WASHINGTON, 26.—Thomas L. Tulloch is appointed postmaster vice D. B. Alinger, removed. Tulloch is a native of New Hampshire, and occupied there at one time the position of secretary. For the past four or five years he has been discharging official duties in the general postoffice of this city.

Washington, D. C., November 26th.
To the President:
Sir—Learning through the public press for the first time that your order we have been removed from the positions of postmaster and assistant postmaster of this city on the ground that we have been guilty of misconduct in the office of the government, which allegations are false in every particular and damaging to us, we avail ourselves of this early opportunity to bring the matter to your attention in case of any future action you may take upon this matter.

Chicago, 27.—Col. Ingerson, of counsel in the star route cases, said in an interview to-night on the subject of Saturday's dispatch by President Arthur: "It is an effort on the part of the government to terrorize the jury. I believe Marshal Henry is a honest man, as even lived. He never did the slightest favor to the defendant; he simply did his duty—no more, no less. The reason they want him out is that they want someone to take his place."

Chicago, 27.—The interview referred to in the letters of Attorney General Brewster and District Attorney Bliss as a national cause for the removal of Marshal O. E. Henry, appeared in the Youngstown News-Register, June 13th, and is as follows:
What is there in the statement made by Bliss, that you had been subjected to the influence of John W. Dorsey, and had made promises not to push vigorously the star route cases against him?
Marshal Henry answered: "Not even the substance of a shadow. I understand that Bliss says while the jury was being drawn in the star route cases, Dorsey called at his office and remained several hours, and that while there he extracted from me a promise that I would favor him, and not use active measures in assisting the prosecution. The only time that Dorsey was ever in my office was one day when he called and asked for a match to light a cigar with. The deputy in the room that Dorsey entered handed the box to him. Dorsey said, 'I guess I'll take three or four.' The deputy replied, 'you can have as many as you want.' Dorsey placed several in his pocket. He is too full of downright meanness to amount to anything. He is the fellow whom Horace Greeley suggested should be branded 'lying Blarney' and the appellation stuck to him."
