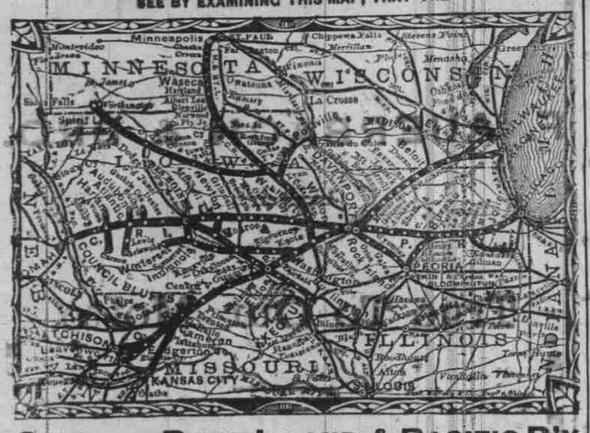
A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE



CHICAGO, ROCK ISLAND & PACIFIC R'Y

Being the Great Central Line, affords to travelers, by reason of its unrivaled geographical position, the shortest and best route between the East, Northeast and Southeast, and the West, Northwest and Southwest.

It is literally and strictly true, that its connections are all of the principal lines of road between the Atlantic and the Pacific.

By its main line and branches it reaches Chicago, Joliet, Peoria, Ottawa, La Salle, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Keokuk, Knoxville, Oskaloosa, Fairfield, Des Moines, West Liberty, Iowa City, Atlantic, Avoca, Audubon, Harlan, Guthrie Center and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri, and Leavenworth and Atchison in Kansas, and the hundreds of cities, villages and towns intermediate. The

"GREAT ROCK ISLAND ROUTE,"

As it is familiarly called, offers to travelers all the advantages and comforts incident to a smooth track, safe bridges, Union Depots at all connecting points, Fast Express Trains, composed of COMMODIOUS, WELL VENTILATED, WELL HEATED, FINELY UPHOLSTERED and ELEGANT DAY COACHES, a line of the MOST MAGNIFICENT HORTON RECLINING CHAIR CARS ever built, PULLMAN'S latest and handsomest PALACE SLEEPING CARS, and DINING CARS, that are second to none. Every press and people to be the FINEST RUN UPON ANY ROAD IN THE COUNTRY, and in which superior meals are served to travelers at the low rate of SEVENTY-FIVE CENTS EACH.

THREE TRAINS each way between CHICAGO and the MISSOURI RIVER.

TWO TRAINS each way between CHICAGO and MINNEAPOLIS and ST. PAUL via the famous

ALBERT LEA ROUTE.

January 1, 1883, a new line will be opened, via Seneca and Kankakee, between Newport News, Richmond, Cincinnati Indianapolis and La Fayette, and Council Bluffs, St. Paul, Minneapolis and intermediate points.

TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work and are a perfect

PRICKLY ASH BITTERS

The majority of the ills of the human body arise from a derangement of the **Liver,** *affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and Sluggish action of the Bowels, Headache, Sickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.*

Prickly Ash Bitters are specially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for **Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc.** *As a* **Blood Purifier** *they are superior to any other medicine; cleansing the system thoroughly, and imparting new life and energy to the invalid. It is a* **medicine** *and not an* **intoxicating** *beverage.*

ALL ABOUT WATER.

INDIAOLA, Nov., 14, 1883.

Editor Deseret News:

"Water is money."—The old adages "Time is money" should change to the above proposition which I propose to demonstrate by merely stating that a large proportion of all plants is water and as all wealth comes from the earth and the fertility of the soil is largely dependent upon water, therefore the above proposition is correct. Having long been a resident of this Territory I have heard a great deal of contention in regard to the right of water, the thought occurred to me if all the water that falls from the clouds could be utilized all or nearly all of the land in nearly all the valleys of Utah could be successfully cultivated. A great proportion of the water from all the mountain streams, runs into the different lakes and is not used for irrigating purposes, which might be utilized by making dams and reservoirs in the course of those streams at comparably small expense so that all might have all the water they need, without contention or strife.

When I was east I noticed the manner in which some cities (especially Cleveland and Chicago) obtained their water. I then thought how much more easily this people could obtain an ample supply of water and instead of forcing water up, merely save that which comes down, then there would be plenty for all. I have made some calculations in regard to the expense of reservoirs, and I find that reservoirs for water will in no case cost more than ten dollars per acre, that is, a reservoir large enough to contain water enough to irrigate one hundred acres of land, will not cost over one thousand dollars, and in most cases will not cost one-tenth of that amount. I propose to save all the water that runs in these streams during the fall, winter and spring and then apply it during the summer, In some cases it may be necessary to so construct them so as to be perfectly water tight. If so, resort must be had to water lime cement or clay that can be rendered impervious to water in such a manner that springs will not break out below, but where it can be done make all reservoirs in the course of the streams themselves. Then if springs do break out no damage will be done, and no one's right will or can be interfered with. If such an arrangement could be entered into, thousands of acres that are now lying dormant would become rich, fertile farms, luxurious with vegetation, and thousands of people could make comfortable homes in these valleys that are now emigrating.

I merely design to throw out hints for others to enlarge upon. In regard to the construction of these fountains for water, various methods may be adopted, according to locality and the various circumstances of the people. There are some localities where there are streams which run only a part of the year, and where the ground is too porous to be made to hold water. In such cases resort must be had to either pipes or lumber conductors and cemented reservoirs. As I said, I hope some one will tell us how to construct these weirs, dams, reservoirs and fountains in the cheapest, most durable and efficient manner.

I have noticed near Payson, and also in this place, several thousand acres that are now vacant for want of water, when at the same time a great amount of water is running to waste. You Salt Lakers might not like this idea, considering that you bring a large amount of your water from Utah Lake, but you must utilize your mountain streams in the same way, and from past experience and observation we learn that as vegetation increases in any locality, water increases in like proportion. If this be true, Utah Lake will remain about the same.

Resort is had to artesian wells and dry farming, which may prove profitable, but I think the saving of the water we already have will be much more so.

RICH DUNCES AND POOR SCHOLARS.

There is one thing worse than ignorance: It is to despise knowledge. Ignorance may be a misfortune, but the man who reviles the knowledge he does not possess, shows an ignoble nature.

An article is going the rounds of the newspapers, entitled "Results of Education," the object of which is to show how much better it is to be a rich ignoramus than a poor scholar. The author selects cases to prove his point. A rich cattle king, who had a year's schooling, and who still thinks William the Conquerer and William the Fourth, were one and the same person, is worth two million, and has three clerks in his employment who were college graduates.

Another man, whose doting parents scrimped and saved to send him to college, and who graduated with honors, is now forty years of age, and makes school books for a rich publisher for fifteen dollars a week.

Imagine a long string of such examples, given to show that he who would thrive in this world must abandon his school, throw aside his books and go into the street to struggle for pennies! Every statement in this article may be true, and yet the article itself be a falsehood, for nothing lies with such force as truth. That is, truth perverted and misused, can be made to convey an impression completely erroneous.

Now, there actually was a college graduate employed by a publisher of school-books at a salary something like that named above. That is truth. But not the whole truth—for the reason why the man worked in an inferior position was not because he graduated from college but because his habits were bad. He was an occasional drunkard. In his subordinate position he was safer and better off than he had ever been when working for himself.

Colleges do not teach young men how to buy cheap and to sell dear. Education is that which makes success worth having. It cannot impart the quality of mastership; which makes one man go forward and take the lead, and the want of which makes it far better for most men to follow.

In New York there are many of these wealthy ignorant men, whom unfortunately our youth are advised to imitate. As a class, they are well known to be both ridiculous, reckless and coarse in speech and habits. They do not know what to do with themselves or with their money, unless it be to go grinding on, adding to their preposterous burdens. Some of them try to conquer *ennui* and to place themselves above the position to which their lack of education assigns them, by building beautiful palaces, or by making art collections, of which they really appreciate nothing but the cost. Others parade their littleness in the harbors of the world, protected by a flag to which their lives have added no lustre.

One of the absurdest, nay, one of the most threatening and terrible spectacles which our imperfect civilization affords, is an ignorant, common, vulgar man, with millions of dollars at his command—millions which spoil him, corrupt his relations and blast his children.—*Youth's Companion.*

STRENGTH

to vigorously push a business, strength to study a profession, strength to regulate a household, strength to do a day's labor without physical pain. All this represents what is wanted, in the often heard expression, "Oh! I wish I had the strength." If you are broken down, have not energy, or feel as if life was hardly worth living, you can be relieved and restored to robust health and strength by taking BROWN'S IRON BITTERS, which is a true tonic—a medicine universally recommended for all wasting diseases.

501 N. Fremont St., Baltimore

During the war I was injured in the stomach by a piece of a shell, and have suffered from it ever since. About four years ago it brought on paralysis, which kept me in bed six months, and the best doctors in the city said I could not live. I suffered fearfully from indigestion, and for over two years could not eat solid food and for a large portion of the time was unable to retain even liquid nourishment. I tried Brown's Iron Bitters and now after taking two bottles I am able to get up and go around and am rapidly improving.

G. DECKER.

BROWN'S IRON BITTERS is a complete and sure remedy for Indigestion, Dyspepsia, Malaria, Weakness and all diseases requiring a true, reliable, non-alcoholic tonic. It enriches the blood, gives new life to the muscles and tone to the nerves.

Established for the special treatment of Nose, Ear, Throat and Lung Diseases. Also, all Deformities of the Body, such as Spinal Curvature, Hip Disease, Crooked Legs, Weak Ankles, Club Feet, Ulcers, Tumors and Polypus. Also, all Medical and Surgical Diseases of Women.

Dr. Van Hummell, Principal Physician and Surgeon of this Infirmary has an office at 3rd house South of Valley House, on West Temple, Salt Lake, and at the urgent request of his many patients has decided to remain during the Fall months.

Dr. Van Hummell's success in these diseases stands unrivaled, and he openly defies the medical profession to produce a physician or institution that will equal him in showing as great a proportion of genuine living cures.

He has successfully treated more cases of these diseases than any other physician in the world.

His cures are scattered all over the United States, as his testimonals will show.

Dr. Van Hummell has been in Salt Lake but one month. To show how highly his professional skill is appreciated here, he refers to the following well known citizens who have some member of their families under his care:

His Honor Mayor Jennings.
Col. Lee J. Sharp, Attorney.
Judge U. J. Wenner, Attorney.
Mr. Jas. C. McCaddon, Agt. D. & R. G Express Co.
Mr. Lewis Stigler, Leader Fort Douglass Band.
Col. C. L. Stevenson.
Mr. W. Bredemeyer, Mining Engineer, 48 Second South.
Mr. Stephen Leyburn, First South and Second East Sts. Cured five years ago; remains well to-day.
Dr. Steinhart, 224 State Road, tried all the prominent physicians in St. Louis and New York and went to Europe last year seeking relief. He received no benefit until he applied for treatment to Dr. Van Hummell.
Mr. J. Fewson Smith, Civil and Mining Engineer.
Mr. A. W. McDonald, Miner.
Mr. Orson Rogers, with Spencer Clawson.
Mr. W. N. Williams, Furniture, corner of West and South Temple Streets.
Capt. J. W Plummer, Supt. Mammoth Mine, Tintic, Utah.

INDIANAPOLIS INFIRMARY, 102 N. Meridan Street, Indianapolis, Ind.

The above are the results of neglected and mistreated Catarrh. Below follow the results of Dr. Van Hummell's treatment of Nose, Ear, Throat and Lung Diseases.

The Doctor has taken an office on West Temple Street, third house South of Valley House, Salt Lake City.

Letter from Judge Wenner, Office over London Bank:

SALT LAKE CITY, UTAH, August 23, 1883.

Dr. Van Hummell: I take great pleasure in certifying to the efficacy of your treatment for Nose, Ear, Throat and Lung Diseases. I attribute my rapid restoration to what I consider permanent good health to the treatment I received at your hands in 1879, and I unhesitatingly recommend your treatment to all afflicted with Catarrh, Throat or Lung Disease.

Very truly yours, U. J. WENNER.

Nasal Catarrh Cured.

Dear Doctor: I have been troubled with Chronic Nasal Catarrh for the past ten years. I am happy to state that your treatment was entirely successful in my case. If by publishing this you can influence others suffering with this dreadful disease to try your skill, you are at liberty to do so. Because the physicians who can cure this disease are very scarce, and when one is found skillful enough to succeed, I think the public should know it.

I remain yours,
STEPHEN B. LEYBOURNE,
Corner First South and Third West.

From Mr. Warren Hussey, former banker of Salt Lake, owner of Jay Gould Mine, Bullion, Idaho.

DENVER, COL., August 2, 1878.

This is to certify that I have been for many years a great sufferer from nasal and bronchial catarrh, the pain from it in my head and eyes being at times almost unbearable. I have tried many doctors and remedies, with temporary relief from some, growing gradually worse, until last winter, being in a very bad condition, I consulted Dr. Van Hummell and put myself under his treatment. From the first week my head and throat were relieved, have not had a headache—they were the bane of my life—since he began with me, and now I remain entirely well.

I write this for the benefit of like sufferers who may be seeking relief and urgently recommend them to give Dr. Van Hummell a trial. The benefit I had from his treatment is invaluable, and I know of many others he has treated equally successfully. WARREN HUSSEY.

The Cure is Permanent.

From a prominent capitalist, former owner of the Golden Terra mine, Black Hills;

DENVER, Col., March 6, 1879.

Dr. Q. Van Hummell, Dear Sir: I am happy to inform you that the catarrh and throat trouble for which you treated me over a year ago has not returned. I consider the cure permanent.

Yours gratefully, J. W. BAILEY.

Dr. Van Hummell's professional qualifications attested to by one of the first men in America, Ex-Gov. T. A. Hendricks;

INDIANAPOLIS, Ind., Oct. 30, 1877.

Governor Irwin: Understanding that you will be called upon to fill a vacancy in the State Board of Health, I take pleasure in recommending Dr. Q. Van Hummell for the position. Dr. Van Hummell was a long resident of this city, and a very near neighbor and friend of mine. He makes the treatment of Nose, Ear, Throat and Lungs and other Chronic Diseases a specialty, and therein has been very successful. B't he is also well learned in his profession generally. He is a gentleman of excellent habits and character, and would prove a valuable member of the Board. With great respect,

Yours, etc., T. A. HENDRICKS.

Letter from the right Rev. J. C. Talbot, Episcopal Bishop of Indiana.

INDIANAPOLIS, Ind., Feb. 19, 1874.

My Dear Doctor: You are entirely at liberty to use my name as one of your many references. Your skillful treatment of my wife, now nearly a year past, has entirely cured her of severe catarrh and cough, from which she suffered much for many years. Very truly yours,

JOS. C. TALBOT, Bishop.
