THE place to buy Substantial Christmas presents is at John C. Cutler's Commission House, Old Constitution Building, where you can buy Dress, Flannels, Shawls, Trunks, and a large variety of other Utah manufactured goods.

A Fine Microscope for a Few Cents.
A well made, genuine Microscope—not a bit of molded glass in a paper or metal ring, or tube—but one with triple Lenses, Diaphragm, Stand, etc., is not only useful in every family, but is very interesting. Such instruments have hitherto been too costly for the general public. The editors of the American Agriculturist, in connection with an Optical Manufacturing Co., have, after many experiments and much invention, succeeded in producing a genuine Microscope, with three fine Lenses, Stand, etc., which, by use of machinery and very large manufacture, is now made at far less cost than has ever before been done. Scientific men and others say it is decidedly superior to anything ever before offered so low as \$2.50; but this one is sold for \$1.50. But one is given to every subscriber to the American Agriculturist, who simply adds 40 cents to the regular subscription price—that is, the paper is sent one year, with the \$1.50 Microscope, for only \$1.90. It is delivered free to any part of the country, 15 cents extra to be added. A full description and all particulars can be had by sending your address on a postal card to Orange Judd Company, New York; or better still, send them 10 cents (half price) for a post-paid sample copy of the paper, which will give a full description of the Microscope, and also much valuable reading engravings, etc., and be richly worth far more than its cost.

LOCAL AND OTHER MATTERS.

Thermometer 49 degrees F. in the shade at 1 p.m. today. Cloudy.

High Council.—The High Council will meet on Wednesday morning, Dec 26th, at 10 o'clock. A punctual attendance of all the members is requested.

WM. W. TAYLOR, Clerk pro tem.

Merry Christmas!—To-morrow being Christmas, labor of all kinds will be suspended at this office and the NEWS will consequently not be issued again till Wednesday afternoon. We thank our numerous readers and patrons generally the compliments of the season, we bid them, till then, adieu.

JAS. WHITE, Foreman.
GEO. W. THOMPSON, Secretary.

Effects of Monopoly.—The Western Union Telegraph Company have increased the monthly charge for dispatches to the Salt Lake papers \$30. We presume this is one of the beneficial effects of the recent consolidation between that corporation and the A. & P. line. There appears to be a determination to make the amalgamation pay, that being the evident purpose of the consummation. In our view the charge was decidedly high before the recent rise; but so it goes, and such are the effects of monopolies.

Fire.—About fifteen minutes to seven o'clock last night, the trunk and harness factory of Mr. J. H. Clemetshaw, on Bishop Burton's lot, in the 15th Ward, was discovered to be on fire. The building being frame, was soon enveloped in a blaze, and a quantity of varnish and alcohol on the premises probably added additional fierceness to the flames. In a very short time the whole structure and its contents were in ashes. The fire progressed with such rapidity that all that was left for the firemen to do on their arrival was to extinguish the embers. The burning buildings being on Bishop Burton's lot were but a short distance west of his house. Fortunately what breeze there was was blowing from the east, which, together with the placing of wet blankets upon the most exposed portions of the residence, probably saved it from catching fire.

The premises that were occupied by Mr. Clemetshaw were mainly the property of Bishop Burton, and the latter estimates his loss at \$600. A small addition erected by Mr. Clemetshaw he valued at \$300. He lost all his tools, a quantity of clothing, etc., belonging to three apprentices, and a considerable amount of manufactured goods, making his total loss, according to his own estimate, in the neighborhood of \$1,600.

Much sympathy is felt for Mr. Clemetshaw. Since his arrival in Salt Lake, about two years ago, from London, he has been establishing an important home industry, commencing without capital and had succeeded, by energy and perseverance, in creating a foundation upon which to work, and in an hour it has been entirely swept away.

So far as we can learn, the cause of the fire is not definitely known. The fire alarm and the brilliant illumination proceeding from the flames, occurring while the people were assembled for public worship, caused some uneasiness in the meetings, which, however, was merely transitory.

SALT LAKE CITY, Dec. 18, 1877.

To Individuals and all Library Societies:

I take great pleasure in recommending Appleton's Cyclopaedia as one of the most, if not the most valuable acquisition possible to make to a good solid library. Anyone in possession of this most valuable work, has a library within itself, and need never be at a loss to obtain information upon any subject presented to the mind. I am, certainly, of the opinion that it should be in the libraries of all our Mutual Improvement Associations, as well as those of all other literary societies. In conclusion, I do not think any library, public or private, is complete without a full set of Appleton's Cyclopaedia.

L. B. LEWIS, County Supt. Dist. Schools.

Reorganization.—John Taylor, President of the Twelve Apostles, David O. Calder and Joseph E. Taylor, of the Presidency of this Stake, and L. Jno. Nuttall, President of the Sevier County Stake of Zion, met with the Salats of the Third Ward, yesterday afternoon, in the Third Ward Meeting-house, when the following organization was effected.

Jacob Weiler was reappointed as Bishop of the Third Ward, with Jno. Y. Smith as his Counselor. These brethren were heartily and unanimously sustained in the positions named, and all were set apart.

President Taylor gave the Saints some excellent counsel regarding their every day duties, and all present seemed to rejoice under the happy influence of the Spirit of God.

Energy and Enterprise.—The following, received this afternoon, is characteristic of the spirit and energy of the people of Brigham City:

BRIGHAM CITY, Dec. 24.

Editors Deseret News:

It has been decided unanimously that a new woolen factory shall be built at once. Sixty men are at work to-day, removing the debris of the old one, to make place for the new one, who will commence after the holidays. No employ will have to be sought elsewhere, however severe the loss may be to the community. A. C.

Appointments.—Elders A. Watson, G. Meldrum, and J. A. Men,

will visit and then labor in the Glasgow Conference, under the direction of President A. F. MacDonald.

Elder Wm. Ball will visit and then labor in the London Conference, under the direction of President J. Cook.—Millennial Star, Dec. 3.

Home Missionaries.—In consequence

of many of the home missionaries having other appointments at 8:30 p.m., the regular monthly meeting of the home missionaries on Wednesday evening, will be held at half-past seven, sharp, instead of the time heretofore appointed.

Established.—A post office has been established at Greenrich, Piute County, with Jos. H. Wright, postmaster, also at Snowville, Box Elder County, with Arnold Goodfellow as postmaster. Levi Savage has been appointed postmaster at Sunset, Yavapai County, Arizona.

Going North.—Mr. R. M. Powers goes to Box Elder County and Owyhee County, Idaho, to-morrow morning, to canvas for "The Life of Brigham Young," "The Women of Mormondom," and "Ridpath's History of the United States."

Fined.—Three of the "bellringers," not the Swiss, but the station ones, who have been complaining of having created an unnecessary amount of noise, on Main Street the last few days, were before Justice Pyper this morning. Two of them were fined \$5 each and the third \$10. The amounts were paid.

Woman Suffrage.—A special meeting was held in the Fourteenth Ward Assembly Rooms, on Saturday, Dec. 22. Miss Eliza R. Snow was elected chairman and Mrs. E. B. Wells, Secretary. Bishop Edward Hunter and Elder A. M. Musser were present, by invitation, and made excellent remarks, appropriate to the occasion. The meeting was called to transact business in the interest of the Relief Society, and also to adopt some practical measures, to assist in the effort being made for Universal Suffrage, irrespective of sex.

It has been considered expedient by those most interested in the progress of the ladies' societies, to appoint in each Stake of Zion, a President with two Counselors, Secretary and Corresponding Secretary, to visit and have a watch-care over each branch of the Relief Society in their respective Stakes, and to hold quarterly meetings, at which times it is expected each branch of the Relief Society will make a full report of progress and financial condition. President Brigham Young inaugurated this movement at a special meeting of ladies in Weber Co., and appointed Mrs. Jane S. Richards to preside in that Stake of Zion.

After this example, the following officers were elected for this Stake of Zion: Mrs. M. I. Horne, president; Mrs. Emma S. Taylor and Mrs. Sarepta M. Heywood, her counselors; Mrs. E. Howard, secretary; Mrs. Maria Wilcox, corresponding secretary. The first quarterly meeting of Salt Lake Stake of Zion on Relief Society will convene on Saturday, March 23rd, 1878, at two o'clock p.m. At this meeting it is expected each branch of the Relief Society in this county will make a complete report from their first organization; afterwards the reports will be very little trouble.

After the business pertaining to the interest of the Relief Society had been dispatched the meeting was resolved into an indignation meeting. Patriotic and enthusiastic speeches were made by some of the ladies present, and a portion of the bill recently introduced into Congress by Mr. Christiancy, in which he proposes to disfranchise the women of Utah, was read. The meeting adjourned sine die.

Ogden Iron Works.—The present proprietors of the Ogden Iron Works and Mr. W. G. Case, of Columbia, Pa., are negotiating for the sale of the property to the gentleman named. The prospects appear favorable for the consummation of a bargain. Should this arrangement be completed the works will be again started in operation, providing the City Council grant certain privileges and immunities, in view of the material benefits that would accrue to the community from the establishment of such an extensive and needed manufactory. We learn the foregoing from the Junction.

Theatre.—The Lilliputians concluded their engagement on Saturday night, repeating Jack the Giant Killer and The Toodles to a delighted audience. The matinee in the afternoon was a huge affair, and the juveniles received a treat.

To-morrow the toy matinee will be the event of the season. A full bill is prepared for the juveniles and 2,000 toys will be distributed among them.

In the evening the stirring play of the "Great Strike" will be presented with Mr. John S. Lindsay in the principal part, sustained by a full company.

Prime Beef.—The principal part of the prime beef exhibited at the Empire Market was, we understand, raised by Harvey Perkins, Jasper Perkins and E. Coltrin, of Bountiful, on their ranch on Bear River, where they have a herd of blooded stock. The animals are all grass fed. Their two year old is the finest in the market.

District Court.—Monday, December 24.

Brigham Young vs. James McKnight; on motion of Williams & Young, appeal docketed and dismissed, with proceedings.

W. L. Pickard vs. George McGowan; writ of assistance issued. Helen Tarbet vs. Flagstaff S. M. Co.; motion for the appointment of a receiver and for injunction, still in progress.

Correction.—In the notice, in Saturday's News, of the organization of a Ladies Relief Society for the 18th Ward, the name of Mrs. M. I. Horne appeared as one of the officers. The initials "M. I." were inserted by a compositor, who took the liberty of departing from copy. The Mrs. Horne referred to is a member of the ward named.

Gigantic.—The butcher markets are now ornamented with some of the largest and finest specimens of hogs ever exhibited in Utah. Probably the most huge is one at the "Empire," raised by Mr. C. Wickson, another at the same establishment, raised by Mr. Bird, of Cottonwood, and one at Ball's Market, Main Street, raised by Mr. J. M. Leffer, are not quite so large as the others, but are, in every way, not superior in other respects.

Departed.—It will be seen by an obituary notice in another column that Mrs. Mary Wilson Day, widow of the late David Day, died yesterday morning, and was interred this afternoon. She was an estimable lady, much respected by her acquaintances.

Christmas Box.—The annual presents of Z. C. M. I. to its employees were distributed to-day.

A little fellow, five or six years old, who had been wearing undershirts much too small for him, was, one day, after having been washed, put into a garment as usual, and the other had been too small. Our six-year-old shrugged his shoulders, shook himself, walked around, and finally burst out with, "Ma! I do feel awful lonesome in this shirt!"

ST. LOUIS, MO.

DIED.

In this city, at 6:30 a.m., December 23d, 1877, of chronic asthma, MARY WILSON DAY, relict of the late David Day. Deceased was born May 1st, 1807, at Olden, Nottinghamshire, England. She was sincerely respected by her numerous family, acquaintances and friends.

Funeral services were held at 14th Ward Assembly Rooms, at 2 o'clock this afternoon.—Casket in the hands of the friends.

Obituary notice, please copy.

In South Jordan Ward, Dec. 15, 1877, of group and inflammation on the kidneys, ELIZABETH JENNET BUCK-TRAD, aged 3 years, 9 months and 10 days, daughter of William A. and Amanda Buckstead. Obituary notice, please copy.

In the Sixth Ward, Dec. 23d, 1877, of old age and debility, D. ROBERT HARRISON KEMER.

Deceased was born Oct. 29, 1794, in Culpeper County, Virginia; embraced the gospel in 1835; and emigrated to Salt Lake in 1860.

Funeral services took place this afternoon at the Sixth Ward Assembly Rooms at one p.m.

He died firm in the faith, and with the hope of a glorious resurrection.—COM.

DIPHTHERIA AND SCARLET FEVER.

As diphtheria and scarlet fever are somewhat prevalent in certain parts of the city, it is very necessary that every precaution should be taken to prevent their spreading to other localities. With this view the following suggestions are submitted to the public:

Where these contagious diseases are known to exist, all intercourse or visiting should be entirely prohibited, except so far as is actually necessary for the nursing and proper care of the sick, and nurses while thus employed should not visit at any other house without being previously disinfected their persons and clothing.

Wherever these contagious break out, the dwellings should, as far as practicable be isolated and the inmates be placed under certain quarantine regulations.

The bodies of those who have fallen victims to either of the above-mentioned diseases should not be kept after death longer than is needful to prepare them for burial, and the children of the neighborhood should be cautioned against attending such funerals.

Families who have been afflicted with these diseases should be careful to use all diligence in disinfecting their clothing, bedding, and household furniture, so as to prevent the spread of the infection, and their neighbors of the nature of the disease, and in every way use every precaution to prevent its spread.

The hearty co-operation of all good citizens is most earnestly solicited in preserving the lives and health of the community.

Very respectfully,
SEYMOUR B. YOUNG, M. D., Quarantine Physician of Salt Lake City.

Salt Lake City, Dec. 22, 1877.
