

GRUESOME FIND  
IN JORDAN RIVER.

Body of an Unknown Man Found  
Floating in the Stream  
Yesterday.

HAD TWO BULLET WOUNDS.

All the Known Facts Support the Murder  
Theory—An Inquest Will  
Probably be Held.

Again has the Jordan river been made to deliver up its dead. This time, however, the stream that has become noted for treacherously robbing its victims of their lives, was but the repository of the body of a man who doubtless was dead before the water closed over the remains. Two wounds in the head, caused by leaden missiles, told plainly the manner of death, but whether the hand of the dead had wrought the deed, or whether it was the act of a murderer may forever remain a mystery.

The dead told no tales, and if any living soul knows aught of yesterday's mystery, the probability is that he, too, will go down to the grave with sealed lips.

At a late hour yesterday afternoon a telephone message was received at police headquarters that a human body had been seen in the Jordan river, near the White bridge. The patrol wagon, in which were P. J. Daly, Capt. Burbridge, Judge C. B. Diehl and others, quickly repaired to the scene, and after considerable difficulty the body was brought to land. Investigation disclosed the fact that the body was that of a man apparently from 40 to 45 years of age, about 5 feet 7 or 8 inches in height, and weighing perhaps 160 pounds. The hair was dark, mustache sandy, and eyes either blue or gray.

Upon a finger was a plain gold ring, and in the pockets \$1.75 in change, but not a slip of paper that would afford identification of the unfortunate. The clothes worn by the man were dark, either dark blue or black, and his shoes were No. 8 vici kid. It is believed that he was a Latter-day Saint, but who the man was, whence he came or the reason for his tragic death is not yet, and may never be, revealed. The body lies at the morgue of Undertaker Evans, and it is most likely that an inquest will be held, as Judge Diehl will order one.

After the body had been prepared for burial, City Physician Stewart made an examination of the wound found in the man's head. It was evident that the one in the forehead would not have produced death, but it is the opinion that it was sufficient to have produced immediate unconsciousness. How a person, after having received the first wound, could possibly have inflicted the second, which was in the right eye, is beyond understanding, and it is this fact that gives ground for the theory that the man was murdered. Against the murder theory are the facts that money was found upon the person of the victim, and no rifling of pockets or disarrangement of apparel were in evidence.

Children living across the Jordan, and who were on the way to school, saw the body yesterday morning, but did not pay much attention to the matter, until, when returning home in the afternoon, the object was still in sight, and then older persons were told of the discovery, and it was then that the police authorities were notified.

**CURED CONSUMPTION.**  
Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago. He is now as well as ever. We have kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

**BETTERMENT LEAGUE.**  
Interesting Meeting Held Last Evening at the Y. M. C. A.

The Juvenile Betterment league met last evening in the Y. M. C. A. auditorium. President J. A. Greene, who presided, was assisted by J. P. Judd, reported this supervising committee on the part of the league. He was assisted by Charles, ex-Gov. Heber M. Wells, W. Mont Perry and Oscar L. Cox; and it was announced that the Manufacturers and Merchants' association and the Commercial club were entirely willing to work in connection with the organization.

Short talks were given by Capt. M. McMahon, Mrs. F. Dickert, Mrs. C. H. McMahon, Mrs. Hugh Park, O. L. Cox and Harry S. Joseph, on the St. Ann's orphanage, the infants' home and protective association, the Morris school, the Y. M. C. A. and the State Industrial school. Mr. Joseph and Judge Brown explained how it was the object of the State Industrial school to make the number of men in the state prison less.

Prof. J. H. Paul spoke earnestly in behalf of the efforts to better boys in this high altitude. He held that boys influenced either for good or bad in other parts of the world, and that their results were obtainable in this work than in any other in which a like amount of time or money might be expended. Prof. Paul commended the work of Judge Brown, and held it a criminal mistake to expend money on criminals and withhold it from this work of prevention. Work has been done heretofore at the wrong end, and this is a move to begin the work at the right end.

The Aeolian orchestra, including Henry Oberdorfer, Archie Colman, Ralph Deaky and Guy Alexander, furnished two musical numbers, and a cornet solo was rendered by Owen MacAleer, a member of the Boy Scouts. Floyd Miles played a trombone solo, and Mrs. Kate Bridwell Anderson sang two numbers.

**TO MOHAMMEDAN GLORY.**  
Twenty Novitates Will be "Given Theirs" by Shriners Tonight.

The Shriners will hold a ceremonial session this evening in Masonic hall, and it passes by imagine that the Black Hawk war has broken loose again and have been joined by Geronimo and his angelic Apaches, it will not be passing strange. It has been the impression that college freshman society initiations were about the limit, but after witnessing a Shriner ceremonial such impressions fade into utter insignificance. In the ceremonial of the Shriners, there is something doing—very much doing, and a whole lot being done. The initiations to this highly rehearsed function are originally of itself, and would do credit to the fun-

most of mock schemes at college commencements. The necks of 20 novitates will be given the true Turkey (Islamic) twist, the lumbar vertebrae will be dislocated and segregated, hot irons will be applied to their soles and epidermis, they will be given the Filipino water cure treatment, they will be roasted by fiends freshly imported from the bottomless pit, and after being served up in their own graveny for the hideous prandial feast, these novitates will be recalled to life by a patent process known only to Potentate Marriott and Sam Park, and given a free pass into the Mohammedan glories.

**THE BEST COUGH SYRUP.**  
S. L. Apple, ex-Probate Judge, Ottawa, Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, \$1.00. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

**STRUCK BY ENGINE.**  
Mrs. Johnson, an Aged Widow, Lost Her Foot.

Mrs. Johnson, an aged widow living west of the Oregon Short Line tracks on Ninth South, was struck by a switch engine while crossing the tracks last evening, receiving injuries to her foot that necessitated amputation shortly after her being taken to the Dr. Groves L. D. S. hospital. This morning she was reported to be getting on fairly well, when her experience is taken into consideration.

According to the story told by eye-witnesses, the woman was walking north on Third West, and stepped from behind a string of cars just as the switch engine was approaching. Although not in the path of the approaching engine, she apparently became excited and jumped between the rails. The pilot struck her and brushed her to one side, in falling, she struck the rail with her foot, which was ground under the wheels.

That she was not killed outright is a little short of marvelous.

**THE ASPHALT PAVING.**  
Board of Public Works Has Decided To Make Inspection.

At the regular meeting of the board of public works last evening it was decided to inspect the asphalt paving of the city today and compare the relative quality of the Utah asphalt with that of the imported product. It is the intention of the board to use the Utah product if it is found to be up to the standard and can be delivered in this city at as low a cost as the California or other imported asphalt. The members of the board will go to Thistle as soon as the weather will permit to inspect the asphalt claim purchased by the last administration.

The board awarded the contract for filling up a portion of the old Parley's creek canal across the military reservation to D. W. Harmon & Co., upon their bid of 19 cents per linear foot. There is about 7,200 feet of the canal to be filled.

No false pretense has marked the career of Ely's Cream Balm. No idle promises of rewards for cases it will not cure. Being entirely harmless, it is not responsible like the catarrh snuffs and powders, for minds shattered by cocaine. The great positive virtue of Ely's Cream Balm is that it speedily and completely cures nasal catarrh and hay fever. **MAY BE MURDER.**  
Joe Giovanni Seriously Stabbed Fellow Countryman Named Michael Angelino.

An Italian named Michael Angelino was seriously and perhaps fatally stabbed by a fellow countryman, Joe Giovanni, late yesterday afternoon. The two men met at Hegney's saloon, near the Rio Grande depot, and it is said, engaged in an altercation over the alleged stealing of kindling wood by Angelino and his wife from the premises of Giovanni. The quarrel was renewed in the street, and it was there that the stabbing took place, Angelino being the victim. The wound was inflicted in the abdomen, and was considered dangerous. The wounded man was first taken to his home, but was later removed to St. Mark's hospital, where he now lies in a critical condition, though it is believed that he may recover.

**TO ERECT FIVE BUILDINGS.**  
The Hyrum A. Silver Foundry & Machine Company Finally Launched.

The Hyrum A. Silver Foundry & Machine company, notice of whose prospective incorporation first appeared prominently in the "News" some time ago, will erect five brick buildings, each 40x50 feet, on the newly acquired location, Fourth West and Fifth North streets, and the plant will include a machine shop, and foundry, which will turn out larger castings than have hitherto been obtainable in this city. The capitalization is for \$200,000 in one dollar shares. The officers of the company will be Joseph W. Daykin, Jr., president; Hyrum A. Silver, vice president and manager; George Silver, assistant manager; and Seymour R. Robbins, secretary and treasurer, and these with Arthur Winter, C. L. Olson, Willard T. Kiron and Ernest Russell, will form the directors.

Articles of incorporation were filed today.

**DE HARPORT'S SUDDEN SUCCESS.**  
Few who listened to De Harport's work on the Mexican solterito on Monday night realized how nervous he was and that he was then playing the Mexican national instrument for the first time on the vaudeville stage, and the third time in public.

Mr. Harport by profession is a music teacher in Denver, where he has lived all his life. Recently A. C. Carson, resident manager of the Orpheum at Denver, dropped into his studio, and eyeing something that looked like a wild bird suit case standing in the corner, asked what it was. Mr. Harport told him, and proceeded to give a demonstration. He at once realized that he had stumbled upon a novelty, and a month later, when late trains shut off two acts, he prevailed upon Mr. Harport to bring his instrument down to the theater and "fill in." He made good, with the result that he received some good press notices. These, coupled with a letter from Mr. Carson to Mr. Beck, secured for him an engagement on the circuit.

Mr. Harport secured the instrument from Garcia, a Mexican, who was in vaudeville 15 years ago, and was taken sick at Denver. Since that time he has practiced on it for his own enjoyment until he suddenly came to the front by chance. The first two numbers he renders are of his own composition, as also are the orchestrations of all his pieces.

Yesterday he was as tickled as a boy with a new pair of red-top boots over the press notices he received here.

\$10,000 IN PRIZES  
GRAND FREE DISTRIBUTION!

An entertaining and educational contest open to everyone (with exceptions as noted below) that will prove interesting and beneficial to all who participate. This distribution of prizes will be made to those sending us the largest list of correct words made from letters used in spelling the three words

## THE KIMBALL PIANO

The distribution of this large amount in prizes is only made possible by the liberality and progressiveness of the W. W. Kimball Co., who are determined that the name "KIMBALL" shall become a household word; to fix the name "KIMBALL" indelibly upon the minds of all who may now or at some future time, need a piano.

## A Few Pertinent Facts.

The W. W. Kimball Co. manufacture and sell 35,000 instruments every year. Kimball Pianos are sold on the one-price-to-all system. They have a fixed value. They are not sold to Mr. Jones at once price and to Mr. Brown at another. All dealers who sell the Kimball Piano must sell them at the established price. No more is allowed to be asked, no less accepted.

Every dealer who handles the Kimball Piano must mark them in plain figures. FIRST PRIZE—\$450 Kimball Upright Piano, Cabinet Grand, will be given as first prize to the person sending us the largest list of correct words as above mentioned, and according to rules and conditions noted below.

SECOND PRIZE—\$325 Kimball Upright Piano, cottage size. THIRD PRIZE—A credit bill for \$150.00. FOURTH PRIZE—A credit bill for \$100.00.

To the next five largest lists of correct words will be given Credit Bills for \$100 each. To the next five largest lists of correct words will be given Credit Bills for \$85 each, and following this in groups of five, each of the competitors sending us the five largest lists of correct words will be given Credit Bills for \$1.00 less the preceding prize, until the entire \$10,000 shall have been distributed.

## Important Features.

By special arrangement with the W. W. Kimball Co. these Credit Bills will be honored at their face value towards the purchase of any new Kimball piano in our store. The winners are thus assured of a genuine piano. There will be 142 Credit Bills distributed. They are worth striving for.

## Rules and Conditions of Contest.

No lists received after March 31, 1906, will be considered. Only such words as to be used as are found in Webster's International Dictionary. No proper names, foreign words, names of persons, towns or places are to be used. Do not use a letter more times in forming a word than it appears in the words "The Kimball Piano."

Words spelled the same but having a different meaning can be used but once. No one now owning an upright piano can compete. No one connected with the piano business in any way can compete. In the event of a tie, prizes of equal value will be given. Contestants compiling list must sign same, together with coupon accompanying list.

In the event of list and coupon not being signed by contestant the right is reserved to reject such list. Easy payments will be granted those wishing to be accommodated by applying their Credit Bills, and paying the balance in small monthly payments. Not more than one Credit Bill will be accepted on the same piano. Lists must be made in alphabetical form or will be subject to rejection.
