iowa man. "Our cattlemen cannot get a market for their stock, prices are going down, stockmen are not allowed to ride on passes while taking care of their stock, and they are kicking like steers. I have noticed, too, another bill to take away votes from the Republicans is being pressed, that to compel the purchase of canal materials in the United States. This, together with the length of time which the senate has taken on the rate bill, will do as much to us in Iowa as Cummins' nomination will do elsewhere."

NOT A FINAL DISPOSITION.

Some time ago Congress passed a bill for the final disposition of the affairs of the five civilized tribes in Indian Territory, but this is something like a Bernhard or Pauli "farewell." The Indian appropriation bill contained a number of items amending the "final disposition" act, and Chairman Clegg of the senate committee has introduced several bills to still further amend it. It will be many years before Congress is through with these Indian tribes.

TO PRESERVE ANTIQUITIES.

The preservation of American antiquities is the dream of a bill which the house passed upon the suggestion of Representative Lacey of Iowa. Mr. Lacey has been indefatigable in seeking to have places of historic interest or containing natural wonders preserved. Through his instrumentality the Wind cave in South Dakota, and Crater lake in Oregon, the two natural wonders, have been made public parks. He has been trying for years to have the petrified forest area in Arizona made a national park. The bill which he recently had passed authorizes the president to reserve the different areas which may contain historic landmarks, prehistoric structures and other objects of historic or scientific interest.

RUCKER PURSUES PAYNE.

Some time ago Representative Rucker of Missouri was one of the members arrested and brought into the house to make a quorum. The next day Representative Payne of New York blocked the effort to have the record of arrests expunged, and since then Rucker has been "after" the floor leader. He frequently makes mention of the absence of Payne, even if he may be only in his committee room or the cloakroom. It has become one of the standing jokes of the house, and Payne's friends are among those who enjoy the situation. Payne says that he can stand it and points out that a call of the house brings a quorum since the arrests were made.

GERMAN'S DETERMINATION.

An interesting story is told of the late Senator Gorman regarding his early struggles in Maryland politics. At one time, after suffering a reverse, he secured an appointment as a post trader, and started west to take up the work. While on the train he thought the situation all over and changed his mind.

"I'll go back and make my fight and win," he said to himself, and so he returned and devoted himself to a contest of defeating the men who had put him down. It was just a long battle, and he gained the supremacy even before he was prepared for it.
