Given up to Die.

Given up to Die. B. Splegel 1204 N. Virginia St. Evans-ville, Ind., writes: "Fer over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kid-ney Cure was recommended and the first bottle gave me great relief, and after tak-ing the second bottle I was entirely cured." For sale by F. J. Hill Drug Co. and Bishop Bingham. Their remarks were consoling to the family and culo-gistic of the noble life and character of the young man and of his usefulness in the Church. At the time of his death was secretary of the Y. M. M. I. A. of the Riverdale ward. The grave was dedicated by Elder E. A. Larkin. The funeral was very largely attended, and the cortege which followed his remains to their last resting place was nearly a half mile long. Many beautiful floral offerings were laid on his bier.

#### NEW ARRIVALS.

People are flocking in from all sides and especially from Canada. It is said that not a single Sunday has passed to more than a year but what recommends receiving new members into the La Grande ward, and many times several families, have been received the same day. It is said that we may expect 50 families from Canada this fall. This information comes from a new comer from that section. Utah and Idaho are also doing their share to increase our numbers. With plenty of labor and most excellent land, water and wood, we can safely count on the increase even being larger in the future than in the past. We invite good substantial citizens, but we don't want any drones or pensioners. For the former there is an excellent and easily made living here, for the latter we have little use.

At the late quarterly conference was again manifest the great need of the new stake house. We shall complete this most magnificent structure as fast as we can possibly de so.

J. B. Price has disposed of his peach crop and claims he has done so well that he will plant out more trees next year. Mr. Lambert is erecting a fine brick house to cost perhaps \$3,000.

#### SUBURBAN ELECTRIC LINE.

A survey is being made for a network of electric lines through the valley. The company proposes to leave no part without close touch by its line, which will greatly facilitate travel and deelop this section with exceeding rapidty. This company has located water ower giving them 20,000 horse strength. While we already have electric lights and the like, the cost of lighting and power will be cheaper and better as

power will be cheaper and better as soon as the new plant is installed, which will be shortly, as the work is to be pushed with all possible dispatch. We have had a hotly contested fight for the removal of the county seat from Union to this city. La Grande won by a very large majority and the records, sets because checking here moved been end etc., have already been moved here and again peace prevails.

SUGAR BEET OUTLOOK.

The Amalgamated Sugar Co. will ommence to harvest beets next Tuesday and Mr. Bramwell claims the yield will double that of last year. Many fields promise to bring very great tonnage. One gentleman from the East, a beet expert too, while walking over a field of 145 acres was heard to say that in all his life he had never seen its the four-year-old daughter in all his hit he had hever seen its completed at a cost of over \$5,000,000. the william Woolsey, lost the first joint from an expert and one having no inter-from an expert and one having no inter-test whatever talks very loud indeed.
