Copper Shares.

Safest Investment, Largest Dividends.

The requirement must be met before the securities, containing 15 per cent
of copper, can be considered worth at the place at least \$10.00 per share, and

From Report of George F. Readall, Mining Engineer.
"It is a self-evident fact that the value of this property
large bodies of copper ore exists and that hundreds of tons have been shipped of
high grade ore."

From Report of Francis Arthur Read, Superintendent.
"This property is all right and there is all the copper you want here. I think it
is the best in Texas and it is even better than the best in the world. It is all
over the top of a wide area and the hills are all copper. I think there is all the
copper there is real. It has been found at Comstock. The property is situated
in general farming country which seems to be very profitable here and a town
could be built on it and a railroad built to Denver, 12 miles, to great advantage."

The Great Basin in Copper Shares.
Copper mining has proved the safest and most profitable industry in America,
and the largest and most conservative capitalists in the world have recently become
large investors in copper shares.

This company can produce copper as cheaply as any in the world. It is cap-
italized on a basis of \$100,000,000 in the average, and at the price of copper
bearing land in Michigan (\$600 per acre) containing a much less per cent of copper,
has a large value to it in its exploitation (\$2,500,000).

Receipts for stock and shares by the leading banks and agencies in the country
are in the company's office.

The officers and directors of the company are men of the highest standing and
business capacity, and include:
Hon. Henry H. Low, manufacturer, mayor of Boston, Mass., President.
George W. Russell, Esq., paper manufacturer, Boston, Vice-President.
Hon. F. M. Spaulding, Esq., Vice-President.
Col. Edward H. Robinson, Boston, Treasurer.
Col. James M. Watson, Boston, Secretary.
Hon. Jas. W. Bennett, Esq., President of the Telephone Co.

Only a limited amount of the stock will be sold at the price of \$5.00 per share
and those wishing to secure shares should act at once. As the stock is full
paid and non-redeemable. As soon as this situation is sold the price will be
advanced.

Amount of land, quantity and quality of ore, character of mining and treat-
ment, location, transportation, favorable climate for continuous work the year
around, the increasing demand and price in producing copper ore, the
Boston and Texas Copper Company's unexcelled advantages and ability to
the best kind of an investment. It can easily be seen that the price at which
the stock is being offered.

Stock may be ordered through your broker or dealer, or direct to below.
FROM REPORT OF T. BURTON EVERETT, MINING ENGINEER AND EXPERT.
Hon. Henry H. Low, President, and others, Boston, Mass. "There is abundant evidence of rich copper deposits in the country of the United States,
and the price of copper is steadily increasing. The copper shares are a safe investment, and the price of copper is steadily increasing. The copper shares are a safe investment, and the price of copper is steadily increasing."

Mr. G. H. Savage, Mining Engineer of Butte, Montana, after giving samples of ore from the property, says: "The ore is the richest in the country. If you have the
best you can get \$1,000,000 of copper ore per year."
Major F. M. Spaulding, of Boston, and C. E. Crowley, Esq., of Lowell, Mass., who returned June 1908 from an examination of the property on behalf of the com-
pany's stockholders and investors, report that they found the property as represented and nothing the copper experts. They visited and examined the
mine and explored the entire property.

The Company is thoroughly organized with substantial business men in the management. It has such extensive acreage of land, rich in
copper, and so easily and cheaply mined and converted, that dividends can be earned and paid during the current year. Now is the time to make a
safe and profitable investment, and those who take advantage of this opportunity to buy stock at the low price offered will reap the benefit.

Remit by P. O. Order, Registered Letter, Check or Express to Edward B. Robins, Treasurer, Tremont
Building, Boston, Mass. Price \$5.00 per share, subject to advance.
