CONGRESSIONAL.

SENATE.

WASHINGTON, 26.—West submitted a resolution requesting the Secretary of the Treasury to submit to the Senate copies of any proposition made by the Pacific R.R. Co.'s for the creation of a sinking fund for the redemption of government mortgages, together with a statement of the action of the government thereon, and of the reason therefor.

Pre-emptors and the R. R. Grants.

The Chair laid before the Senate the unfinished business, being the bill to confirm pre-emption of homestead entries of public lands within the limit of the R. R. grants, in cases where entries have been made under the regulations of the Land Department.

Christianity moved that the bill be referred to the Judiciary committee.

Boy said Congress might pass this bill to enable these settlers to get their lands, but the R. R. Co.'s would contest the right and be successful in ousting them. He believed a law could be framed to avoid all this, and he hoped it would be referred to the Judiciary committee and passed.

the government by an amount of over \$1,000,000. That had been a great work. This gentleman from Pennsylvania might continue his work, but could not originate it. He gave figures to show that the reductions made the last two years amounted to over \$31,000,000, and he remarked that the committee on appropriations of last Congress might be well advised to hold the government tight to spending only what had been appropriated. He did not wish to be presumed that no check had been thrown overboard until the democratic party had been placed at the head-gates. He wanted his friends from Pennsylvania to be broken in on the subject. (Randall) not to waste his time and efforts on fields which had been already cropped. There was still ground which was worth going over, and he wanted to help him in going over that ground, but he wanted him (Randall) to bear in mind the old proverb, "The man who goes for a plucked cherry, comes back empty handed."

He strenuously opposed any reduction in the pay of the great commanders of the present day. The people had not been complaining of the salaries of West Point officers or chiefs. What they had been complaining of was railroad subsidies and the like, they were demanding that "rings" be broken up. The amounts of these demands were based upon the net earnings reported by the companies. All of said companies have refused to pay sums thus demanded within 60 days from such demands. Secretary Bristol certified the fact to the Attorney General, and his duty under the law in question thereupon ended. From reports made by the U.S. Attorneys of California, Kansas, Minnesota and Iowa to the Solicitor of the Treasury it appears, however, that suits were brought against all the companies in the proper districts during the month of April, 1875, and that these suits are still pending.

Presidential Term Amendment.

Several days ago the House committee on Judiciary reported a proposed amendment to the constitution of the U. S. as follows:

"No person who has held or may hereafter hold the office of President of the United States shall be eligible to the same office."

To-day Mr. Fry, in behalf of the minority of the committee proposed a substitute for that of the majority, as follows:

"From and after March 4th, 1885, the term of office of the President and Vice President of the U. S. shall be six years, and any person having been elected to hold the office of President, or for two years has held the office, shall be ineligible to re-election."

Over Issue of Stock.

BOSTON, 26.—The alleged over-issue of stock of the Boston Post Co. has seriously complicated matters, and the holders of it as collateral cannot tell whether their certificates are fraudulent or genuine. Winslow controlled the stock board to suit himself, and as he did not hesitate to forge names of persons to notes it is probable that he manufactured certificates to suit his wants.

Fatal Explosion.

NORTH ADAMS, Mass., 26.—By an explosion of nitro-glycerine at Mowbray's factory, two workmen were blown to pieces.

Verdict on the Lynched.

CINCINNATI, O., 26.—The Commercial Appeal of the Boston Post Co. has seriously complicated matters, and the holders of it as collateral cannot tell whether their certificates are fraudulent or genuine. Winslow controlled the stock board to suit himself, and as he did not hesitate to forge names of persons to notes it is probable that he manufactured certificates to suit his wants.

State Democratic Convention.

ATLANTA, 26.—The state democratic executive committee called a convention of the congressional districts for the 25th of April to select delegates to the national democratic convention.

Plead Guilty.

MILWAUKEE, 26.—In the United States Circuit Court to-day the following persons pleaded guilty on motion of the prosecuting attorney to indictments for conspiracy to defraud the revenue: H. P. Ellis, D. H. Griffith and H. A. Valentine, storekeepers; Leopold Leith, Robert Kellwell, Charles Heister, Aaron Schaeffer, Henry Schaeffer, and Wm. Berghall, distillers; Wm. Hoyer, bookkeeper.

Attempt to Rob a Bank.

SPRINGFIELD, Mass., 26.—At Northampton last night several disguised men came into the house of Jno. Whitteley, cashier of Northampton national bank, secured Mr. Whitteley and family, obtained his key to the bank, and leaving a number of their number as guard proceeded to break into the vault, but the alarm was given, and the gang was driven off without accomplishing their purpose. Cashier Whitteley was robbed of his gold watch and a number of his jewelry. There is evidence that the gang had been planning the robbery for some time.

lions of a lifetime and disturbing the honorable dream which these gentlemen had a right to indulge in, relying on the promise of the Government. He spoke of this thing now because coming events cast their shadows before. This ill consideration, ignorant attack on West Point was but the skirmish of the main movement to be directed against that great institution of which West Point was the nursery, and of which the nation was proud. The people did not want to see the honor of the nation's school of soldiers and the dignity of the professor struck at, as they were in this bill. Without action on the bill, the House adjourned.

EASTERN.

The Government and the Railroads

WASHINGTON, 26.—In response to the resolution of the Senate, the Secretary of the Treasury, to-day, communicated to that body a statement of his action under the law of June 22, 1874, providing for the collection of moneys due the U. S. from the Pacific Railroad Company for five per centum of their net earnings, required by the act of July 1st, 1862, to be paid in the U. S. Treasury, to constitute a sinking fund. It appears from the statement that demands were made by the Secretary of the Treasury upon the respective railroads as follows:—Nov. 12, 1874, Union Pacific Company, \$1,400,000; Nov. 14, 1874, Kansas Pacific, \$300,000; Nov. 14, 1874, Central Branch, U. P., \$471,947; Oct. 31, 1874, Sioux City and Pacific, \$271,104; Nov. 24, 1874, Central Pacific Company, \$338,000. The amounts of these demands were based upon the net earnings reported by the companies. All of said companies have refused to pay sums thus demanded within 60 days from such demands. Secretary Bristol certified the fact to the Attorney General, and his duty under the law in question thereupon ended. From reports made by the U.S. Attorneys of California, Kansas, Minnesota and Iowa to the Solicitor of the Treasury it appears, however, that suits were brought against all the companies in the proper districts during the month of April, 1875, and that these suits are still pending.
