

FLOATING FRAGMENTS.

Park City is organizing a building association.

This morning Newman & Reid were fined \$30 for selling liquor on Sunday.

The officers of the Sunday School Union are requested to meet in Bishop Hunter's office tomorrow (Tuesday) at 4 o'clock p.m.

Today C. Clark was fined \$7.50 for larceny on the Utah & Nevada R. R. Among his articles was the breaking of a couple of car windows.

Meers, J. C. Ayer & Co., of Lowell, Mass., have issued a new series of album cards, which collectors will treasure. Send them a 5 cent stamp for a full set.

A person named Fountain Tuckman was before Justice Spaulding this morning, charged with assaulting and beating another man. The prosecuting witness having disappeared, the case was postponed until 2 o'clock tomorrow.

The members of the Third Quorum of Seventy and the members of the 14th and 17th Wards of this city, are requested to meet at the 14th Ward Schoolhouse, on Thursday, August 16, 1895, at 7 o'clock p.m.

On Friday last, at Logan, two Utah boys playing with matches set fire to some large haystacks belonging to John Hendricks. The clothing of one of the children caught fire and he narrowly escaped being burned to death. The Journal publishes the particulars.

Yesterday being the 58th anniversary of the birthday of Sister Ann Cowan of the 5th Ward, she was surprised by her children, who called upon her with a present and a cake. Sister Ann is an old resident, having lived in Utah 34 years, and is generally respected.

One remarkable feature exists throughout this end of the Salt Valley. In the available water water can be taken from the river and set down in the water. This was at a time long anterior to the coming of the Spaniards, for the present tribes were here then, with no signs of civilization and cultivation.

In doing an art well in the Santa Clara Valley, California, the stump of a redwood tree was met at a distance of 281 feet from the ground surface. The point where the tree was struck is 54 feet above the water, from which it is distant eighty miles, and the depth at which the wood was reached is much greater than that of the water in the bay. —Arizona Gazette.

At nine o'clock on Friday evening a fire broke out in the planing mill of A. J. Reynolds, located in the loss of the building and machinery, valued at \$5,000; insurance, \$4,500. The building was situated on the city limits and about a half mile from the nearest hydrant, and was nearly consumed before water could be got on it. During the excitement at the fire a man walked into a deep shaft, which was five feet deep, and was hoisted up with a rope, uninjured.

On Tuesday evening about the time for the arrival of the train for the south two or three men who had been drinking the evening before, were seen in the street, with Frank L. E. picked up a chair and hit John Bruce and another man over the head, knocking him down. Bruce, on getting up, picked up a big knife and went after the man who had been drinking. He did not get deep enough, but made several ugly cuts. —Blackfoot Register.

LOCAL AND OTHER MATTERS.

Assaulting a Woman.—An "Italian gentleman" is under arrest on a charge of assaulting and beating a woman named Daisy Snow. He is accused of knocking her down and kicking her about the head and face. His name is Patrick O'Day.

Primary Associations.—There will be a meeting of the officers of the Primary Associations of this State at the residence of Mrs. Fanny Y. Trencher, Eighteenth Ward, at 7 o'clock p. m. to-morrow.

E. C. CRAWFORD, Pres.

"Out for an Oating."—This afternoon the employees of Mr. Hyrum B. Clawson went down to Ogden for a fine time at that popular pleasure resort.

Fine Fruits.—Brother James Patrick, of Henefer, Summit County, has forwarded samples of small fruits raised by him at that place. They are black and yellow currants and gooseberries. They are unusually large, thin skinned, and their flavor unequalled by any fruits of the kind we have met with in Utah.

Facilitative Cubans.—Yesterday the police discovered an insurance on a small scale, Salvador R. Queto and Benito Los Venas failed to recover matters eye to eye, so they commenced a "foolish and too tall" fight. These Cuban patriots were arrested. The police justice imposed a fine on each of \$5, this morning, which was paid.

General Seventies' Meeting.—The Seventies will please take notice that their regular meeting will be held at the Social Hall, on Wednesday, the 15th inst., at 7:30 p. m. R. A. CAMPBELL, Clerk.

Coal and Coke and Coal Oil Spring.—This morning G. M. Makin called and remarked "I will show you something that can't be beat in Utah." Putting the action to the word he exhibited samples from his Castle Valley mines. One was a piece of excellent bituminous coal from a four-foot vein, and another was a product of it in the shape of a lump of coke, of undoubted superior quality. Mr. Makin thinks he has a splendid show for the investment of capital. After he disposes of three or four he has another in view, so he can't call off spring. But for the present time is a profound secret, so he says.

FATAL ACCIDENT.—A singular and fatal accident occurred at Bear River City, Box Elder County, on the 8th instant. The incident touched the tender feelings of the people of the neighborhood.

A threshing machine was at work finishing a stack of grain. Two small boys were changing about working behind the machine, in a cloud of dust, pitching away clods, when suddenly the son of Hans and Mary Peterson, aged four years and seven months, in endeavoring to run through the dust, was accidentally struck by the fork, then in the hands of John Jacobson, aged nine years. One time placed the large artery in front of the right ear and entered the head a distance of about two inches, which caused the little boy to fall senseless to the ground. He was immediately taken to a house where, in about four hours he expired, in the presence of his parents and friends, without any noticeable pain.

The funeral services were held at 11 o'clock on the 10th inst. All present expressed their sympathy for the parents of the deceased and also for the father and mother of the boy who innocently and unwittingly inflicted the fatal wound.

Small Fire.—At 5:25 a. m. yesterday, Edward Hanham, night watchman at Dwyer's furniture establishment, First South Street, discovered a fire in the north part of the building opposite, No. 14, of the Continental Hotel. He immediately gave a vocal alarm and then telephoned to the fire department at the City Hall. Soon the alarm sounded from the fire bells, and in a few minutes the hose and part of the fire brigade and many spectators were at the scene of the fire. Then came the fire engines, and having played upon the building for about 20 minutes, by 6 o'clock the flames were totally extinguished. The premises were occupied by a Chinese wash house, and a second hand store, the latter being run by Mr. Brown. The building is the property of Mr. Thomas W. Jennings. The entire fire, including building and contents, would probably reach a thousand dollars. The fire originated from a stove pipe running up through the interior of the structure without any adequate protection.

An Explanation.—The gentleman who found the pocket book of Mr. J. Reynolds, in an out-house of the Metropolitan Hotel last Thursday, called to-day and wished to make a statement of the matter, that his conduct may not be viewed from a wrong standpoint. After finding the article he told several parties, and exhibited the pocketbook and contents and made inquiries for the owner. On Friday morning he was told that Mr. Reynolds had gone to Ogden and would return in the evening. He retained it and went to work, expecting to find him that night. He had no idea of holding it to get a large reward or for any other ulterior purpose. When he found that Mr. Reynolds would not return, and that a friend had been left in charge of the matter, he handed the property over to him without receiving any reward what ever. We insert this explanation at the request of the gentleman and in justice to him.

Tavernical Services.—Yesterday afternoon the congregation was first addressed by Bishop O. F. Whitney, who delivered a clear and interesting discourse on the first principles of the Gospel—faith, repentance, baptism by immersion for the remission of sins, and the reception of the Holy Ghost by the laying on of hands. He also spoke upon the restoration of the Gospel in its ancient purity and power, through the instrumentality of Joseph Smith, to whose divine calling he bore a strong testimony.

Too Bad.—Our Saturday's issue noted the presence in this city of General C. H. Grosvenor, of Ohio, and Dr. Ames, of Boston. In the evening Gen. McCook tendered a serenade of the Sixth Infantry band to these gentlemen. The music attracted a crowd and Gen. Grosvenor was introduced to the mayor and Governor Murray. Unfortunately for him he made a speech. He showed by the absurd character of his statements that he had been thoroughly stuffed by the parties who whose hands he had fallen. Many of his remarks were extremely silly and known by his listeners to be totally untrue. It was really too bad for the political huggers to take advantage of this simple-minded old gentleman and cause him to place himself in a ridiculous light before the public.

Dr. Ames made a speech, in which he exhibited much good sense, judgment and taste.

Arrest of Horse Thieves.—In the fore part of the week Mr. Connelton swore out a warrant against two men named "Tex" and "Shorty," and a third person whose name is unknown for stealing horses from a Mr. Allen near Provo. Justice J. L. Lessor issued the warrant, and placed it in the hands of the sheriff, Thomas Peters, who with Connelton and two other men started in pursuit, and passed the carried encircled this side of Zuni. The thief and party proceeded on to Zuni where the thief's horse was arrested, and went into the store of Mr. Graham; as soon as they were inside, the sheriff's men went to the door and two to the window, and leveled their guns down on the rascals and told them to hold up their hands. The command was immediately obeyed, and the desperadoes were taken into custody and brought back to St. Johns, where they arrived on Thursday. They now languish in jail awaiting their examination.—Orion Era, St. Johns, A. T.

Alma Pratt found a "wasp" in Farmer's Ward on Saturday. The owner can have it on application to him.

ACCIDENT AT LOGAN.

THREE MEN HAVE A NARROW ESCAPE FROM DEATH.

The following News special from Logan was received this afternoon: Logan, Aug. 13, 1895.—On Saturday, about 3 p.m., John Knowles, of Logan, and Julius Smith and Lars Strongquist, of Brigham City, were engaged in plastering in the upper end of the northwest tower of the Temple, when the plank which held the scaffolding broke, precipitating Knowles down the lower a distance estimated at about 82 feet, alighting upon the spiral stair, cutting a severe gash in his head, dislocating his left ankle, fracturing his left wrist and bruising his forehead. Julius Smith fell a distance of about 40 feet, receiving a severe cut on the back part of his head and a cut upon his left ear. Brother Lars Strongquist, who at the plank broke through some unexplained cause, caught hold of a window near him, which prevented his falling. The injured men are doing well to-day.

Serious Difficulty.—A difficulty occurred July 25th at Old Spring, in this county, between Jas. Stout, aged 65 years, a former resident of Boise, who held the office of Land Register for several years, and Clarence Hedges, aged about 22 years. They had some words about their horses, which resulted in Hedges throwing a rock weighing three and a half pounds, hitting Mr. Stout in the head, knocking him down, and Hedges struck him on the head with a brick, which is 15 inches long and about an inch in diameter, and weighs about four pounds. Hedges was arrested and had an examination before George Beale, J. Justice of the Peace for that precinct, and held to bail in the sum of \$1,500 for assault with intent to commit murder. Hedges gave the required bond. —Wood River News Miner.

Missionary.—To-day we received a call from Elder Peter E. Hansen, of the 8th Ward of this city, who returned a few days ago from a mission to New Zealand. He left here for that part of the world on the 21st of May, 1893. He labored on the Banks Peninsula, South Island, four months, where he saw a companion missionary preached the Gospel at every available opportunity. He then labored in the south portion of the North Island, both among the white people and the Maories, and during his stay there on of the former and four of the latter were baptized. The Maories, as a rule, ready to receive the Gospel, and are quite intelligent. Brother Hansen enjoyed his labors while his health was good, but it failed him, and for that reason he was released to return home. He speaks very highly of Elder Bromey, who won the confidence of the people wherever he labored.

SPECIAL BUSINESS NOTICES.

NOT FOR THE LARK.

"NOTHING SUCCEEDS LIKE SUCCESS."

The success of the John W. Lowell Agitator Co. in making sales of the J. L. Case Agitator Thresher has been most remarkable. Their traveling agent, Mr. E. A. Kessler leaves for Nephi to-day, for the purpose of making a delivery of Eagers of the famous Agitator Threshers to Benpete and Sevier Counties.

From all parts of Utah, Nevada, Idaho and Montana, orders are being daily received for the Agitator Threshers, and it is estimated that more than 100 will be sold in the season.
