

SILAS C. SWALLOW AND G. W. CARROLL

Named by Prohibitionists as Candidates for President and Vice President.

MILES WAS NOT MENTIONED.

Platform Recognizes Liquor Traffic as The Great Curse of the Country.

Indianapolis, Ind., June 30.—The Prohibition party in national convention today nominated Silas C. Swallow of Pennsylvania, for president and George W. Carroll of Texas, for vice president. The platform was adopted without argument after a long deadlock in the resolutions committee. It was described by A. H. Amos of Oregon, secretary of the committee, as the broadest platform ever placed before the people by the party.

Gen. Miles put an end to the movement to nominate him for president by sending a telegram to John G. Woolley, sending a telegram to John G. Woolley, which reached him shortly after noon, asking that his name be not presented. This was considered final and the movement to nominate Mr. Swallow was unanimous, no other name being considered.

Over \$16,000 was raised by subscription from the floor of the convention, which, with \$11,000 in the treasury, will be the nucleus of the campaign fund. National Chairman Stewart, John G. Woolley and others. Several hundred delegates left tonight for St. Louis to visit the exposition. The platform follows:

THE PLATFORM.
The Prohibition party, in national convention assembled, recognizing that the chief end of all government is the establishment of those principles of righteousness and justice that have been revealed to man as the will of the ever-loving God and desiring His blessing upon our national life, and believing in the perpetuation of the high ideals of government of the people, by the people and for the people established by our fathers, makes the following declaration of principles and purposes:

"The widely prevailing system of the licensed and legalized sale of alcoholic beverages is so ruinous to individual interests, so inimical to public welfare, so destructive to national wealth and so subversive to the rights of government of the people, that the destruction of traffic is, and for years has been, the most important question in American politics.

"We denounce the lack of statesmanship exhibited by the leaders of the Democratic and Republican parties in their refusal to recognize the paramount importance of this question and the cowardice with which the leaders of these parties have counted the favor of those whose selfish interests are advanced by the continuation and augmentation of the liquor traffic practically dominates national, state and local government throughout the nation.

"We declare the truth, demonstrated by the experience of half a century, that all methods of dealing with the liquor traffic which recognize its right to exist in any form, under any system of license or tax, regulation, have proved powerless to remove its evils and useless as checks upon its growth, while the insignificant public revenues which have accrued therefrom have secured the public conscience against a recognition of its iniquity.

"We call public attention to the fact, proved by the experience of more than fifty years, that to secure the enactment and enforcement of prohibitory legislation, in which alone lies hope of the protection of the people from the liquor traffic, it is necessary that the legislative, executive and judicial branches of the government should be in the hands of a political party in harmony with the prohibition principle and pledged to its embodiment in law and to the execution of those laws.

"We pledge the Prohibition party, wherever given power by the suffrage of the people, to the enactment and enforcement of laws prohibiting and abolishing the manufacture, importation, transportation and sale of alcoholic beverages.

"We declare that there is not only no other issue of equal importance before the American people today, but that the so-called issues upon which the Democratic and Republican parties seek to divide the electorate of the country are in large part subterfuges under the cover of which they range for the spoils of office.

"Recognizing that the intelligent voters of the country may properly ask our attitude upon other questions of public concern, we declare ourselves in favor of:

"The impartial enforcement of all laws; the safeguarding of the people's rights by a rigid application of the principles of justice to all combinations and organizations of capital and labor; a more intimate relation between the people and the government by a wise adaptation of the principle of initiative and referendum. The safeguarding of every citizen in every place under the government of all the rights guaranteed by the laws and the Constitution; international arbitration, and declare that our nation should contribute in every manner consistent with national dignity, to the permanent establishment of peace between all nations.

"The reform of our divorce laws, extirpation of polygamy, and the total overthrow of the present shameful system of illegal sanction of the social evil, with its unpeppable traffic in girls, by the municipal authorities of almost all our cities.

"We declare ourselves in favor of the recognition of the fact that the right of suffrage should depend upon the mental and moral qualifications of the citizen.

"We declare ourselves in favor of tariff schedules in the hands of a non-partisan commission.

"We declare ourselves in favor of the application of uniform laws for all our country and dependencies.

"We declare ourselves in favor of the extension and honest administration of the civil service laws.

"We declare ourselves in favor of the election of United States senators by a vote of the people."

SWALLOW MAY DECLINE.
Harrisburg, Pa., June 30.—The Patriot tomorrow will say Dr. Silas Swallow may decline the nomination after all. This evening in response to a telegram he sent the following to Chairman Stewart:

"If the honor referred to in your dispatch implies duties requiring my absence from home, while I highly appreciate any honor or duty the grandest party of the age can give me, yet unless Mrs. Swallow's health greatly improves, I would be compelled to decline."

"S. C. SWALLOW."
Dr. Swallow said tonight that he had nothing further to say as to whether he would accept the nomination. He also said that he did not think it advisable at this time to make any statement as to his plan of campaign. If he should consent to remain a candidate.

A MOVEMENT TO RESTORE PEACE.

Washington Officials Satisfied That Was Not Object of Edward's Visit to William.

LONDON GREATLY SURPRISED.

British Government Has Not Taken Part in Any Such Measure.

Washington, June 30.—While the officials here are satisfied from their private advice that the recent visit of King Edward to his nephew, Emperor William, was not brought about by a purpose to initiate a movement toward the restoration of peace between Russia and Japan, there is reason to believe that some very careful and discreet inquiries as to the opportunities for some such overtures at this time have emanated from Washington. It may be stated that the result has been to disclose the fact that neither of the belligerents was yet in the humor to sue for peace, nor even to entertain overtures from any third power on that subject.

The state department will continue to maintain the friendly position it has so far held toward both Russia and Japan, standing ready to mediate and extend its good offices to the full whenever the belligerents indicate their willingness to accept them. It cannot be said that the situation is sensibly changed from what it was a month ago, saving the fact that there is a more optimistic feeling in official quarters that there will soon be an opening for diplomacy to exercise its peaceful methods in the eastern struggle.

LONDON IS SURPRISED.

London, June 30.—The news from Washington that steps were believed to have been taken looking to the mediation between Russia and Japan creates great surprise here. The British government not only has taken no part in such measures, but apparently is ignorant that they are in progress. Official opinion here from Premier Balfour down, is that the time is not yet ripe for any offer of mediation; but, to quote a person in Mr. Balfour's confidence, "Great Britain has kept the door open for any such contingency." It is not likely that this government would be acceptable in the role of arbitrator, but it would at the right time use all its influence to urge the belligerents to accept the offer from a suitable mediator. There seems to be no reason for thinking that the government would not fill that role suitably, but Russian opinion is always a rather unknown factor.

From the highest official sources here and from Japanese legation comes the positive statement that nothing whatever has resulted from the interviews between King Edward and Emperor William at Kiel that was in any way connected with the Russo-Japanese war. There seems to be no doubt that responsible ministers seriously warned King Edward that he must not initiate any step in that direction with his imperial nephew.

The Japanese legation, it appears, made discreet inquiries as to whether or not this advice was carried out, and it was stated tonight that there was every reason to believe the war was not discussed at Kiel, except in the most informal and conversational way.

It was also pointed out at the Japanese legation, which was entirely ignorant of any news concerning a movement toward mediation, that the present moment would be the most inopportune, so far as Japan is concerned, for any such step. Japan, it was maintained at the legation, must first secure such strategic point as Liao Yang before she is in a position to maintain such advantages as she has already won in Manchuria. Without a commanding strategic base Japanese officials here believe their forces would be unable to either rest on their present laurels or to push forward.

Whether this is accomplished by a decisive battle or by retirement of the Russians, the Japanese here say, mediation cannot be dreamed of until that phase of the struggle is settled one way or the other. Subsequent to the Japanese achieving or failing in this objective, it was thought that mediation might possibly be feasible, but Baron Hayashi, the Japanese minister here, reiterates that the terms Japan

Money for Employes.

Pueblo, Colo., June 30.—It is announced today that the American Smelting & Refining company will distribute \$100,000 among its employes who have been with the company for the past two years. This is following out the profit sharing system which was adopted two years ago.

The amount distributed will amount to 12 1/2 per cent of the total earnings of the men for the two years.

Incorporation for June

New York, July 1.—New charters issued during the month of June show a total capitalization for companies in eastern states of \$1,000,000 or more authorized stock of about \$10,000,000. This is considerably behind the record for May, but with the exception of that month, is the largest in years. In June, 1903, the total was about \$8,000,000. The total for this year the total fell below \$4,000,000. Since that time there has been an irregular recovery.

New Life Preservers.

New York, July.—About 25,000 new life preservers are estimated to have been put in service in New York excursion boats since the Slocum disaster. All the manufacturers are working over time, and the preservers are being added to the boat equipment at the rate of 1,000 to 1,500 a day. Reinspection ordered by the federal officers will begin within a few days.

THE LIEUT. BURKOFF.

Arrives at Newchang and Causes Much Comment.

Newchang, June 30.—The Russian torpedo boat destroyer, Lieut. Burkoff arrived here from Port Arthur yesterday and is berthed alongside the gunboat Si-ouch. The river bank was soon crowded with excited natives, who were told by the Russians that the Japanese fleet had been completely destroyed.

The officers of the Lieut. Burkoff tell several stories. One is that Admiral Togo's report of the fighting was exaggerated, and that the Russians have made two cruises in the Gulf of Pe Chi Li in the last days.

Another story is that the Port Arthur fleet has joined the Vladivostok squadron. The correspondent of the Associated Press sent a messenger, who speaks Russian, to the side of the destroyer, but the Russian sailors would not talk except to say that they were in a general engagement, their bow gun having been shot away.

Seoul, June 30, 2:30 p. m.—It is announced from official sources that the Russian Vladivostok squadron, consisting of three cruisers and 10 torpedo boats and destroyers, appeared off Gensan today and threw 180 shells into the Japanese settlement.

NO MORE DOLLARS OF OUR DADDIES.

"There Will Never be Another Silver Dollar Coined in This Country."

SAYS DIRECTOR OF THE MINT.

The Production of Gold for 1904 Will Probably be Three Hundred And Fifty Million.

Portland, Or., June 30.—"There will never be another silver dollar coined in this country," said George E. Roberts, director of the United States mint, in an interview this evening. Mr. Roberts is en route to Alaska and made this statement tonight in answer to a question put to him by a representative of the Oregonian.

"No, there will be no more new silver dollars turned out by the government mint plants unless by some means a 16 to 1 Congress should be elected, for the supply of silver bullion purchased under the Sherman act is exhausted.

"Our records," continued Mr. Roberts, "show a remarkable increase in the gold production of the world during the past decade, and in 1904 the production will probably be \$350,000,000. The total output of the world has nearly tripled in ten years. That is why there is no silver question. Most people think the mints are busy coining gold. They are mistaken. The bulk of the work we do is in the making of copper cent pieces and nickels. The profits derived from these two coins last year amounted to \$2,000,000—sufficient to pay the operating expenses. "Do not get the impression, however, that we are going out of the gold coin business. For the fiscal year ending today our output of gold will reach \$200,000,000—the largest output in the history of the country."

COL. ED BUTLER.

Again Indicted Charged With Bribing a Boodle Case Witness.

St. Louis, Mo., June 30.—Col. Edward Butler, a prominent local politician, came into court this afternoon in answer to a bench warrant charging him with bribing a witness. He was released on a bond of \$10,000, with John J. O'Brien as surety.

The warrant was issued this afternoon by Judge Taylor at the request of Circuit Attorney, Folk, as the result, it is believed, of recent disclosures made to the grand jury by Charles F. Kelly and Charles Gutke, former members of the House of delegates, convicted of bribery.

The grand jury had returned an indictment against Butler early in the day, but it was not turned into court until some time later, when the bench warrant was issued.

The witness whom Butler is supposed to have bribed is Charles F. Kelly, former speaker of the house of delegates, who, Charles Gutke told Circuit Attorney, Folk in his confession, was paid \$50,000 to go to Europe at a critical time in boodle developments here, when his testimony would have involved men "higher up."

Land Fraud Indictments.

Portland, Or., June 30.—In the indictment of Edwin Whitney, alias Edward T. Whitney, made public today, another land fraud case has been brought to light. Whitney was arrested yesterday in northern Idaho and was placed under \$20,000 bonds to appear before the next United States trial jury, which will be empaneled in October.

Whitney is charged by the last United States grand jury with defrauding the government by filing a false and forged affidavit in support of a timber land entry made by him on the northeast quarter of section 19, township 20 south, range 13 east. The land is near The Dalles. The entry of the land was made Sept. 20, 1902.

Shot by a Burglar.

Iowa Falls, Ia., June 30.—Rev. Charles Mayne of Nevada, Ia., was shot today by a burglar and will probably die. He was here attending the state Sunday school convention, and was the guest of W. H. Courtney, one of the directors in the new road, the Iowa Falls & Northern. Shortly after midnight Mr. Mayne was aroused from

his sleep by the appearance of a stranger in his room. The burglar commanded him to keep silent, but had no more than spoken the words when he grappled with the burglar. The latter drew a revolver and fired three times, each bullet taking effect in the abdomen. By the time the occupants of the house had been aroused the burglar had made good his escape.

NO BATTLE IMMINENT.

Russian Army Organ Does Not Expect One Soon.

St. Petersburg, June 30, 1:30 p. m.—The Russian invalid, the army organ, is the notable exception to the popular belief that a great battle is imminent. It gives no intimation that it is Gen. Kuropatkin's purpose to fall back, and not try conclusions, but sees in the developments of June 26 and 27, evidence that the Japanese themselves do not contemplate a decisive engagement. The paper also expresses the opinion that the massing of armies in the direction of Hai Cheng and Liu Cheng is for the purpose of assuring the Japanese occupation of the whole of Liao Tung peninsula and control of the railroad for an advance on Liao Yang at the end of the rainy season, which together with the siege of Port Arthur it regards as the first stage of the Japanese campaign.

The Russian invalid therefore considers that the movement from Feng Wang Chang toward Liao Yang is merely a demonstrative menace against the Russian line of communication north of Liao Yang.

BONDSMAN WITHDRAWS.

Col. Ed Butler Surrenders Gutke And Kelley, Ex-Delegates

St. Louis, Mo., June 30.—Col. Edward Butler, who was on the bonds of Charles A. Gutke and Charles F. Kelly, former members of the house of delegates, who were convicted of bribery, has surrendered them and announced that he will also withdraw from the bonds of the other former delegates already convicted, or awaiting trial on the charge of bribery. The two men mentioned were before the grand jury yesterday, for the purpose, it is stated, of divulging the doings of the boodle combine that existed in the St. Louis house of delegates for years.

Senator W. A. Clark Returns.

New York, June 30.—Senator W. A. Clark of Montana and A. J. De Oliveira Sampaio, naval attaché of Brazil at Tokyo, who is en route to his post, were passengers on the steamship Tonic, which arrived today from Liverpool. Senator Clark went abroad in April for his health, which, he says, has been greatly benefited.

A MURDERER RESCUED.

He Had Wantonly Killed His Former Landlady.

Chicago, July 1.—After killing his former landlady, Mrs. Annie Wacławski, Stephen Wacławski, has been paroled for blocks by foreigners and rescued after being badly bruised in the conflict.

The man lived at Mrs. Wacławski's until a few weeks ago when the woman forced him to leave because of intemperance. He knocked at the door last night and when the woman opened it he rushed into the vestibule and drew his revolver, and fired twice. Both bullets struck the woman in the right arm. She ran to the kitchen, shouting for help. A boarder saw Wacławski shoot again. The bullet

struck Mrs. Wacławski just below the right shoulder.

The woman leaped against a screen of an open window, it gave way and she fell right out to the ground, dying shortly afterward.

The assassin rushed out of the front door, still holding the revolver. A score of men saw him and pursued. Their number was increased until hundreds, mostly foreigners, had joined the chase. They had surrounded Wacławski when the police came.

Mrs. Wacławski was 27 years old and left a husband and two children, one an infant.

THE FISH TRUST.

Suit Brought in Ohio by State to Oust It.

Columbus, O., June 30.—Suit was brought today in the circuit court of Franklin county by Atty.-General Ellis to oust the so-called fish trust of the great lakes which is commercially known as A. Booth & Co., of Chicago, from its charter in Ohio. The suit is brought under the Valentine anti-trust law.

The attorney-general charges that the company has purchased the business of its competitors and controls 90 per cent of the fresh water fish business carried on from the Mississippi to Buffalo. It has been in operation about four years, during which time it has branched out into all states bordering on the Great Lakes and into the Dominion of Canada, and takes in the business of about 60 dealers in fresh water fish.

William Vernon Booth is represented as having effected the combination. The petition further states that the corporation seeks to engage in about 40 different kinds of business under its charter, from making glue to becoming surety on bonds for individuals.

Finally the attorney-general declares, cannot be permitted by the laws of Ohio. The company is capitalized at \$5,000,000. The constituent companies are located in numerous cities, including Denver, Salt Lake City and Astoria, Oregon.

New York Campaign Opened.

New York, July 1.—At a mass-meeting in Cooper Union, the Republican club has formally opened the local campaign. The meeting was called to satisfy the ticket nominated at Chicago.

Former Senator Thurston of Nebraska made the principal speech. He reviewed the Republican administrations of the last eight years in all the various departments of government, and summed up their achievements by declaring that the American people in looking over the history of these years must admit that the "party has done tolerably well."

Demonstrations of approval occurred several times during the ex-senator's speech. An allusion to the Perdicaris incident was loudly cheered.

CASHIER SHORT.

Depositors Besiege German-American Bank of Aurora, Ill.

Aurora, Ill., June 30.—Several hundred people today besieged the doors of the German-American National bank, the cashier of which, by his own confession, is short \$29,000 in his accounts. For an hour there was no diminution of the crowd. Most of these clamoring for their money were German women. Some carried babies in their arms as they lined up for their turn at the paying teller's window. Huge stacks of gold, silver and currency were piled on the counters. A number of prominent citizens entered the bank during the rush and made large deposits.

In three hours the run was apparently over. The directors said that \$2,744 had been withdrawn. The defaulter is a physical wreck. For three years he had borne the ceaseless strain of trying to hide the hole in the bank's reserve fund, while the hole had been growing deeper and broader. In his confession of the shortage, Cashier Flinn attributed his downfall to "unfortunate speculation." Ambition to become a "landed proprietor" in Colorado was the aim of these speculations.

"Everything went wrong," he said. His troubles began, he said, seven years ago. The first money he took was to pay for land in Boulder, Colo. Three years ago his speculations began. He lost \$50,000 in a corn deal. This was followed by a loss of \$15,000 in the Northern Pacific corner. Speculation at the United States Steel stocks, he said, was his final undoing. "Steel looked like a good thing," he said. "I bought 111 at \$5. It went down to 11. I guess I lost \$50,000 there."

University of the South.

Rewanee, Tenn., June 30.—International interest attached to the commencement exercises of the University of the South today, by reason of the presence of Baron Speck von Sternberg, the German ambassador to the United States. The ambassador made the commencement address and received the honorary degree of doctor of civil law. Col. E. C. Jordan, U. S. A., now in charge of the sanitation of the university, received the degree of doctor of medicine.

The commencement procession was founded in the open, the faculty and students in cap and gown marching to the chapel, where Baron von Sternberg was given an enthusiastic welcome.

HOLIER DUTIES

Women seem to listen to every call of duty except the supreme one that tells them to guard their health. How much harder the daily tasks become when some derangement of the female organs makes every movement painful, and keeps the nervous system unstrung? Irritability takes the place of happiness and amiability; and weakness and suffering takes the place of health and strength. As long as they can drag themselves around, women continue to work and perform their household duties. They have been led to believe that suffering is necessary because they are women! What a mistake! Lydia E. Pinkham's Vegetable Compound will banish pain and restore happiness. Don't resort to strong stimulants or narcotics when this great strengthening, healing remedy for women is always within reach.
