SUDDEN DEATH OF MISS DODDS. Stricken With Heart-failure While Out Riding-Uintah News Notes. Special Correspondence,

Riding—Uintah News Notes,

Special Correspondence.

Vernal Uintah Co., June 18.—The saddest occurrence since the death of Warren Johnson, over two years ago, has come now in the sudden tragic death of Miss Jennie Dodds, daughter of Captain and Mrs. Pardon Dodds. Miss Dodds had been ailing somewhat for a week or two, and last evening she was rather urged to go for a horse-back ride, of which exercise she was very fond. So she with a friend, Miss Louie Atwood, rode from the home ranch to Vernal and seemed very happy and enjoyed the ride as usual. She met several friends during the ride, and greeted them cheerfally. Whits going home, the girls had given the horses the rein, and they had settled down to a pleasant canter, when Miss Dodds gave a quick gasp and said she felt so strange, and with no ward of warning other than that, fell forward from her horse to the ground. When her companion reached her side, there was no sign of life. Aid was immediately summoned, while the unfortunate girl was carried into a nearby house. The parents and Dr. Garrett G'Donnell were hastily sent for, but hever a token nor sign of life was evident from the moment she fell from her horse.

The parents are heartbroken over their loss, as Miss Jennie was the only daughter left them, two other children having died by a coddent, one drowning. and a young man being killed by a horse about three years in Stalt Labo C'its of school special.

Miss Dodds has spent three years in Salt Lake City at school, specializing in voice culture, which study she was continuing here under Prof. Phelps. She was a highly respected and richly endowed young lady, not only talented in music, but her natural goodness and amiableness endeaved her to all who were fortunate enough to know her.

It seems before leaving town the gentleman borrowed various sums of money from his merchant friends and he was leaving the country without saying good bye to anyone.

Though it is not decided what the day's program will be, it is decided that the day's shall be fittingly opened, with plenty of wholesome amusement.

A complete and radical cure is, therefore, a question of restoring the prostate gland to its normal state, and this we accomplish promptly and completely without the use of internal remedies. Our treatment is a local one entirely. It is original and scientific, and has been proved absolutely effective by thouseneds of tests. We are convinced that by no other methods can full and permanent restoration of strength and vigor be accomplished.
