SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the undisputed crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Paris, as the most perfect preparation in the world for preserving and beautifying the hair.

Restores bring the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It invariably performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

Hebrew Convention.

NEW YORK, 10.—The council of the Union of American Hebrew conventions to-day considered the subject of agriculture. An amendment was offered, that in order to carry out the plans successfully, the executive board be instructed to appoint a committee on agriculture, said committee to solicit donations of land, farming implements and money, and as soon as they obtain a tract of land they shall subdivide it into farms of from 50 to 80 acres for one family; said family shall have that land free of rent for a term of seven years; after seven years the price shall be fixed on favorable terms for which that family can buy said land, and the money thus received by the executive board to be reinvested in fertile lands, and to be given to other settlers, under these conditions.

Rev. Dr. Wise spoke in favor of the scheme.

Rev. Dr. Moses, of Alabama, said the dwelling place of the Jews always had been, in cities, and he thought it much better for them to devote their attention to commerce.

Joseph, of Cincinnati, contended that the carrying out of the scheme would be a great benefit, as it would result in rescuing many men from idleness, who would otherwise remain in pauperism.

The report was at length adopted with the following further amendment: That the committee be authorized to purchase such additional tracts of land as they may deem expedient, and as the funds for that purpose will allow.

The executive committee were further ordered to confer with such other organizations having kindred objects in view, for the purpose of carrying into successful operation a practical plan of agricultural pursuits. It was resolved to hold the next annual meeting of the council in Chicago on the second Tuesday in July, 1880. The following gentlemen were elected to compose the executive board: David Adeler, Milwaukee; Lewis Ash, New York; Marcus Berlinger, New York; Bernard Bettman, Cincinnati; Auguste Burschwanger, St. Louis; B. H. Feustman, Philadelphia; Julius Freiberg, Cincinnati; Max L. Guttman, Rochester; W. M. Goodheart, W. B. Hackenberg, Philadelphia; Louis Heinscheimer, Cincinnati; Adolph Harris, Houston, Texas; Merry S. Isaacs, New York; Hezekiah Kohn, New York; A. Cramer, Cincinnati; J. D. Levy, Quincy, Illinois; Solomon Levy, Cincinnati; Moritz Loth, Cincinnati; Sigmund Mann, Cleveland; Council adjourned.

At the close of the Council the executive board elected the following officers for the next two years: President, Moritz Loth, Cincinnati; vice-president, Adolph L. Sanger, New York; secretary, L. Levy, Cincinnati; treasurer, Solomon Levy, Cincinnati.

Cheering Opinion.

WASHINGTON, 10.—Dr. Hamilton, Supervising Surgeon-General of the Marine Hospital Service, does not apprehend a repetition of the yellow fever epidemic of last year in the south. He thinks there may be sporadic cases, but considers the precautions taken will prevent any spread of the disease.

Miscellaneous Mail Letting.

The reception of proposals for performing mail service on some 1,300 routes throughout all the States and territories under what is known as "miscellaneous letting" was closed at three o'clock this afternoon. The routes are nearly all newly established, and include a number of large importance to the frontier States and most of the mining territories. Awards will be made by the second assistant Postmaster General on or before the 31st inst. The new service will go into operation on the 1st of October. Over 20,000 bids have been received and the letting will be the largest of the miscellaneous class that has ever been known in the contract office.

Land Litigation.

The Commissioner of the General Land Office, to-day, overruled all objections to the issuance of a patent for the Saucleito rancho, comprising 19,591 acres, near San Francisco, confirmed to Guillermo Richardson, and owned by B. R. Throckmorton. Commissioner Williamson decides that the publication of the survey under the act of 1860 was regular and sufficient, that the survey made by W. J. Lewis in 1858, thereby became final and that a patent should be issued in accordance with this survey.

Secretary Schurz has ordered a rehearing before the register and receiver at Marysville of the State of California and the Central Pacific R. R. Company, vs. Elisha Halcomb et al.

New Orleans Precautions.

NEW ORLEANS, 10.—At a meeting of the State board of health, to night, resolutions were adopted setting forth that New Orleans was never healthier, being entirely free from yellow fever and remarkably free from all kinds of diseases. The port is rightly quarantined and great care is given to the sanitary condition of the city. It was resolved that in order to continue this healthy condition it is the duty of the board to enforce against Memphis the rules and regulations suggested by the national board of health. The president of the board was further authorized to establish rigid quarantine against Memphis both by rail and river and to place inspectors on all the trains entering the State.

Excitement in Memphis.

MEMPHIS, 10, 3 p.m.—There has been no change in the situation. The great desire of everyone is to leave before the fever spreads. Physicians are hopeful as to the future, but the stampede of citizens has almost assumed a panic form. There will not be cars enough to-night to carry the people away. Business is progressing as usual, but in a limited manner.

To night a more hopeful feeling exists. The panic of the day has gradually subsided and a thorough investigation shows the condition of affairs. There are only two persons in the whole city prostrated with fever—Judge Ray and his son. Two deaths have occurred, Frank Mulbrandon, as telegraphed last night, and a son of Judge Ray, as telegraphed at noon. Of the five new cases reported to the Board of Health, upon the examination by the president, Dr. G. P. Thornton, three of these were declared other diseases than yellow fever.

WESTERN.

Terrible Powder Explosion.

SAN FRANCISCO, 10.—A Bodie dispatch says: There was a terrible explosion of the powder magazine near the Old Standard incline works, which were blown to atoms and everything near them levelled to the ground. The Summit works, a short distance off, were shattered to pieces, and many men were killed, though the number is not known. At this writing, about 20 wounded men have been found thus far. It is not known how many, if any, have been injured in the shaft and the underground works. The top of the shaft in the old incline is now on fire, but can surely be put out. A people's fire department is doing good work. James Hickey, foreman of the mines, is slightly hurt. At this time no estimate can be made of the number killed or wounded.

FOREIGN.

GREAT BRITAIN.

Capetown News.

LONDON, 10.—A dispatch from Capetown, June 22d, says: General Sir Garnet Wooisley arrived today, and immediately started for Natal.

Telegrams received at Capetown state that the British forces are within twenty-five miles of Cettewayo's Kraal.

In consequence of the defective state of the transportation service, General Woolsley has summoned a meeting of native chiefs at Maritzburg, on the 30th of June, to devise measures for transportation by native carriers.

Zulu prisoners state Cettewayo will allow troops to advance near Ulundi and then attack.

A dispatch from Rorkes Drift, June 24th, says: The decision of the court martial in the case of Lieutenant Carey has been sent to England for confirmation prior to publication.

Much Ado About Nothing.

A scene occurred in the House of Commons to-night when the House went into committee on the army discipline bill. Sullivan, member for Louth, called attention to a person in the strangers' gallery taking notes of the remarks of individual members, and asked by whose authority the person was there. It was rumored that the person was in the gallery with a view to repressive measures against obstructives. The Speaker having replaced the chairman of the committee, replied that the person was there on his authority. He explained that owing to the delay of the army bill, the minutes of the proceedings of the members should be more ample, but the notes taken would be wholly impartial. The person having left the House, again returned, when a stormy discussion ensued. The person finally withdrew.

Cablegrams in Brief.

William Stackpole, member of Parliament for Ennis, is dead.

A dispatch from Rome, states the court of cassation has pronounced against the claims of Countess Lambertine on the estate of Cardinal Antonelli.

A Berlin correspondent says: There are marked symptoms of estrangement between Germany and Russia.

Prince Bismarck will meet Archbishop Masilla, the papal nuncio to Bavaria, at Kessinger, in July, when it is thought a final understanding between Germany and the Vatican will be reached.

The British bark *John Patterson*, from the Andressan for San Francisco, put into Rio Janiero on the eighth of July, with her cargo on fire.

The journalists of Lyons, France, last evening, gave a banquet in honor of De Lesseps. Nathan Appleton, of Boston, who was present, replying to the toast "United States," expressed the opinion that America would heartily second the Panama Canal undertaking.

There is reason to believe the great powers will disapprove the manner in which Aleko Pasha, governor general of Roumelia, is acting. They probably would not refuse to assent to his removal by the Porte. The British military attache has drawn up a report commenting unfavorably upon the administration of Aleko Pasha and his nominees.

A St. Petersburg dispatch says: The dissenters from the orthodox church who have been accorded full liberty of worship are the sect known as "Old Believers." Other dissenters will remain under the existing disabilities.

Paul de Cassagnac has come to England to attend the funeral of the Prince Imperial.

The Greek minister at Constantinople has been semi-officially informed that the Turkish commissioners for the determination of the Greek frontier will be appointed by the end of the week.

INDEPENDENCE DAY.

KAMAS.

The people of Kamas celebrated the 103rd anniversary of the Declaration of Independence in a spirited and patriotic manner, with the firing of guns, the unfurling of flags, patriotic speeches, beautiful singing, toasts, etc., in the forenoon; and in the afternoon dancing for the children, and swinging, horse-racing, bell-racing, etc., continued until evening, at which time the adults participated in a dance until nearly morning. A good spirit prevailed throughout the day, and all the exercises passed off pleasantly, which gave the people of Kamas a desire to engage in another, and if possible a better, celebration on the 24th inst.

HUNTINGTON, CASTLE VALLEY.

A salute fired at sunrise. Next the raising of a liberty pole, under the supervision of Wm. Avery, marshal of the day. Hoisting of the flag at 2 o'clock, when another salute was fired, after which the assembly was convened in the house of Wm. Avery, and called to order by the marshal. Singing by the choir; prayer by the chaplain, Elias Cox. Singing by the choir, after which the Declaration of Independence was read by the reader of the day.

Then the cause of liberty was ably defended in an appropriate address by John Todd, orator of the day; which was followed by spirited speeches from E. Cox, S. Wilson and Wm. Avery. Then the meeting was enlightened by songs, toasts and sentiments, intermixed with cheering strains of music. The meeting was then closed with singing by the choir; prayer by the chaplain.

Then followed foot and horse racing, with other amusements, till time of dancing, when young and old enjoyed themselves till a suitable time for dismissal.

ELIAS COX.

HILLSDALE.

The Fourth passed of quietly and was celebrated in the following manner, viz:

At daybreak a salute by the artillery; at sunrise the stars and Stripes were unfurled from the liberty pole; at 10 a.m. the citizens assembled at the school house, and the exercises were as follows: Singing by the choir, prayer by the Chaplain, J. F. Johnson, music by the string band, oration by S. Johnson; "Star Spangled Banner" and other songs, comic and sentimental were sung, closing with prayer by the chaplain.

At 2 p.m., the children met for a dance and other amusements were indulged in, and at 8 p.m., the older folks commenced to trip fantastic toe, and every body seemed to enjoy themselves first class.

Committee of arrangements: M. Degraw, H. A. Martineau and J. W. Wilson.

The season so far has been the driest one for years; we had two or three light rains about April 1st and none since, and feed is getting quite scarce, but so far no stock have died of starvation. Our crops are somewhat backward, but it is getting warmer so they are taking a start which we hope will continue. Health first-rate and everybody seems to feel well considering the disadvantages under which we are laboring. BACH E LOR.

GLENWOOD

Hoisting of stars and stripes at sunrise, accompanied with volleys of musketry. Serenading of citizens, by the martial band, under Capt. C. Fairbanks. At 9 a.m. general assemblage of citizens at the schoolhouse, which was formed into procession by I. W. Pierce, marshal of the day. The procession marched to the residence of Bishop A. T.
