Condition in Senate This Afternoon When Bills Came Thick And Fast.

SUBSTITUTE LAND MEASURE

Hollingsworth of Weber Comes Forward in Blocks of Five--Luce Going to California.

The routine work of the state senate begun today, when senate bills No. 16 and 17 came up for second reading, and

and IT came up for second reading, and were placed upon their passage by sus-pension of the rules. Both bills were passed unanimously, signed by the president of the senate and ordered referred to the house. The bills provide for a bond for the secre-tary of state and for the authorization of county recorders to take oaths. This is the beginning of the return flow of regular hills back to the senate from the committee rooms. Senators are wondering where the re-port is of a commission supposed to have been appointed to draft a uniform tax bill for the consideration of this

have been appointed to draft a uniform tax bill for the consideration of this session of the Legislature. The last act of the fifth session of the Legislature was to pass a resolu-tion calling on the governor to appoint such a commission. He approved it on March 23, 1963, but apparently did not appoint the commission a number of tax

During that session a number of tax bills had been defeated, and as it was conceded that the problem was too big to handle in a day or a single session, this method was devised to secure a well matured measure.

well matured measure. It is likely a request will be made up-on the commission at once.

SUBSTITUTE LAND BILL.

Senator Wesley K. Walton today pre-sented senate bill No. 23, offered as a substitute to a senate bill by Rasband on the subject of reorganizing the state land board. Walton's measure is strongly and openly in favor of pure-ly a partisan board and the senator states that should the measure come up for passage he will defend it purely on this ground.

on this ground. The bill provides that five members shall constitute the board, to be ap-pointed by the governor, and to elect their own president and secretary. Each commissioner is to hold office for two years, and the secretary is to be bonded for 15,000. At present the board consists of seven members, the board consists of seven members, the governor and secretary of state, serv-ing ex-officio, and this provision is also made in Senator Rasband's bill.

AFTER REGISTRATION LAW.

Senate bill 24 is an important measure, radically altering the present reg-istration methods. It abolishes the re-registration methods by which voters had to register anew each four years, and it also provides a method by which nts attending schools in Utah canregister before leaving home in sum-

STATE LAND BOARD.

Roberts' Bill Reduces it to Three Members,

The bill introduced in the house yes-terday afternoon, amending certain sections of the law relating to the ap-pointment of a state land board, is perhaps one of the most important at present before the Legislature. The measure provides that the state land board shall consist of three mem-bers, resident citizens of the state, not more than two of whom shall be of

bers, resident citizens of the state, not more than two of whom shall be of one political party, who shall be ap-pointed by the governor, by and with the consent of the senate. Each com-missioner shall hold office for four years, and until his successor shall be appointed and qualified. The members of the board shall elect one of their own number as president.

of the board shall elect one of their own number as president. The bill also provides that there shall be a secretary of the board, who shall be appointed by the governor, by and with the consent of the senate, whose term of office shall be four years and until his successor is appointed and qualified. He shall receive an annual salary of 32 400, payable quarterly and qualified. He shall receive an annual sulary of \$2,400, payable quarterly, and shall file a bond, with sureties to be approved by the governor, in the sum of \$200,000 for the faithful performance of his duties and the safe keeping of all funds and securities entrusted to his care. He shall be the custodian of all poles mortgarge and other act.

on Friday at 1 p. m. The house committee on banks and banking was scheduled for a meeting at noon today, for the consideration of H. B. No, 3, by J. A. Anderson of Mor-gan, providing for the inspection of private banks. Inasmuch, however, as

many of those interested in the pro-posed measure could not attend, the meeting was postponed till Tuesday, Jan 31, at 9 a. m., at which time the measure will receive due attention. The measure will receive due attention. The bill, it is understood, was inspired through the failure of the Schettler bank, and while there are many who favor it and will work vigorously for its passage, there are those who are just as vigorous in their opposition, and who will present their views at the meeting on Tuesday next. The com-mittee desires to give all concerned a chance to be heard on the proposition, hence the postponement of the meet-

Two insanity examinations were con ducted this afternoon before Judge Armstrong by County Physician Whitney and Dr. Tyndale and both persons examined Dr. Tyndale and both persons examined were committed to the state mental hos-pital at Provo. The first case was that of Addie M. Dunn. a young lady 24 years of age, who resides at 28 north Second West. It appeared from the examination that she has a touch of hereditary insan-ity, her father having been insane. She has had several attacks of insanity which have been violent and was at one time contined in the mental hospital at Black-foot, Idaho, for about a year when she was released as cured. Since that time she has been traveling a great deal for her health and her mental "ondition. Dur-ing her attacks of violence she becomes dangerous as she has homicidal tenden-cles. A SLANDEROUS REPORT.

Herald Puts Words into Elder J. G. Kimball's Mouth He Never Uttered.

Many people who were present at the Sunday evening services at the Eighteenth ward were surprised-not to say shocked-at the deliberate prevarica-tion in the Herald's report of the re-marks of Elder J. Golden Kimball. The Herald says, using quotation marks as if its report were verbaling

"Now, let us have charity for Brother Schettler, and you creditors, who have lost money, don't you sit in judgment on him, but let the Lord judge him. Nearly every word of the above is teliberate falsehood. Elder Kimbal was speaking on the subject of charity and on the financial troubles he had passed through personally. In passing he remarked: "It is Brother Schettler's turn today. It may be yours or mine tomorrow." This was the beginning tomorrow." This was the beginning and the end of any reference to the Schettler case. There was not the re-motest reference to his family or to their having been supported out of the creditors' money. Neither did he men-tion the names of President Smith or of Apostle Lyman. He spoke of the necessity of people having a testimony for themselves, and not living on bor-rowed light, and remarked that if all had such a testimony they would not
