WRANGLE IN THE COUNCIL.

#### Contest Was Over Resolution by Thomas Providing for Payment of Police Payroll Without "O K."

The usual wrangle over the police department difficulties was indulged in by the city council last evening, the matter coming up in different forms on two separate occasions during the meeting. One round was pulled off in the early part of the evening when the mayor's veto of the Eardley resolution \*xas considered, and, after a breathing spell, during which a lot of rountine business was transacted and the principals in the bout were revived sufficiently to proceed with the fight, the second, and, by far the most interesting round, was pulled off. It was brought about by a resolution, introduced by Thomas, which authorized City Auditor Reiser to waive the usual "O. K." on the police payro.ls and pay the salaries of the members of the department for the month of March In both rounds the majority of the ouncil, the anti-Sheets men, came out victorious. The fight lasted until near midnight, when a recess was taken until Wednesday evening at 8 o'clock. EARDLEY'S POINT OF ORDER.

When the mayor's veto was read Eardley raised a point of order agains it on the ground that it is irrelevant and "immanterial." He said that the resolution vetoed should not have been resolution vetoed should not have been submitted to the mayor at all, but should have been sent to Capt. Bur-bidge. President Cottrell ruled that the point of order was well taken and that the veto was not before the council. Daveler appealed from the decision of the chair. Thomas seconded the appeal, and, in an impassioned speech urged that the wrangling which has has been going on in the council for more than a year past over this police ques. tion be stopped at once. The public, he said, was tired of it and it should be stopped as such actions are childish and absolutely useless. The matter must be settled in the courts and there is no use of wrangling over it here, he ar-gued. He urged that the veto be re-ceived and filed and asked the council not to give the mayor another slap in the face by returning the veto to him.

### SHARP AS A PEACEMAKER.

Sharp suggested that the council get together in caucus and settle the mat that the police officers have to serve that th epolice officers have to serve without pay while the council quibble over technicalities as to who is the head of the police department. He thought a friendly suit should be, instituted to

determine whether the council is right or the mayor. Daveler, in ringing tones, declared that the minority was right in this matter, and if the families of the police officers are suffering for nourishment if they would come to him

The peti-tion was referred to the committee on streets and municipal laws.

HOME TELEPHONE PETITION. The Utah Home Telephone company presented another petition asking that its franchise be transferred to the Utah Independent Telephone company, which is composed of the same parties as the former corporation, the only difference in the two communies being that the latter is incorporated in this state and the former in Nebraska. About two weeks ago the company had its fran-chise transferred to the Utah Telephone chise transferred to the other their learned company, but, upon it being learned that there is already a company by that name upon the records of the secretary name upon the records of the secretary of state's office, it was decided to of state's office, it change its name to the Utah Independent Telephone company, and it is now asked that the franchise be transferred to that company. The petition was granted, after some discussion, by a vote of 12 to 2, Daveler and Vigus vot-ing in the negative. A. J. Davis being

W. C. Lyne, of 151 State street, "a citizen, taxpayer and a stockholder in the Rocky Mountain Bell Telephone company, "entered a protest against the transfer of the franchise of the Utah Home Telephone company to the Utah Independent Telephone company, or any company or person. He requested that the matter be referred to a committee and that he be given an opportunity to meet the committee and explain his reasons for the protest. The protest was received and filed by a vote of 9 to 5.

### BIDS FOR CITY'S BONDS.

Two bids were received for the pur-Two bids were received the city's re-funding bonds payable in 20 years, bearing interest at 4½ per cent per an-num. E. H. Rollins & Son of Denver bid \$200,200 and accrued interest to the date interest ceases on the old bonds for \$200,000 worth of the bonds, provided they are given an option to pur-chase the remaining \$345,000 of the bonds at the same price on or before June 1, 1903. S. A. Kean of Chicago, submitted a bid of \$101.30, or \$591.592 for the aprice issues which the bidder or the entire issue which the bidder er-roneously stated amounts to \$584,000 instead of \$548,000. No check accompanled the bid, however, so it will not be considered. The other bid was referred to the finance committee.

PAVING ON SOUTH TEMPLE.

The matter of paving South Temple street from State to Tenth East street came up again. Sharp offered an amendment to the committee report providing that the paving cost not to exceed \$8 per lineal foot, the installexceed \$8 per lineal foot, the install-ments to run six years, the deferred payments to bear interest at the rate of 6 per cent. The report was referred back to the finance committee to re-main there until the return of City En. gineer Kelsey from the cast.

There will be an election for captain of troop A this month—as soon as the ac-counts left behind by the departing for-mer capital have been straightened out. This has been inrgely accomplished by Lieutenants Smith and Caine, so that the approaching government inspection will and the troop in constitute for shore find the troop in pretty fair shape.

The county commissioners, at the meet Ing yesterday, again refused to grant C. T. Nelson a license to open up the road house at the corner of Main and Twelfth South streets, which was formerly occu-pled by Barney Eckstein. The place has been the scene of a number of crimes and the commissioners intend that if the commissioners intend that shall remain closed.

RESOLUTION BY THOMAS.

Later in the session Thomas introduced the following resolution, where-by he contended the policemen could get ir salaries for March.

"Whereas, The city auditor has re-fused to recognize the signature of George A. Sheets as chief of police on the payrolls of the police department.

"Whereas, The men in the departmen are entitled to their pay for March therefore, be it

Resolved. That the city auditor be and he is hereby authorized and in-structed to waive the 'O. K.' on the po-lice department payrolls for March, and after satisfying himself from other

urces as to what each man is entitled , to draw his warrant to each man in the department below the rank of chief of police for the money to which he is ntitled for the month of March, 1903. be it further "Recoived, That the actions of the au-

ditor as herein directed are hereby rail-fied and confirmed."

THE MATTER DISCUSSED.

Thomas urged the solution of the res. olution as a means of solving the ques-tion of soluties for the department for March. Fernstrom opposed the resolu tion because the law requires the pay rolls to be approved by the head of the department and the city auditor has an opinion from the city attorney to that opinion from the dity atterner to that effect. He argued that the resolution was useless for the reason that the Eardley resolution, passed last Mon-day night, would settle the matter. "The auditor says he will pay the salaries," continued Fernstrom, "If Caot, Bur, bidge signs the payroles, so what is the use of this resolution." I hope it ain't to 'catch suckors.'" a 'eatch suckers.'

Hewiert, Daveler and Thomas hotly esented the last remark of Fernstrom s being uncalled for and entirely out place. Thomas stated that he inprovided for the payment of the sal-ries of the police department without neking any concessions as to who is he head of the department. It reeived the treatment that the author xpected, however, for he said he was now convinced that the majority of this ouncil is not in favor of paying these nen their salaries.

#### VIGUS BUTTS IN.

A vote was about to be taken on the -solution when Vigus stirred up the niter of members of the majority by arcastically remarking that he was in architectury remarking that he was in avor of the resolution although every hemocrat on the floor would vote gainst it. The remark was immedi-ately resented by President Cottrel and Robinson. Cottrell declared that he was as logal to his party as any mem-ed the council and he contenend T of the council and he challenge is man to show wherein he had bee isloyal. Daveler took issue with outrell and denied that he was as loya his party as any member of the uncil. Cottrell repeated his state aent and Daveler replied that it was attrely a matter of personal opinior vote was taken on the resoluti was defeated by a vote of 6 to 8: A Davis being the absentee.

## IN SOUTHERN CALIFORNIA.

#### Gus Holmes Says Many Salt Lakers Have Been There During Winter.

Landlord G. S. Holmes of the Knuts ford hotel returned home yesterday, well pleased to breathe mountain air once more. He says the season has been very prosperous in southern California, and that while January was a little light, the travel for the ensuing three months has been heavier than during the same period one year ago, notwithstanding the exodus to Florida from the east. Mr. Holmes reports a steady stream of Salt Lakers in Los Angeles during the winter, and he very glad to see them. Five hotels have been built in Los Angeles within th past 12 months, and these with the in-creased boarding house accommodaions, have made a general increase of 500 roams for the accommodation of winter visitation, and the increase

has been none too many. Mr. Holmes regrets that arrange-ments are not made by the railroads hereby tourists might be given two r three days in this city. If this could e done, thousands of travelers would

top over here, and not only take in the old time attractions, but investigate local resources, and the result would be in investment of eastern capital more than ever in this state, to say nothing of the money that would be left in town Mr. Holmes speaks hopefully of the Los Angeles-Salt Lake road, and how ts completion will give this city a grea boost. But he says the impression is outhern California seems to be that Clark has turned the project over to Harriman. Mr. Holmes goes to New York shortly, where he will meet Mr Harriman. Cunningham, owner of the Knutsford and talk over with him the building of he much needed addition to the hotel. Miss Charlotte Holmes accompanied er father back from California.
