Supreme Court—In the Territorial Supreme Court to-day, opinions were rendered in the following cases:
 Spanish Fork City, appellant, vs. Wm. M. Johnson, respondent. First District. The respondent was charged with selling liquor without a license. The record showed no trial in the justice's court, and the appeal was therefore dismissed.

John Cunningham et al., appellants, vs. Scott & Anderson, respondents. Third District. The decision of the court below was affirmed, with costs. Giovanni Carabini, respondent, vs. Frederick Rindberg et al., appellants. Third District. Decision of the court below affirmed, with costs.

Judge Sutherland, on behalf of James Jack and Stephen W. Clayton, asked that the court fix the amount of supersedeas bond in each case, or appeal, to the United States Supreme Court. By request of Mr. Varian, Mr. Dickinson being absent, the matter was deferred until 3 p.m.

Frank Pierce was examined as to his qualifications for admission to the bar in the case of Toledo City, respondent, vs. Moses Brunson, appellant, the appeal was dismissed.

This afternoon Judge Sutherland called on the motion to fix the supersedeas bond on the appeal of James Jack, and J. W. Clayton from the judgment of the Supreme Court. He argued that under the United States statute they had a right of appeal, both because the amount involved exceeded \$500 and because an authority existed under a law of Congress for the Territorial Legislature to call in question in the construction of sections 6 and 7 of the Organic Act.

Mr. Varian said that he had not examined the matter, as he had expected Mr. Dickinson to be present. He disputed the right of appeal for either reason shown.

Judge Powers asked a number of questions, and in reply Judge Sutherland stated that in the case of the U. S. vs. Lorenzo, the U. S. Supreme Court had not dealt with the construction of the statute, as asked by the appellants.

Judge Sutherland suggested to the court that as the law allowed an appeal whenever an authority existed under a United States statute, it could not be denied in this instance.

The court then made the right of the Government to make the appointments clearly at issue, and the court could not be avoided, and on that point an appeal was clearly the right of the appellants, Messrs. Jack and Clayton.

The matter was taken under advisement until to-morrow.

PROFESSOR MASON'S LECTURE

AN ELOQUENT DISCUSSION ON THE QUALIFICATIONS, DUTIES AND DESTINY OF THE TEACHER

The large audience which gathered in the Fourth Ward Assembly Room last evening, gave evidence that an interesting interest is being taken in the varied proceedings of the Teachers' Summer Institute. The lecturer was given the closest attention, and his able effort was highly appreciated.

The proceedings were commenced by singing and prayer, and Chas. F. Wilcox introduced Professor Karl G. Maeser, Principal of B. C. Academy at Provo. Professor Maeser said he had chosen his subject, "The Teacher," not for the purpose of delivering a lecture, but for the purpose of discussing the qualifications, duties and destiny of the teacher.

The teacher, he said, is a person who is devoted to the cause of education, and who is called upon to mold the minds of the young. He is a person who is called upon to mold the minds of the young, and who is called upon to mold the minds of the young.

The Fatal Accident.—Our Ogden correspondent "Water" sends the following, which shows the object of trip into the mountains of the unfortunate young man, William Bruce, an account of whose death by accident appeared in yesterday's issue:

For some time past quite a number of men, young and middle aged, have indulged in the athletic exercise of scaling the highest mountains. "Water" tells of one such case, the death of a young man about 18 years old, who had been in the habit of scaling the highest mountains. On Friday last, a young man about 18 years old, who had been in the habit of scaling the highest mountains, died by accident.

He was alone, and he had a revolver with him. He attained the giddy heights, but there an accident occurred by which he lost his footing. It is thought that death was instantaneous, for when found it is said that he had not uttered a word, and that he had heard the report of the discharge of the weapon. However, life was extinct when he was discovered. His neck was broken, and his back, and his skull was terribly fractured.
