

KING OF BEGGARS PLACED IN JAIL.

Alleged to Have Cleaned Up Tens
Of Thousands of Dollars
In a Few Years.

HE LIVED AT EXPENSIVE HOTELS

Maintains Home in Hoboken—Began
His Operations as a Professor of
Sanskrit at Leipzig.

New York, April 25.—Herman Wilhelm Troebner, "King of the Schnorrers," as a band of professional beggars is known, is locked up here awaiting arraignment on several complaints by the Charity organization society.

Officers of the latter allege that Troebner has cleaned up tens of thousands of dollars in the past four or five years and that the full list of persons from whom his unique methods procured money would read like a social register of New York. Troebner has lived at expensive hotels and for years has maintained a home in Hoboken for his wife and child. He is said to have lost large sums in gambling both here and in the west. Under arrest with him is his secretary, Otto Wittke, to whom he paid \$25 a week to attend to the clerical work of his business.

Troebner began his operations as a professor of Sanskrit from Heidelberg or Leipzig. University men, and especially professors, were much in his favor and his story generally was to the effect that remittances from home had failed to arrive leaving him temporarily in need of funds. In 1902, he was sentenced to six months' imprisonment for mendacity. In that case he used the name of Baron Von Montefiore. Recently he returned to New York and the Charity organization heard of him through the officials of a copper mining company to whom he represented himself as an expert mining engineer. Technical questions asked him placed him under suspicion because he failed to display much knowledge on the subject.

SUITS AGAINST MOYER.

Federation Leaders Believe They
Are Retaliatory.

Denver, April 25.—President Charles H. Moyer, Secy. W. D. Haywood and other officers of the Western Federation of Miners, and Atty. John H. Murphy, the counsel for the federation, met in consultation today relative to the defense in the suits for heavy damages instituted by the Cripple Creek mine owners.

Messrs. Moyer and Haywood believe the suits are brought in retaliation against them for having sued ex-Gov. James H. Peabody, former Adj.-Gen. Sherman M. Bell and Capt. Bulkeley Wells, present adjutant-general, for damages for false imprisonment.

IN TURKISH ARABIA.

Situation There Has Become
Very Critical.

Aden, Arabia, April 25.—The situation in Turkish Arabia has become critical. It transpires that only a thousand of the Turkish troops sent to the relief of Riza Pasha reached Hanna, and these fled thither after sustaining a defeat at the hands of the insurgents.

Riza Pasha's troops, 6,000 strong, encountered the Arabs in great force five miles south of Hanna, March 30, and after a sharp encounter most of the troops, consisting of Syrian reserves, laid down their arms or deserted, the remainder of the Turks managing to reach Hanna the same evening with only 50 camel loads of supplies.

The chief of staff, Izat Pasha, was killed and seven guns were abandoned and taken possession of by the Arabs, who also captured 200 camels laden with provisions and large quantities of rifles and ammunition.

The investment of Hanna by the insurgents is being tightened. The Syrian reinforcements which recently arrived at Arabia are unsatisfactory, and the Ottoman officials are anxiously awaiting the arrival of European battalions, upon whom the fate of the capital of Yemen province depends.

Rheumatism

The Real Cause of This Joint-Twisting, Musculo-Blinding, Nerve-Inflaming Disease and How It Is Prevented and Cured by

WARNER'S SAFE CURE.

Uric Acid is a natural product of our bodies, the result of tissue changes and a meat diet.

Like the sewage of cities it is contaminating. It is the work of the kidneys to eliminate this poison from the system as rapidly as it is formed. When, however, they become weakened or diseased there is an accumulation of uric acid that poisons the blood, in coursing through the body the uric acid settles in the joints and causes articular-rheumatism. It attacks the lower joints of the back and neck, the joints of the arms and the delicate membrane covering the sciatic nerve and the result is sciatica—they are all rheumatism. Uric acid is the father of all rheumatism no matter where located or by what name it may be called.

JOHN S. WILSON, 83 Schuyler St., Albany, N. Y., writes:—"About six years ago I was a martyr to frequent attacks of inflammatory rheumatism in my feet and hip joints. Often had to give up work for five or six weeks at a time. I tried prescriptions by the dozen, one after another, and some would be sure cures from different friends. None seemed to do me any good. At last fortune caused me to visit an old friend of mine who I knew at one time suffered as I did. He told me what Warner's Safe Cure had done for him. He had about half a bottle left over and I took it home and began to take it as directed. By the time I had finished I found a little relief, and continued taking the same until I had used up three bottles. I was so encouraged that I kept on taking it for two months after, when I was entirely cured and have had absolutely no rheumatism since. I always keep a bottle in the house and recommend it to all I hear complaining as I did."

WARNER'S SAFE CURE is purely vegetable and contains no harmful drugs. It is free from sediment and pleasant to take. It is prescribed and used by doctors themselves in the leading hospitals as the only absolute cure for all forms of disease of the kidneys, bladder and blood. Warner's Safe Cure is what you need, and \$1.00 a bottle. Write Warner's Safe Cure Co., Rochester, N. Y., for free medical book.

Warner's Safe Cure fills move the bowels gently and aid a speedy cure.

Your chandeliers, lamps, and tarnished picture frames with Dead Black JAP-A-LAC. It produces the new and popular black wrought iron finish. Beautiful effect at small cost. For sale by

DR. GLADDEN PUT IN A PREDICAMENT

A Statement Authorized by Mr.
Rockefeller Flatly Contradicts
His Assertions.

CHARGE OF PERJURY FALSE.

Declared to Rest Upon a Garbled
Report—More Contributions
Solicited.

New York, April 25.—Starr J. Murphy, of John D. Rockefeller's private counsel, today issued the following statement by Mr. Rockefeller's authority:

"In his latest attack upon Mr. Rockefeller, Dr. Washington Gladden seeks to make out a case of perjury, and in doing so assumes paternally for a falsehood which has been frequently published during the past 10 years, and until now never answered. Dr. Gladden says:

"The South Improvement company was one of the schemes invented by the standard oil magnates to plunder their competitors and enrich themselves. The organization and the methods of this company were abundantly proven in court, and the company was driven out of business a few years afterward, before a committee of the New York legislature, Mr. Rockefeller, under oath, took part in the following colloquy:

"You were in it?"
"Mr. Lloyd appropriately added: 'So help me God.'"

"On the same day another of the former trustees and one of the closest associates of Mr. Rockefeller, being asked by a congressional committee who made up that South Improvement company, namely, which of the principal members of the Standard Oil company, and at the head of all stood the name of John D. Rockefeller."

"Dr. Gladden makes much of his position as an original investigator and says that it is within the power of every intelligent man to find out from the original documents whether the statement is true or not."

"But unfortunately his statement is untrue, and his whole charge of perjury rests upon a garbled report. The testimony is taken from a report of an investigation relative to trusts, in the New York senate, in 1888, pages 419-420. Any one turning to that report will find that Mr. Rockefeller's testimony to the effect that he was not such a company, did not refer to the South Improvement company at all, but to another and entirely different corporation called the Southern Improvement company."

"There were two corporations—the South Improvement company and the Southern Improvement company. The Southern Improvement company was incorporated in Pennsylvania on April 16, 1870, and Mr. Rockefeller was not connected with it. The South Improvement company was incorporated in May, 1871, and Mr. Rockefeller was connected with it. The charters of both these companies are printed in full in the statistics of Pennsylvania, and are accessible to all."

"If Dr. Gladden garbled the testimony in order to make out a case there is nothing more to say. If he has done it ignorantly and has confused the names of these two corporations, he is scarcely less culpable, since when making a charge of so serious a character it was obviously his duty to possess himself of the facts."

ASKS ANOTHER CONTRIBUTION.

Boston, April 25.—The Journal tomorrow will publish the report of the Boston Missionary society, the Congregational body which is to meet here tomorrow, has recently asked John D. Rockefeller for a contribution of \$100,000 for home missions.

The Journal will say that Dr. Washington Gladden will appear at the meeting and make a protest against the acceptance of the gift, should Mr. Rockefeller decide to act favorably on the request of the missionary society.

FUNERAL OF SEN. PLATT.

Services Were of a Simple and
Impressive Character.

Washington, Conn., April 25.—To attend the funeral of Senator O. H. Platt, regular and special trains brought hundreds of visitors to this village today. Among them were members of congress, senators and Vice President Fairbanks, who was present as the representative of President Roosevelt. The Congregational church, where the services were held, was entirely too small for the crowd.

In keeping with the marked simplicity of all the funeral arrangements, the altar decorations consisted mainly of branches of evergreens and mountain laurel, banking the altar rail. Across the dais at the foot of the pulpit a large American flag was draped, and immediately above the music rack was a large wreath, sent in behalf of President Roosevelt. At the conclusion of the services Vice President Fairbanks, as the representative of the nation, was the first to pass out of the church, the members of the family, the national delegation and the other members following. The interment was in the village cemetery.

Insurance Rates Raised.

New York, April 25.—An increase of 2 to 6 per cent in the premium rates for policies which do not confer upon their holders a right to participate in the dividends of the company has been put into effect by four of the largest life insurance companies in this country. The new rates of the different companies are essentially the same. On ordinary policies the increase over old rates is between 5 and 6 per cent. This is the largest increase. On limited payment policies the increase is between 3 and 5 per cent, varying somewhat according to the age of the insured. The advance in rates follows compulsion made by holders of participating policies that the difference between the rates charged for a non-participating policy and those charged for a policy that participates in the profits of the company have in some instances amounted to more than the dividends paid to the participating policy holders.

Soldiers Pillage Stores

Borlsov, Government of Minsk, Russia, April 25.—Two thousand soldiers entraining here today for the far east, pillaged the liquor stores and smashed the doors and windows of the baggage and Red Cross cars.

Attorney General of Porto Rico.

Washington, April 25.—Frank Fuselle has been appointed attorney-general of Porto Rico, Vice Stewart, resigned. He is from Texas and has been in Porto Rico ever since the American occupation and at one time was assistant attorney-general there.

The Hospital

Thankful are They Who Escape The Surgeon's Knife

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is

Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and womb. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains around my womb which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

MRS. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every city and town in the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.
