

MISSING FRAGMENTS.

His Amber Witch tonight, at the Theatre, will come off on Tuesday night.

The 15th and 20th Ward ball—North of the city—will come off on Tuesday night.

It is expected that the Denver & Grand Western Railroad will be completed between here and Denver by March next.

The Yacht Club has some boats for rent, like the "Tiger," where the "Tiger" is located.

We are pleased to observe that the "Tiger" has been so far recovered from his illness as to be able to attend at the Conference which closed last night.

Miss Maggie Sloan, of the Eighteenth Ward, has received the award for the "Herald" prize essay on "How to keep a cow." We congratulate the young lady on her success.

It is said to be unusually pleasant on the west coast of Bear River, and around the head of that lake, but it is in direct violation of law to slaughter them at this season of the year.

The Unity Club will give another entertainment on Wednesday evening, with several changes of program from the first one. It will be at the Twelfth Ward Schoolhouse.

Mr. S. A. Mills and wife came in this week from Montpelier, Idaho. Mr. Mills reports the town as improving rapidly, as will appear to the reader from the fact that it cost him at the rate of \$20 per month for board and room for himself and wife.

The Kitchen brothers have now disposed of all their cattle houses on the line of the Union Pacific Railway, excepting the one at Green River. Their principal hotel interest now is the "Axion House," Omaha, Neb., and the Pacific Hotel, St. Joseph, Mo., both large places.

Freight train No. 9, en route west on Friday night, met with a mishap. West of Medicine Bow, it was derailed. The engine and several cars were on fire. The train was stopped, and seeing that it was impossible to extinguish the flames, the railroad men cut the remainder of the train loose, and let her blaze. The cars and men were consumed.

The recent discovery of a rich gold and silver bearing lode in Uinta County, Wyo., bids fair to be something more than a sensational myth. The central lode is about five miles from Twin Creek, and about fifty miles north of Evanston. Two separate assays of the rock, recently made in Salt Lake City, gave 688 ounces of silver and two and one third ounces of gold to the ton. It is a well-defined lode, with good wall rock. Several claims have already been located.

LOCAL AND OTHER MATTERS.

High Council—The members of the High Council will meet in the Council House, to-morrow evening, the 9th inst., at 7 o'clock.

Nineteenth Ward Parties.—There will be a party in the Nineteenth Ward Schoolhouse on Wednesday evening. It will be a regular old time re-union affair for the grown people. The younger folks will have a party a short time afterwards, in connection with the Sunday School.

Hogchasing.—Between Saturday night and Sunday morning a person of porcine proclivities entered the butcher shop of Guiver & Papworth opposite the Theatre and decamped with a dressed hog weighing about a hundred pounds.

Vegetables and Flowers.—We would advise all our readers who think of making a vegetable or flower garden this spring to send to D. M. Perry & Co., Detroit, Mich., and get their valuable and beautiful Seed Annual. The house is entirely reliable, and if you wish to get exactly what you order you cannot do better than trust your orders to them.

Raccoons Captured.—This afternoon Albert Davis captured a couple of raccoons in his barn, while getting some hay for a horse. As the raccoons are not indigenous to Utah, but to the Southern States, the pair are strangers in a strange land. If we recollect right a lad named Newson lost two brutes of that species, and they are doubtless his property. They were placed in a box by their captor, and can be seen at the foundry of Davis, Howe & Co.

S. S. Union Meeting.—The regular meeting of the Desert Sunday School Union will be held at 7 o'clock to-night, in the Salt Lake Assembly Hall.

A short lecture will be delivered by Elder John Morgan.

The 14th Ward Sunday School will furnish music and doorknobs. Superintendents and teachers, and others interested in Sunday schools are invited to be present.

L. W. RICHARDS, Sec'y.

Theatre.—We have before given some details of "His Amber Witch," the sole right to play which has been secured by Miss Annie Adams, and it is therefore not necessary to particularize now. It may be said, generally, however, that it is an exceedingly attractive drama, of the intensely thrilling and sensational order, each fresh denouement taking the audience by surprise. The plot being well woven, the interest is maintained from commencement to close. Go and see it!

Railroad Accident.—A report has been received in this city of a serious accident having occurred yesterday on the U. P. R.R. a short distance this side of Evanston. It appears a freight train became detached from a switch engine and dashed into a tea train, which was wrecked. The head brakeman and fireman of the tea train are reported killed, while the engineer is said to have sustained a severe injury to his shoulder, besides being otherwise hurt.

Seventies' Meeting.—All the members of the Seventies Quorum living in the 18th Ward, are invited to be present on Wednesday evening, in the vestry, at 7 o'clock. A punctual attendance is particularly requested.

**A Daylight Abduction.**—The Cheyenne Leader says: On Thursday, a girl named Maud Norton, aged 14 years, while walking on the street, was seized by a strange man, placed in a carriage, and driven rapidly away. A young lady, who was with her, was dazed with fright, but finally went to the house of Maud's mother and told her story. The carriage in which Maud had been placed was drawn to Fort Russell, and halted in front of one of the buildings, and the child was taken into it and there delivered into the charge of a man who she describes as being in army uniform and having yellow stripes on his trousers. The man took up the sleeves of her dress, examined her arms closely, and then, turning to the man who had been with Maud in the carriage, said excitedly: "Take her back at once. This is not Minnie Logan. She has no Indian ink marks on her arms. You've made a mistake, and if you don't let her out you'll get popped for it." Maud was then placed in the carriage again, and the horses were driven back to town at the same rapid pace at which they had gone to the spot. The girl was set down at the same spot at which she had been seized about an hour before. Evidently it was not "his long lost daughter."

**More Scenery.**—Messrs. Henry C. Tryon, A. Lambourn and Spencer Tryon, have returned from Springfield, having painted the scenery for the fine Theatre Hall of that place.

While in Springfield, Mr. H. C. Tryon received a letter from the management of the Grand Opera House, San Francisco, offering him the position of scenic artist of that institution. He sent the letter to the management of the Salt Lake Theatre, who promptly entered into contract with him to do a large amount of work. In fact, what has already been done by him is but a beginning to what is yet to be accomplished, as the Theatre is to be placed, in a condition, so far as scenery and appointments are concerned, second to few temples of the drama in the country. The securing of Mr. Tryon's efficient services insures the success of the scenic department.

**Playing With Powder.**—Willie Reece, aged eleven years, and Roderick Davis, aged six years, of Pleasant Valley, were badly burnt with gun powder on Wednesday last. Willie procured the explosive put in a paper sack, and set fire to it, Roderick, to show his bravery, stood near to see the result, while Willie ran away. Willie, seeing him remaining ran back to rescue him from the danger, but the powder flashed just as he arrived. Both are in bed, unable to see, covered with poultices and plasters. It is believed that their eyesight is not seriously injured. Such accidents will occur as long as children have such dangerous play-things.

**Death of Miss Emma Daniels.**—It is with sincere regret we learn of the demise, at Provo City, of Miss Emma Daniels, the amiable and accomplished daughter of Brother James Daniels, the conductor of the Provo Tabernacle Choir, of which Miss Emma was the organist. We understand she took severe cold in attending an evening party a week ago last Friday, which brought on the sickness which resulted in her death. She was the pride of her parents, with whom we sincerely condole.

**Seventies' Meeting.**—All the members of the Seventies Quorum living in the 18th Ward, are invited to be present on Wednesday evening, in the vestry, at 7 o'clock. A punctual attendance is particularly requested.

An Evanston Man Waylaid.

Mr. Dan Fitzgerald, a blacksmith formerly employed in the U. P. shops at Evanston, was recently waylaid and assaulted with a club at Denver, with the object of robbery. He had been seen with money, but fortunately had made a deposit of all his funds a few minutes before the assault. As he was passing over Cherry Creek Bridge, some one hit him on the back of the head, cutting a long gash in his scalp, and laying him out helpless for a short time. The assailant escaped in the darkness.

**A Model Settlement.**—Philip Paskett writes from Grouse Creek Box Elder County: "We are growing, increasing and enjoying ourselves. Visitors when looking at our numerous healthy children tell us we ought to be thankful for being in such a place. It is thirty miles to the nearest whisky shop; no employment for doctors and lawyers. We frequently witness remarkable cases of healing by the power of God in our midst. When our children get sick the first thing they want is to be administered to, and they get well without a single exception, for which we feel thankful. We have a day and Sunday school, and the best of feelings exist among the people; no one to molest or make us afraid."

**Captured Calf.**—Mr. David Murdoch, of the 20th Ward, had a calf stolen from his place yesterday. He communicated with the police, who found that a man named A. B. Day, who had delivered a load of coal at Mr. Murdoch's residence, had expressed a great desire to purchase the animal. Officer A. Smith went to that individual's place in the Sixteenth Ward, where he found the missing calf tied up in the barn.

The officer requested him to hitch up his team and take the calf back to its owner, which he did. The case was to come up for trial this afternoon.

**There is another calf at Day's place. Has anybody lost one?**
