LITHOGRAPHS AND BUTTONS.

Conference Held to Consider Propri-
ety of Issuing a Round Robin
Against Him.

Indianapolis, Ind., June 27.—National
Chairman Stewart and National Secy.
Tate of Tennessee are in charge of
Prohibitionist national headquarters at
the Claypool. This is the tenth con-
vention of the party, and the second to
be held in Indianapolis. The chief topic
of interest among delegates already
here is whether Gen. Miles will be nomi-
nated. Indications now are that half
a dozen names will go before the con-
vention Thursday.

Alonso E. Wilson of Chicago, editor
of the Prohibition Handbook, and Illi-
nois state chairman; Charles R. Jones,
chairman of Pennsylvania Prohibition-
ists, and John G. Woolley, the candida-
te four years ago, are prominent in the
management of the Miles boom. Mr.
Wilson has shipped to Indianapolis a lot
of Miles lithographs and a barrel or two
of Miles campaign buttons.

ON GUARD.

ON THE BANKS OF THE VALU.

THE Russians have a strong guard
along the banks of the Yalu, and
have Cossacks scouring the line
of the Siberian railroad to pro-
tect the main army and the main line
from detachments of Japanese. Al-
though the Russians can throw a half
million men into Manchuria or Korea,
yet large numbers may only be a detri-
ment as they cannot live on the country
which will have been swept of all pro-
visions, and it is a question whether the
Siberian railroad can keep them sup-
plied with food stuffs. Thus the Jap-
anese will have the advantage of a near
food supply. Just as the Cossacks
guard the main body, so does the gas-
tric juice of the stomach guard the
human body. The gastric juice acts as
an antiseptic, preserving the stomach
contents from putrefaction during di-
gestion process. The stomach is, in
fact, a sort of disinfecting chamber in
which germs are destroyed by the gas-
tric juice, thus preventing fermentation
and putrefaction, and protects the body
from such disease germs as bring on
typhoid fever and other sicknesses
which develop in the alimentary canal.
The pepsin as well as the acid of the
gastric juice is destroying to germs, and
the stomach mucus protects the stom-
ach against the action of germs and
poisonous. The mucous membrane
of the stomach eliminates certain
poisons from the blood. This all goes
to show how important it is for the
main body health that the stomach
be in strong, vigorous action. Our life
is vigorous and full of vitality, our
spirits exuberant and bubbling over if
our blood is fed properly by the stom-
ach. A dyspeptic does not have good
blood because his stomach does not
furnish to the blood the proper ele-
ments. When the stomach does not
properly take care of our food poisons
accumulate in the blood and we get
spring fever, a general lassitude or
weakness and despondency. The only
real way to get at such difficulties is to
treat the cause of it all—the stomach.
We all know that sweet butter cannot
be made in a sour churn. The stomach
is a churn. A foul stomach fouls the
food put into it. When the food is foul
the blood made from it is foul also.
Foul blood means disease. Cleanse the
churn and you have sweet butter.
Cleanse the stomach and you have pure
blood. The far-reaching action of Dr.
Pierce's Golden Medical Discovery is due

known as "Sam" Jones, the evangelist;
James A. Tate of Tennessee, George W.
Carroll of Texas and Felix T. Mc-
Whorter of Indianapolis are prominently
mentioned for the second place on the ticket.

"There will be approximately 1,200
delegates, 1,200 alternates and 2,500 or
3,000 visitors," said National Chairman
Stewart today. "All states except
Louisiana will be represented."

National Chairman Stewart, H. B.
Metcalfe of Rhode Island, the Prohibi-
tionist vice-presidential nominee
four years ago; Charles R. Jones, state
chairman of Pennsylvania; E. C. New-
lin, state chairman, and E. W. Clark,
secretary of Indiana, and other leaders
of the party, held a preliminary meeting
this afternoon. Mr. Metcalfe said that
when a party of ten Prohibitionists, of
which he was one, called on Gen. Miles,
the general was evasive and wished the
conversation postponed until after the
Democratic convention. This, it is
stated, has been his policy since that
time. Metcalfe said that in his opinion
the New England states would demand
a man who would make a positive state-

ment of his position, and unless Gen.
Miles should make one they would vote
against him.

National Chairman Stewart said to-
day: "Gen. Miles is a very able man;
he has been a consistent friend of the
anti-liquor movement, and in a broad
sense a Prohibitionist, but even those
who were pressing forward his name
for the nomination by our party this
year, do not say how he stands on the
methods of the Prohibition party. There
are probably 2,000,000 voters in the
United States who believe in prohibi-
tion, but the most who have ever
ever polled on a national ticket is a lit-
tle less than 300,000. We not only
want a man who believes in prohibition,
but we want a man who believes in the
policy and the methods of the political
party. Neither Mr. Miles nor his friends
have said he is a Prohibitionist in that
sense, and there are many Prohibi-
tionists who believe in prohibition, but
not a man who has been a Prohibition-
ist in the party sense of the word in the
past."

ROUND ROBIN PROPOSED.

Indianapolis, June 27.—Horne Lang-
don of Beatrice, Neb.; A. G. Wolfen-
barger of Lincoln, Neb.; and here today
of Iowa, Fred E. Wheeler of Los Ange-
les, Henry B. Metcalfe of Rhode Island,
James A. Tate of Tennessee and Chair-
man Oliver W. Stewart of Chicago held
a conference tonight to consider the
advantage of issuing a "round robin"
calculated to influence the vote of the
delegates against the nomination of
Gen. Miles for the presidency.

The principal reasons set forth in
the proposed "round robin" as to why
Gen. Miles should not be nominated are
his refusal to commit himself as a
straight Prohibitionist candidate and
his reported desire to fuse the Prohibi-
tionist and Democratic vote.

It was decided that action should be
deferred until tomorrow morning, when
a special meeting will be held.

MISSOURI PROHIBITIONISTS.

St. Louis, June 27.—A state ticket has
been nominated by the Prohibition state
convention which convened here today
headed by O. J. Hill of St. Louis for gov-
ernor.

For lieutenant governor, O. L. Os-
borne.

A warm discussion was precipitated
by E. P. Farris of Clinton, chairman,
who in a speech calling for liberal con-
tributions said Prohibitionists should
cut down their expenses and give more
and give more to the Prohibition cause.

E. E. McClellan of Sedalia agreed
with him and in a spirited speech an-
nounced his intention of giving less to
his church and more to his party. He
subscribed \$100.

Rev. William Smith of St. Louis re-
quested that he be called "salutary" at the
church. He declared that the churches
had been insulted and expressed his
readiness to walk out of the convention
if the utterances of the other two were
to be approved.

A resolution was passed endorsing
Gen. Nelson A. Miles for the presiden-
tial nomination.

ADMISSION TICKETS TO
DEMOCRATIC CONVENTION.

St. Louis, Mo., June 27.—No tickets of
admission to the national Democratic
convention, which begins on July 6, will
be on sale, it is announced, and there
will be but three avenues through which
they may be secured—through the
Business Men's league, through the
courtesy of members of the Democratic
committee, or through the delegates to
whom are assigned three, besides their
own.

The total number of seats amounts to
10,804.

The distribution at the disposal of the
committee will begin at 6 p. m., July
6, at Hotel Jefferson at the direction of
the sub-committee on arrangements and
under the personal supervision of
Rev. Charles A. Walsh of Iowa.

The press are assigned 702 seats divid-
ed into two sections, one for corre-
spondents, who will report the conven-
tion, and the other for the weekly press
representatives. The 87 boxes are al-
ready assigned. One each goes to every
member of the national committee, and
the others are awarded to distin-
guished officials or well known Demo-
crats. Three boxes are to be disposed
of by Gov. Francis, one is given to
Gov. Dockery, one to Mayor Wells, one
to the president of the board of lady
managers of the world's fair.

In addition there are 2,288 gallery
tickets. Each alternate is allowed only
his own seat in the convention, each
delegate has three extra. The Business
Men's league is given 2,000 seats. Upon
the platform will be 44 of the best seats
at the disposal of the committee on ar-
rangements which are to be given to
distinguished visitors. The Business
Men's league expects to distribute the
seats allowed it among the business
men of the city, especially with refer-
ence to those who subscribed to the
fund which was necessary to bring the
convention here. The sub-committee
of the national committee that will dis-
tribute the remainder of tickets is com-
posed of Norman E. Mack, of New
York; Daniel J. Campau, of Michigan;
Charles A. Walsh, of Iowa, and J. G.
Johnson, of Kansas. The persons al-
lowance to each committeeman is ten
tickets.

The sub-committee on arrangements
will meet on July 2, and the national
committee will meet on July 3, and be
decided by either, except the naming of
the man who will be temporary chair-
man.

WANTS CLEVELAND.

Gray of Delaware Prefers Him
For President.

Philadelphia, June 27.—A special dis-
patch to the Record from Wilmington,
Del., says:

"Judge George Gray today expressed
his hope that former President Grover
Cleveland would be nominated at the
presidency by the St. Louis convention.
Next to Cleveland he favored Judge
Parker."

"When asked if his own reputation
not to be a candidate had been charac-
terized by the instruction of the Delaware
delegation in his favor and by the re-
cent endorsement of his candidacy by
the leaders in various states, Judge
Gray said:

"I have repeatedly stated that I am
not and will not be a candidate for the
presidential nomination. I have
also repeatedly said that I am in favor
of Judge Parker if Mr. Cleveland is
out of the question. Mr. Cleveland has
been my first choice. If he does not
receive the nomination I hope it will go
to Judge Parker."

OLNEY FOR PRESIDENT.

He Will Be Placed in Nomina-
tion by Gen. Collins.

Boston, June 27.—Mayor Patrick A.
Collins of this city, who is president of
the Massachusetts delegation to the na-
tional Democratic convention at St.
Louis, left here today for Saratoga, N.
Y., where he will confer with leading
Democratic politicians on subjects per-
taining to the convention. It is under-
stood if the name of Richard Olney is
presented at the convention for presi-
dential nomination, the nominating
speech will be made by Mayor Collins.

PLEADED GUILTY.

Edmund Berch, Former Member
Of House of Delegates.

St. Louis, June 27.—Edmund Berch,
former member of the house of dele-
gates, pleaded guilty in the criminal
division of the circuit court, to the
charge of bribery in accepting \$25,000
of the \$47,500 bond fund for his vote on
the city lighting bill. Sentence will be
pronounced Friday.

Berch was called to trial with Charles

Have you heart trouble?
You have, if you find it hard to breathe
after walking up stairs, exercising, etc.
If you have pain in your left side, in
chest, back or shoulder. If you suffer
from cold extremities, pale face, blue
lips, dry cough, swollen ankles.

If you have fainting spells, breast
pang, palpitation, redness of the face,
discomfort in sleeping on one side.

The only scientific treatment for this
whole train of troubles is Dr. Miles' New

Dr. Miles' New Heart Cure is the
prescription of a famous specialist,
whose great success in treating ob-

name pre-eminent in the medical and
scientific world.

The medicine will cure you. We know
it. We want you to prove it. If first
trouble does not benefit, your druggist
will give you your money back.

"I have for several years suffered at
times with heart trouble. I got so bad
I could not sleep half the night, and
had to get up and sit up the side of the
bed, and I thought I was going the way
of my brothers who had died of heart trou-
ble, and I thought I was going the way
of my mother who died of heart trouble
and I thought I was going the way of
my father who died of heart trouble."

I got a pamphlet about Dr. Miles' New
Heart Cure, and after using it I was re-
covered, and have had better health
since then than before for several years.

Many Lives Lost in a Fire.

Philadelphia, June 27.—Fire, the result
of an explosion of fireworks in the Dia-
mond Light Supply company's factory
today is thought to have caused the
death of many employees and the seri-
ous injury of several others. It is re-
ported by the police that of the 23 girls
employed on the third floor of the fac-
tory only two have been accounted for.

The death list may reach ten or more,
as six bodies had been taken out up to
2 p. m., and the firemen say 15 more
are buried under the ruins.

SHERIFF HARRIS' SLAYER.

His Pursuers Have Got Him Go-
ing South.

La Crosse, Wis., June 27.—John
Smith, the slayer of Sheriff Harris,
who was supposed to be in hiding in the
country, was captured by the Mississippi
river at Winona, has turned south and
is now believed to be in hiding in the
Black River bottoms between North
Bend and Holm, in Wisconsin. A man
answering his description ap-
peared in a barber shop on the out-
skirts of La Crosse on Sunday and
forced the barber by threats to shave
off his hair in a hurry. Superior
and Duluth policemen and bloodhounds
have taken up the chase. Smith is
believed to be in a swamp at Merlin,
Wis.

The town constable at Holmen has
arrested a suspicious character there
and he will be held for further infor-
mation. He does not, however, closely
answer the description of Smith.

THIRTY-THREE KILLED.

In a Conduit Near Spanish Town,
Jamaica.

Kingston, Jamaica, June 27.—Thirty-
three persons were killed by an ac-
cident which took place near Spanish
Town, 10 miles west of Kingston, this
morning, in the main conduit of the
West India Electric company, which
operates the street cars from Kingston
and the shareholders of which are prin-
cipally Canadians.

Nearly 100 laborers had been detailed
to remove sand from the enormous pipe
which is a mile long and which con-
veys water from the intake on the Rio
Cobre to the turbines of the power
house. The work had practically been
completed, and men were given to
allow a small quantity of water to enter
the conduit. Through misapprehen-
sion, accident or carelessness the full
force of water was turned on, and a
mad struggle to escape for the men in
the manhole ensued, with the result
that 33 persons were killed.

FIFTEEN MEN KILLED.

Boiler Exploded on the French
Cruiser Durance.

San Francisco, June 27.—The steamer
Mariposa, which came from Tahiti,
brought a story of a boiler explosion on
the French cruiser Durance, result-
ing in the death of 15 men.

The explosion occurred while the
warship was on her way to Noumea
from Papeete, and the last report re-
ceived by the French officials at Tahiti
was to the effect that the warship had
made Noumea and Capt. Rozier, who
was prostrated by the disaster, was sick
on shore. The Durance for a number
of years has been stationed at Papeete.

Portrait of Stevenson Unveiled.

Edinburgh, Scotland, June 27.—Lord
Rosebery unveiled a bas relief por-
trait of Robert L. Stevenson in St.
Giles' cathedral today. The bronze
tablet is the work of the American
sculptor, Gutzon Borglum, the fund for
which were subscribed in America and
Great Britain. In the course of his re-
marks Lord Rosebery said the true
memorial to Stevenson would be in the
school he had founded, for there was
an infinite number of his readers and
almost idolaters of his works through-
out the world.

GERMAN WARSHIP.

Will Be Sent to Port au Prince,
Hayti.

Berlin, June 27.—The government has
decided to send a warship to Port au
Prince, Hayti, after having agreed with
the French government that a simple
apology was not sufficient reparation on
the part of the government of Hayti for
the recent stoning of the French and
German ministers by the palace guard
at the Haytian capital. What form of
expiation the two governments will de-
mand is not yet known, but Germany
has decided to act harmoniously with
France.

GEORGE SHERMAN BELL

ISSUES STATEMENT.

He Declares That Ten Thousand
Lies Are Being Written
About Him.

HE WILL DEPORT BAD MEN.

If the Citizens Permit the "Cattle"
(His Own Term) to Return, That
Is Their Business.

Cripple Creek, Colo., June 27.—Gen.
Sherman Bell, who is governing Teller
county under martial law, has issued
another statement for publication,
which is in part as follows:

"There are 10,000 lies being written
about me. I am acting under orders
of the governor of the state of Colorado.
He stands for peace and quiet, and
good government, and has instructed
me to see to it that the Western Fed-
eration of Miners shall not—directly or
indirectly—murder any more men, and
they shall not. So far as placing Den-
ver under martial law in Colorado is con-
cerned, that rests solely with the governor.
Provided he should see fit to do so, I
am his adjutant-general commanding the
military forces of the state, and will
see to it that hundreds of bad men
are deported, and after martial law
has finally been called off, if the citi-
zens permit the cattle I intend to de-
port to return, that will be their busi-
ness. No man who wants to work will
be molested, but the person who lives
solely and only by his mouth, provided
Gov. Peabody gives me the word, will
have to emigrate. The time for tem-
porizing talk in Colorado has passed.
What we ought to do now is to act, and
I guess we are going some."

APPEAL FOR AID.

Issued by United Mine Workers
Of Trinidad.

Trinidad, Colo., June 27.—An appeal
for aid was issued today by the officers
of the United Mine Workers and gen-
erally distributed throughout the city
and county. It will also be sent to all
the cities throughout the east and west.

The appeal cites the causes of the
strike in district No. 15, which began
last November, and says that every
honorable effort has been made by the
national district officers to reach an
agreement with the operators.

The history of the struggle is gone
over in the document, which closes
in an appeal to all organized labor and
its sympathizers to contribute their
mite to the "end that organized labor
may not be strangled in Colorado."

SALVATION ARMY.

Its International Congress Draws
Great Audiences in London.

London, June 27.—The international
congress of the Salvation Army is
drawing immense audiences and is re-
ceiving much attention from the news-
papers.

The meetings today were devoted to
"foreign war." Gen. Booth reviewed
the work of the Salvation Army in for-
eign countries and said that its flag
now flies everywhere except in Russia,
which he hoped the army would soon
invade.

BOYS WITH A GUN.

Rifle Goes Off, Bullet Passing
Through Boy's Body.

Butte, Mont., June 27.—A Phillipsburg
special to the Miner says:
James Connors, aged 15, was probably
fired while hunting about a ranch
near Princeton, about 16 miles
from here. The shooting was done by
Arthur Scheer, another boy, and was
entirely accidental.

While the boys were in the field, the
rifle was in the hands of a gopher, raised
his rifle to shoot and the weapon was pre-
maturely discharged, the bullet passing
through Connors' body, and then lodged
in the body of Turtle.

DRAWN TO DEATH.

Wallace Colby's Head Battered
To a Jelly by a Horse.

Leadville, Colo., June 27.—Wallace
Colby, a well known mining man, met
a horrible death while driving this
evening. The horse stumbled and Colby
was thrown forward under the horse's
hoofs. His feet caught in the horse
springs and in this manner he was
dragged through the principal street of
the city. When the horse was finally
stopped, Colby was dead. His brains
had been battered out by the animal's
hoofs.

Colby was 54 years old, and has been
identified with mining here for 25 years.

Entire Train Ditched.

Pocatello, Ida., June 27.—No. 6, east-
bound, which leaves here at 5 a. m.,
went into the ditch near Pocatello,
Ida., this morning and about the entire
train was ditched. A train carrying
physicians and officials was hastily
sent to the scene of the accident, but
strange to say, nothing definite can be
ascertained as to the extent of the in-
juries. The railroad officials will not
give any information further than the
report that no one was hurt. The ex-
tent of the damage to the train is not
even given.

Cyclone in Wyoming.

Cheyenne, Wyo., June 28.—Word has
been received here of considerable dam-
age wrought by a cyclone in Weston
county. Trees were uprooted, ranch
houses blown down, hay stacks scat-
tered, live stock and several persons in-
jured.

Otis Elevator Strike Abandoned.

New York, June 28.—The international
strike of the elevator constructors
against the Otis Elevator company
called on June 17, has been abandoned
by the executive committee of the
union. Telegrams have been sent to
all the cities affected, directing the
strikers to return to work.
