

Elder William Asper, and unanimously sustained.

President John Morgan then delivered an excellent discourse on the subjects of the organization of the Church, its proper officers and necessary gifts; and the apostasy from the primitive church, and the curse now upon the earth, because the everlasting covenant was broken by the gentiles.

Elder William Asper then explained the first principles of the true Gospel, as explained by Paul and the curse pronounced by him upon the preaching of any other.

After the closing exercises, conference adjourned *sine die*.

Close attention and a general spirit of peace prevailed, the meeting throughout being the most orderly for its size of ever held in this part of the country.

BOX ELDER STAKE CONFERENCE.

The regular quarterly conference of Box Elder Stake, was held in the Tabernacle at Brigham City July 29 and 30, 1882.

There were present on the stand, Oliver G. Snow and E. A. Box, of the Stake Presidency, Bishops and leading Elders of various wards.

The meetings on Saturday the 29th were addressed by a number of Bishops, in bearing testimony to the divine origin of the Church, their eventful experience, and earnest exhortations unto all to walk prudently and wisely before God and the world.

Sunday 10 a. m.

On the stand were Apostles L. Snow and John H. Smith, Elders Lorin Farr and James Burgess. After the opening exercises, Elder James Burgess testified with earnestness and effect to the purity of the lives and characters of the great Prophet Joseph Smith and his beloved brother Hyrum the Patriarch; related in a pleasant manner, a few personal incidents showing the goodness and power of God attending the labors of preaching this "glad message of salvation" unto mankind.

Apostle John H. Smith made a powerful appeal to parents to train their children in the admonition of

the Lord, and not leave such an all important duty to others, but at proper times and occasions make recitals before their families of their experience in the Church, and in an interesting and attracting manner present the glorious doctrines and the principles of the Gospel unto them, "Let all this labor be done wisely and in love, not with a spirit to force, lest it becomes to the young mind burdensome and unpalatable, but act discreetly, that a love will be engendered for, and not a distaste to the word of God."

2 p. m.

Singing and prayer.

The sacrament was administered. Elder Lorin Farr offered some observations on the creation of the world; the results of the fall of man; Lucifer's plan of redemption; the free agency of man, and on the state and condition of those who die in childhood.

Apostle John H. Smith said that in partaking of the sacrament we renew our covenants to remember our Savior and to keep His commandments. The ordinance is a most sacred one, and he plead with all to see to it that they had no hatred or malice dwelling in the heart, lest it be partaken of unworthily, and most earnestly exhorted each one to avoid speaking lightly of the sacred laws and ordinances of the Church. In closing he invoked the blessings of God upon the Saints.

Clerk of Stake.

The local editor of the Springfield (Mass.) Republican, Mr. J. H. Mabbitt, says: "We have used St. Jacob's Oil in our family for rheumatism and found it to be a first-class thing."—*Boston Herald*.

THE proper course to be pursued by any one troubled with a disease of the skin is to procure and use without delay GLENN'S SULPHUR SOAP, the most reliable of purifiers. It completely removes those eruptions which ointments so often fail to cure and remedies irritation, abrasions and roughness of the skin. Pimples, blotches, tan, freckles, in short all complexional blemishes are eradicated by it, and it affords prompt relief to muscles and joints racked by rheumatism. Clothing and linen which have been used in the sick room, can be thoroughly disinfected by it, and diseases of an obnoxious nature prevented by its use. It completely does away with the necessity of costly Sulphur Baths, since at a merely nominal expense it produces the same effects. Physicians of eminence speak in the highest terms of its remedial properties, and it has been used as a disinfectant and deodorizer in hospitals and infirmaries with the most satisfactory results. It is extremely popular with the fair sex on account of the clearness and smoothness with which it endows the cuticle, thus heightening personal comeliness as well as promoting a healthy condition of the porous system.

BENEFACTORS.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.

FROM "THE TIMES."

Editors Times:—The veterinary department in your valuable paper is always read by me with great interest and I value the information received from it a hundred fold more than the small amount paid for the paper. One year ago you published a letter from Dr John Bates, relating the wonderful success he had had in curing spavins and splints with Kendall's Spavin Cure, and his allusion to using it now in his practice for several human ailments on account of the success he has always had with it. The above statements from so prominent a Physician gave me great faith in its efficacy, and as I had been afflicted for years with rheumatism and hip-joint lameness so bad that I could hardly walk at times, I procured a bottle and as it has completely cured me I wish to proclaim it to all the world as the most wonderful discovery ever made for the benefit of afflicted men as well as for the poor horse, for which it was first used. As this remedy must be of incalculable value to the world, I write this letter to express my thankfulness to you for ever mentioning it in your columns and to ask another favor in behalf of my fellow men who are afflicted in body, that you continue to make known to the world, the great value of Kendall's Spavin Cure for both man as well as beast.

Respectfully yours,

ARNOLD PARKER.

SELF-BINDER,

Master of the Harvest.

IT HAS NO EQUAL!

READ THE VERDICTS:

July 26th, 1882.

We, the undersigned, farmers of Alpine, Utah Co., having this day witnessed the operation of the Osborne Twine Binder, in Wheat and Oats, do affirm that it did the most perfect work we ever saw done by any Self-Binder. The cutting was absolutely clean and the grain was tightly bound.

We do not see that any imperfection exists in this machine.

ALPINE, Utah, July 26, 1882.

We proposed to D. M. Osborne & Co., that if they could, by actual field trial, demonstrate to our entire satisfaction that their Twine Binder would do better work and tighter binding than the Wood or McCormick Binders are doing, then we would purchase an Osborne.

This proposition was readily accepted by D. M. Osborne & Co., and we are pleased to state that their Machine has demonstrated its superiority to our fullest satisfaction and we have purchased an Osborne through L. P. Lund, Agent at Pleasant Grove.

C. M. BECK,
W. T. BROWN,
HYRUM HEALY,
J. S. BECK.

At the trial above mentioned three Osborne Binders were sold on the field, two of which were purchased by parties who had taken McCormick Binders on their merits, and condemned them on account of the very bad work performed.

SALT LAKE CITY, UTAH,
July 24th, 1882.

We started our Osborne Twine Binder to-day in heavy oats on the farm of Fredk. Reich, and after testing it thoroughly we find it without a single defect. The cutting is clean, binding tight, and the knot perfect. It does the best work we ever saw.

B. ADAMS,
DANL. ADAMS.

We witnessed the working of the Osborne Binder above referred to, and freely bear testimony that we never saw its equal. The bundles are tightly bound and every knot perfect.

We have cut and bound about twelve acres of heavy rye with our Osborne Twine Binder, and during all this time it did not miss a bundle. The cutting, elevating and binding are without defect. Our neighbors who have seen it work say they would have no other machine.
